‘भारतीय पौधा किस्म जर्नल’ पौधा किस्म और कृषक अधिकार संरक्षण प्राधिकरण (पौ.कि.कृ.अ.सं.प्रा.) का आधिकारिक जर्नल है। पीपीवी और एफआर अधिनियम, 2001 तथा पीपीवी और एफआर नियमावली, 2003 के नियम 2 (जी) के अंतर्गत अध्यक्ष, पीपीवी और एफआर, एनएएससी काम्प्लैक्स (द्वितीय तल), डीपीएस मार्ग, निकट टोडापुर गांव, नई दिल्ली-110012 की ओर से प्राधिकरण के रजिस्ट्रार द्वारा प्रकाशित किया जा रहा है।

Plant Variety Journal of India is the Official Journal of the Protection of Plant Varieties and Farmers' Rights Authority (PPV & FRA) published by the Registrar on behalf of the Chairperson, PPV & FRA, NASC Complex (IInd Floor), DPS Marg, Opp. Todapur Village, New Delhi-110012 under the PPV & FR Act, 2001 and Rule 2 (g) of the PPV & FR Rules, 2003.

PUBLIC NOTICE

Sub: Advertisement is given under sub-section (2) and (3) of Section 21 of the Protection of Plant Varieties and Farmers' Rights Act, 2001 for registration of farmers' variety [Section 2(j)(ii)] read with Rules 30 and 31 of PPV & FR Rules, 2003

It is hereby advertised that the application (s) for registration of farmers' varieties (falling within the definition of extant variety) listed herein have been accepted by the Registrar, Protection of Plant Varieties & Farmers' Rights Authority. The passport data of each variety furnished by the applicant are herewith advertised as specified for calling objections from the interested persons in the matter.

The place or places where the specimen of the variety may be inspected can be obtained in writing from the Registrar of the PPV & FR Authority.

Any person may, within three months from the date of advertisement of the application(s) give notice of opposition in writing to the registration of variety (as per Form PV-3 of the First Schedule of PPV&FR Rules, 2003). Oppositions, if any, to the registration must be submitted, in triplicate, to the Registrar, PPV&FRA, NASC Complex, DPS Marg, New Delhi -110 012 accompanied with the fee of Rs.1,500/- (Rupees One Thousand and Five Hundred Only) by way of Demand Draft drawn in favour of "The Registrar, PPV & FR Authority" payable at New Delhi.

a. Number					
b. Date of receipt	: 07.09.2011				
C. Date of acceptance	: 29.11.2011				
Crop (Taxonomical Lineage)	: Rice [<i>Oryza sativa</i> L.]				
Denomination	: JIRKUBANJI				
Type of Variety	: Farmers' variety				
Classification of Variety	: Typical				
Previously proposed Denomination	: Not applicable				
Name of Parental Material	: NA				
Name of Reference Varieties	: Aruna				

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Purple lines
Time of heading (50% of plants with panicles)	Medium
Stem: Length (excluding panicles; excluding floating rice)	Short
Decorticated grain: Length	Medium
Decorticated grain: Shape (in lateral view)	Short bold
Decorticated grain: Colour	White
Endosperm: Content of amylose	Low
Decorticated grain: Aroma	Absent
B. Distinct Characteristics: JIRKUBANJI has distinguishing characters like shape of leaf ligule is truncate, anthocyanin colour in lemma apex is absent, attitude of panicle branch is erect to semi erect, and low amylase content in endosperm.	
C. Reference varieties: Aruna has distinguishing characters like shape of leaf ligule is split, anthocyanin colour in lemma apex is strong, attitude of panicle branch is semi erect to spreading, and high amylase content in endosperm.	
D. Date of commercialization of the variety	---

b. Date of receipt : 16.09.2011

C. Date of acceptance : 29.11.2011

Crop (Taxonomical Lineage) : Rice [*Oryza sativa* L.]

Denomination : **BADKESHARI**

Type of Variety : Farmers' variety

Classification of Variety : Typical

Previously proposed : Not applicable

Denomination

Name of Parental Material : NA

Name of Reference Varieties : **Vibhava**

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Green
Time of heading (50% of plants with panicles)	Medium
Stem: Length (excluding panicles; excluding floating rice)	Short
Decorticated grain: Length	Short
Decorticated grain: Shape (in lateral view)	Short slender
Decorticated grain: Colour	White
Endosperm: Content of amylose	High
Decorticated grain: Aroma	Present
B. Distinct Characteristics: BADKESHARI has distinguishing characters like shape of leaf ligule is truncate, awns absent (in panicle), well exerted panicle, length of decorticated grains is short and aromatic decorticated grains.	
C. Reference varieties: Vibhava has distinguishing characters like shape of leaf ligule is split, awns present (in panicle), partly exerted panicle, length of decorticated grains is long and non aromatic decorticated grains.	
D. Date of commercialization of the variety	---

Denomination : **AGNYA SAL**

Type of Variety : Farmers' variety
Classification of Variety : Typical

Previously proposed Denomination : Not applicable

Name of Parental Material : NA

Name of Reference Varieties : **Heera**

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Green
Time of heading (50% of plants with panicles)	Early
Stem: Length (excluding panicles; excluding floating rice)	Very Short
Decorticated grain: Length	Long
Decorticated grain: Shape (in lateral view)	Medium slender
Decorticated grain: Colour	White
Endosperm: Content of amylose	Medium
Decorticated grain: Aroma	Absent
B. Distinct Characteristics: AGNYA SAL has distinguishing characters like erect attitude of flag leaf blade (early observation) and white colour of lemma tip.	
C. Reference varieties: Heera has distinguishing characters like semi erect attitude of flag leaf blade (early observation) and yellowish colour of lemma tip.	
D. Date of commercialization of the variety	---

Crop (Taxonomical Lineage)	: Rice [<i>Oryza sativa</i> L.]				
Denomination	: MAHULATA				
Type of Variety	: Farmers' variety				
Classification of Variety	: Typical				
Previously proposed Denomination	: Not applicable				
Name of Parental Material	: NA				
Name of Reference Varieties	: Shakuntala				

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Green
Time of heading (50% of plants with panicles)	Medium
Stem: Length (excluding panicles; excluding floating rice)	Medium
Decorticated grain: Length	Long
Decorticated grain: Shape (in lateral view)	Medium slender
Decorticated grain: Colour	White
Endosperm: Content of amylose	Medium
Decorticated grain: Aroma	Absent
B. Distinct Characteristics: MAHULATA has distinguishing characters like strong pubescence of leaf blade surface, and anthocyanin colour in lemma apex is medium, and yellowish colour of stigma.	
C. Reference varieties: Shakuntala has distinguishing characters like very weak pubescence of leaf blade surface, and anthocyanin colour in lemma apex is absent, and white colour of stigma.	
D. Date of commercialization of the variety	---

Type of Variety	: Farmers' variety				
Classification of Variety	: Typical				
Previously proposed Denomination	: Not applicable				
Name of Parental Material	: NA				
Name of Reference Varieties	: Savithri, Kranti				

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Green
Time of heading (50% of plants with panicles)	Medium
Stem: Length (excluding panicles; excluding floating rice)	Very short
Decorticated grain: Length	Medium
Decorticated grain: Shape (in lateral view)	Short bold
Decorticated grain: Colour	White
Endosperm: Content of amylase	High
Decorticated grain: Aroma	Absent
B. Distinct Characteristics: KABIRANGI has distinguishing characters like very strong pubescence of leaf blade surface, truncate shape of ligule, anthocyanin colour in lemma apex is medium, and Panicle: awns present.	
C. Reference varieties: Savithri, Kranti has distinguishing characters like weak pubescence of leaf blade surface, Splited ligule, anthocyanin colour in lemma apex is absent, and Panicle: awns absent.	
D. Date of commercialization of the variety	---

a. Number	:				
b. Date of receipt	: 08.09.2011				
C. Date of acceptance	: 29.11.2011				
Crop (Taxonomical Lineage)	: Rice [<i>Oryza sativa</i> L.]				
Denomination	: BAKKA				
Type of Variety	: Farmers' variety				
Classification of Variety	: Typical				
Previously proposed Denomination	: Not applicable				
Name of Parental Material	: NA				
Name of Reference Varieties	: Shakuntala				

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Green
Time of heading (50% of plants with panicles)	Medium
Stem: Length (excluding panicles; excluding floating rice)	Medium
Decorticated grain: Length	Long
Decorticated grain: Shape (in lateral view)	Medium slender
Decorticated grain: Colour	White
Endosperm: Content of amylase	Very high to high
Decorticated grain: Aroma	Absent
B. Distinct Characteristics: BAKKA has distinguishing characters like pubescence of leaf blade surface is strong.	
C. Reference varieties: Shakuntala has distinguishing characters like pubescence of leaf blade surface absent.	
D. Date of commercialization of the variety	---

FORM O - 1
(See Rule 30)
Government of India, Plant Varieties Registry
Advertisement of accepted application for registration

61. Application No.

F414	OS431	11	745
-------------	--------------	-----------	------------

 filed on 14.09.2011 by Director Agriculture and food production, Govt of Odisha, Bhubaneswar, 751001 on behalf of **Satyabadi Dehuri and others, Thakur Niktimal, Block- Kuchinda, Dist- Sambalpur State-Odisha a Farmers' variety** of crop **Rice** [*Oryza sativa* L.] having denomination **BASANTI BHOG** the specification includes its drawing and or photograph(s) of which are given below, has been accepted and given registration number -----NA -----on ----- NA -----.

The convention application no. -----NA-----, in respect of the said variety has been filed on -----NA-----, in ---NA----

Appropriate office for the opposition of proceeding under Rule 29, of the Protection of Plant Varieties and Farmers' Rights Rules, 2003 is Office of the Registrar, PPV & FR Authority, New Delhi – 110 012.

Passport data of the variety:	BASANTI BHOG				
Applicant	: Satyabadi Dehuri and others,				
Address of the Applicant	Thakur Niktimal, Block- Kuchinda, Dist- Sambalpur State-Odisha				
Nationality of Applicant	: Indian				
Application details	<table border="1" style="display: inline-table; vertical-align: middle;"><tr><td style="padding: 2px 10px;">F414</td><td style="padding: 2px 10px;">OS431</td><td style="padding: 2px 10px;">11</td><td style="padding: 2px 10px;">745</td></tr></table>	F414	OS431	11	745

a. Number	: 14.09.2011				
b. Date of receipt	: 29.11.2011				
c. Date of acceptance	: Rice [<i>Oryza sativa</i> L.]				
Crop (Taxonomical Lineage)	: BASANTI BHOG				
Denomination	: Farmers' variety				
Type of Variety	: Typical				
Classification of Variety	: Not applicable				
Previously proposed Denomination					
Name of Parental Material	: NA				
Name of Reference Varieties	: Ajaya				

Variety Description:

A. Group Characteristics	Remarks measured values, example varieties, etc.
Basal leaf: Sheath colour	Green
Time of heading (50% of plants with panicles)	Medium
Stem: Length (excluding panicles; excluding floating rice)	Short
Decorticated grain: Length	Long
Decorticated grain: Shape (in lateral view)	Medium slender
Decorticated grain: Colour	White
Endosperm: Content of amylase	Medium
Decorticated grain: Aroma	Absent
B. Distinct Characteristics: BASANTI BHOG has distinguishing characters like attitude of panicle branches is semi erect to spreading	
C. Reference varieties: Ajaya has distinguishing characters like attitude of panicle branches is erect to semi erect.	
D. Date of commercialization of the variety	---

PUBLIC NOTICE

Details of registration certificate for inviting claims of benefit sharing under sub section 1 of section 26 of PPV&FR Act, 2001 read with rule 40 of PPV&FR Rules, 2003.

The details of registration certificates which have been issued under section 24 (2) of PPV &FR Act, 2001 are published herein for invitation of claims for benefit sharing.

Any person or group of persons, being citizen(s) of India or firm or governmental or non-governmental organization formed or established in India shall submit their claims for benefit sharing (under Section 26 (2) of PPV&FR Act, 2001 read with Rule 41 of PPV&FR Rules, 2003) in Form PV 7 of the First schedule (in triplicate) within a period of six months from the date of publication. Claims for benefit sharing if any shall be submitted to the Registrar, PPV&FR Authority, NASC Complex, DPS Marg, New Delhi-110012 accompanied with the fee of Rs. 5000/- (Rupees Five Thousand Only) by way of Demand Draft drawn in favour of the “Registrar, PPV&FR Authority” payable at New Delhi.

Certificate of Registration No. 144 of 2013

(1) Registration Number and date of grant:- **144 of 2013 & 12/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan,
Dr. Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **CO-94012**

(4) Name of:

Family: Gramineae
Genus: *Saccharum*
Species: *officinarum*

Variety and common name: **Extant/typical/sugarcane**

(5) Parentage and geographical location of the variety:-

Soma clone of coc 671

(6) Details of the distinguishing features or the characteristics:-

For dense leaf sheath hairness, lanceolate leaf sheath shape of inner purple leaf sheath colour of dewlap, yellow green internode colour, cylindrical internode shape, light internode waxiness, smooth internode rind surface appearance, oval node shape of loud, absent node bud groove etc.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

CO-94012 has been commercialized since February 2009.

.

Certificate of Registration No. 145 of 2013

(1) Registration Number and date of grant:- **145 of 2013 & 12/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan,
Dr. Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **DAMODAR (CO-99004)**

(4) Name of:

Family: Gramineae
Genus: *Saccharum*
Species: *officinarum*

Variety and common name: **Extant/typical/sugarcane**

(5) Parentage and geographical location of the variety:-

CO 62175 x CO 86250

(6) Details of the distinguishing features or the characteristics:-

For absence of leaf sheath hairness, encipient leaf sheath shape of inner auricle, cylindrical internode shape, heavy internode waxiness, deep node bud groov and touching the ring node bud tip in relation to growth ring.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

DAMODAR (CO-99004) has been commercialized since February 2007.

Certificate of Registration No. 146 of 2013

(1) Registration Number and date of grant:- **146 of 2013 & 12/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan,
Dr. Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **CSHH-243**

(4) Name of:

Family: Malvaceae
Genus: *Gossypium*
Species: *hirsutum*

Variety and common name: **New/hybrid/tetraploid cotton**

(5) Parentage and geographical location of the variety:-

CSH 2013 x CSH 43

(6) Details of the distinguishing features or the characteristics:-

For semi digitate leaf.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

NA.

Certificate of Registration No. 147 of 2013

(1) Registration Number and date of grant:- **147 of 2013 & 12/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Syngenta India Ltd., Amar Paradigm, S.No. 110/11/3,
Baner-Baliwari Road, Baner, Pune-411005 (M.S.)**

(3) Denomination of the variety:- **SYN-RI-NB 922**

(4) Name of:

Family: Poaceae
Genus: *Oryza*
Species: *sativa*

Variety and common name: **New/typical/rice**

(5) Parentage and geographical location of the variety:-

NB 5201/ IR 58025 B

(6) Details of the distinguishing features or the characteristics:-

For yellowish white awns of panicle (late observation).

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

NA.

Certificate of Registration No. 148 of 2013

- (1) Registration Number and date of grant:- **148 of 2013 & 13/09/2013**
(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**PAN Seeds private ltd, 2, N.C. Dutta sarani,
Room no. 15, 2nd floor, Kolkata-700001.**

- (3) Denomination of the variety:- **AN-105**

- (4) Name of:

Family: Poaceae
Genus: *Oryza*
Species: *sativa*

Variety and common name: **New/typical/rice**

- (5) Parentage and geographical location of the variety:-

Selection from IET-17430

- (6) Details of the distinguishing features or the characteristics:-

For white decorticated grain.

- (7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**
(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**
(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**
(10) If the variety is sold or otherwise disposed of, details thereof.
NA.

Certificate of Registration No. 149 of 2013

(1) Registration Number and date of grant:- **149 of 2013 & 13/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Syngenta India Ltd., Amar Paradigm, S.No. 110/11/3,
Baner-Baliwari Road, Baner, Pune-411005 (M.S.)**

(3) Denomination of the variety:- **SYN-RI-NB 927**

(4) Name of:

Family: Poaceae

Genus: *Oryza*

Species: *sativa*

Variety and common name: **New/typical/rice**

(5) Parentage and geographical location of the variety:-

NB 5073 X NB 5103

(6) Details of the distinguishing features or the characteristics:-

For uniform purple basal leaf sheath colour, weak leaf pubescence of blade surface and low grain weight.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

NA.

Certificate of Registration No. 150 of 2013

(1) Registration Number and date of grant:- **150 of 2013 & 11/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Nuziveedu Seeds Ltd., 7 C, Surya Towers, 105,
SP Road, Secunderabad, A.P**

(3) Denomination of the variety:- **Sourabh-NP 950**

(4) Name of:

Family: Poaceae

Genus: *Oryza*

Species: *sativa*

Variety and common name: **Extant (VCK)/typical/rice**

(5) Parentage and geographical location of the variety:-

PAB 950 x PRN 01-9

(6) Details of the distinguishing features or the characteristics:-

For drooping curvature of main axis of panicle.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

NA.

Certificate of Registration No. 151 of 2013

(1) Registration Number and date of grant:- **151 of 2013 & 25/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan,
Dr. Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **Rajas (Phule G-9425-9)**

(4) Name of:

Family: Leguminosae

Genus: *Cicer*

Species: *arietinum*

Variety and common name: **Extant/typical/chickpea**

(5) Parentage and geographical location of the variety:-

Phule G 91028 x Bheema

(6) Details of the distinguishing features or the characteristics:-

For early time of flowering, spreading plant growth habit, small seed size, rough seed testa texture.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Rajas (Phule G-9425-9) has been commercialized since February 2007.

.

Certificate of Registration No. 152 of 2013

(1) Registration Number and date of grant:- **152 of 2013 & 25/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan,
Dr. Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **CSJD-884 (AKASH)**

(4) Name of:

Family: Leguminosae

Genus: *Cicer*

Species: *arietinum*

Variety and common name: **Extant/typical/chickpea**

(5) Parentage and geographical location of the variety:-

RSG 44 x E 100 Y

(6) Details of the distinguishing features or the characteristics:-

For medium stem height at initiation of first flower, medium leaflet size, medium plant height and orange seed colour.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

CSJD-884 (AKASH) has been commercialized since March 2003.

.

Certificate of Registration No. 153 of 2013

(1) Registration Number and date of grant:- **153 of 2013 & 30/09/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan, Dr.
Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **CNHO-12**

(4) Name of:

Family: *Malvaceae*

Genus: *Gossypium*

Species: *hirsutum*

Variety and common name: **Extant/typical/tetraploid cotton**

(5) Parentage and geographical location of the variety:-

Khandwa-2 x L 147

(6) Details of the distinguishing features or the characteristics:-

For medium tall height of plant, medium time of flowering, yellow colour of flower petal, embedded flower stigma, cream colour of flower pollen, smooth boll surface, small boll weight of seed cotton/boll(g), small seed index, very high gining percentage, short length and medium strength of fibre etc.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

CNHO-12 has been commercialized since April 2010.

.

Certificate of Registration No. 154 of 2013

(1) Registration Number and date of grant:- **154 of 2013 & 07/10/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

Syngenta India Ltd., Amar Paradigm, S.No. 110/11/3, Baner-Baliwari Road, Baner, Pune-411005 (M.S.)

(3) Denomination of the variety:- **SYN-RI-6302**

(4) Name of:

Family: Poaceae

Genus: *Oryza*

Species: *sativa*

Variety and common name: **New/hybrid/rice**

(5) Parentage and geographical location of the variety:-

RB 9106 A/ RC 5054 R

(6) Details of the distinguishing features or the characteristics:-

For purple spikelet colour of stigma.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

NA.

Certificate of Registration No. 155 of 2013

(1) Registration Number and date of grant:- **155 of 2013 & 07/10/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan, Dr.
Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **cose-95255 (Rachana)**

(4) Name of:

Family: Gramineae
Genus: *Saccharum*
Species: *sp.*

Variety and common name: **Extant/typical/sugarcane**

(5) Parentage and geographical location of the variety:-

Co 1158 x co 62198

(6) Details of the distinguishing features or the characteristics:-

For absence of leaf sheath hairness, green leaf sheath colour of dewlap, curved tip leaf blade curvature, green internode colour, bobbin internode shape, medium internode waxiness, absence of node bud groove, touching the growth ring node bud tip in relation to growth ring, absence of node bud cushion.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

cose-95255 (Rachana) has been commercialized since May 2004.

Certificate of Registration No. 156 of 2013

(1) Registration Number and date of grant:- **156 of 2013 & 07/10/2013**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered:-

**Indian Council of Agri. Research, Krishi Bhawan, Dr.
Rajendra Prasad Road, New Delhi-110014**

(3) Denomination of the variety:- **Sweta (cos 94270)**

(4) Name of:

Family: Gramineae
Genus: *Saccharum*
Species: *sp.*

Variety and common name: **Extant/typical/sugarcane**

(5) Parentage and geographical location of the variety:-

Co 7704 x MS 6847

(6) Details of the distinguishing features or the characteristics:-

For absence of leaf sheath hairness, purple leaf sheath colour of dewlap, arched leaf blade curvature, yellow green internode colour, cylindrical internode shape, heavy internode waxiness, shallow nod bud groove, below growth ring, node bud tip in relation to growth ring, absence of node bud cushion.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived:- **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:- **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor:- **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Sweta (cos 94270) has been commercialized since February 2005.
