(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2023/0172

(1) Registration Number and date of grant: - **REG/2023/0172 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Siksha Niketan, Village & PO: Kalanabagram, Dist: Purba Bardhaman-713124**, **West Bengal**

(3) Denomination of the variety: **BENGAL KALOJIRA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Kalanabagram, Dist: Purba Bardhaman-713124**

(6) Details of the distinguishing features or the characteristics: **Sterile lemma colour purple and decorticated grain width medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0061

(1) Registration Number and date of grant: - **REG/2024/0061 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Uttam Das, S/o Hari Dhan Das, Village: Jogendra Para, GP: Dabbari, PO/PS: Salema, Dist: Dhalai-799278**, **Tripura**

(3) Denomination of the variety: **CINERATE**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village: Jogendra Para, GP: Dabbari, PO/PS: Salema, Dist: Dhalai-799278**

(6) Details of the distinguishing features or the characteristics: **Decorticated grain length short and decorticated grain width broad.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0062

(1) Registration Number and date of grant: - **REG/2024/0062 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raichur Nei Halam, D/o Dhanan Bum Halam, Village: Simbuk Chak, Kanchuchem, GP/vc: Simbuk Chak, Dist: Dhalai-799278**, **Tripura**

(3) Denomination of the variety: **GALONG MAI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / D/o Dhanan Bum Halam, Village: Simbuk Chak, Kanchuchem, GP/vc: Simbuk Chak, Dist: Dhalai-799278**

(6) Details of the distinguishing features or the characteristics: **Spikelet density of pubescence of lemma weak and flag leaf attitude of blade (late observation) deflexed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0094

(1) Registration Number and date of grant: - **REG/2024/0094 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jhuma Das, D/o Ajit Das, Village: Kakaria Tilla, GP: Debbari, Dhalai-799278, Tripura**

(3) Denomination of the variety: **LAL CHINA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / D/o Ajit Das, Village: Kakaria Tilla, GP: Debbari, Dhalai-799278**

(6) Details of the distinguishing features or the characteristics: **Panicle attitude of branches erect to semi erect and decorticated grain colour light red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0106

(1) Registration Number and date of grant: - **REG/2024/0106 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Dichendra Reang, S/o Judistir Reang, Village: Kachuchhara, GP/vc: Simbukchak, Dist: Dhalai-799278**, **Tripura**

(3) Denomination of the variety: **MAIMI KACHAK**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village: Kachuchhara, GP/vc: Simbukchak, Dist: Dhalai-799278**

(6) Details of the distinguishing features or the characteristics: **Lemma anthocyanin colouration of apex strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0168

(1) Registration Number and date of grant: - **REG/2024/0168 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Dhananbum Halam, S/o Raichun Tiyen Halam, Village: Simbukchara, GP: Michhuria, PO: Mechuria, Dist: Dhalai-799278**, **Tripura**

(3) Denomination of the variety: **KANCHALI MAI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village: Simbukchara, GP: Michhuria, PO: Mechuria, Dist: Dhalai-799278**

(6) Details of the distinguishing features or the characteristics: **Panicle length of main axis long and grain phenol reaction of lemma absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0344

(1) Registration Number and date of grant: - **REG/2024/0344 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pankaj Singh, Vasundhara Farm House, Village: Tandia, Post: Dhadhorpur, Dist: Varanasi-221305, Uttar Pradesh**

(3) Denomination of the variety: **VASUNDHARA RUCHI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Vasundhara Farm House, Village: Tandia, Post: Dhadhorpur, Dist: Varanasi-221305**

(6) Details of the distinguishing features or the characteristics: **Leaf auricles present and grain weight of 1000 fully developed grains are very low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0345

(1) Registration Number and date of grant: - **REG/2024/0345 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pankaj Singh, Vasundhara Farm House, Village: Tandia, Post: Dhadhorpur, Dist: Varanasi-221305**, **Uttar Pradesh**

(3) Denomination of the variety: **VASUNDHARA SURUCHI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Vasundhara Farm House, Village: Tandia, Post: Dhadhorpur, Dist: Varanasi-221305**

(6) Details of the distinguishing features or the characteristics: **Spikelet colour of tip of lemma black and sterile lemma colour purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0350

(1) Registration Number and date of grant: - **REG/2024/0350 & 09/09/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amrendra Kumar, Village: Chitra, Panchayat: Mandal Dih, Block: Saraiya Haat, Dist: Dumka**, **Jharkhand**

(3) Denomination of the variety: **BIANSAR**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village: Chitra, Panchayat: Mandal Dih, Block: Saraiya Haat, Dist: Dumka**

(6) Details of the distinguishing features or the characteristics: **Spikelet colour of tip of lemma yellowish.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0451

(1) Registration Number and date of grant: - **REG/2024/0451 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Tumiyarai Reang, S/o Athiram Reang, Village: Jantarai Reang Para, V/c Simbuk Chak, PO/PS: Salema, Dist: Dhalai-799278, Tripura**

(3) Denomination of the variety: **GAJARI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village: Jantarai Reang Para, V/c Simbuk Chak, PO/PS: Salema, Dist: Dhalai-799278**

(6) Details of the distinguishing features or the characteristics: **Flag leaf attitude of blade (late observation) deflexed and panicle attitude of branches erect to semi erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0461

(1) Registration Number and date of grant: - **REG/2024/0461 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **LOHA SWARNA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Leaf intensity of green colour dark and spikelet colour of tip of lemma yellowish.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0462

(1) Registration Number and date of grant: - **REG/2024/0462 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **LAL KHAIYAM**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Flag leaf attitude of blade (late observation) horizontal and decorticated grain width medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0463

(1) Registration Number and date of grant: - **REG/2024/0463 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **DUNGRU**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Coleoptile colour green and culm attitude erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0464

(1) Registration Number and date of grant: - **REG/2024/0464 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **GUJRI NUNIA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Leaf pubescence of blade surface weak and lemma anthocyanin colouration of apex strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0465

(1) Registration Number and date of grant: - **REG/2024/0465 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **KAISHALI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Spikelet density of pubescence of lemma medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0466

(1) Registration Number and date of grant: - **REG/2024/0466 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **DHARIYAL**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Flag leaf attitude of blade (early observation) erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0467

(1) Registration Number and date of grant: - **REG/2024/0467 & 05/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **SWET NUNIA**

(4) Name of: Family: **Poaceae**

Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Leaf width of blade narrow and panicle number per plant many.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0468

(1) Registration Number and date of grant: - **REG/2024/0468 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **SUGANDHI DHEPI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Spikelet colour of tip of lemma yellowish.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0469

(1) Registration Number and date of grant: - **REG/2024/0469 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **NAGESWARI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Flag leaf attitude of blade (late observation) horizontal and panicle exertion mostly exerted.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0470

(1) Registration Number and date of grant: - **REG/2024/0470 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **MALA SUNDARI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Spikelet density of pubescence of lemma weak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0471

(1) Registration Number and date of grant: - **REG/2024/0471 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **LAL MANSHRA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Lemma anthocyanin colouration of area below apex medium and leaf senescence late.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0472

(1) Registration Number and date of grant: - **REG/2024/0472 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **DESHI PAIZAM**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Leaf intensity of green colour light and flag leaf attitude of blade (late observation) semi erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0473

(1) Registration Number and date of grant: - **REG/2024/0473 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumanta Misra, Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132, West Bengal**

(3) Denomination of the variety: **DAL BHOG**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Oryza sativa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Rice**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Pandapara Kalibari, Dist: Jalpaiguri-735132**

(6) Details of the distinguishing features or the characteristics: **Panicle awns absent and leaf senescence late.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2014/114

(1) Registration Number and date of grant: - **REG/2014/114 & 08/11/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **YEKHUSE TURENG, Riikizu, Pfutsero, Town District: Phek, Nagaland**

(3) Denomination of the variety: **SAKO (local)**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Riikizu, Pfutsero, Town District: Phek**

(6) Details of the distinguishing features or the characteristics: **Ear leaf angle between blade and stem is wide & ear colour of top of grain is yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2014/118

(1) Registration Number and date of grant: - **REG/2014/118 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **KHOCHIYI VEGE, Phek Village, Dist: Phek**, **Nagaland**

(3) Denomination of the variety: **Kumsuno Sakotsa**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Phek Village, Dist: Phek**

(6) Details of the distinguishing features or the characteristics: **Tassel Angle between main axis and lateral brances is wide & Ear colour of top of grain is white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2014/119

(1) Registration Number and date of grant: - **REG/2014/119 & 06/02/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **YEKHUSE TURENG, Riikizu, Pfutsero, Town District: Phek**, **Nagaland**

(3) Denomination of the variety: **TUCHE SAKO**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Riikizu, Pfutsero, Town District: Phek**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches is curved and ear length without husk is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2014/669

(1) Registration Number and date of grant: - **REG/2014/669 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Akshay Manjhi, Village: Medni, Post: Piska, Dist: Ranchi**, **Jharkhand**

(3) Denomination of the variety: **Safed Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Medni, Post: Piska, Dist: Ranchi**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top grain is yellow with cap.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2014/742

(1) Registration Number and date of grant: - **REG/2014/742 & 05/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Budhram Bediya, Village: Gondali Toli, Post: Bias, Dist: Ranchi**, **Jharkhand**

(3) Denomination of the variety: **Tipri Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Gondali Toli, Post: Bias, Dist: Ranchi**

(6) Details of the distinguishing features or the characteristics: **Long ear length without husk and white ear colour of top of grain.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/2

(1) Registration Number and date of grant: - **REG/2015/2 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Haldhar Mahto, Village: Tilabani, PO: Asanbani, Dist: Dhanbad**, **Jharkhand**

(3) Denomination of the variety: **G.D.Bad**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Tilabani, PO: Asanbani, Dist: Dhanbad**

(6) Details of the distinguishing features or the characteristics: **Tassel angle between main axis and lateral branches is narrow, tassel attitude of lateral branches is straight, anthocyanin colouration of silks is absent, ear type of grain is dent, ear colour of top grains is yellow with cap and ear anthocyanin colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/23

(1) Registration Number and date of grant: - **REG/2015/23 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh Kumar, Village: Rikwa, Dist: Hazaribagh**, **Jharkhand**

(3) Denomination of the variety: **Jinnor Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Rikwa, Dist: Hazaribagh**

(6) Details of the distinguishing features or the characteristics: **Tassel angle between main axis and lateral branches is wide, ear number of rows of grain is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/38

(1) Registration Number and date of grant: - **REG/2015/38 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lalita Devi, Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh**, **Jharkhand**

(3) Denomination of the variety: **Kanchanpur Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh**

(6) Details of the distinguishing features or the characteristics: **Leaf angle between blade and stem is wide and anthocyanin colouration of base of glume is absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/61

(1) Registration Number and date of grant: - **REG/2015/61 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pyar Ali Ansari, Village: Dudhiya, PO: Moko, Dist: Dhanbad**, **Jharkhand**

(3) Denomination of the variety: **Makka Dhebri**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Dudhiya, PO: Moko, Dist: Dhanbad**

(6) Details of the distinguishing features or the characteristics: **Straight leaf attitude of blade (on leaf just above upper ear).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/68

(1) Registration Number and date of grant: - **REG/2015/68 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Narsingh Mahto, Village: Bada Baghmara, PO: Baghsuma, Dist: Dhanbad**, **Jharkhand**

(3) Denomination of the variety: **Desi Ridhhi**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Bada Baghmara, PO: Baghsuma, Dist: Dhanbad**

(6) Details of the distinguishing features or the characteristics: **Straight attitude of lateral branches of tassel.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/69

(1) Registration Number and date of grant: - **REG/2015/69 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sarthi Mandal, Village & PO: Salpatra, Dist: Dhanbad**, **Jharkhand**

(3) Denomination of the variety: **Desi Suman**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village & PO: Salpatra, Dist: Dhanbad**

(6) Details of the distinguishing features or the characteristics: **Anthocyanin colouration of silk is absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/74

(1) Registration Number and date of grant: - **REG/2015/74 & 12/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Giridhari Mahto, Village: Dolabar, PO: Moko, Dist: Dhanbad**, **Jharkhand**

(3) Denomination of the variety: **Bad (Makai)**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Dolabar, PO: Moko, Dist: Dhanbad**

(6) Details of the distinguishing features or the characteristics: **Anthocyanin colouration of silk is absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/96

(1) Registration Number and date of grant: - **REG/2015/96 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Abdul Majid Magrey, S/o Ab. Ahad, R/o Turch, Tehsil: Handwara, Dist: Kupwara**, **Jammu & Kashmir**

(3) Denomination of the variety: **MAKAI WAZEJ**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / R/o Turch, Tehsil: Handwara, Dist: Kupwara**

(6) Details of the distinguishing features or the characteristics: **Drooping leaf attitude of blade.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/111

(1) Registration Number and date of grant: - **REG/2015/111 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shamas-ui-din-Khan, S/o Mh. Alam Khan, R/o Village Chontimullah, Dist: Bandipora**, **Jammu & Kashmir**

(3) Denomination of the variety: **DOUBLE KHACHAR**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / R/o Village Chontimullah, Dist: Bandipora**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches is straight and ear length without husk is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/365

(1) Registration Number and date of grant: - **REG/2015/365 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chandrashekhar Yadav, Village: Zabra, Post: Janjali, Dist: Chatra, Jharkhand**

(3) Denomination of the variety: **Dehati Makka-1**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Zabra, Post: Janjali, Dist: Chatra**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration of anthers is absent and leaf width of blade is broad.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/389

(1) Registration Number and date of grant: - **REG/2015/389 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kishori Kumar Yadav, Village: Koshiyara, Post: Pratappur, Dist: Chatra, Jharkhand**

(3) Denomination of the variety: **Chotki Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Koshiyara, Post: Pratappur, Dist: Chatra**

(6) Details of the distinguishing features or the characteristics: **Anthocyanin colouration of stem root is present and anthocyanin colouration of anther is absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/396

(1) Registration Number and date of grant: - **REG/2015/396 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Udit Kumar Yadav, Village: Bhedwadih, Post: Kunda, Dist: Chatra, Jharkhand**

(3) Denomination of the variety: **DESI MAKKA CHOTA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Bhedwadih, Post: Kunda, Dist: Chatra**

(6) Details of the distinguishing features or the characteristics: **Ear length withour husk is medium and ear colour of top grain is white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/399

(1) Registration Number and date of grant: - **REG/2015/399 & 17/07/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lakhan Singh, Village: Khunti Kewal, Post: Hantarganj, Nawadih, Dist: Chatra**, **Jharkhand**

(3) Denomination of the variety: **Piyarka Makkai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Khunti Kewal, Post: Hantarganj, Nawadih, Dist: Chatra**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude blade is drooping and narrow angle between main axis and lateral branches.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2015/835

(1) Registration Number and date of grant: - **REG/2015/835 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Thakur, Village: Geruawa, Post: Devgana, Dist: Garhwa**, **Jharkhand**

(3) Denomination of the variety: **MERAL**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**

Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Geruawa, Post: Devgana, Dist: Garhwa**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top of grain is white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/32

(1) Registration Number and date of grant: - **REG/2016/32 & 03/09/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chunnilal, S/o Pannalal, Village: Advi, Post: Salkanpur, Tehsil & Dist: Dhar**, **Madhya Pradesh**

(3) Denomination of the variety: **Sathi Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Advi, Post: Salkanpur, Tehsil & Dist: Dhar**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches (in lower third of tassel) curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/107

(1) Registration Number and date of grant: - **REG/2016/107 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Yaha Mogi Mata Sthanik Biyanee Savardhan Samitee, C/o Mr. Mochada Pawara, At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**, **Maharashtra**

(3) Denomination of the variety: **PIVALA LAL MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration at base of glume (in middle third of main axis) present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/108

(1) Registration Number and date of grant: - **REG/2016/108 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Yaha Mogi Mata Sthanik Biyanee Savardhan Samitee, C/o Mr. Mochada Pawara, At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**, **Maharashtra**

(3) Denomination of the variety: **PIVALA LAHAN MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**

(6) Details of the distinguishing features or the characteristics: **Ear shape conical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/109

(1) Registration Number and date of grant: - **REG/2016/109 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Yaha Mogi Mata Sthanik Biyanee Savardhan Samitee, C/o Mr. Mochada Pawara, At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414, Maharashtra**

(3) Denomination of the variety: **PIVALA MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**

(6) Details of the distinguishing features or the characteristics: **Ear shape conical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/110

(1) Registration Number and date of grant: - **REG/2016/110 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Yaha Mogi Mata Sthanik Biyanee Savardhan Samitee, C/o Mr. Mochada Pawara, At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**, **Maharashtra**

(3) Denomination of the variety: **KESHRI MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top of grain red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/404

(1) Registration Number and date of grant: - **REG/2016/404 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Yaha Mogi Mata Sthanik Biyanee Savardhan Samitee, C/o Mr. Mochada Bhamata Pawara " Lokprabhodini", At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**, **Maharashtra**

(3) Denomination of the variety: **KUKKUD MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / At: Harankhuri, Tal: Dhadgaon, Dist: Nandurbar-425414**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches (in lower third of tassel) straight.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/414

(1) Registration Number and date of grant: - **REG/2016/414 & 16/02/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Punwa Devi, Village: Kushumbha, Block: Kunda, Dist: Chatra**, **Jharkhand**

(3) Denomination of the variety: **Punbari**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Kushumbha, Block: Kunda, Dist: Chatra**

(6) Details of the distinguishing features or the characteristics: **Leaf angle between blade and stem is wide and leaf anthocyanin colouration of sheath is present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/425

(1) Registration Number and date of grant: - **REG/2016/425 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nakuldev Paswan, Village: Charka khurd, Block: Pratap pur, Dist: Chatra**, **Jharkhand**

(3) Denomination of the variety: **DUMRI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Charka khurd, Block: Pratap pur, Dist: Chatra**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top grain is white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/444

(1) Registration Number and date of grant: - **REG/2016/444 & 16/02/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shatrudhan Prajapati, Village: Sidiki, Block: Pratap pur, Dist: Chatra-825404, Jharkhand**

(3) Denomination of the variety: **Safedi**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Sidiki, Block: Pratap pur, Dist: Chatra-825404**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches is straight and kernel shape is toothed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2016/1426

(1) Registration Number and date of grant: - **REG/2016/1426 & 16/02/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham**, **Chhattisgarh**

(3) Denomination of the variety: **SKT Lal**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Koko, Dist: Kabirdham**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top of grain is red and ear anthocyanin colouration of glumes of cob is dark purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/175

(1) Registration Number and date of grant: - **REG/2017/175 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Satyendra Singh Takam, S/o Puran Singh, Village: Kastara, Block: Kundam, Dist: Jabalpur**, **Madhya Pradesh**

(3) Denomination of the variety: **Puran Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Kastara, Block: Kundam, Dist: Jabalpur**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping and kernel shape round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/215

(1) Registration Number and date of grant: - **REG/2017/215 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Heera Singh, Village: Sevari, Block: Bajag, Dist: Dindori**, **Madhya Pradesh**

(3) Denomination of the variety: **Shivdhar Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Sevari, Block: Bajag, Dist: Dindori**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration at base of glume (in middle third of main axis) absent and kernel shape round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/221

(1) Registration Number and date of grant: - **REG/2017/221 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biran, Village: Tarachh, Block: Bajag, Dist: Dindori-481883**, **Madhya Pradesh**

(3) Denomination of the variety: **Bijag Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Tarachh, Block: Bajag, Dist: Dindori-481883**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration at base of glume (in middle third of main axis) absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/364

(1) Registration Number and date of grant: - **REG/2017/364 & 08/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hemant Kumar, S/o Roop Singh, Village: Sunpuri, Dist: Dindori**, **Madhya Pradesh**

(3) Denomination of the variety: **HEMPURI MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Sunpuri, Dist: Dindori**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/365

(1) Registration Number and date of grant: - **REG/2017/365 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Laamu Singh, S/o Ram Singh**

Village: Sunpuri, Dist: Dindori-481880, **Madhya Pradesh**

(3) Denomination of the variety: **Sunpuri Makka Peela**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Sunpuri, Dist: Dindori-481880**

(6) Details of the distinguishing features or the characteristics: **Leaf angle between blade and stem (on leaf just above upper ear) wide and tassel attitude of lateral branches (in lower third of tassel) curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/422

(1) Registration Number and date of grant: - **REG/2017/422 & 08/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamla Bai Sahu, Village: Mohgaon, Dist: Seoni**, **Madhya Pradesh**

(3) Denomination of the variety: **PEELA MAKKA MOHGAON**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Mohgaon, Dist: Seoni**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches (in lower third of tassel) curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/478

(1) Registration Number and date of grant: - **REG/2017/478 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kishori Thakur, Village: Varpani, PO: Usari, Dist: Narsinghpur-487001**, **Madhya Pradesh**

(3) Denomination of the variety: **BARSHORI MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(6) Details of the distinguishing features or the characteristics: **Ear number of rows of grains many.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/677

(1) Registration Number and date of grant: - **REG/2017/677 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amar Singh, S/o Bobadh Singh**

Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori-4817779, Madhya Pradesh

(3) Denomination of the variety: **BODAH MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori-4817779**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches (in lower third of tassel) straight and ear colour of top of grain yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/678

(1) Registration Number and date of grant: - **REG/2017/678 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ranjit Singh, S/o Tikba**

Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori-481778, **Madhya Pradesh**

(3) Denomination of the variety: **KHEMA MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori-481778**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) straight.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/685

(1) Registration Number and date of grant: - **REG/2017/685 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anand, S/o Guharoo, Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori-484778**, **Madhya Pradesh**

(3) Denomination of the variety: **MAKKA PILA LAHAIYA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori-484778**

(6) Details of the distinguishing features or the characteristics: **Leaf width of blade (leaf of upper ear) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/690

(1) Registration Number and date of grant: - **REG/2017/690 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharam Singh, S/o Phool Singh, Village: Jalegaon, PO: Junvani, Block: Amarpur, Dist: Dindori**, **Madhya Pradesh**

(3) Denomination of the variety: **MAKKA JALE SAFEDA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jalegaon, PO: Junvani, Block: Amarpur, Dist: Dindori**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration at base of glume (in middle third of main axis) absent and kernel 1000 kernel weight large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/707

(1) Registration Number and date of grant: - **REG/2017/707 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kashi Ram, S/o Sunane Marawi, Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori**, **Madhya Pradesh**

(3) Denomination of the variety: **BHALIRA MAKAI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Khamariya, PO: Junvani, Block: Amarpur, Dist: Dindori**

(6) Details of the distinguishing features or the characteristics: **Leaf angle between blade and stem (on leaf just above upper ear) wise and ear shape conico cylindrical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/755

(1) Registration Number and date of grant: - **REG/2017/755 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gendlal Uikey, S/o Jindal Uikey**

Village: Chargaon, PO: Khireti, Block: Amarwara, Dist: Chhindwara-480221, **Madhya Pradesh**

(3) Denomination of the variety: **GENDA MAKAI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Chargaon, PO: Khireti, Block: Amarwara, Dist: Chhindwara-480221**

(6) Details of the distinguishing features or the characteristics: **Ear number of rows of grains many.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/810

(1) Registration Number and date of grant: - **REG/2017/810 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Punaram, S/o Bihari Lal, Village: Simariya, Block: Harrai, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Lal Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Simariya, Block: Harrai, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Kernel shape toothed and kernel 1000 kernel weight large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/812

(1) Registration Number and date of grant: - **REG/2017/812 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Premvati, W/o Arjun Tekam, Village: Simariya, Block: Harrai, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **VATI MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Simariya, Block: Harrai, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/838

(1) Registration Number and date of grant: - **REG/2017/838 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sansvati, W/o Santaram Bhalavi, Village: Haranbhata, Block: Amarwara, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **BHALAVI MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Haranbhata, Block: Amarwara, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/862

(1) Registration Number and date of grant: - **REG/2017/862 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nan Dau Parte, S/o Pittu, Village: Changariya, Block: Bichhiya, Dist: Mandla, Madhya Pradesh**

(3) Denomination of the variety: **BHADELI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Changariya, Block: Bichhiya, Dist: Mandla**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration of anthers (in middle third of main axis on fresh anthers) present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/873

(1) Registration Number and date of grant: - **REG/2017/873 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sant Lal Tekam, S/o Bhaiya Lal, Village: Dudhari, Block: Bichhiya, Dist: Mandla**, **Madhya Pradesh**

(3) Denomination of the variety: **HANSA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Dudhari, Block: Bichhiya, Dist: Mandla**

(6) Details of the distinguishing features or the characteristics: **Ear shape conico-cylindrical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/971

(1) Registration Number and date of grant: - **REG/2017/971 & 09/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Nand Sharma, Village: Dewarth Naudhiya, Block: Kusmi, Dist: Sidhi**, **Madhya Pradesh**

(3) Denomination of the variety: **MAKKI DEWARTH**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Dewarth Naudhiya, Block: Kusmi, Dist: Sidhi**

(6) Details of the distinguishing features or the characteristics: **Leaf width of blade (leaf of upper ear) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1045

(1) Registration Number and date of grant: - **REG/2017/1045 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rag Lal Bharti, Village: Suthiya, Block: Parasiya, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Rag Bharti Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Suthiya, Block: Parasiya, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1050

(1) Registration Number and date of grant: - **REG/2017/1050 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rakesh Bharti, Village: Suthiya, Block: Parasiya, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Makka Keshar**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Suthiya, Block: Parasiya, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping and tassel anthocyanin colouration of anthers (in middle third of main axis on fresh anthers) present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1058

(1) Registration Number and date of grant: - **REG/2017/1058 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ishwar Das Sahu, S/o Dhanram Sahu, Village: Suthiya, Block: Parasiya, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Makka Ishwar**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Suthiya, Block: Parasiya, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Leaf anthocyanin colouration of sheath (below the ear) absent and kernel row arrangement (middle of ear) straight.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1346

(1) Registration Number and date of grant: - **REG/2017/1346 & 06/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sudan Lal, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Maharsi Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Leaf angle between blade and stem (on leaf just above upper ear) wide and ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1348

(1) Registration Number and date of grant: - **REG/2017/1348 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kuriya Bai Kumre, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Ratiri Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1349

(1) Registration Number and date of grant: - **REG/2017/1349 & 06/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Siliya Uikey, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Siliyke Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping and tassel attitude of lateral branches (in lower third of tassel) curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1352

(1) Registration Number and date of grant: - **REG/2017/1352 & 06/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Khemchand, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Khemchand Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping and ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1356

(1) Registration Number and date of grant: - **REG/2017/1356 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Leema Bai, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Leema Jait Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk medium and kernel shape indented.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1358

(1) Registration Number and date of grant: - **REG/2017/1358 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dulari Dhurve, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Dulari Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping and kernel shape round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1360

(1) Registration Number and date of grant: - **REG/2017/1360 & 08/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nirbati Kumre, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Niran Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium and kernel 1000 kernel weight large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1366

(1) Registration Number and date of grant: - **REG/2017/1366 & 08/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ganeshi Uikey, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Kamshi Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches (in lower third of tassel) curved and 1000 kernel weight is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1371

(1) Registration Number and date of grant: - **REG/2017/1371 & 06/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vranda Uikey, Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Bahori Makka**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1372

(1) Registration Number and date of grant: - **REG/2017/1372 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Meena Uikey, Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **Bhankla Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Tassel attitude of lateral branches curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1373

(1) Registration Number and date of grant: - **REG/2017/1373 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tulasiya Dhurve, Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**, **Madhya Pradesh**

(3) Denomination of the variety: **CHHINDWALA MAKKA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara**

(6) Details of the distinguishing features or the characteristics: **Ear diameter without husk (in middle) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/1654

(1) Registration Number and date of grant: - **REG/2017/1654 & 06/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mathra Das Sharma, KVK Farmer Club Kursari, Village & Panchayat: Kursari, Tehsil: Bhaderwah, Dist: Doda**, **Jammu & Kashmir**

(3) Denomination of the variety: **Plandri**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / KVK Farmer Club Kursari, Village & Panchayat: Kursari, Tehsil: Bhaderwah, Dist: Doda**

(6) Details of the distinguishing features or the characteristics: **Leaf width of blade narrow and ear number of rows of grains few.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2017/2022

(1) Registration Number and date of grant: - **REG/2017/2022 & 06/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Abdul Hadi Khan, Village: Babhariya, PO: Manpur, Dist: Sitapur**, **Uttar Pradesh**

(3) Denomination of the variety: **AH-M**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Babhariya, PO: Manpur, Dist: Sitapur**

(6) Details of the distinguishing features or the characteristics: **Ear number of rows of grains many and kernel shape toothed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2018/171

(1) Registration Number and date of grant: - **REG/2018/171 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prafulla Debbarma, Laxminarayan Para, North Pulinpur, Teliamura, Dist: Khowai-799203**, **Tripura**

(3) Denomination of the variety: **MOG DANA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Laxminarayan Para, North Pulinpur, Teliamura, Dist: Khowai-799203**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top of grain red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2018/566

(1) Registration Number and date of grant: - **REG/2018/566 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bandhna Oraon, Village: Banjar Kisko, PO: Tanrtoli, Dist: Lohardaga-835302**, **Jharkhand**

(3) Denomination of the variety: **Tanra Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**

Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Banjar Kisko, PO: Tanrtoli, Dist: Lohardaga-835302**

(6) Details of the distinguishing features or the characteristics: **Leaf attitude of blade (on leaf just above upper ear) drooping and ear diameter without husk (in middle) small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2020/28

(1) Registration Number and date of grant: - **REG/2020/28 & 15/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Talaw Krishak Samooh (TKS), Village Talaw, PO-Fatehpur, Tehsil Sarkaghat, Dist. Mandi,, Himachal Pradesh**

(3) Denomination of the variety: **TALAW MAKKI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village Talaw, PO-Fatehpur, Tehsil Sarkaghat, Dist. Mandi,**

(6) Details of the distinguishing features or the characteristics: **Tassel anthocyanin colouration of glumes excluding base is absent and ear number of rows of grain is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2020/192

(1) Registration Number and date of grant: - **REG/2020/192 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **MALLIKARJUNA, Village-Yelavatti, Post-Hosudi, Shivamogga-577222, Karnataka**

(3) Denomination of the variety: **KEMPU JOLA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village-Yelavatti, Post-Hosudi, Shivamogga-577222**

(6) Details of the distinguishing features or the characteristics: **Ear colour of top of grain is red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2020/193

(1) Registration Number and date of grant: - **REG/2020/193 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **MALLIKARJUNA, Village-Yelavatti, Post-Hosudi, Shivamogga-577222, Karnataka**

(3) Denomination of the variety: **AMBARA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village-Yelavatti, Post-Hosudi, Shivamogga-577222**

(6) Details of the distinguishing features or the characteristics: **Leaf width of blade is broad and 1000 kernel weight is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2024/0346

(1) Registration Number and date of grant: - **REG/2024/0346 & 07/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jisulal Murmu, Village: Chandsar, Panchayat: Baghmara, Boarijore, Dist: Godda-813208**, **Jharkhand**

(3) Denomination of the variety: **Jisulal Makai**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Zea mays* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Maize**

(5) Parentage and geographical location of the variety: **NA / Village: Chandsar, Panchayat: Baghmara, Boarijore, Dist: Godda-813208**

(6) Details of the distinguishing features or the characteristics: **Leaf width of blade (leaf of upper ear) narrow and ear shape conical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2013/739

(1) Registration Number and date of grant: - **REG/2013/739 & 11/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indranagar Farmers Club, Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145**, **Tripura**

(3) Denomination of the variety: **RUI (SABROOM)**

(4) Name of: Family: **Malvaceae**
Genus & Species: ***Gossypium barbadense* L.**
Category/Type of variety/Common name: **Farmer/ Typical/ Tetraploid Cotton**

(5) Parentage and geographical location of the variety: **NA / Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145**

(6) Details of the distinguishing features or the characteristics: **Plant height (cm) semi dwarf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety:
NA

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

Certificate of Registration REG/2012/8

(1) Registration Number and date of grant: - **REG/2012/8** & **06/03/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Fausto Cardozo, E/825, Dattawadi Industrial Estate, Mapusa Bardei.**

(3) Denomination of the variety: **CARDOZO MANKURAD**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Green and purple mature fruit colour, orange ripe fruit predominant colour of skin and light orange ripe fruit main colour of pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2012/36

(1) Registration Number and date of grant: - **REG/2012/36** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **V. Ramoorthy Reddy, P. Reddy Vari Palli, Chittoor.**

(3) Denomination of the variety: **VRR 3**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit length (average) long, mature fruit colour (average) green and yellow and mature fruit bulging proximal of stylar scar strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2012/37

(1) Registration Number and date of grant: - **REG/2012/37** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sreeramulu Achari, S/o Manikyam Achari**

Achari, Thalapulapalle, Puthalapattu mandal, Dist: Chittoor-517124.

(3) Denomination of the variety: **SRA-6**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit shape in cross section medium elliptic, yellow mature fruit bulging proximal of stylar scar medium and ripe fruit main colour of pulp medium yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2012/315

(1) Registration Number and date of grant: - **REG/2012/315** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kalidas Banerjee, R/O Village: Rautara, Post: Rautara, Block: Korha, District: Katihar-854337.**

(3) Denomination of the variety: **CHITTRANJAN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ovate leaf blade shape and light orange main colour of pulp of ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2013/645

(1) Registration Number and date of grant: - **REG/2013/645** & **11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Loko Farmer's Club, Chief Coordinator-Biswajit Reang, Village Laxmicharra, P.O.: Laxmicharra-799144.**

(3) Denomination of the variety: **SPING**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Time of flowering days to 50% flowering late, flower petal hairiness dense, Plant height of main stem (cm) short, capsule hairiness dense.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2013/658

(1) Registration Number and date of grant: - **REG/2013/658** & **07/07/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Chandan Das, President, Nabin Krishak Club, Purba-Ramchandra Ghat, Batapura, PO: Ramchandra Ghat, Khowai-799207.**

(3) Denomination of the variety: **DESI AADA**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale*** **Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant growth habit semi erect and shoot number of leaves on main shoot many.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2013/737

(1) Registration Number and date of grant: - **REG/2013/737** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indranagar Farmers Club, Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145.**

(3) Denomination of the variety: **FENI TILL**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stem hairiness sparse and seed 1000 seeds weigth (g) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2013/742

(1) Registration Number and date of grant: - **REG/2013/742 & 07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indranagar Farmers Club, Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145.**

(3) Denomination of the variety: **FUTI HALOOD**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Curved rhizome shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2013/1659

(1) Registration Number and date of grant: - **REG/2013/1659** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manbod Gaur, Village: Begari, Panchayat: Mohagaon, Post: Palimera, Chhuikhadan, Distt: Rajnandgaon.**

(3) Denomination of the variety: **ALSI BEGARI**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bushy plant growth habit and semi-dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2013/1661

(1) Registration Number and date of grant: - **REG/2013/1661** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ghanshyam Markam, Village: Lamra, Panchayat: Mohagaon, Chhuikhadan, Rajnandgaon.**

(3) Denomination of the variety: **ALSI (DESI) LAMRA**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium flower size and bushy plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/227

(1) Registration Number and date of grant: - **REG/2014/227** & **10/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Satish Baburao Chavan, At post: Vihapur, Tal: Kadegaon, Dist: Sangli-415304.**

(3) Denomination of the variety: **SOMUSE**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Glycine max* (L.) Merrill**
Category/Type of variety/Common name: **Farmer/ Typical/Soybean**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Days to 50% flowering medium and seed size (1000 seeds weight) large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/484

(1) Registration Number and date of grant: - **REG/2014/484** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sandeep Kumar, S/o Shri Gajendra Singh, Village: Fatehpur, Post: Ujhani, Dist: Badaun-243639.**

(3) Denomination of the variety: **6 Mukhiya Fatehpur**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dense stem hairiness and opposite capsule arrangements.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/499

(1) Registration Number and date of grant: - **REG/2014/499** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Padmakanta Nath, Hatiekhowa, Post: Bhomoraguri, Kalibor-782143.**

(3) Denomination of the variety: **MIKIR TIL**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Others/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dense stem hairiness and opposite capsule arrangements.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/501

(1) Registration Number and date of grant: - **REG/2014/501** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Padmakanta Nath, Hatiekhowa, Post: Bhomoraguri, Kalibor-782143.**

(3) Denomination of the variety: **GHARUA TICHI**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Blue venation colour of flower and semi erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/563

(1) Registration Number and date of grant: - **REG/2014/563 & 07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Ghani Khan, #213 K-B Street Kirugavalu Malavalli (Tq) Mandya (Dist)-571424.**

(3) Denomination of the variety: **Ameerjan**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade width narrow and ripe fruit main colour of pulp is light yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/564

(1) Registration Number and date of grant: - **REG/2014/564** & **04/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Ghani Khan, #213 K-B Street Kirugavalu Malavalli (Tq) Mandya (Dist)-571424.**

(3) Denomination of the variety: **Choto**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Short leaf blade length, short inflorescence length (primary branch) and medium inflorescence width (secondary branch).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/565

(1) Registration Number and date of grant: - **REG/2014/565** & **04/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Ghani Khan, #213 K-B Street Kirugavalu Malavalli (Tq) Mandya (Dist)-571424.**

(3) Denomination of the variety: **Abid**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape, narrow mature fruit width and medium yellow ripe fruit main colour of pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/566

(1) Registration Number and date of grant: - **REG/2014/566** & **04/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Ghani Khan, #213 K-B Street Kirugavalu Malavalli (Tq) Mandya (Dist)-571424.**

(3) Denomination of the variety: **Mangmari**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape, circular mature fruit shape in cross section and mature fruit density of lenticels medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/623

(1) Registration Number and date of grant: - **REG/2014/623** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mangan Khalkho, Village: Nakna, Post: Batoli, Distt: Surguja.**

(3) Denomination of the variety: **ALSEE MANGAL**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bushy plant growth habit and medium seed size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/749

(1) Registration Number and date of grant: - **REG/2014/749** & **04/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pahlu Bediya, Village: Obar, Post & Panchayat: Navagarh, Block: Angara, Dist: Ranchi.**

(3) Denomination of the variety: **Pahlu Haldi-1**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium width of leaf lamina and absence of tertiary rhizome.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/778

(1) Registration Number and date of grant: - **REG/2014/778** & **14/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anil Kumar, Mohammad Nagar Talukedari, PO Kasmandi Kalan, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **SAFEDA TALUQKEDAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Narrow mature fruit width and absence of cavity at mature fruit stalk.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/785

(1) Registration Number and date of grant: - **REG/2014/785 & 11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Shahdab, Kasmandi Kalan, PO: Kasmandi Kalan, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **DESHI RAM KELA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bottle necked fruit apex and pale-yellow peel colour at full ripeness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/788

(1) Registration Number and date of grant: - **REG/2014/788 & 11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nidhi Prasad, Gopramau- PO: Gopramau Kakori, Lucknow-226104.**

(3) Denomination of the variety: **DUDHIYAA GOLA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Strong intensity of young leaf anthocyanin colouration and ovate leaf blade shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/796

(1) Registration Number and date of grant: - **REG/2014/796** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sreeramulu Acheri, Talapulupalle Village, Puthalapattu Panchayat, Chittoor (Dist.).**

(3) Denomination of the variety: **TSAN4**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Others/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf shape of apex acute, inflorescence anthocyanin colouration of axis and branches absent or weak, mature fruit colour green and yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/797

(1) Registration Number and date of grant: - **REG/2014/797** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Ghani Khan, #213 K-B Street Kirugavalu Malavalli (Tq) Mandya (Dist)-571424.**

(3) Denomination of the variety: **Bada Aam**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Others/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf shape of base obtuse, inflorescence anthocyanin colouration of axis and branches medium, ripe fruit main colour of pulp medium yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/798

(1) Registration Number and date of grant: - **REG/2014/798 & 07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **K.Ravindranath, Palamakulapalli (V), Bangarupaliyam Panchayat, Chittoor (Dist.).**

(3) Denomination of the variety: **PKRN3**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Others/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape of base is obtuse and mature fruit roughness of surface is present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/801

(1) Registration Number and date of grant: - **REG/2014/801** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **K.Rajashekar Reddy, P.Reddyvaripalli(v) Irola Panchayat Chittoor (Dist.).**

(3) Denomination of the variety: **RKRRN2**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Others/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf shape of apex rounded, mature fruit depth of cavity at stalk shallow and ripe fruit predominant colour of skin yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/803

(1) Registration Number and date of grant: - **REG/2014/803** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **K.Surendhra Reddy, Gudipalli, Irola, Chittoor.**

(3) Denomination of the variety: **GKSRN2**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Others/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf shape of base narrow, mature fruit colour green and pink and ripe fruit main colour of pulp medium orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/806

(1) Registration Number and date of grant: - **REG/2014/806** & **05/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kanahiyaa Lal, Sarsanda P.O. Gopramau, Kakori, Lucknow-226104.**

(3) Denomination of the variety: **ALLAHBADI CHAUSA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium anthocyanin colouration of inflorescence axis and branches and medium elliptic shape in mature fruit cross.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/808

(1) Registration Number and date of grant: - **REG/2014/808** & **05/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Panayee, Sarsanda P.O. Gopramau, Kakori, Lucknow-226104.**

(3) Denomination of the variety: **SHWETA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of young leaf anthocyanin colouration and ovate leaf blade shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/840

(1) Registration Number and date of grant: - **REG/2014/840** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malihabad Community, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **NAWAB PASAND**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Rounded shape of the leaf base and medium elliptic shape of mature fruit in cross section.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/845

(1) Registration Number and date of grant: - **REG/2014/845** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malihabad Community, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **SURKHA IMMAMUDDIN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium anthocyanin colouration of axis and branches on inflorescence and absence of sinus on mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/849

(1) Registration Number and date of grant: - **REG/2014/849** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malihabad Community, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **ASROOR MUKARAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of cavity at stalk of mature fruit and light orange main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/852

(1) Registration Number and date of grant: - **REG/2014/852** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malihabad Community, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **DAARUL US SMAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and oblong seed kernel in lateral view.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/854

(1) Registration Number and date of grant: - **REG/2014/854** & **05/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malihabad Community, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **BHAGWANT KHERA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Elliptic leaf blade shape and absence of cavity at mature.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/859

(1) Registration Number and date of grant: - **REG/2014/859 & 05/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malihabad Community, Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **ZARD AMIN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium inflorescence length (primary branch) and light orange main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/903

(1) Registration Number and date of grant: - **REG/2014/903** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Chandra Prasad Singh, Village: Parsa, Block: Tarapur, Dist: Munger-813221.**

(3) Denomination of the variety: **TISI 111**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium size corolla of flower and non-dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/1121

(1) Registration Number and date of grant: - **REG/2014/1121** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rajendra Mandal, Dogachhi, Keswa, Purnea.**

(3) Denomination of the variety: **TISI 206**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bushy plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/1828

(1) Registration Number and date of grant: - **REG/2014/1828** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rita Devi, Village: Pipra, Panchayat: Pipra, Block: Pathargama, Godda.**

(3) Denomination of the variety: **RITA TISI**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stamen colour of distal part of filament blue and seed weight of 1000 seeds low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/1936

(1) Registration Number and date of grant: - **REG/2014/1936** & **02/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dilip Mondal, Village & PS: Kamko, Block: Binpur-II, Dist: Paschim Medinipur.**

(3) Denomination of the variety: **KALO TIL**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Sparse hairiness on flower petal and broad oblong capsule shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/1949

(1) Registration Number and date of grant: - **REG/2014/1949** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **S. Sreekumar, Vazhavila Kappil P.O. Edava-695311, Trivandrum Dist.**

(3) Denomination of the variety: **EDAVA LONG FIBRE COCONUT**

(4) Name of: Family: **Arecaceae**
Genus & Species: ***Cocos Nucifera* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coconut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant number of split leaves absent and inflorescence no. of female flowers few.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2068

(1) Registration Number and date of grant: - **REG/2014/2068** & **10/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Joseph H. Thanzuala, All Mizoram Farmers Union (AMFU), President, General HQTRS, Treasury Square, Aizawl-796001.**

(3) Denomination of the variety: **BEKANG**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Glycine max* (L.) Merrill**
Category/Type of variety/Common name: **Farmer/ Typical/Soybean**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium seed oil content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2127

(1) Registration Number and date of grant: - **REG/2014/2127** & **04/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dilip Kumar Singh, Village & PO: Mahaddiganj, Block: Sasaram, Dist: Rohtas.**

(3) Denomination of the variety: **Katnahia Dhania**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Non shiny leaf luster of longest basal leaf & dark green leaf colour of longest basal leaf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2128

(1) Registration Number and date of grant: - **REG/2014/2128** & **04/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rajaghrbi Singh, Village: Masona, PO: Amethi, Block: Sanjhwali, Dist: Rohtas.**

(3) Denomination of the variety: **Sufi Dhaniya**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour of longest basal leaf and ablong seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2151

(1) Registration Number and date of grant: - **REG/2014/2151** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dindayal Singh, Village, Block & PO: Nasariganj, Dist: Rohtas.**

(3) Denomination of the variety: **Nasari Desi**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale* Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Erect plant growth habit and few number of shoots in plant.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2157

(1) Registration Number and date of grant: - **REG/2014/2157** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vijay Bahadur Singh, Village: Sabeya, PO & Block: Rajpur, Dist: Rohtas.**

(3) Denomination of the variety: **Sonali**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bushy plant growth habit and small capsule size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2158

(1) Registration Number and date of grant: - **REG/2014/2158** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamal Dev Rai, Village: Baruna, PO: Shivpur, Dist: Rohtas.**

(3) Denomination of the variety: **Chhoti Tise**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Semi-twisted flower aestivation and bushy plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2159

(1) Registration Number and date of grant: - **REG/2014/2159** & **18/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vijay Bahadur Singh, Village: Sabeya, PO & Block: Rajpur, Dist: Rohtas.**

(3) Denomination of the variety: **Rupali**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bushy plant growth habit and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2182

(1) Registration Number and date of grant: - **REG/2014/2182** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Surendra Kumar, S/o Shri Mahipal Singh, Village: Nniyari, PO: Karwomajra, Dist: Saharanpur.**

(3) Denomination of the variety: **Desi No. 1**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Saccharum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sugarcane**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Deltoid shape of leaf sheath ligule and shallow node bud groove.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2183

(1) Registration Number and date of grant: - **REG/2014/2183** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Surendra Kumar, S/o Shri Mahipal Singh, Village: Nniyari, PO: Karwomajra, Dist: Saharanpur.**

(3) Denomination of the variety: **Desi No. 2**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Saccharum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sugarcane**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Yellow green internode colour (not exposed to sun) and shallow node bud groove.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2217

(1) Registration Number and date of grant: - **REG/2014/2217** & **02/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sushil Kumar Munshi, Bilatibari, Mohani, Uttar Dinajpur-733207.**

(3) Denomination of the variety: **Udbhab**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **White petal colour of flower and absence of stem hairiness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2235

(1) Registration Number and date of grant: - **REG/2014/2235** & **06/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Urlu Munda, Village: Katingkel: Post: Sarvada, Panchayat: Indipidi, Dist: Khunti.**

(3) Denomination of the variety: **Urlu Tisi-1**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**

Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Blue stamen colour of distal part of filament and blue anther colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2418

(1) Registration Number and date of grant: - **REG/2014/2418** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. K.V. Paulose, Kochinira Vattu House, Rajkumari Gajanapara Post, Dist: Idukki-6865619.**

(3) Denomination of the variety: **PAPPALU**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Elettaria cardamomum*** **Maton**
Category/Type of variety/Common name: **Farmer/ Typical/Small cardamom**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Panicle per tiller high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2487

(1) Registration Number and date of grant: - **REG/2014/2487** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Menuwin Thomas, At. Mundaplakkal, Maryakulam, PO: Ayyappankovil, Idukki.**

(3) Denomination of the variety: **ARJUN**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Elettaria cardamomum*** **Maton**
Category/Type of variety/Common name: **Farmer/ Typical/Small cardamom**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Flower labellum variegation present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2014/2488

(1) Registration Number and date of grant: - **REG/2014/2488** & **19/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. P.G. George, Puliyanmackel House (Zion), Venmoney PO, Idukki District-685606.**

(3) Denomination of the variety: **ZION MUNDI**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Berry size (mm) bold.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/37

(1) Registration Number and date of grant: - **REG/2015/37** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tukeshwar Sao, Village: Pakrar, Post: Sultana, Dist: Hazaribagh.**

(3) Denomination of the variety: **Pakrar Tisi**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Star shape flower.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/51

(1) Registration Number and date of grant: - **REG/2015/51** & **07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vaijnath Prasad Verma, Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh.**

(3) Denomination of the variety: **Vaijnath Adrakh (Desi)**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale*** **Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Zigzagged rhizome shape and medium crop duration (days).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/110

(1) Registration Number and date of grant: - **REG/2015/110** & **04/02/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Abdul Majid Magrey, S/o Ab. Ahad, R/o Turch, Tehsil: Handwara, Dist: Kupwara.**

(3) Denomination of the variety: **DOON**

(4) Name of: Family: **Juglandaceae**
Genus & Species: ***Juglans Regia* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Hull dehiscence type partly dehiscent and shell integrity dehiscent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/214

(1) Registration Number and date of grant: - **REG/2015/214** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **AAM-E-JALAL**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape ovate, inflorescence anthocyanin colouration of axis and branches absent or weak and mature fruit bulging proximal of stylar scar present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/215

(1) Registration Number and date of grant: - **REG/2015/215 & 07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **JEELEBI AAM**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape ovate, mature fruit depth of cavity at stalk deep and ripe fruit predominant colour of skin green (RHS 134 A, B)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/217

(1) Registration Number and date of grant: - **REG/2015/217** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **BAGDAL ACHAAR AAM**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape obtuse and leaf blade shape of apex acute.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/218

(1) Registration Number and date of grant: - **REG/2015/218** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **BAGDAL MAHARAJA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape ovate and leaf shape of base obtuse.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/219

(1) Registration Number and date of grant: - **REG/2015/219 & 07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **DESHI HOOR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour only green, ripe fruit predominant colour of skin yellow and ripe fruit main colour of pulp medium orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/226

(1) Registration Number and date of grant: - **REG/2015/226** & **06/05/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **3 EYE BUDS KHUDRAT KA KARISHMA**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Saccharum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sugarcane**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Node shape of bud oval and new trait: node number of buds per node (not given in DUS descriptor) multi buds.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/239

(1) Registration Number and date of grant: - **REG/2015/239** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226.**

(3) Denomination of the variety: **CHAMKI ALSI**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bushy plant growth habit and semi dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/263

(1) Registration Number and date of grant: - **REG/2015/263** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bijayamal Miyan, Village & Post: Adhaura, Dist: Kaimur-821116.**

(3) Denomination of the variety: **Tisi-4**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Funnel shape of flower and anther colour purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/276

(1) Registration Number and date of grant: - **REG/2015/276** & **11/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Singh, Village & Post: Adhaura, Dist: Kaimur-821116.**

(3) Denomination of the variety: **Lotaniya-7**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Flower length of petals (cm) short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/280

(1) Registration Number and date of grant: - **REG/2015/280** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tejpati Singh, Village: Jharpa, Post: Adhaura, Dist: Kaimur-821116.**

(3) Denomination of the variety: **Tisi-J**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium size of corolla and funnel shape flower.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/299

(1) Registration Number and date of grant: - **REG/2015/299** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammad Guljar Miyan, Village & Post: Adhaura, Dist: Kaimur-821116.**

(3) Denomination of the variety: **Deshi Tisi**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium size of corolla and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/391

(1) Registration Number and date of grant: - **REG/2015/391 & 06/03/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dinesh Rajak, Village: Kattaeya, Post: Ghghri, Dist: Chatra.**

(3) Denomination of the variety: **Sugandhit Methi**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella foenum* graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse apex shape of leaf blade on first pod axis and moderately curved pod curvature.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/821

(1) Registration Number and date of grant: - **REG/2015/821 & 20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pankaj Gop, Village: Tigra Naya Toli, Post: Gudu, Dist: Ranchi.**

(3) Denomination of the variety: **Pankaj Adrakh-1**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale* Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant height of shoot (cm) tall.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/877

(1) Registration Number and date of grant: - **REG/2015/877** & **09/06/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. A. Balakrishnan, Ambili Nilayam, Nalloornadu PO Kammana, Edavaka, Taluka: Mananthavady, Waynad-670645.**

(3) Denomination of the variety: **ASWATHI**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant shoot tip colour is light green, lateral branch length medium, Number of spikes/lateral branch are few and tome of harvest maturity medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/878

(1) Registration Number and date of grant: - **REG/2015/878** & **14/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shri Kishan Suman, Village: Girdharpura, WARD No.1, Taluka Ladpur, Bundi- Kota Highway, Dist: Kota, Rajasthan.**

(3) Denomination of the variety: **SADABAHAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Strong anthocyanin colouration of inflorescence axis and branches and medium orange main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/911

(1) Registration Number and date of grant: - **REG/2015/911** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Noor Mohammad Ansari, Village: Adhori, Post: Banka, Dist: Garhwa.**

(3) Denomination of the variety: **Mahuli**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Sequential flower arrangement on side branches and rose colour of testa in kernel.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/931

(1) Registration Number and date of grant: - **REG/2015/931** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amrit Ram, Village & Post: Jarhi, Dist: Garhwa.**

(3) Denomination of the variety: **Amrit**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet anther colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/936

(1) Registration Number and date of grant: - **REG/2015/936** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mundrika Prajapati, Village: Gonda, Post: Bana, Dist: Garhwa.**

(3) Denomination of the variety: **Dhaniya Parbana**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shiny leaf luster of longest basal leaf and presence of involucer.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/937

(1) Registration Number and date of grant: - **REG/2015/937 & 03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Aliyar Ram, Village: Sangbariya, Post: Meral, Dist: Garhwa.**

(3) Denomination of the variety: **Ber Sangbari**

(4) Name of: Family: **Rhamnaceae**
Genus & Species: ***Ziziphus mauritiana* Lamk.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian jujube (Ber)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bearing habit bunching present, pulp texture medium and ascorbic acid content of pulp (mg/100g FW) very less.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/938

(1) Registration Number and date of grant: - **REG/2015/938** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Thakur, Village: Geruawa, Post: Devgana, Dist: Garhwa.**

(3) Denomination of the variety: **Ber Geruwa**

(4) Name of: Family: **Rhamnaceae**
Genus & Species: ***Ziziphus mauritiana* Lamk.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian jujube (Ber)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Branch thorniness less, fruit shape apex flat and ascorbic acid content of pulp (mg/100g FW) very less.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/940

(1) Registration Number and date of grant: - **REG/2015/940** & **07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramjavit Mahto, Village: Karamdih, Post: Kalyanpur, Dist: Garhwa.**

(3) Denomination of the variety: **Kalmegha**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella foenum* graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse apex shape of first leaf blade.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/949

(1) Registration Number and date of grant: - **REG/2015/949** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Virendra Kumar Kushwaha, Village: Jata, Post: Kalyanpur, Dist: Garhwa.**

(3) Denomination of the variety: **Biran**

(4) Name of: Family: **Apiaceae**

Genus & Species: ***Coriandrum sativum*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Serrated leaf margin of longest basal leaf and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/958

(1) Registration Number and date of grant: - **REG/2015/958** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sunil Kumar, Village: Chironjia, Post: Nawada, Dist: Garhwa.**

(3) Denomination of the variety: **Bhadai Nawa**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Erect plant growth habit and simple inflorescence.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/966

(1) Registration Number and date of grant: - **REG/2015/966** & **06/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Awadesh Mehta, Village: Jata, Post: Kalyanpur, Dist: Garhwa.**

(3) Denomination of the variety: **Purnwa**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella foenum* graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse apex shape of first leaf blade and obtuse apex shape of leaf blade on first primary branch axis.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/981

(1) Registration Number and date of grant: - **REG/2015/981** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Niranjan Kumar Mehta, Village: Jata, Post: Kalyanpur, Dist: Garhwa.**

(3) Denomination of the variety: **Kaljan**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium capsule size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1030

(1) Registration Number and date of grant: - **REG/2015/1030** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. L. Ramaiah & Mr. R. Murugan (Father & Son), Bommarajapuram, PO: Kombatholu, Taluka: Andipatti, Dist: Theni.**

(3) Denomination of the variety: **PATCHAIKAI**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Elettaria cardamomum* Maton**
Category/Type of variety/Common name: **Farmer/ Typical/Small Cardamom**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **High panicle intermodal length and long capsule length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1193

(1) Registration Number and date of grant: - **REG/2015/1193** & **08/04/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Muni Bhagat, Village & Panchayat: Digghi, Block: Mahagama, Dist: Godda.**

(3) Denomination of the variety: **SHIV SARSON**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Low leaf lobes and medium maturity period.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1197

(1) Registration Number and date of grant: - **REG/2015/1197** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rohi Lal Mahto, Village: Daharlangi, Panchayat: Paraspani, Block: Pathargama, Dist: Godda.**

(3) Denomination of the variety: **ROHI TISI**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Semi-twisted flower aestivation and violet stamen colour of distal part of filament.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1256

(1) Registration Number and date of grant: - **REG/2015/1256** & **12/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ananta Mondal, Village: Haidarpur, Block: Murshidabad Jiaganj, PO: Dahapara, Dist: Murshidabad-742104.**

(3) Denomination of the variety: **JATA RAI**

(4) Name of: Family: **Brassicaceae**

Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Siliqua number on main shoot very few and siliqua angle with main shoot appressed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1401

(1) Registration Number and date of grant: - **REG/2015/1401** & **02/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhadur Oraon, Village: Navadih, Block: Ghaghara, Dist: Gumla.**

(3) Denomination of the variety: **Dehati-2**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Presence of leaf lobes and dentate leaf margin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1439

(1) Registration Number and date of grant: - **REG/2015/1439 & 08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prasant Bhagat, Village: Bahar Sereka, Block: Bishunpur, Dist: Gumla.**

(3) Denomination of the variety: **Desi Lahsun-G2**

(4) Name of: Family: **Amaryllidaceae**
Genus & Species: ***Allium sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Garlic**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bulb: Shape in cross section: Circular, Buld: Anthocyanin on dry external scales: Present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1440

(1) Registration Number and date of grant: - **REG/2015/1440 & 07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Champa Bhagat, Village: Rehe Kumbatoli, Block: Bishunpur, Dist: Gumla.**

(3) Denomination of the variety: **Lahsun Desi-G3**

(4) Name of: Family: **Amaryllidaceae**
Genus & Species: ***Allium sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Garlic**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absent leaf waxiness and circular bulb shape in cross section.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1455

(1) Registration Number and date of grant: - **REG/2015/1455** & **03/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shashi Kala Devi, Village: Bahar Sereka, Block: Bishunpur, Dist: Gumla.**

(3) Denomination of the variety: **Desi-M**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Entire leaf margin and black seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1456

(1) Registration Number and date of grant: - **REG/2015/1456** & **11/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamishnar Bhagat, Village: Rehe Kumbatoli, Block: Bishunpur, Dist: Gumla.**

(3) Denomination of the variety: **Chanka**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tall plant height and semi appressed angle with main shoot of siliqua.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1458

(1) Registration Number and date of grant: - **REG/2015/1458** & **11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Laldev Oraon, Village: Rehe Kumbatoli, Block: Bishunpur, Dist: Gumla.**

(3) Denomination of the variety: **Rehe Pila Sarso**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf colour dark green and siliqua density on main shoot low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1527

(1) Registration Number and date of grant: - **REG/2015/1527** & **09/06/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Diwakar Sharma, Village: Jyamla, PO: Mangoo, Block: Kunihar, Tehsil: Arki, Dist: Solan-171102.**

(3) Denomination of the variety: **Hemlata**

(4) Name of: Family: **Juglandaceae**

Genus & Species: ***Juglans regia* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf leaflet length (cm) medium, nut length (mm) medium, shell strength strong kernel plumpness moderate and ease of removal of kernel halves difficult.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1585

(1) Registration Number and date of grant: - **REG/2015/1585** & **07/07/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopinath Surulivel, S/o Late Mr. P. N. Suruliviel**

Gopi Nagappa Arulagam, Kaliamman Koil Street, Varusanadu, Theni District, Tamil Nadu-625579.

(3) Denomination of the variety: **PNS**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Elettaria cardamomum* Maton**
Category/Type of variety/Common name: **Farmer/ Typical/Small Cardamom**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant height tall, flower labellum variegation present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1586

(1) Registration Number and date of grant: - **REG/2015/1586 & 06/05/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Aagya Ram Verma, Village: Kharkadewari, Post: Kodai, Dist: Basti-272131.**

(3) Denomination of the variety: **CAPTAN-BASTI**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Saccharum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sugarcane**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf sheath shape of ligule star shaped and internode shape conoidal.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1754

(1) Registration Number and date of grant: - **REG/2015/1754** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jai Ram Prasad, Village: Alwan, Post: Titariya, Block: Meskaur, Dist: Nawada.**

(3) Denomination of the variety: **Raja**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Star shape flower and valvate flower aestivation.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1760

(1) Registration Number and date of grant: - **REG/2015/1760** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamleshwar Mahto, Village: Gurighat, Post & Block: Kauwakol, Dist: Nawada-805106.**

(3) Denomination of the variety: **Devangarh Aadi**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale* Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Curved rhizome shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1761

(1) Registration Number and date of grant: - **REG/2015/1761** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Aanandi Prasad, Village & Post: Bar Raji, Block: Kauwakol, Dist: Nawada.**

(3) Denomination of the variety: **Desi Dhaniya Chouthi**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absent nodal pigmentation and less secondary branches.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2015/1781

(1) Registration Number and date of grant: - **REG/2015/1781** & **06/01/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sohan Lal Choudhary, Village: Bhairawa, Post: Chandan, Dist: Jaisalmer-345029.**

(3) Denomination of the variety: **MARU-ISAB**

(4) Name of: Family: **Plantaginaceae**
Genus & Species: ***Plantago ovata*** **Forsk**
Category/Type of variety/Common name: **Farmer/ Typical/Isabgol**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant: Drooping, Spike: Flower arrangement: Protruding.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/22

(1) Registration Number and date of grant: - **REG/2016/22** & **09/06/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dulichand, S/o Gangaram, Village: Bhuvanikheda, Tehsil: Badnawer, Dist: Dhar.**

(3) Denomination of the variety: **Arjun (3)**

(4) Name of: Family: **Fabaceae**

Genus & Species: ***Glycine max* (L.) Merrill**
Category/Type of variety/Common name: **Farmer/ Typical/Soybean**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Pod colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/55

(1) Registration Number and date of grant: - **REG/2016/55** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mrs. Verna Nagpal, Fairlawns 148, St. Cyril Road, Bandra, Mumbai-400050.**

(3) Denomination of the variety: **GEOFFREY NAGPAL**

(4) Name of: Family: **Nyctaginaceae**
Genus & Species: ***Bougainvillea Comm.* Ex Juss.**
Category/Type of variety/Common name: **Farmer/ Typical/Bougainvillea**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium ovate shape of leaf blade and yellowish green main colour of leaf blade.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/296

(1) Registration Number and date of grant: - **REG/2016/296** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nimmi Bakhla, Village: Bethat, Post: Hesapidhi, Block: Kisko, Dist: Lohardaga-835302.**

(3) Denomination of the variety: **Lal**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inflorescence compound.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/311

(1) Registration Number and date of grant: - **REG/2016/311** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suruj Oraon, Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga-835302.**

(3) Denomination of the variety: **Theesee**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet anther colour and bushy plant growth.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/330

(1) Registration Number and date of grant: - **REG/2016/330 & 11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anjani Oraon, Village: Khakhparta, Post: Rampur, Block: Kisko, Dist: Lohardaga.**

(3) Denomination of the variety: **Sangi**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Weight of 1000 seeds at 7-8% moisture content high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/387

(1) Registration Number and date of grant: - **REG/2016/387 & 09/06/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Baneshwar Munda, Village: Baratpur, Post: Hirhi, Block: Kisko, Dist: Lohardaga.**

(3) Denomination of the variety: **Badam-LO**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaflet size (fully developed basal leaflet) large and kernel colour of testa red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/439

(1) Registration Number and date of grant: - **REG/2016/439** & **20/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Patrisiya Toppo, Village: Mardanpur, Post: Moltama, Block: Chatra, Dist: Chatra-825401.**

(3) Denomination of the variety: **Patri**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Very few number of seeds per siliqua**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/443

(1) Registration Number and date of grant: - **REG/2016/443** & **06/03/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shatrudhan Prajapati, Village: Sidiki, Block: Pratap pur, Dist: Chatra-825404.**

(3) Denomination of the variety: **Pratapi**

(4) Name of: Family: **Brassicaceae**

Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Short petal length, narrow width of petals and medium plant height and density of siliqua on main shoot medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/492

(1) Registration Number and date of grant: - **REG/2016/492** & **12/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Kumar Das, Village: Chandrikala, PO: Pratap pur, Dist: Chatra-825404.**

(3) Denomination of the variety: **Govind**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Semi erect plant growth habit and non dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/715

(1) Registration Number and date of grant: - **REG/2016/715** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramkrishna Vivekananda Trust, Village: Harinakhali, PO: Nimdangi, Block: Pursura, PS: Pursura, Dist: Hooghly-712414.**

(3) Denomination of the variety: **RAMKRISHNA**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Kernel colour of testa (varieties with monochrome testa only) salmon.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/860

(1) Registration Number and date of grant: - **REG/2016/860** & **12/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raghunandan Mahto, Village: Kandtari, PO: Saanr, Block: Barkagaon, Dist: Hazaribagh-825311.**

(3) Denomination of the variety: **ALISH**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium seed size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/861

(1) Registration Number and date of grant: - **REG/2016/861 & 19/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Harinandan Mahto, Village: Kandtari, PO: Saanr, Block: Barkagaon, Dist: Hazaribagh-825311.**

(3) Denomination of the variety: **TILARA**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Very high seed 1000 seeds weight (g).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/862

(1) Registration Number and date of grant: - **REG/2016/862 & 11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dinesh Kumar Dhangi, Village: Kandtari, PO: Saanr, Block: Barkagaon, Dist: Hazaribagh-825311.**

(3) Denomination of the variety: **HARIN**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Growth habit spreading and primary branches (nos): more.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/900

(1) Registration Number and date of grant: - **REG/2016/900** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nagia Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311.**

(3) Denomination of the variety: **LALI**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium siliqua no on main shoot.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/998

(1) Registration Number and date of grant: - **REG/2016/998** & **12/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Swapan Shit, Village: Bamundiha, Block: Binpur-II, Dist: West Medinipur.**

(3) Denomination of the variety: **Bamundiha-LI**

(4) Name of: Family: **Linaceae**

Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet stamen colour of distal part of filament and bushy plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1129

(1) Registration Number and date of grant: - **REG/2016/1129 & 02/03/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kacho Villayat, Sanjak, Kargil.**

(3) Denomination of the variety: **Suii**

(4) Name of: Family: **Punicaceae**
Genus & Species: ***Punica granatum* L**
Category/Type of variety/Common name: **Farmer/ Typical/Pomegranate**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade width (cm) broad, petiole length (mm) long, fruit diameter (cm) medium and seed width (mm) narrow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1148

(1) Registration Number and date of grant: - **REG/2016/1148** & **03/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kuldeep Tana Bhagat, Village: Bamandiha, PO: Nigani, Dist: Lohardaga.**

(3) Denomination of the variety: **Kuldeep Lotni**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium leaf length and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1181

(1) Registration Number and date of grant: - **REG/2016/1181** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Govardhan Prajapati, Village: Semadih, PO: Kisko, Dist: Lohardaga.**

(3) Denomination of the variety: **Govardhan-GL**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Kernel shape spheroid.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1188

(1) Registration Number and date of grant: - **REG/2016/1188** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kaldev Oraon, Village: Anandpur, Post: Jori, Block: Kisko, Dist: Lohardaga.**

(3) Denomination of the variety: **Kaldev aadi**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale* Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tall plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1223

(1) Registration Number and date of grant: - **REG/2016/1223** & **10/04/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaiwant Kujur, Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga-835302.**

(3) Denomination of the variety: **Hisra-JK**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Semi erect plant growth habit and small capsule size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1249

(1) Registration Number and date of grant: - **REG/2016/1249** & **02/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaiwant Kujur, Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga-835302.**

(3) Denomination of the variety: **Peela Lotni**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dentate leaf margin and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1445

(1) Registration Number and date of grant: - **REG/2016/1445** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jai Durga Krishak Club, Village & Post: Lakhuri, Block: Bimhanidih, Dist: Janjgeer-Chapa-495660.**

(3) Denomination of the variety: **Ram Bael**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour yellowish green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1719

(1) Registration Number and date of grant: - **REG/2016/1719** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mrs. Rosamma Varkey, W/o Late Mr. Varkey Thomman, Punnathanath House, PO: Muniyara, Idukki-685571.**

(3) Denomination of the variety: **PUNNATHANAM JATHY**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape ovate, shape at ventral shoulder rounded downward and type of mace probe beak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1751

(1) Registration Number and date of grant: - **REG/2016/1751** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Thingbaijam Amuchou Meitei, Irengbam Awang Mamang Leikai Nambol, Bishnupur-795134.**

(3) Denomination of the variety: **MEITEI CHU ANGOUGBA SELECTION**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Saccharum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sugarcane**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Curved tip of curvature of leaf blade and cylindrical shape of internode.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1752

(1) Registration Number and date of grant: - **REG/2016/1752** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Thingbaijam Amuchou Meitei, Irengbam Awang Mamang Leikai Nambol, Bishnupur-795134.**

(3) Denomination of the variety: **MEITEI CHU ANGANGBA SELECTION**

(4) Name of: Family: **Poaceae**
Genus & Species: ***Saccharum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sugarcane**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Sparse leaf sheath hairiness and yellow green internode colour (not exposed to sun).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1782

(1) Registration Number and date of grant: - **REG/2016/1782** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amresh Thakur, Village: Gonda, PO: Bana, Block: Meral, Dist: Garhwa.**

(3) Denomination of the variety: **Mithi**

(4) Name of: Family: **Rhamnaceae**
Genus & Species: ***Ziziphus mauritiana* Lamk.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian jujube (Ber)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf shape obovate, bearing habit bunching present and mature fruit weight (g) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1797

(1) Registration Number and date of grant: - **REG/2016/1797** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Binay Kumar Singh, Village: Sangbaria, PO: Meral, Block: Meral, Dist: Garhwa.**

(3) Denomination of the variety: **Surgi**

(4) Name of: Family: **Rhamnaceae**
Genus & Species: ***Ziziphus mauritiana* Lamk.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian jujube (Ber)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Growth habit spreading, leaf apex acute and thorns persistence cauducous present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1802

(1) Registration Number and date of grant: - **REG/2016/1802** & **06/01/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Aliyar Ram, Village: Sangbaria, PO: Bana, Block: Meral, Dist: Garhwa.**

(3) Denomination of the variety: **Bairiya**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Growth habit upright, Stem end Cavity depressed and Total number of Seeds medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/1903

(1) Registration Number and date of grant: - **REG/2016/1903** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Tom C. Antony, Cheripurath House, Village: Akalakunnam, PO: Chengalam, Taluka: Kottayam, Kottayam-686585.**

(3) Denomination of the variety: **CHERIPURATH NUTMEG VARIETY**

(4) Name of: Family: **Myristicaceae**

Genus & Species: ***Myristica fragrans*** **Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Prominence of veins: Non-Prominent g, Leaf blade: Shape; Obovate, Presence of Caruncle: Present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/2110

(1) Registration Number and date of grant: - **REG/2016/2110** & **19/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kisan Beej Utpadak Sahkari Samiti, Village & Post: Risda, Tehsil: Masturi, Dist: Bilaspur-495551.**

(3) Denomination of the variety: **Sjeewan Jamun**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii*** **Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Petiole length long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/2150

(1) Registration Number and date of grant: - **REG/2016/2150** & **11/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Deendayal Yadav, Village: Baheradih, PO: Sewani, Tehsil: Champa, Dist: Janjgir-Champa-495671.**

(3) Denomination of the variety: **Jungli Peela Genda**

(4) Name of: Family: **Asteraceae**
Genus & Species: ***Tagetes* spp. L**
Category/Type of variety/Common name: **Farmer/ Typical/Marigold**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Hypocotyl anthocyanin colouration absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/2157

(1) Registration Number and date of grant: - **REG/2016/2157** & **21/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Deendayal Yadav, Village: Baheradih, PO: Sewani, Tehsil: Champa, Dist: Janjgir-Champa-495671.**

(3) Denomination of the variety: **Raja Bael**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mid maturity of fruit and light green immature fruit colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/2164

(1) Registration Number and date of grant: - **REG/2016/2164** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Deendayal Yadav, Village: Baheradih, PO: Sewani, Tehsil: Champa, Dist: Janjgir-Champa-495671.**

(3) Denomination of the variety: **RAY JAAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature leaf colour green, inflorescence length diameter ratio high and ripe fruit breath narrow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/2226

(1) Registration Number and date of grant: - **REG/2016/2226** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Miru Baha Mardi, Village: Laukeshra, Tehsil: Musabani, Dist: East Singhbhum-831002.**

(3) Denomination of the variety: **Mardi-BA**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Greyish yellow trunk colour and yellowish green mature fruit colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2016/2243

(1) Registration Number and date of grant: - **REG/2016/2243** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kherwal Chasa Gawta, Village: Laukeshra, Tehsil: Musabani, Dist: East Singhbhum-831002.**

(3) Denomination of the variety: **Kherwal**

(4) Name of: Family: **Rhamnaceae**
Genus & Species: ***Ziziphus mauritiana*** **Lamk.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian jujube (Ber)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf base oblique, fruit surface ridged and wart and pulp acidity (%) high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/10

(1) Registration Number and date of grant: - **REG/2017/10** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dr. Shreedhar Muralidhar Koparkar, At: Gavhe, PO: Jalgaon, Kop's Nursery, Tal: Dapoli, Dist: Ratnagiri-415712.**

(3) Denomination of the variety: **KOPS**

(4) Name of: Family: **Myristicaceae**

Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape of base acute and presence of caruncle present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/11

(1) Registration Number and date of grant: - **REG/2017/11** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Dilip Rajaram Mukadam, At. Po. Revdanda, Agarkot, House No. 86, Tal: Alibag, Dist: Raigad-402202.**

(3) Denomination of the variety: **SHRADHHA**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Elliptic leaf blade shape and beak mace probe.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/47

(1) Registration Number and date of grant: - **REG/2017/47** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jayawant Harischandra Patil, At.Po.-Chaul, Golaba Devi, Tal-Alibag, Dist-Raigad-402202.**

(3) Denomination of the variety: **KAJAL**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Rounded downward shape at dorsal shoulder and ovate seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/48

(1) Registration Number and date of grant: - **REG/2017/48** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Uday Shrikrushna Joshi, At.Po.-Kelshi, Sathe Aali, Tal-Dapoli, Dist-Ratnagiri-415717.**

(3) Denomination of the variety: **NUTMEG KELSHI-1**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree vigour strong, leaf blade shape ovate, shape at ventral shoulder rounded upward and type of mace probe beak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/49

(1) Registration Number and date of grant: - **REG/2017/49 & 09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prakash Bhaskar Paranjpe, At-Murdi, Po.-Aanjarle, Tal-Dapoli, Dist-Ratnagiri-415714.**

(3) Denomination of the variety: **NEELKANTH**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inflorescence shape of female flower long elliptical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/208

(1) Registration Number and date of grant: - **REG/2017/208** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mukesh Kumar, S/o Ramesh Kumar, Village: Shailawar, Block: Bajag, Dist: Dindori.**

(3) Denomination of the variety: **Shailwar Alsi**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium flower of corolla, tubular flower, bushy plant growth and high seed weight.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/214

(1) Registration Number and date of grant: - **REG/2017/214** & **08/04/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Heera Singh, Village: Sevari, Block: Bajag, Dist: Dindori.**

(3) Denomination of the variety: **Seori Rai Heera**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica rapa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Rapeseed (Toria)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/299

(1) Registration Number and date of grant: - **REG/2017/299** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Uttam Singh, S/o Late Sh. Devi Singh, Village: Makri Kuthar, Tehsil: Devendranagar, Dist: Panna.**

(3) Denomination of the variety: **Alsi Uttam**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet anther colour, medium capsule size and dark brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/329

(1) Registration Number and date of grant: - **REG/2017/329** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lakhanlal Lodhi, Village: Mulapara, Dist: Panna.**

(3) Denomination of the variety: **Mulapara Alsi**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet anther and dark brown seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/383

(1) Registration Number and date of grant: - **REG/2017/383** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sarita Uikey, Village: Sargapur, PO: Bandole, Dist: Seoni.**

(3) Denomination of the variety: **Alsi Sarita**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Semi dehiscence capsule and bold seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/494

(1) Registration Number and date of grant: - **REG/2017/494** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sovran Yadav, Village: Varpani, PO: Usari, Dist: Narsinghpur.**

(3) Denomination of the variety: **Varpani Til**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **1000 seed weight (g) high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/495

(1) Registration Number and date of grant: - **REG/2017/495 & 20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Thakur, Village: Kislai, PO: Usari, Dist: Narsinghpur.**

(3) Denomination of the variety: **Kislai Til**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant height of main stem (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/496

(1) Registration Number and date of grant: - **REG/2017/496 & 20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jagram Yadav, Village: Kislai, PO: Usari, Dist: Narsinghpur.**

(3) Denomination of the variety: **Usari Til**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tall main stem of plant.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/497

(1) Registration Number and date of grant: - **REG/2017/497 & 20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atarlal Thakur, Village: Kislai, PO: Usari, Dist: Narsinghpur.**

(3) Denomination of the variety: **Kislai Til 1**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Flower petal hairiness sparse.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/606

(1) Registration Number and date of grant: - **REG/2017/606 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vicky Bai Singh Rathore, W/o Teeka Singh Rathore, Village: Nawa Gaon, Block: Karkeli, Dist: Umariya.**

(3) Denomination of the variety: **Karkeli Alsi**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet flower colour and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/622

(1) Registration Number and date of grant: - **REG/2017/622 & 04/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Samandar Singh, S/o Gajraj Singh Yadav, Village: Mehra, PO: Beeladhana, Tehsil: Ganjbasoda, Dist: Vidisha.**

(3) Denomination of the variety: **Samandar Dhaniya/Chhoti Dhaniya**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Non shiny leaf luster of longest basal leaf and dark green leaf colour of longest basal leaf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/667

(1) Registration Number and date of grant: - **REG/2017/667** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prem Singh, S/o Rewa Singh, Village: Dhanouli, PO: Margaon, Block: Samnapur, Dist: Dindori.**

(3) Denomination of the variety: **Alsi Prem**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Twisted flower aestivation and small seed size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/697

(1) Registration Number and date of grant: - **REG/2017/697** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sukhram Pandre, S/o Chaitu Singh, Village: Jalegaon, PO: Junvani, Block: Amarpur, Dist: Dindori.**

(3) Denomination of the variety: **Alsi Jale Pandre**

(4) Name of: Family: **Linaceae**

Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Blue colour flower venation and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/762

(1) Registration Number and date of grant: - **REG/2017/762** & **11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gaya Prasad Dehariya, S/o Nukkhi Dehariya, Village: Simariya Maltani, Block: Amarwara, Dist: Chhindwara.**

(3) Denomination of the variety: **Gayaprasad Dhaniya**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Weight of 1000 seeds at 7-8% moisture content high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/976

(1) Registration Number and date of grant: - **REG/2017/976** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Nand Sharma, Village: Dewarth Naudhiya, Block: Kusmi, Dist: Sidhi.**

(3) Denomination of the variety: **Arsi Naudhiya**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet colour on flower venation and semi dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1006

(1) Registration Number and date of grant: - **REG/2017/1006** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sahab Chandra Marpe, S/o Methu Marpe, Village: Rangpur, Block: Amarwada, Dist: Chhindwara.**

(3) Denomination of the variety: **Dhaniya Sahab**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **More primary branches.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1089

(1) Registration Number and date of grant: - **REG/2017/1089 & 11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Barati Lal, S/o Baisakhu Lal Bharti, Village: Shrijhot, PO: Jamuniya, Block: Tamiya, Dist: Chhindwara.**

(3) Denomination of the variety: **Dhaniya Barati**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Primary branches (nos) more.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1127

(1) Registration Number and date of grant: - **REG/2017/1127** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amar Chand Prajapati, Village: Nadia, Block: Jarara, Dist: Tikamgarh.**

(3) Denomination of the variety: **Amar Dhana**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Very flat or prostrate habitus of basal leaves and green leaf colour of longest basal leaf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1132

(1) Registration Number and date of grant: - **REG/2017/1132** & **08/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suresh Kushwaha, Village: Hasgora, Block: Jarara, PO: Khera, Dist: Tikamgarh.**

(3) Denomination of the variety: **Jhumkul**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Salmon kernel colour of testa (varieties with monochrome testa only).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1169

(1) Registration Number and date of grant: - **REG/2017/1169** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Babu Lal Singh, S/o Ramadhen Singh, Village: Khokham, PO: Rousar, Dist: Rewa.**

(3) Denomination of the variety: **Chikti Babu**

(4) Name of: Family: **Linaceae**

Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Disk shape of flower and dark brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1170

(1) Registration Number and date of grant: - **REG/2017/1170 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Babu Lal Singh, S/o Ramadhen Singh, Village: Khokham, PO: Rousar, Dist: Rewa.**

(3) Denomination of the variety: **Betal**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium size of flower corolla and non-dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1182

(1) Registration Number and date of grant: - **REG/2017/1182** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Lal Mishra, S/o Late Sh. Ram Sajevan Mishra, Village: Khokham, PO: Rousar, Dist: Rewa.**

(3) Denomination of the variety: **Rahli**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Semi-erect plant growth habit and dark brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1193

(1) Registration Number and date of grant: - **REG/2017/1193** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Naresh Mishra, S/o Late Sh. Ramkhelawan Mishra, Village: Devra, PO: Khera, Dist: Rewa.**

(3) Denomination of the variety: **Sulheda Khela**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Star shape of the flower and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1201

(1) Registration Number and date of grant: - **REG/2017/1201** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Guru Prasad Patel, S/o Ramsiya Patel, Village & PO: Rithi, Dist: Rewa.**

(3) Denomination of the variety: **Badkawa Guru**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shiny leaf luster of longest basal leaf and semi erect growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1204

(1) Registration Number and date of grant: - **REG/2017/1204** & **04/04/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Khelawan Patel, S/o Late Sh. Ram Sakha Patel, Village & PO: Rithi, Dist: Rewa.**

(3) Denomination of the variety: **Ramiya Ram Khelawan**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella foenum* graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse apex shape of first leaf blade, obtuse apex shape of leaf blade on first primary branch axis and long pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1222

(1) Registration Number and date of grant: - **REG/2017/1222** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashok Patel, S/o Ramadhar Patel, Village & PO: Rithi, Dist: Rewa.**

(3) Denomination of the variety: **Mahaku**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of nodal pigmentation and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1225

(1) Registration Number and date of grant: - **REG/2017/1225** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Lal Patel, S/o Buddhsen Patel, Village & PO: Rithi, Dist: Rewa.**

(3) Denomination of the variety: **Khushabu**

(4) Name of: Family: **Apiaceae**

Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Green leaf colour of longest basal leaf and semi erect growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1240

(1) Registration Number and date of grant: - **REG/2017/1240 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Yamuna Prasad, S/o Bhagwat Shukla, Village: Devra, Block & Dist: Rewa.**

(3) Denomination of the variety: **Lenki Yamuna**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Violet colour of anther and non dehiscent capsule.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1255

(1) Registration Number and date of grant: - **REG/2017/1255** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sona Bai Thakre, Village: Dongariya, PO: Chillode, Tehsil: Lalburra, Dist: Balaghat.**

(3) Denomination of the variety: **Alsi Dongariya Utaira**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Blue colour on flower venation and dark brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1267

(1) Registration Number and date of grant: - **REG/2017/1267** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dadu Ram Bharti, Village: Takhla, PO: Kalarbaki, Tehsil: Chapara, Dist: Seoni.**

(3) Denomination of the variety: **Alsi Takhla**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Blue colour flower and semi-erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1561

(1) Registration Number and date of grant: - **REG/2017/1561** & **02/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chaitanya P Gavada, Katel Village, Post: Kumbarwada, Taluka: Joida, Uttar Kannada District-581187.**

(3) Denomination of the variety: **Giddi Mudli, Dasheen Taro**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Green leaf colour and dark brown corm skin colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1562

(1) Registration Number and date of grant: - **REG/2017/1562** & **02/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chandrakant Gavada, Ambarde Village, Post: Joida, Taluka: Joida, Uttar Kannada District-581186.**

(3) Denomination of the variety: **Phoola Mudli, Dasheen Tara**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Position of leaf is cup shaped and green petiole colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1641

(1) Registration Number and date of grant: - **REG/2017/1641** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Vilas Maurya, Village: Bullakihar, Block: Malihabad, Post: Malihabad-227111.**

(3) Denomination of the variety: **PRIYA PINK**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree attitude of branches erect, Fully developed leaf: shape of base cordate and Fruit: diameter of calyx cavity in relation to that of fruit (cm) large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1650

(1) Registration Number and date of grant: - **REG/2017/1650** & **07/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. M. Thirumalai, S/o Mr. Meenakshi, Megnikkadu (Post), Kollimalai Taluk, Namakkal district.**

(3) Denomination of the variety: **KARUVAZAI (MANORANJITHAM)**

(4) Name of: Family: **Musaceae**
Genus & Species: ***Musa* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Banana**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Pale yellow peel colour at full ripeness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1651

(1) Registration Number and date of grant: - **REG/2017/1651** & **06/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sewa Ram, S/o Sh. Sant Ram, Galhar V.P.O. Galhar, Tehsil: Nagseni, Dist: Kishtwar-182204.**

(3) Denomination of the variety: **GL0109**

(4) Name of: Family: **Juglandaceae**
Genus & Species: ***Juglans regia* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Weak nut prominence of pad on suture and moderately smooth shell surface.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1675

(1) Registration Number and date of grant: - **REG/2017/1675** & **07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Valunj Balasaheb Lahanu, "Manmandir" K.G. Rajmarg, Aurangpur, Tehsil: Akole, Dist: A.Nagar-422601.**

(3) Denomination of the variety: **SANJEEVANI-PINK**

(4) Name of: Family: **Euphorbiaceae**
Genus & Species: ***Emblica officinalis*** **Gaertn.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Gooseberry**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Round stone shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1711

(1) Registration Number and date of grant: - **REG/2017/1711** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gramin Khadya Samprabhuta Samooha, Village & PO: Suri (Block: Tarikhet), Dist: Almora-263678.**

(3) Denomination of the variety: **TIL SURI LOCAL KALA (GKSS Til-1)**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Short height of main stem and dense capsule hairiness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1712

(1) Registration Number and date of grant: - **REG/2017/1712** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gramin Khadya Samprabhuta Samooha, Village & PO: Suri (Block: Tarikhet), Dist: Almora-263678.**

(3) Denomination of the variety: **TIL SURI LOCAL BHURA (GKSS Til-2)**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Short height of main stem.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1716

(1) Registration Number and date of grant: - **REG/2017/1716** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Nuruttman & Others, Raitanbag, Dahapara, M.J. Block, Murshidabad-742104.**

(3) Denomination of the variety: **RANI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade twisting of leaf blade and present mature fruit bulging on ventral shoulder.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1717

(1) Registration Number and date of grant: - **REG/2017/1717** & **14/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Naba Kumar Sarkar & Others, Pirtala, Dahapara, Murshidabad Jiaganj, Murshidabad.**

(3) Denomination of the variety: **CHANDAN KHOSA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Light green leaf colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1718

(1) Registration Number and date of grant: - **REG/2017/1718** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rathindranath Mandal, Toajib Seikh, Josimuddin Seikh, Doulatpur, Fulpur, Bhagbangola-II, Murshidabad**

Raitanbagh, Dahapara, Murshidabad.

(3) Denomination of the variety: **KUMROJALI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acuminate shape of the leaf apex and predominant yellow colouyr of the ripe fruit skin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1719

(1) Registration Number and date of grant: - **REG/2017/1719 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuzrul Islam, Rathindranath Mandal, Md. Khabiruddin Seikj, Village: Bowaliya, PO: Kolan Radha Kantapur, Murshidabad**

Doulatpur, Fulpur, Bhogbangolla-II, Murshidabad

Elahiganj, Dahapara, M.J. Block, Murshidabad-742104.

(3) Denomination of the variety: **KELE PAHAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Presence of cavity at stalk of mature fruit and predominant green colour of ripe fruit skin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1720

(1) Registration Number and date of grant: - **REG/2017/1720** & **14/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Toajib Seikh & Others, Raitanbagh, Dahapara, Murshidabad Jaiganj, Murshidabad.**

(3) Denomination of the variety: **BIRA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acute leaf base shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1721

(1) Registration Number and date of grant: - **REG/2017/1721** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Khabiruddin Seikh & Others, Elahiganj, Dahapara, Murshidabad Jaiganj, Murshidabad-742104.**

(3) Denomination of the variety: **MOLAMJAM**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Rounded upward mature fruit shape of ventral shoulder.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1722

(1) Registration Number and date of grant: - **REG/2017/1722** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pradip Sarkar & Others, Pirtala, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **GOLAP KHAS**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit presence of sinus absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1723

(1) Registration Number and date of grant: - **REG/2017/1723** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Najimuddin Sarkar, Jibanpur, Ranitala, Bhogobangola-II, Murshidabad-742135.**

(3) Denomination of the variety: **SUPARI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Light green leaf colour and presence of sinus in the mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1727

(1) Registration Number and date of grant: - **REG/2017/1727** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jainuddin Seikh, Raitanbagh, Dahapara, Murshidabad Jaiganj, Murshidabad-742104.**

(3) Denomination of the variety: **CHINI CHAMPA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Presence of neck in mature fruit and oblong seed kernel in lateral view.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1728

(1) Registration Number and date of grant: - **REG/2017/1728** & **14/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuzrul Islam & Others, Bowaliya, Kalan Radhakantapur, Bhogobangola-II, Murshidabad.**

(3) Denomination of the variety: **ANANAS**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and medium elliptic mature fruit shape in cross section.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1729

(1) Registration Number and date of grant: - **REG/2017/1729** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Antu Seikh, Saokat Ali, Daksin Shahar, Chhatai, Ranitala, Murshidabad**

Dihipar, Chhatai, Ranitala, Murshidabad.

(3) Denomination of the variety: **LUCKY**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium elliptic shape of mature fruit in cross section and medium yellow main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1730

(1) Registration Number and date of grant: - **REG/2017/1730** & **07/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Khabiruddin Seikh & Others, Elahiganj, Dahapara, Murshidabad Jaiganj, Murshidabad-742104.**

(3) Denomination of the variety: **DHOBANI SINDURE**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Elliptic leaf blade shape and green and pink colour of mature fruit**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1731

(1) Registration Number and date of grant: - **REG/2017/1731** & **14/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Khabiruddin Seikh & Others, Elahiganj, Dahapara, Murshidabad Jaiganj, Murshidabad-742104.**

(3) Denomination of the variety: **BORO SINDURE**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium elliptic mature fruit shape in cross section and green and pink mature fruit colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1732

(1) Registration Number and date of grant: - **REG/2017/1732** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Naba Kumar Sarkar, Pirtala, Dahapara, Murshidabad Jiaganj, Murshidabad.**

(3) Denomination of the variety: **BIMLI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit main colour of pulp medium yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1733

(1) Registration Number and date of grant: - **REG/2017/1733** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuzrul Islam, Md. Khabiruddin Seikh, Amir Rasid, Sariful Islam, Abdur Rasid, Abdul Hayat Akter, Lakhan Sarkar, Seikh Najmul, Village: Bowaliya, PO: Kolan Radha Kantapur, Murshidabad**

Elahiganj, Dahapara, Murshidabad Jaiganj, Murshidabad

Village: Bodol Mathi, PO: Nosipur, Balagachi, BG-2, Murshidabad

Village: Soyidpur, PO: Nosipur, Balagachi, Murshidabad

Village: Notun Para, PO:.

(3) Denomination of the variety: **DILSHAD**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Presence of neck in mature fruit and medium yellow main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1734

(1) Registration Number and date of grant: - **REG/2017/1734** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jainuddin Seikh, Raitanbagh, Dahapara, Murshidabad Jaiganj, Murshidabad-742104.**

(3) Denomination of the variety: **BEGAM PASIN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit shape of ventral shoulder rounded outward, mature fruit presence of sinus absent and mature fruit ready to harvest medium and seed embroyony monoembryonic.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1735

(1) Registration Number and date of grant: - **REG/2017/1735** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jainuddin Seikh, Moinuddin Seikh, Raitanbagh, Dahapara, Murshidabad Jaiganj, Murshidabad-742104**

Elahiganj, Dahapara, M.J. Block, Murshidabad-742104.

(3) Denomination of the variety: **JAKSON BOMBAY**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and presence of roughness on mature fruit surface.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1736

(1) Registration Number and date of grant: - **REG/2017/1736** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syed Nuruttman & Others, Raitanbagh, Dahapara, Mushidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **BISWANATH**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade and medium mature width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1737

(1) Registration Number and date of grant: - **REG/2017/1737** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuzrul Islam & Others, Bowaliya, Kalan Radhakantapur, Bhogobangola-II, Murshidabad.**

(3) Denomination of the variety: **KOHITUR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium yellow colour of pulp of ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1738

(1) Registration Number and date of grant: - **REG/2017/1738** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Khabiruddin Seikh, Moinuddin Seikh, Elahiganj, Dahapara, M.J. Block, Murshidabad-742104.**

(3) Denomination of the variety: **ROUGNI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape and medium yellow pulp main colour in ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1739

(1) Registration Number and date of grant: - **REG/2017/1739** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Moinuddin Seikh and Md. Khabiruddin Seikh, Elahiganj, Dahapara, M.J. Block, Murshidabad-742104.**

(3) Denomination of the variety: **BELLA KISHAN BHOG**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Presence of groove in ventral shoulder of mature fruit and medium yellow main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1741

(1) Registration Number and date of grant: - **REG/2017/1741** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Meher Ali, Md. Kamrul Islam, Md. Arjaul Haque, Md. Ansarul, Monirul Islam, Sripur, Ratua-I, Malda-732139**

Mirka Mani, Bhahircup, Ratua-I, Malda-732205

Mirkamari, Bhahircup, Ratua-I, Malda-732205

Bhahircup, Ratua-I, Malda-732205.

(3) Denomination of the variety: **JILAPIKARA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong shape of leaf blade and absence of cavity of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1742

(1) Registration Number and date of grant: - **REG/2017/1742 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Selim Raza, Md. Arjaul Haque, Bijoya Mukharjee, Mirka Mari, Bhahircup, Ratua-I, Malda-732205.**

(3) Denomination of the variety: **JALIBANDHA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and medium yellow main colour of pulp of ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1743

(1) Registration Number and date of grant: - **REG/2017/1743** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharma Mandal, Bijon Mondal, Pratap Mandal, Swapan Kumar Mandal, Choitanyapodo Das, Apurba Das, Kazigram, Madapur, English Bazar, Malda-732208**

Karmanigram, Sattari, English Bazar, Malda-732208

Dhantala, Kotwali, English Bazar, Malda-732208.

(3) Denomination of the variety: **MISRIKAN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acute shape of leaf apex and presence of sinus on mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1744

(1) Registration Number and date of grant: - **REG/2017/1744** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Uttam Mandal, Shankar Rajak, Bijon Mondal, Swapan Mandal, Arun Kumar Mandal, Topesh Mandal, Kazigram, Madapur, English Bazar, Malda-732208**

Karmanigram, Sattari, English Bazar, Malda-732208

Mahajamapur, Madapur, English Bazar, Malda-732208.

(3) Denomination of the variety: **SOUNIA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acute leaf base shape and predominant yellow colour of ripe fruit skin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1745

(1) Registration Number and date of grant: - **REG/2017/1745** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sohodev Mandal, Parimal Mandal, Srirampur, Kazigram, English Bazar, Malda-732103.**

(3) Denomination of the variety: **AMRIT KUNNA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Green and yellow colour of mature fruit and oblong seed kernel in lateral view.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1746

(1) Registration Number and date of grant: - **REG/2017/1746 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Paban Kumar Mandal & Others, Damodarpur, Manikchak, Malda-732202.**

(3) Denomination of the variety: **BRINDABANI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and medium yellow main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1747

(1) Registration Number and date of grant: - **REG/2017/1747** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jabed Amin, Meher Ali, Kaliabad, Raikhadighi, Gazole, Malda-732103**

Sripur, Ratua-II, Malda-732139.

(3) Denomination of the variety: **NABAB PASAND**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Broad mature fruit width and absence of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1748

(1) Registration Number and date of grant: - **REG/2017/1748** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Selim Raza and Others, Mirka Mari, Bhahircup, Ratua-I, Malda-732205.**

(3) Denomination of the variety: **PAPITA BHOG**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Present leaf blade twisting of leaf blade and falling abruptly mature fruit shape of ventral shoulder.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1750

(1) Registration Number and date of grant: - **REG/2017/1750** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jabed Amin & Others, Kaliabad, Raikhadighi, Gazole, Malda-732103.**

(3) Denomination of the variety: **SAHEB PASAND**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Seed kernel in lateral view oblong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1752

(1) Registration Number and date of grant: - **REG/2017/1752** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pabitra Nagar Sharma & Others, Madia, Sovanagar, English Bazar, Malda-732209.**

(3) Denomination of the variety: **DUDH KUMAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Present leaf blade twisting of leaf blade.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1753

(1) Registration Number and date of grant: - **REG/2017/1753** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atul Chandra Mandal, Swapan Kumar Mandal, Udai Mandal, Harispur, Madapur, English Bazar, Malda-732208**

Karmanigram, Sattari, English Bazar, Malda-732208

Mahajamapur, Madapur, English Bazar, Malda-732208.

(3) Denomination of the variety: **NAKUA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Strong bulging proximal of stylar scar of mature fruit and light orange main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1754

(1) Registration Number and date of grant: - **REG/2017/1754** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal & Others, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **AMRIT BHOG**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit presence of neck is present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1755

(1) Registration Number and date of grant: - **REG/2017/1755** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Kalipada Mandal, Swapan Kumar Mandal, Biswajit Roy, Binodpur, Niamatpur, English Bazar, Malda-732208**

Baragharia, Niamatpur, English Bazar, Malda-732208

Karmanigram, Sattari, English Bazar, Malda-732208

Bhartitari, Niamatpur, English Bazar, Malda-732208.

(3) Denomination of the variety: **CHINTAMUNI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium elliptic shape of mature fruit in cross section and green & pink colour of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1756

(1) Registration Number and date of grant: - **REG/2017/1756** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Udai Mandal & Others, Mahajamapur, Madapur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **DARIKA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Falling abruptly mature fruit shape of ventral shoulder and late (Third fortnight of fruit maturity season) maturity fruits ready to harvest.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1757

(1) Registration Number and date of grant: - **REG/2017/1757** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nanigopal Mandal, Biman Mandal, Meher Ali, Biswajit Roy, Baragharia, Niamatpur, English Bazar, Malda-732208**

Binodpur, Niamatpur, English Bazar, Malda-732208

Sripur, Ratua-II, Malda-732139

Baragharia, Niamatpur, English Bazar, Malda-732208.

(3) Denomination of the variety: **RAJBHOG**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit main colour of pulp light yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1758

(1) Registration Number and date of grant: - **REG/2017/1758** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Abhiram Mandal & Others, Manikpur, Madapur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **BHARATI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit depth of sinus is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1759

(1) Registration Number and date of grant: - **REG/2017/1759** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Parimal Mandal & Others, Kaliabad, Raikhadighi, Gazole, Malda-732103.**

(3) Denomination of the variety: **KISHANBHOG**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1760

(1) Registration Number and date of grant: - **REG/2017/1760** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharma Mandal & Others, Kazigram, Madapur, English Bazar, Malda-732208**

.

(3) Denomination of the variety: **FUNIA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acute shape of leaf apex and absence of neck in mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1761

(1) Registration Number and date of grant: - **REG/2017/1761** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Apurba Das, Choitanyapodo Das, Ratan Das, Uttam Sarkar, Dhantala, Kotwali, English Bazar, Malda-732144**

Kotwali, English Bazar, Malda-732144.

(3) Denomination of the variety: **DILKHOS**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit main colour of pulp dark orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1762

(1) Registration Number and date of grant: - **REG/2017/1762** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Paban Kumar Mandal & Others, Damodarpur, Manikchak, Malda-732202.**

(3) Denomination of the variety: **ARAJANMA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of cavity at stalk in mature fruit and medium yellow colour of pulp of ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1763

(1) Registration Number and date of grant: - **REG/2017/1763** & **18/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Serajul Islam & Others, Rukundipur, Ratua-I-732205.**

(3) Denomination of the variety: **REHUMUNDA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absent mature fruit presence of cavity at stalk.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1764

(1) Registration Number and date of grant: - **REG/2017/1764 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Selim Raza and Others, Mirka Mari, Bhahircup, Ratua-I, Malda-732205.**

(3) Denomination of the variety: **KALIA BHOG**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium width of mature fruit and presence of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1765

(1) Registration Number and date of grant: - **REG/2017/1765** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Selim Raza, Manirul Hossain, Uttam Mukharjee, Mirka Mari, Bhahircup, Ratua-I, Malda-732205**

Mirka Mari, Bhahircup, Ratua-I, Malda-732205

Debipur, Ratua-I, Malda.

(3) Denomination of the variety: **AMIR PASIN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Seed kernel in lateral view oblong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1766

(1) Registration Number and date of grant: - **REG/2017/1766** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Dulal Mandal, Udai Mandal, Binodpur, Niamatpur, English Bazar, Malda-732208**

Karmanigram, Sattari, English Bazar, Malda-732208

Mahajamapur, Madapur, English Bazar, Malda-732208.

(3) Denomination of the variety: **KUMAR PAHAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acute shape of leaf apex and medium yellow main colour of the ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1791

(1) Registration Number and date of grant: - **REG/2017/1791** & **04/04/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chinta Haran Biswas, Village: Bharatpur, Post: Neil Island, District: South Andaman-744104.**

(3) Denomination of the variety: **CHINTA MANGO**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit bulging proximal of stylar scar strong and ripe fruit predominant colour of skin red and purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1871

(1) Registration Number and date of grant: - **REG/2017/1871** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pulkit Singh, Village: Devka, Post: Kaithi, Block: Chautham, Dist: Khagaria-851201.**

(3) Denomination of the variety: **SHIV KALA**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tall plant height and very few number of seeds per siliqua.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/1889

(1) Registration Number and date of grant: - **REG/2017/1889** & **03/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Navin Kumar Mahto, Village & Post: Rani Sakarpura, Block & Dist: Khagaria-851204.**

(3) Denomination of the variety: **R.S-1**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Short siliqua length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2051

(1) Registration Number and date of grant: - **REG/2017/2051** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shwetank Kumar Tripathi, Village: Shikauha, PO: Kodari, Block: Reusa, Dist: Sitapur.**

(3) Denomination of the variety: **SRIKANT-SAFED**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Green colour of dorsal side of leaf and orange colour on rhizome inner core.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2052

(1) Registration Number and date of grant: - **REG/2017/2052** & **04/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shwetank Kumar Tripathi, Village: Shikauha, PO: Kodari, Block: Reusa, Dist: Sitapur.**

(3) Denomination of the variety: **MANOJ-T**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Straight shape of rhizome and distant internode pattern on rhizome.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2053

(1) Registration Number and date of grant: - **REG/2017/2053** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shwetank Kumar Tripathi, Village: Shikauha, PO: Kodari, Block: Reusa, Dist: Sitapur.**

(3) Denomination of the variety: **RAGINI-T**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Straight shape of rhizome.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2081

(1) Registration Number and date of grant: - **REG/2017/2081** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Nagjibhai Chanabhai Boghra, Village: Dedakiyali, Taluka-Mendarda, Dist: Junagadh.**

(3) Denomination of the variety: **JAGADAMBA-N2**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse shape of leaf base and absence of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2082

(1) Registration Number and date of grant: - **REG/2017/2082** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Nagjibhai Chanabhai Boghra, Village: Dedakiyali, Taluka-Mendarda, Dist: Junagadh.**

(3) Denomination of the variety: **JAGADAMBA-N1**

(4) Name of: Family: **Anacardiaceae**

Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Elliptic leaf blade shape and absence of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2094

(1) Registration Number and date of grant: - **REG/2017/2094 & 14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shyam Babu Kushwaha, Village: Shivpur, PO: Majhgaon, Dist: Allahabad-212104.**

(3) Denomination of the variety: **Shivpur Safed Til-1**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Low seed oil content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2097

(1) Registration Number and date of grant: - **REG/2017/2097** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sajan, Village: Puraini, PO: Kardhana, Dist: Allahabad-212307.**

(3) Denomination of the variety: **Puraini Til**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant branching absent and dense capsule hairiness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2098

(1) Registration Number and date of grant: - **REG/2017/2098** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Asharfi Lal Patel, Village: Purekhagan, PO: Bagbana, Dist: Allahabad-212106.**

(3) Denomination of the variety: **Asharfi Til**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Long capsule length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2099

(1) Registration Number and date of grant: - **REG/2017/2099** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amravati Devi, Village: Chitvishram, PO: Karma, Dist: Mirjapur-231305.**

(3) Denomination of the variety: **Amravati Til**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Short height of main stem and broad oblong capsule shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2100

(1) Registration Number and date of grant: - **REG/2017/2100** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chitrasen Kushwaha, Village: Bhiskuri, PO: Maida, Dist: Allahabad-212106.**

(3) Denomination of the variety: **Chitrasen Haldi**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Loose habit of rhizome and straight shape of rhizome.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2104

(1) Registration Number and date of grant: - **REG/2017/2104** & **04/07/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Narendra Kumar Kushwaha, Village & PO: Majhagawan Block: Koraon, Dist: Allahabad-212104.**

(3) Denomination of the variety: **Narendra Ghuiya**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade margin pattern sinuate and sheath length high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2127

(1) Registration Number and date of grant: - **REG/2017/2127** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Susheela Devi Patel, Village: Atanpur, PO: Ramgarh Kothari, Block: Behariya, Dist: Allahabad-212402.**

(3) Denomination of the variety: **CSAB-77**

(4) Name of: Family: **Apiaceae**

Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Low number of basal leaves and medium umbellates per umbel.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2131

(1) Registration Number and date of grant: - **REG/2017/2131** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lalji Prasad Verma, Village: Chitvishram, PO: Karma, Dist: Mirjapur-231305.**

(3) Denomination of the variety: **CLCM-81**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of stem colour (pigmentation) and semi erect growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2213

(1) Registration Number and date of grant: - **REG/2017/2213** & **10/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. A. Balakrishnan, Ambili Nilayam, Nalloornadu PO Kammana, Edavaka, Taluka: Mananthavady, Waynad-670645.**

(3) Denomination of the variety: **916-TURMERIC**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Long leaf lamina length and broad leaf lamina width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2216

(1) Registration Number and date of grant: - **REG/2017/2216** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rambhadur Bhagat, Village: Bhagvatpur, PO: Karja, Dist: Muzaffarpur-843106.**

(3) Denomination of the variety: **Bhagvatpur Tili**

(4) Name of: Family: **Pedaliaceae**
Genus & Species: ***Sesamum indicum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Sesame**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Large leaf size and broad oblong capsule shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2270

(1) Registration Number and date of grant: - **REG/2017/2270** & **06/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Banthu Ram Mahobiya, Village & PO: Dhara, Dist: Rajnandgaon.**

(3) Denomination of the variety: **Huikhadan Deshi Kapuri Pan**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper betle* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Betelvine**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium orthotropic leaf petiole length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2278

(1) Registration Number and date of grant: - **REG/2017/2278** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shravan Kumar Kushwaha, Village: Piprikhurd, PO: Piprikala, Block: Bishunpur, Dist: Garhwa.**

(3) Denomination of the variety: **Pipri**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella foenum* graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse apex shape of leaf blade on first pod axis and moderately curved pod curvature.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2304

(1) Registration Number and date of grant: - **REG/2017/2304** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pushkaran T.M., Thottanalputhen Pura XIV Mile, Valara P.O., Idukki-685561.**

(3) Denomination of the variety: **THOTTANAL JATHI**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obovate leaf blade shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2323

(1) Registration Number and date of grant: - **REG/2017/2323** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Madhav Pandarinath Paranjpe, At.Paranjpe Ali, Po. Kelshi, Tal: Dapoli, Dist: Ratnagiri-415717.**

(3) Denomination of the variety: **VPP-16**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**

Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade: shape: Ovate, Leaf blade: Shape of base: Acute, Presence of Neck: Absent, Presence twin seed pattern: Present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2326

(1) Registration Number and date of grant: - **REG/2017/2326** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raghunath Vitthal Naik, At. Po. Aros Dandeli, Tal: Sawantwadi, Dist: Sindhudurg-416514.**

(3) Denomination of the variety: **GEETAROSE**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans*** **Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade: shape Linear, Leaf margin: Wavy, Presence of Caruncle: Present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2329

(1) Registration Number and date of grant: - **REG/2017/2329** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Girish Krishnaji Bapat, At. Po. Peth Pathari, Anjarle, Tal: Dapoli, Dist: Ratnagiri-415714.**

(3) Denomination of the variety: **BPT-16**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade length wide, leaf margin wavy, leaf blade shape of apex acute, leaf blade shape of base acute, fruit diameter long and shape at ventral shoulder sloping downward.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2330

(1) Registration Number and date of grant: - **REG/2017/2330** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sharad Rajaram Joshi, At. Po. Tilak Ali, Opposite to Ram Mandir, Kelshi, Tal: Dapoli, Dist: Ratnagiri-415717.**

(3) Denomination of the variety: **NAMO-16**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree vigour strong and presence of caruncle present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2331

(1) Registration Number and date of grant: - **REG/2017/2331** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ravindra Narayan Damle, At. Po. Varcha Pat, Near to Ganesh Mandir, Tal: Guhagar, Dist: Ratnagiri-415703.**

(3) Denomination of the variety: **SHARDA-RD**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade shape of apex obtuse and presence of caruncle present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2332

(1) Registration Number and date of grant: - **REG/2017/2332** & **18/10/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rambhau Sakharam Mohite, At. Post. Sindhikalegaon, TQ & Dist: Jalna-431203.**

(3) Denomination of the variety: **Rasmo**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Cavity at stalk in mature fruit is absent and light orange main colour of pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2017/2401

(1) Registration Number and date of grant: - **REG/2017/2401** & **14/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mathew C.M., Chengamthadathil House, PO: Adimali, Dist: Idukki-685561.**

(3) Denomination of the variety: **THADATHIL GOLD**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Elettaria cardamomum*** **Maton**
Category/Type of variety/Common name: **Farmer/ Typical/Small cardamom**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Lanceolate lamina shape and long capsule length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2018/397

(1) Registration Number and date of grant: - **REG/2018/397** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lalji Prasad Verma, Village: Chitvishram, PO: Karma, Dist: Mirjapur-231305.**

(3) Denomination of the variety: **FLCM-288**

(4) Name of: Family: **Fabaceae**

Genus & Species: ***Trigonella foenum*** **graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Small in length but wider size of leaf on first primary branches axis for length and width (L/W) and medium 1000 seed weight.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2018/583

(1) Registration Number and date of grant: - **REG/2018/583** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bandhna Oraon, Village: Banjar Kisko, PO: Tanrtoli, Dist: Lohardaga-835302.**

(3) Denomination of the variety: **Banjar Badam**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Arachis hypogaea*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Groundnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Kernel colour of testa (varieties with monochrome testa only) red (10 B 7).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2018/673

(1) Registration Number and date of grant: - **REG/2018/673** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vithal Nivrutti Thorat, Village: Kalamb, Near Manchar Village, Tehsil: Ambegaon, Dist: Pune-410515.**

(3) Denomination of the variety: **Nath Jambo Seedless**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Cylindrical bunch shape/type and cylindrical berry shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2018/681

(1) Registration Number and date of grant: - **REG/2018/681** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tarani Mandal, Village: Brijpur, PO: Khapra, Block: Sangrampur, Dist: Munger.**

(3) Denomination of the variety: **BRIJ DHANI-C2**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Low number of basal leaves and absence of nodal pigmentation.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2018/683

(1) Registration Number and date of grant: - **REG/2018/683** & **20/09/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pawan Kumar Singh, Village & PO: Bhalar, Block: Dharahara, Dist: Munger.**

(3) Denomination of the variety: **DHANI-BHL**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Very erect habitus of basal leaves and more primary branches.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2018/684

(1) Registration Number and date of grant: - **REG/2018/684** & **03/07/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tarani Mandal, Village: Brijpur, PO: Khapra, Block: Sangrampur, Dist: Munger.**

(3) Denomination of the variety: **BLACK RI-01**

(4) Name of: Family: **Brassicaceae**
Genus & Species: ***Brassica juncea* L. Czern & Coss**
Category/Type of variety/Common name: **Farmer/ Typical/Indian mustard (Sarso)**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Reddish brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2019/121

(1) Registration Number and date of grant: - **REG/2019/121** & **09/06/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Joginder Singh Kanwar, S/o Lt. Sh. Narain Singh**

Village: Majholi, PO: Kathog, Tehsil: Theog, Dist: Shimla-171222.

(3) Denomination of the variety: **KANWAR MAJHOLI SELECTION-1**

(4) Name of: Family: **Rosaceae**
Genus & Species: ***Malus domestica*** **Borkh**
Category/Type of variety/Common name: **Farmer/ Typical/Apple**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade pubescence on lower side moderate, fruit pattern of over colour flushed and mottled, fruit russet around stalk attachment medium and fruit area of russet on cheeks small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2019/123

(1) Registration Number and date of grant: - **REG/2019/123** & **11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. S. Meenakshi Sundaram, No. 109, Erumbukadu (Post), Nagercoil, Agastheeswaram Taluk, Dist: Kanyakumari-629004.**

(3) Denomination of the variety: **KUDHIRAIVAL CHINGAN**

(4) Name of: Family: **Musaceae**
Genus & Species: ***Musa* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Banana**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bottle necked fruit apex and pale-yellow peel colour at full ripeness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2019/125

(1) Registration Number and date of grant: - **REG/2019/125** & **11/06/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. S. Meenakshi Sundaram, No. 109, Erumbukadu (Post), Nagercoil, Agastheeswaram Taluk, Dist: Kanyakumari-629004.**

(3) Denomination of the variety: **THOTTU CHINGAN**

(4) Name of: Family: **Musaceae**
Genus & Species: ***Musa* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Banana**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Lanceolate male bud shape pointed fruit apex.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2020/364

(1) Registration Number and date of grant: - **REG/2020/364** & **18/10/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chayabai Dattatray More, Village & PO: Golapangri, Tq- Dist: Jalna-431203.**

(3) Denomination of the variety: **KESHAV RAJ**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Acute leaf apex and long inflorescence width (secondary branch).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0061

(1) Registration Number and date of grant: - **REG/2021/0061** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Narender Bhandari, S/o Late Sh. S.T. Bhandari**

VPO: Kamroo, Tehsil: Sangla, Dist: Kinnaur-172106.

(3) Denomination of the variety: **PALIKA SAREO (KAMROO)**

(4) Name of: Family: **Elaeagnaceae**
Genus & Species: ***Hippophae rhamnoides* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Seabuckthorn**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Green colour of adaxial surface of the leaf blade and angular shape of seed tip.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0062

(1) Registration Number and date of grant: - **REG/2021/0062 & 07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Basant Kumari, W/o Sh. Tara Singh**

VPO: Namgia, Tehsil: Pooh, Dist: Kinnaur-172111.

(3) Denomination of the variety: **SHINGA**

(4) Name of: Family: **Elaeagnaceae**
Genus & Species: ***Hippophae rhamnoides* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Seabuckthorn**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of undulation of margin of leaf blade and circular fruit shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0078

(1) Registration Number and date of grant: - **REG/2021/0078** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Padam Sukh Negi, S/o Sh. Dil Sukh Negi, Village: Thangi, PO: Thangi, Tehsil: Moorang, Dist: Kinnaur-172109.**

(3) Denomination of the variety: **DORJAY**

(4) Name of: Family: **Elaeagnaceae**
Genus & Species: ***Hippophae rhamnoides* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Seabuckthorn**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Circular fruit shape and brown seed coat colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0128

(1) Registration Number and date of grant: - **REG/2021/0128** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shard Attri, S/o Lt. Deep Ram, Village: Dooder (Ghlut), PO/Subteh: Narag, Teh: Pachhad, Dist: Sirmaur-173024.**

(3) Denomination of the variety: **DOODER-I**

(4) Name of: Family: **Salicaceae**
Genus & Species: ***Salix* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Willow**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium length of leaf petiole.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0138

(1) Registration Number and date of grant: - **REG/2021/0138** & **21/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ravish J.R., S/o Ramachandraiah J.G. Krishna S/o Govindaiah**

Janagere, Doddasomanahalli (post), Magadi Hobli, Ramanagara (D).

(3) Denomination of the variety: **JANAGERE**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Clavate fruit shape, flattend stalk attachment to fruit and cream seed colour (with seed coat).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0139

(1) Registration Number and date of grant: - **REG/2021/0139** & **21/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beerappa, Nelugudige, Tubgare Hobli, Doddaballapura (Tq), Bangalore Rural (D).**

(3) Denomination of the variety: **NELUGUDIGE RED**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong fruit shape and greenish yellow ripe fruit peel colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0140

(1) Registration Number and date of grant: - **REG/2021/0140** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **H. Prakash, Kachahalli, Tubgare Hobli, Doddaballapura (Tq), Bangalore Rural (D).**

(3) Denomination of the variety: **KACHAHALLI TABLE TYPE 12**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0141

(1) Registration Number and date of grant: - **REG/2021/0141** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Venkata Lakshmamma, Kachahalli, Tubgare Hobli, Doddaballapura (Tq), Bangalore Rural (D).**

(3) Denomination of the variety: **KACHAHALLI TABLE TYPE 9**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape and clavate fruit shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0142

(1) Registration Number and date of grant: - **REG/2021/0142** & **21/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shivakumar, Kachahalli, Tubgare Hobli, Doddaballapura (Tq), Bangalore Rural (D).**

(3) Denomination of the variety: **KACHAHALLI TABLE TYPE 17**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape and cordate flake shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0170

(1) Registration Number and date of grant: - **REG/2021/0170** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prabhu Lal Saini, Village & Post: Anwa, Tehsil: Dooni, District: Tonk-304802.**

(3) Denomination of the variety: **ST-1**

(4) Name of: Family: **Arecaceae**
Genus & Species: ***Phoenix dactylifera* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Date Palm**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Thickness of pulp (mm) at Doka stage: Thin, Stone groove at Doka stage: Deep.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0171

(1) Registration Number and date of grant: - **REG/2021/0171** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prabhu Lal Saini, Village & Post: Anwa, Tehsil: Dooni, District: Tonk-304802.**

(3) Denomination of the variety: **ST-2**

(4) Name of: Family: **Arecaceae**
Genus & Species: ***Phoenix dactylifera* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Date Palm**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaflet width (cm): Large length but narrow, Stone length (cm) (at Doka stage): Long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0172

(1) Registration Number and date of grant: - **REG/2021/0172** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prabhu Lal Saini, Village & Post: Anwa, Tehsil: Dooni, District: Tonk-304802.**

(3) Denomination of the variety: **ST-3**

(4) Name of: Family: **Arecaceae**
Genus & Species: ***Phoenix dactylifera* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Date Palm**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Thickness of pilp (mm) at Doka stage: Thin, Stone length (cm) (at Doka stage): Long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2021/0235

(1) Registration Number and date of grant: - **REG/2021/0235** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Devi Singh, S/o Sh. Sanam Dargya, Village: Thangi, Tehsil: Moorang, Dist: Kinnaur-172109.**

(3) Denomination of the variety: **TASHI**

(4) Name of: Family: **Elaeagnaceae**
Genus & Species: ***Hippophae rhamnoides* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Seabuckthorn**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Orange red fruit skin colour and angular shape of seed tip.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0136

(1) Registration Number and date of grant: - **REG/2022/0136** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopal Datt Upreti, Village & PO: Billekh, Block: Tarikhet, Tehsil: Ranikhet, Dist: Almora-263663.**

(3) Denomination of the variety: **GS1999**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Absence of nodal pigmentation and average seeds per umbellate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0142

(1) Registration Number and date of grant: - **REG/2022/0142** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Marutham Uzhavar Mandram, Mr. N. Ramachandran**

President, S/o Natarajan, Bakthankadu, Erumbukkadu (Post), Agastheeswaram Taluk, Nagercoil, Kanyakumari Dist. 629004.

(3) Denomination of the variety: **NEY KADALI**

(4) Name of: Family: **Musaceae**
Genus & Species: ***Musa* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Banana**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Very short pseudostem length and short fruit length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0144

(1) Registration Number and date of grant: - **REG/2022/0144** & **21/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ananthamurthy Javali, Buruve Village, Kerehalli Post, Ripponpet, Hosanagara (Tq), Dist: Shivamogga-577426.**

(3) Denomination of the variety: **HALADI RUDRAKSHI-JAR**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Cream seed colour (with seed coat).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0145

(1) Registration Number and date of grant: - **REG/2022/0145** & **21/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prakash Nayak, S/o Ramachandra Nayak**

Sri Kamala Temple Road, Anandapura, Sagar (Tq), Dist: Shivamogga-577412.

(3) Denomination of the variety: **ORANGE-RPN**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ellipticle leaf blade shape, inflated stalk attachment to fruit and reniform seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0146

(1) Registration Number and date of grant: - **REG/2022/0146** & **21/03/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Devaraj S., S/o Shree Kanthappa Gowda**

Varakodu, Hosanagar (Tq.) Dist: Shivamogga-577418.

(3) Denomination of the variety: **KEMPU RUDRAKSHI-DSV**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Smooth fruit peel surface and flat shape of spine.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Gumless latex exudation and brown seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0170

(1) Registration Number and date of grant: - **REG/2022/0170** & **07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ms. Tejaswini H., #1198, 3rd cross, VV Nagar, Kallahalli extension, Mandya (D).**

(3) Denomination of the variety: **TEJU**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Clavate fruit and brown seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0171

(1) Registration Number and date of grant: - **REG/2022/0171** & **07/02/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Subbanna, Melekote, Tubagere (Ho), Doddaballapura (Tq), Bangalore Rural (D).**

(3) Denomination of the variety: **SBM-1**

(4) Name of: Family: **Moraceae**

Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Soft flake texture and spheroid seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2022/0187

(1) Registration Number and date of grant: - **REG/2022/0187** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dr. Rajaram Tripathi, H.No. 151 DNK Colony, Near BSNL exchange Office, District: Kondagaon-494226.**

(3) Denomination of the variety: **MDBP 16**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant shoot tip of colour dark purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0003

(1) Registration Number and date of grant: - **REG/2023/0003** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Saji Mathew, Kadukanmackel (H), Kallanode (P.O.), Kakkayam (Via), Koorachundu, Balussery, Kozhikode-673615.**

(3) Denomination of the variety: **NOVA NUTMEG**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obovate shape of leaf blade and circular shape of fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0006

(1) Registration Number and date of grant: - **REG/2023/0006** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Jomy Mathew, #2, 2nd Parallel Road, B-Block, Shivappa Nayak Ext., Vinobhanagar, Shivamogga-577204.**

(3) Denomination of the variety: **VJ-1**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Many berry per spike.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0007

(1) Registration Number and date of grant: - **REG/2023/0007** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Jomy Mathew, #2, 2nd Parallel Road, B-Block, Shivappa Nayak Ext., Vinobhanagar, Shivamogga-577204.**

(3) Denomination of the variety: **VJ-2**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Spike setting compact.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0008

(1) Registration Number and date of grant: - **REG/2023/0008** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Jomy Mathew, #2, 2nd Parallel Road, B-Block, Shivappa Nayak Ext., Vinobhanagar, Shivamogga-577204.**

(3) Denomination of the variety: **VJ-3**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium spike length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0009

(1) Registration Number and date of grant: - **REG/2023/0009** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Jomy Mathew, #2, 2nd Parallel Road, B-Block, Shivappa Nayak Ext., Vinobhanagar, Shivamogga-577204.**

(3) Denomination of the variety: **VJ-4**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium berry per spike.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0029

(1) Registration Number and date of grant: - **REG/2023/0029** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sachin Kamalakar Karekar, Village/Post: Abloli, Teh: Guhagar, Dist: Ratnagiri-475726.**

(3) Denomination of the variety: **SK-4**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Curcuma longa* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Turmeric**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Straight shape of rhizome.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0034

(1) Registration Number and date of grant: - **REG/2023/0034** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Ankush Shaligram Ladke, At Post: Dhalsavangi, Tah+Dist: Buldana-443106.**

(3) Denomination of the variety: **GANESH 2000**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Glycine max*** **(L.) Merrill**
Category/Type of variety/Common name: **Farmer/ Typical/Soybean**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Pod pubescence present and seed lustre dull.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0078

(1) Registration Number and date of grant: - **REG/2023/0078** & **03/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Grija Dutt Pandey, Village: Panditpur, Post: Rampur Tengraha Tarabganj, Dist: Gonda-271124.**

(3) Denomination of the variety: **Awadh Giriraj**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Light green leaf colour, light green immature fruit colour and low mucilage.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0080

(1) Registration Number and date of grant: - **REG/2023/0080** & **03/04/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Devesh Kumar Pandey, Village & Post: Deverda, Dist: Gonda-271401.**

(3) Denomination of the variety: **Dev Bael**

(4) Name of: Family: **Rutaceae**

Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit maturity mid, green mature fruit colour and locule arrangement centric.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0102

(1) Registration Number and date of grant: - **REG/2023/0102** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hattee Kisan Sangh, Village: Sharli, PO: Sharli Manpur, Tehsil: Kamrau, Dist: Sirmaur-173029.**

(3) Denomination of the variety: **HATTEE SAUNTH**

(4) Name of: Family: **Zingiberaceae**
Genus & Species: ***Zingiber officinale* Rosc.**
Category/Type of variety/Common name: **Farmer/ Typical/Ginger**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Rhizome thickness medium and rhizome shape curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0109

(1) Registration Number and date of grant: - **REG/2023/0109** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vinod Abraham, Chavaniyankal (H), Pizhaku P.O., Dist: Kottayam-686651.**

(3) Denomination of the variety: **CHAVANIYANKAL POOVAN**

(4) Name of: Family: **Musaceae**
Genus & Species: ***Musa* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Banana**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Presence of peduncle pubescence and fruit orientation is curved towards stalk/peduncle.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0124

(1) Registration Number and date of grant: - **REG/2023/0124** & **10/04/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **N. Kumar, S/o Narasappa, Ajjihalli Agrahara (Post), Channarayanadurga (C N Durga) hobli, Korategere Tq. Tumakuru- Dist.- 572129.**

(3) Denomination of the variety: **Round the year Jamun**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium petiole length and high pulp TSS.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0162

(1) Registration Number and date of grant: - **REG/2023/0162** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Karunakaran, K., East Street 176/T. Malligampattu (Post), Panruti (Tq), Cuddalore (D).**

(3) Denomination of the variety: **TKK-1**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Elliptical leaf blade shape and white rind colour (inner rind) of ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0163

(1) Registration Number and date of grant: - **REG/2023/0163** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **S. Ramasamy, S/o Soundarapandian 186, East Street T. Maligampattu (Post), Panruti (tk), Cuddalore (Dt)-607106.**

(3) Denomination of the variety: **TSR-1 (Aayiramkachi)**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong fruit shape and white ripe fruit rind colour (inner rind).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2023/0164

(1) Registration Number and date of grant: - **REG/2023/0164** & **23/08/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Heenaben Jayeshbhai Patel, House No. 51, Bharadia, Taluka: Valia, Dist: Bharuch-393135.**

(3) Denomination of the variety: **JARVI RED : 1**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Necked shape at fruit stalk and presence of prominent fruit neck.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0034

(1) Registration Number and date of grant: - **REG/2024/0034** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Sandip Balaso Kadam, Bandgar Wadi Road, Thorala mala, Chick-Mahud, Taluka-Sangola, Dist: Solapur-413306.**

(3) Denomination of the variety: **Sandip Kadam**

(4) Name of: Family: **Moringaceae**
Genus & Species: ***Moringa oleifers* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Moringa**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant growth habit: Spreading, Size of leaf in primary branches axis for length & width: Small in length & width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0058

(1) Registration Number and date of grant: - **REG/2024/0058** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Ishaq Ali, Village: Kachholi, Tehsil: Pindwara, Dist: Sirohi-307023.**

(3) Denomination of the variety: **ABU SAUNF 440**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Foeniculum vulgare* Mill.**
Category/Type of variety/Common name: **Farmer/ Typical/Fennel**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Young plant length of cotyledons (cm) short, leaflets density (first internode at fully opened leaf) sparse, attitude of the leaf (at the base of main unbel) droopy and number of umbels per plant more.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0077

(1) Registration Number and date of grant: - **REG/2024/0077** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nagaraju N., C/o Mr. Ningappa, DasanapuraHobli, Mathahalli Post, Agrahara Palaya, Bengaluru-562123.**

(3) Denomination of the variety: **Agrahara Jack**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong leaf blade shape and cream seed colour (with seed coat).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0078

(1) Registration Number and date of grant: - **REG/2024/0078** & **05/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nirmal Mahto, Village: Nijkajra, PO: Pattajori, Panchayat: Tarabahal, Block: Karmatanr, Dist: Jamtara-815351.**

(3) Denomination of the variety: **SANSAR-III**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf length small, trunk colour grey, fruit surface rought and to ovate and seed shape round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0087

(1) Registration Number and date of grant: - **REG/2024/0087** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ab. Rashid Malla, Village: Watlar, Tehsil: Lar, Dist: Ganderbal-191201.**

(3) Denomination of the variety: **BATE- KAVUR**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature leaf shape of teeth mixture of both sides straight and both side convex, mature leaf erect hairs between veins on lower side of balde present and sugar content of must (%) low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0088

(1) Registration Number and date of grant: - **REG/2024/0088** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ab. Raheem Bhat, Village: Repora B, Tehsil: Lar, Dist: Ganderbal-191201.**

(3) Denomination of the variety: **KAVUR**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Physiological maturity of the berry (days after fruit pruning) late, bunch shape/type conical and sugar content of must (%) low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0089

(1) Registration Number and date of grant: - **REG/2024/0089** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ab. Raheem Bhat, Village: Repora B, Tehsil: Lar, Dist: Ganderbal-191201.**

(3) Denomination of the variety: **ARMANI**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Time of full bloom (number of days main axis after fruit pruning) very late, time of veraison (days after fruit pruning) late and sugar conten of must (%) low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0125

(1) Registration Number and date of grant: - **REG/2024/0125** & **21/11/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Krishna Kant Biswas, Village: PV-28, Post Office (Branch Office): PV-28, Chandipur, Taluk: Pakhanjore, Dist: Kanker-494776.**

(3) Denomination of the variety: **Vishal Bael**

(4) Name of: Family: **Rutaceae**
Genus & Species: ***Aegle marmelos* Correa**
Category/Type of variety/Common name: **Farmer/ Typical/Bael**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Upright growth habit, medium leaf size, acuminate leaf apex and round fruit shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0260

(1) Registration Number and date of grant: - **REG/2024/0260** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Arun Subhash Shinde, A/P, Chinchani Tal-Tasgaon, Dist-Sangli-416312.**

(3) Denomination of the variety: **VIRAJ SEEDLESS**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Bunch berry density/compactness in table grapes loose and berry must recovery (V/W %) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0261

(1) Registration Number and date of grant: - **REG/2024/0261** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kiran Bhaskar Dawange Patil, Jaulke Vani, Taluka Dindori, Dist-Nashik-422209, Maharashtra.**

(3) Denomination of the variety: **ROSY SEEDLESS**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shoot growth habit horizontal, bunch berry density/ compactness in table grape medium and berry skin colour after removal of bloom red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0272

(1) Registration Number and date of grant: - **REG/2024/0272** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Khabiruddin Seikh, Moinuddin Seikh, Najimuddin Sarkar, Village: Elahiganj, Dahapara, M.J. Block, Dist: Murshidabad-742104**

Village: Jibanpur, Ranitala, Bhogobangola-II, Dist: Murshidabad.

(3) Denomination of the variety: **ALFANSO BOMBAY**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Rounded shape of leaf base and only green colour of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0273

(1) Registration Number and date of grant: - **REG/2024/0273** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Village: Binodpur, Niamatpur, English Bazar, Malda-7322080.**

(3) Denomination of the variety: **Raja Bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit predominant colour of skin orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0274

(1) Registration Number and date of grant: - **REG/2024/0274** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Md. Khabiruddin Seikh and Others, Village: Elahiganj, Dahapara, M.J. Block, Dist: Murshidabad-742104.**

(3) Denomination of the variety: **BHOBANI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Neck present in mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0275

(1) Registration Number and date of grant: - **REG/2024/0275** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bikram Kr. Mandal, Parimal Mandal, Srirampur, Kazigram Chandipur, English Bazar, Malda-732103.**

(3) Denomination of the variety: **KALA PAHAR**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong seed kernel in lateral view.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0276

(1) Registration Number and date of grant: - **REG/2024/0276** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kartik Chandra Das, Dilip Kumar Mandal, Dhantala, Kotwali, English Bazar, Malda-732144**

Karmanigram, Sattari, English Bazar, Malda-732208.

(3) Denomination of the variety: **Boishaki**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and dark orange main colour of ripe fruit pulp.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0277

(1) Registration Number and date of grant: - **REG/2024/0277** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kartik Chandra Das and Others, Dhantala, Kotwali, English Bazar, Malda-732144.**

(3) Denomination of the variety: **Batasa**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Obtuse leaf shape base.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0278

(1) Registration Number and date of grant: - **REG/2024/0278** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharma Mandal, Sohodev Mandal, Kalipada Mandal, Lalit Mohan Mandal, Kazigram, Madapur, English Bazar, Malda-732208**

Srirampur, Kazigram, English Bazar, Malda-732103

Baragharia, Niamatpur, English Bazar, Malda-732208

Balupur, Ratua-I, Malda-732205.

(3) Denomination of the variety: **DHUMMA GUTHI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit bulging proximal of stylar scar medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0279

(1) Registration Number and date of grant: - **REG/2024/0279** & **04/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Uttam Mandal and Others, Kazigram, Madapur, English Bazar, Malda-732208**

.

(3) Denomination of the variety: **BRINDABANI ASWINA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shape of leaf blade base acute and ripe fruit: main colour of pulp light oragne**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0280

(1) Registration Number and date of grant: - **REG/2024/0280** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharma Mandal, Dilip Kumar Mandal, Kazigram, Madapur, English Bazar, Malda-732208**

Karmanigram, Sattari, English Bazar, Malda-732208

.

(3) Denomination of the variety: **BHADI LAKHNA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit: colour green and yellow, Marture fruit: Presence of cavity at stalk absent and Ripe fruit: Predominant colour of skin red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0281

(1) Registration Number and date of grant: - **REG/2024/0281** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atul Chandra Mandal and Others, Harispur, Madapur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **KALUA GUTHI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf: Blade Shape ovate, Mature fruit: Depth of sinus medium and Mature fruit: Bulging proximal of stylar scar medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0282

(1) Registration Number and date of grant: - **REG/2024/0282** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Meher Ali, Sripur, Ratua-II, Malda-732139.**

(3) Denomination of the variety: **Kalapati**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit bulging proximal of stylar scar medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0283

(1) Registration Number and date of grant: - **REG/2024/0283** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Meher Ali, Sripur, Ratua-II, Malda-732139.**

(3) Denomination of the variety: **Godadhar**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shape of ventral shoulder in mature fruit sloping downward and medium orange pulp colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0288

(1) Registration Number and date of grant: - **REG/2024/0288** & **10/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sabita Das, W/o Sanjay Das, Village: Kakaria Tila, GP: Dabbari, Dist: Dhalai-799278.**

(3) Denomination of the variety: **DHOINNA**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stem colour pigmentation absent, nodal pigmentation absent, umbeletes per umbel medium and seed shape slightly round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0290

(1) Registration Number and date of grant: - **REG/2024/0290** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Matiur Rahaman, Elahiganj, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **Seradar**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shape of long leaf blade length and leaf blade base rounded.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0291

(1) Registration Number and date of grant: - **REG/2024/0291** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manaranjan Mandal, Jainuddin Sk, Jogapur, Fulpur, Ranitala, Bhagobangola-II, Murshidabad**

Raitung Bag, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.

(3) Denomination of the variety: **Boro Sahi**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit: Width broad, Mature fruit: Depth of sinus medium and Maturity: Fruits ready to harvest late**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0292

(1) Registration Number and date of grant: - **REG/2024/0292** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal and Others, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Gopal Bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit density of lenticel dense.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0293

(1) Registration Number and date of grant: - **REG/2024/0293** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jainuddin Sk, Raitung Bag, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **Mirja Pasin**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour green and yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0294

(1) Registration Number and date of grant: - **REG/2024/0294** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ali Hossain Seikh, Elahiganj, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **Lohajam**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit main colour of pulp orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0295

(1) Registration Number and date of grant: - **REG/2024/0295** & **04/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bisman Mandal and Others, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Lakhmi Bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Young leaf intensity of anthocyanin colouration medium, mature fruit shape in cross section medium elliptic and ripe fruit main colour of pulp medium yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0296

(1) Registration Number and date of grant: - **REG/2024/0296** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Sarada Bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ovate leaf blade shape and presence of groove in ventral shoulder of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0297

(1) Registration Number and date of grant: - **REG/2024/0297** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Sherikhas**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit main colour of pulp light orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0299

(1) Registration Number and date of grant: - **REG/2024/0299** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atul Chandra Mandal, Ghuran Choudhury, Lalit Mohan Mandal, Harispur, Madapur, English Bazar, Malda-732208**

Kazigram, Madapur, English Bazar, Malda-732208

Balupur, Ratua-I, Malda-732205.

(3) Denomination of the variety: **HILSA PETI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Oblong seed kernel in lateral view.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0300

(1) Registration Number and date of grant: - **REG/2024/0300** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Saifuddin Ahamed, Nipen Chandra Mandal, Amrity, English Bazar, Malda-732208**

Manikpur, Madapur, English Bazar, Malda-732208.

(3) Denomination of the variety: **JAMUNIA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf: Blade width broad, Mature fruit: Shape in cross section circular, Mature fruit: Presence of cavity at stalk present and Ripe fruit: Predominant colour of skin green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0301

(1) Registration Number and date of grant: - **REG/2024/0301** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nanigopal Mandal, Choitanyapodo Das, Baragharia, Niamatpur, English Bazar, Malda-732208**

Dhantala, Kotwali, English Bazar, Malda-732144.

(3) Denomination of the variety: **GANGA PRASADI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit shape of ventral shoulder sloping downwards.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0302

(1) Registration Number and date of grant: - **REG/2024/0302** & **06/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bikram Kr. Mandal, Ghuran Choudhury, Atul Chandra Mandal, Srirampur, Kazigram Chandipur, English Bazar, Malda-732103.**

(3) Denomination of the variety: **MITHUA**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit depth of cavity at stalk shallow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0303

(1) Registration Number and date of grant: - **REG/2024/0303** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rajib Adhikary, Ajimuddin Sarkar, Chhaighri, Daulatabad, Berhampur, Murshidabad-742302**

Dihipar, Chhatai, Ranitala, Bhagabangola-II, Murshidabad-742123.

(3) Denomination of the variety: **Do-fola**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Light green leaf colour and absence of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0304

(1) Registration Number and date of grant: - **REG/2024/0304** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuzrul Islam, Md. Khabiruddin Seikh, Moinuddin Seikh, Pradip Sarkar, Abdul Hayat Akter, Hafijur Rahaman, Bowaliya, Kalan Radhakantapur, Bhogobangola-II, Murshidabad**

Elahiganj, Dahapara, MJ Block, Murshidabad

Pirtala, Dahapara, Murshidabad Jaiganj, Murshidabad

(1) Registration Number and date of grant: - **REG/2024/0327** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Asabul Mandal, Seikh Aqlem, Chhaighari, Dulatabad, Murshidabad-742302**

Bowaliya, Kalan Radhakanta Pur, Bhogobangola-II, Murshidabad.

(3) Denomination of the variety: **Larua**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit bulging proximal of stylar scar medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0328

(1) Registration Number and date of grant: - **REG/2024/0328** & **07/02/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal and Others, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Bhadaria**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Dark green leaf colour and absence of cavity at stalk of mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0329

(1) Registration Number and date of grant: - **REG/2024/0329** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal and Others, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Mohan Bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Medium yellow pulp colour of ripe fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0330

(1) Registration Number and date of grant: - **REG/2024/0330** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Bishnu bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit density of lenticel sparse.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0331

(1) Registration Number and date of grant: - **REG/2024/0331** & **06/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biman Mandal, Binodpur, Niamatpur, English Bazar, Malda-732208.**

(3) Denomination of the variety: **Durga Bhog**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Long leaf blade length and green & yellow mature fruit colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0336

(1) Registration Number and date of grant: - **REG/2024/0336** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Matiur Rahaman, Elahiganj, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **Hasa Rani**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**

Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Roughness of surface present in mature fruit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0337

(1) Registration Number and date of grant: - **REG/2024/0337** & **09/12/24**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Meher Ali, Sripur, Ratua-II, Malda-732139.**

(3) Denomination of the variety: **Mehebuba**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit shape in cross section circular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0338

(1) Registration Number and date of grant: - **REG/2024/0338** & **07/01/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Moinuddin Seikh and Others, Elahiganj, Dahapara, Murshidabad Jiaganj, Murshidabad-742104.**

(3) Denomination of the variety: **Champa**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit shape of ventral shoulder sloping downward.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0364

(1) Registration Number and date of grant: - **REG/2024/0364** & **06/04/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ms. Ajitha K.V., Alencheril House Thukalasserry, Thiruvalla, Pathanamthitta-689101.**

(3) Denomination of the variety: **Panineer**

(4) Name of: Family: **Nelumbonaceae**
Genus & Species: ***Nelumbo nucifera***
Category/Type of variety/Common name: **Farmer/ Typical/Lotus**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shape of flower bud globose, flower height tall and distribution of tepal colour longitudinally white-stripped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0365

(1) Registration Number and date of grant: - **REG/2024/0365** & **06/04/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ms. Ajitha K.V., Alencheril House Thukalasserry, Thiruvalla, Pathanamthitta-689101.**

(3) Denomination of the variety: **Mayoori**

(4) Name of: Family: **Nelumbonaceae**
Genus & Species: ***Nelumbo nucifera***
Category/Type of variety/Common name: **Farmer/ Typical/Lotus**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Emerging leaf blade texture weekly rough, stamen number absent and carpel number medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0389

(1) Registration Number and date of grant: - **REG/2024/0389** & **06/05/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mrs. Geeta Devi, Pradhan, Panchayat Samiti Mundwa, The: Mundwa, Dist: Nagaur-411036.**

(3) Denomination of the variety: **NAGAURI PAAN METHI**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella corniculata*** **L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Size of leaf on first primary branches axis for length and width (L/W) small in length but wider, size of leaf on first pod axis for length and width (L/W) small in length but wider.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0431

(1) Registration Number and date of grant: - **REG/2024/0431** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Bharat Revaji Jadhav, Village: Vaishnodham, Post: Parunde, Tel: Junnar, Dist: Pune-410502.**

(3) Denomination of the variety: **Junnar Gold**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inflorescence: Length (Primary branch) long, Mature fruit: width broad, Mature fruit:Depth of cavity at stalk deep and Ripe fruit: Main colour of pulp Medium orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0552

(1) Registration Number and date of grant: - **REG/2024/0552** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Amol Bhimrao Pawar, At Post: Manerajuri, Tal: Tasgaon, Dist: Sangli-416408.**

(3) Denomination of the variety: **ANISHKA**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature leaf shape of teeth mixture of both sides straight and both sides convex, mature leaf erect hairs between veins on lower side of blade present and berry shape arched.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0553

(1) Registration Number and date of grant: - **REG/2024/0553** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Parashram Yashwant Erandole, At Post: Manerajuri, Tal: Tasgaon, Dist: Sangli-416408.**

(3) Denomination of the variety: **YASHWANT SEEDLESS**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Time of bud burst (days after fruit pruning) late, shoot growth habit horizontal and time of veraison (days after fruit pruning) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0554

(1) Registration Number and date of grant: - **REG/2024/0554** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kemparaju, K.S., S/o Siddappa, Post: Kodiyala, Cheluru (H), Gubbi (Tq), Dist: Tumakur.**

(3) Denomination of the variety: **KSK-1**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree Crown Shape (Characteristic-1), Elliptical, Flake Shape (Characteristic-27)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0555

(1) Registration Number and date of grant: - **REG/2024/0555** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kempanna, S/o Kempusiddappa, Post: Thadasanahalli, Cheluru (H), Gubbi (Tq), Dist: Tumakur.**

(3) Denomination of the variety: **KKT-1**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree Crown Shape (Characteristic-1),: Broadly pyramidal, upper leaf surface (Characteristic-9): Blisters, latex exudation (Cross section of fruit core) (Characteristic 14): High**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0556

(1) Registration Number and date of grant: - **REG/2024/0556** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **H.K. Lakshminarayana Rao, S/o Kambada Narasimhaiah, Hosakere, Hagalavadi (Ho), Gubbi (Tq), Dist: Tumakur.**

(3) Denomination of the variety: **HKL-1**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**

Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit Shape-Oblong, Seed-Spheroid**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0562

(1) Registration Number and date of grant: - **REG/2024/0562** & **10/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Karan Mahajan, S/o Subhash Mahajan, Durga Seed Farm, Village: Natwal, PO: Toda, Dist: Panchkula.**

(3) Denomination of the variety: **K-5**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stem colour (pigmentation) absent, nodal pigmentation absent, growth habit erect and umbeletes per umbel low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0563

(1) Registration Number and date of grant: - **REG/2024/0563** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dilip Amritrao Gondkar, Near Hotel Sai Amrit, Nagar-Manmad Road, Shirdi, Dist: Ahmednagar-423109.**

(3) Denomination of the variety: **SAI AMRIT IMLI**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Tamerindus indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Tamarind**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Growth habit semi spreading and ripening period late.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0564

(1) Registration Number and date of grant: - **REG/2024/0564** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhudev Mahto, Village: Nipania, Panchayat: Nipania, Block: Godda, Dist: Godda-814153.**

(3) Denomination of the variety: **BHUDEV TISI**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Flower size of corolla small, plant growth habit semi erect and seed size medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0582

(1) Registration Number and date of grant: - **REG/2024/0582** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **N. Nagaraju, Survey No. 107/2, Bukkapatna Village, Channarayanadurga Hobli, Koratagere Tq., Dist: Tumkur-572127.**

(3) Denomination of the variety: **NARASU**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Latex exudation (Cross section of fruit core) low and Ripe fruit Peel colour brown**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0583

(1) Registration Number and date of grant: - **REG/2024/0583** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biju Gopinath, 123/1, 7th main, 3rd Phase, Peenya Industrial Area, Bangalore-560058.**

(3) Denomination of the variety: **NITHYA JACK**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Latex exudation (Cross section of fruit core gumless and Ripe fruit rind color (inner rind) yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0596

(1) Registration Number and date of grant: - **REG/2024/0596** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anjani Kumar, Village & PO: Farda, Block: Jamalpur, Dist: Munger.**

(3) Denomination of the variety: **DESHI CHIKNA**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Flower size of corolla small, anther colour violet, plant growth habit semi erect, plant height medium and seed size medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0597

(1) Registration Number and date of grant: - **REG/2024/0597** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashwani Kumar Choudhary, Village & PO: Hemjapur, Block: Dharahara, Dist: Munger.**

(3) Denomination of the variety: **TISI LOCAL**

(4) Name of: Family: **Linaceae**
Genus & Species: ***Linum usitatissimum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Linseed**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Time of flowering (50% of plants with flower) medium, flower size of corolla small, anther colour violet and plant growth habit semi erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0598

(1) Registration Number and date of grant: - **REG/2024/0598** & **10/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sanjeet Kumar Kushwaha, Village: Manjala Bigha, PO: Behari Bigha, Dist: Patna-803214.**

(3) Denomination of the variety: **DESI METHI**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Trigonella foenum* graecum L.**
Category/Type of variety/Common name: **Farmer/ Typical/Fenugreek**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Apex shape of first leaf blade obtuse, apex shape of leaf blade on first primary branch axis obtuse and apex shape of leaf blade on first pod axis obtuse.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0599

(1) Registration Number and date of grant: - **REG/2024/0599** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Adhar Mehta, S/o Late Sh. Ramkrut Mehta, Village: Ratwar, Panchayat: Sonhauli, PO: Kurma, Thana: Obra, Aurangabad-824124.**

(3) Denomination of the variety: **RAMA AJWAIN**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Trachyspermum ammi* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Ajwain**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Cotyledon: Anthocyanin pigmentation: present, Foliage density: Sparse.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0600

(1) Registration Number and date of grant: - **REG/2024/0600** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rishav Kumar, Village: Rabi Rai Tola Farda, PO: Farda, Block: Jamalpur, Dist: Munger-811202.**

(3) Denomination of the variety: **DESI JWAIN**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Trachyspermum ammi* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Ajwain**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Cotyledon: Anthocyanin pigmentation:Absent, Days to 50% flowering: Late.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0605

(1) Registration Number and date of grant: - **REG/2024/0605** & **10/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sanjeet Kumar Kushwaha, Village: Manjala Bigha, PO: Behari Bigha, Dist: Patna-803214.**

(3) Denomination of the variety: **DESI DHANIYA**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Nodal pigmentation absent, umbeletes per umbel medium and seed colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0750

(1) Registration Number and date of grant: - **REG/2024/0750** & **04/07/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vinay Kumar L., S/o Lakshmana Thovinakere Post CN Durga (H) Koratgere, Dist: Tumakuru-572138.**

(3) Denomination of the variety: **Lakshmana tamarind**

(4) Name of: Family: **Fabaceae**
Genus & Species: ***Tamerindus indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Tamarind**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree foliage type sparse and inflorescence (panicle) length (cm) low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0795

(1) Registration Number and date of grant: - **REG/2024/0795** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suraj Prakash, Village: Oli, PO: Sujan, Block: Chakrata, Dist: Dehradun-248165.**

(3) Denomination of the variety: **JAUNSARI KHOD**

(4) Name of: Family: **Juglandaceae**
Genus & Species: ***Juglans regia* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shell colour medium and kernel colour amber.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0797

(1) Registration Number and date of grant: - **REG/2024/0797** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jawahar Singh Negi, Village: Dungroli, PO: Dungiyara, Dist: Dehradun-248123.**

(3) Denomination of the variety: **JAUNSARI JALAWA AKHROT**

(4) Name of: Family: **Juglandaceae**
Genus & Species: ***Juglans regia* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Nut weight (g) medium and Ease of removal of kernel halves moderate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0799

(1) Registration Number and date of grant: - **REG/2024/0799 & 04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopal Singh Tomar, Village & PO: Thaina, Block: Kalsi, Dist: Dehradun-248165.**

(3) Denomination of the variety: **GOPU JAUNSARI AKHROT**

(4) Name of: Family: **Juglandaceae**
Genus & Species: ***Juglans regia* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Hull dehiscence: Type: Non-dehiscent, Shell integrity: Weak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0810

(1) Registration Number and date of grant: - **REG/2024/0810** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ravi Chauhan, Village: Mohana, PO: Sujou, Block: Chakrata, Dist: Dehradun-248165.**

(3) Denomination of the variety: **DANDA GAGLEE**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade colour green and corm cortex colour white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0811

(1) Registration Number and date of grant: - **REG/2024/0811** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Praveen Singh Tomar, Village: Jhusou, Bhakrou, PO: Samalta, Dist: Dehradun-248165.**

(3) Denomination of the variety: **GOL GAGLEE**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant type erect, leaf blade and margin colour green and corm cortex colour white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0812

(1) Registration Number and date of grant: - **REG/2024/0812** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Naresh Chauhan, Village & PO: Dasau, Block: Chakrata, Dist: Dehradun-248165.**

(3) Denomination of the variety: **ANOKHI GAGLEE**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade and margin colour green and bud colour light green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0813

(1) Registration Number and date of grant: - **REG/2024/0813** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sultan Singh Chauhan, Village & PO: Bado, Block: Chakrata, Dist: Dehradun-248196.**

(3) Denomination of the variety: **BADO GAGLEE**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf length large, leaf blade and margin colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0814

(1) Registration Number and date of grant: - **REG/2024/0814** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nittu Tomar, Village: Tarli, Block: Kalsi, Dist: Dehradun-248196.**

(3) Denomination of the variety: **GAGLI**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Anthocyanin pigementation of petiole junction present and bud colour white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0827

(1) Registration Number and date of grant: - **REG/2024/0827** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammad Mushahid Raza, Village: Doddakodli, PO: Kodlipet, Tq: Somwarpet, Dist: Kodagu-571231.**

(3) Denomination of the variety: **RAZA 1**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum*** **L.**

Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf petiole length (cm) medium, spike length long and number of spikes/lateral branch medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0923

(1) Registration Number and date of grant: - **REG/2024/0923** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hanmant Dadu Mali, At post: Soni, Tal: Miraj, Dist: Sangli-416420.**

(3) Denomination of the variety: **GOVIND SEEDLESS**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Shoot fertile basal buds (mean of 3 buds) medium, Mature leaf erect hairs between veins on lower side of blade present and berry must receovery (V/W %) high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0924

(1) Registration Number and date of grant: - **REG/2024/0924** & **03/09/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Sadashiv Mali, At post: Soni, Tal: Miraj, Dist: Sangli-416420.**

(3) Denomination of the variety: **JOTI SEEDLESS**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature leaf shape of blade circular, mature leaf erect hairs between veins on lower side of blade present and total acid content of must medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0925

(1) Registration Number and date of grant: - **REG/2024/0925** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dr. Uttam Suryakant Phondekar, 185, Phondekarwadi, Vengurla Sagari, Mahamong, Kumbharmath, Maluan, Dist: Sindhudurg-416606.**

(3) Denomination of the variety: **SINDHUDURG KUMBHARMATH UTTAM (SKU)**

(4) Name of: Family: **Moringaceae**
Genus & Species: ***Moringa oleifers* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Moringa**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Size of leaf in primary branches sxis for length & width: small in length & width, Pods/branch: Few.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/0930

(1) Registration Number and date of grant: - **REG/2024/0930** & **10/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Praveen Singh Tomar, Village: Jhusou, Bhakrou, PO: Samalta, Dist: Dehradun-248165.**

(3) Denomination of the variety: **DHANI PRAVEEN**

(4) Name of: Family: **Apiaceae**
Genus & Species: ***Coriandrum sativum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Coriander**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stem colour (pigmentation) absent, nodal pigmentation absent and seed shape slightly round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1023

(1) Registration Number and date of grant: - **REG/2024/1023** & **14/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sidtharth. S, Sidtharth S. Periyar Thottam, Manakuppam Road, Pallam Village (North), Kandamangalam Block, Villupuram Taluk & Dist.- 605106.**

(3) Denomination of the variety: **KAMALA Jack**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree crown shape elliptical, leaf blade length medium and leaf blade width narrow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1024

(1) Registration Number and date of grant: - **REG/2024/1024** & **14/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sakthive. D, S/o Dakshina Murthy, #312, Thanthai Periyar Illam, Villianur Road, Kombakkam Village, Puducherry-605110.**

(3) Denomination of the variety: **DAKSHNA Jack**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree crown shape elliptical, latex exudation (cross section of fruit core) gumless, ripe fruit rind color (inner rind) white, individual flake width long and fruit sweetness very high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1068

(1) Registration Number and date of grant: - **REG/2024/1068** & **02/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pro. Padma Shri Kaleem Ullah Khan, Nai Sadak Chauraha P.O. Malihabad, Lucknow-226102.**

(3) Denomination of the variety: **Dashehari Kaleem**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit: Legth (Average) medium, Ripe fruit: Main colour of pulp medium orange and Seed: kernel in lateral view oblong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1079

(1) Registration Number and date of grant: - **REG/2024/1079** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amali Mandi, Village: Tuima Tola Boradih, Supurdih, Block: Barabazar, Dist: Purulia-723143.**

(3) Denomination of the variety: **AMALI JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit pulp colour is purple white, Ripe fruit breadth is narrow & Ripe fruit size is small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1080

(1) Registration Number and date of grant: - **REG/2024/1080** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Asit Kuiry, Village: Dibnitikar, PO: Iloo, PS: Jhalda, Purulia-723212.**

(3) Denomination of the variety: **ASIT JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit size is medium& pulp TSS is low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1085

(1) Registration Number and date of grant: - **REG/2024/1085** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajit Sarjerao Narute, At Post Soni, Tal: Miraj, Dist: Sangli-416420.**

(3) Denomination of the variety: **SSN**

(4) Name of: Family: **Vitaceae**
Genus & Species: ***Vitis* spp.**
Category/Type of variety/Common name: **Farmer/ Typical/Grapes**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Young leaf colour of upper side of blade green, mature leaf shape of teeth mixture of both sides straight and both sides convex and berry shape long elliptical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1086

(1) Registration Number and date of grant: - **REG/2024/1086** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaharlal Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **JAHAR JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf Lamella surface is smooth & Mature fruit shape is Round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1087

(1) Registration Number and date of grant: - **REG/2024/1087** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mamata Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **MAMATA JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit shape is Round & mature fruit apex is Round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1090

(1) Registration Number and date of grant: - **REG/2024/1090** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sribas Mahato, Village: Gopalpur, Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **SRIBAS JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour is purple black & Ripe fruit length is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1091

(1) Registration Number and date of grant: - **REG/2024/1091** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Daman Chandra Kuiry, Village: Dibnitikar, PO: Iloo, PS: Jhalda, Purulia-723212.**

(3) Denomination of the variety: **DAMAN JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit apex is Round & Pulp TSS is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1092

(1) Registration Number and date of grant: - **REG/2024/1092** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Radha Raman Singh Sardar, Village: Gutilowa, Bagbindha, Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **RADHA JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inter nodal length is short & Mature fruit colour is Purple red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1093

(1) Registration Number and date of grant: - **REG/2024/1093** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Baidyanath Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **BAIDYANATH JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit pulp colour is purple white & pulp TSS is High.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1094

(1) Registration Number and date of grant: - **REG/2024/1094** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaleshwari Hansda, Village: Tuima Tola Boradih, Supurdih, Block: Barabazar, Dist: Purulia-723143.**

(3) Denomination of the variety: **ISHWARI JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Petiole length is short & Pulp content is low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1095

(1) Registration Number and date of grant: - **REG/2024/1095** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jagannanath Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **JAGANNANATH JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit breadth is Narrow & Pulp TSS is high**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1096

(1) Registration Number and date of grant: - **REG/2024/1096** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manahar Singh Mura, Village: Gutilowa, Bagbindha, Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **MANAHAR JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inter nodal length is medium & petiole length is long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1097

(1) Registration Number and date of grant: - **REG/2024/1097** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Deben Mahato, Village: Chatainghuta, Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **DEBEN JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit breadth is Narrow pulp TSS is Low**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1098

(1) Registration Number and date of grant: - **REG/2024/1098** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhrughu Kuiry, Village: Dibnitikar, PO: Iloo, PS: Jhalda, Purulia-723212.**

(3) Denomination of the variety: **BHRUGHU JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**

Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inter nodal length is short & mature fruit colour is purple red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1099

(1) Registration Number and date of grant: - **REG/2024/1099** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Radhika Tudu, Village: Tuima Tola Boradih, Supurdih, Block: Barabazar, Dist: Purulia-723143.**

(3) Denomination of the variety: **RADHIKA JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **mature fruit colour is purple red & Seed weight is low**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1101

(1) Registration Number and date of grant: - **REG/2024/1101** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Niranjan Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **NIRANJAN JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit breadth is narrow and ripe fruit size is small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1102

(1) Registration Number and date of grant: - **REG/2024/1102** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prithi Pal Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **PRITHIPAL JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Pulp content is low & pulp TSS is high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1105

(1) Registration Number and date of grant: - **REG/2024/1105** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaleshwari Hansda, Village: Tuima Tola Boradih, Supurdih, Block: Barabazar, Dist: Purulia-723143.**

(3) Denomination of the variety: **JALESH JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour is purple blck & seed is present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1106

(1) Registration Number and date of grant: - **REG/2024/1106** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jitmani Hembram, Village: Tuima Tola Boradih, Supurdih, Block: Barabazar, Dist: Purulia-723143.**

(3) Denomination of the variety: **JIT JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit pulp colour is purple white & ripe fruit pulp colour is narrow & pulp TSS is high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1107

(1) Registration Number and date of grant: - **REG/2024/1107** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jitmani Hembram, Village: Tuima Tola Boradih, Supurdih, Block: Barabazar, Dist: Purulia-723143.**

(3) Denomination of the variety: **MANI JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit breadth is narrow & pulp TSS is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1108

(1) Registration Number and date of grant: - **REG/2024/1108** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kaleshwar Saren, Village: Muchikata, PO: Muchikata, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **KALESWAR KATHAL**

(4) Name of: Family: **Moraceae**

Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade length long, fruit shape irregular and seed colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1109

(1) Registration Number and date of grant: - **REG/2024/1109 & 10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Habu Tudu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **HABU KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stalk attachement to fruit inflated and Ripe fruit peel colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1110

(1) Registration Number and date of grant: - **REG/2024/1110** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bikram Tudu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **BIKRAM KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit Shape clavate, and Fruit: Sweetness (TSS 0 Brix) Very high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1111

(1) Registration Number and date of grant: - **REG/2024/1111** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Haren Mandi, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **HAREN KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit peel colour: Greenish yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1115

(1) Registration Number and date of grant: - **REG/2024/1115** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Robani Hembram, Village: Rudhra, PO: Rudhra, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **ROBANI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit colour: Greenish yellow, Flake Shape: Irregular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1117

(1) Registration Number and date of grant: - **REG/2024/1117** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lakshmi Kanta Tudu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **KANTA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade width broad, Leaf blade shape elliptical, Ripe fruit peel colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1120

(1) Registration Number and date of grant: - **REG/2024/1120** & **10/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bibhison Tudu, Village: Rudhra, PO: Rudhra, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **BIBHISON KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Latex exudation (cross section of fruit core) low and ripe fruit rind colour (inner rind) white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1127

(1) Registration Number and date of grant: - **REG/2024/1127** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biswanath Bauri, Biradini, Simla Bandh, Hirbandh, Dist: Bankura-722101.**

(3) Denomination of the variety: **BISWANATH KATHAL**

(4) Name of: Family: **Moraceae**

Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape oblong and flake shape cordate**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1131

(1) Registration Number and date of grant: - **REG/2024/1131** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahadeb Tudu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **MAHADEB KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit peel colour brown and flake thickness thin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1135

(1) Registration Number and date of grant: - **REG/2024/1135** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rampada Murmu, Bheduasol, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **RAMAPADA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ch13: Stalk attachment to fruit: Flattened (5)**
Ch20: Ripe fruit rind color (inner rind): Orange (5)
Ch30: Fruit: Sweetness (TSS 0Brix): High (5)

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1136

(1) Registration Number and date of grant: - **REG/2024/1136** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Malini Hembram, Village: Rudhra, PO: Rudhra, PS: Ranibandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **MALINI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit Shape (Characteristic 12): Oblong, individual flake width (Characteristic 25): Broad.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1137

(1) Registration Number and date of grant: - **REG/2024/1137** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Akash Kisku, Village: Muchikata, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **AKASH KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit Shape oblong, and Latex exudation (Cross section of fruit core) gumless**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1140

(1) Registration Number and date of grant: - **REG/2024/1140** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sukchand Murmu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **SUKCHAND KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit Shape (Ch 12): Irregular, Ripe fruit Peel colour Ch 16): Brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1143

(1) Registration Number and date of grant: - **REG/2024/1143** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sunil Kisku, Village: Muchikata, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **SUNIL KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ch9: Upper leaf surface: Smooth (1)**
Ch12: Fruit Shape-Oblong (7)
Ch32:Seed Shape:Irregular (6)

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1144

(1) Registration Number and date of grant: - **REG/2024/1144** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Akhil Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **AKHIL JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit weight is Low & Ripe fruit size is small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1145

(1) Registration Number and date of grant: - **REG/2024/1145** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Naba Kunja Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **NABAKUNJA JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit apex is Round & pulp TSS is High.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1148

(1) Registration Number and date of grant: - **REG/2024/1148** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indrajit Mahato, Tauasi, Bagbindha, PS: Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **INDRAJIT JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour is purple black & mature fruit pulp colour is purple white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1149

(1) Registration Number and date of grant: - **REG/2024/1149** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pashu Mahato, Chatamghutu, PS: Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **PASHU JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit apex is Round & Ripe fruit breadth is Medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1152

(1) Registration Number and date of grant: - **REG/2024/1152** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manamantha Mahali, Village: Gopalpul, PS: Jhalda, Dist: Purulia-723202.**

(3) Denomination of the variety: **MANAMANTHA JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour is Purple red & mature fruit pulp colour is purple white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1154

(1) Registration Number and date of grant: - **REG/2024/1154** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rajkishore Sing Deo, Village: Mahykudar, Bagbindha, PS: Jhalda, Dist: Purulia.**

(3) Denomination of the variety: **RAJKISHORE JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii*** **Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inter nodal length is short & Petiole length is medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1155

(1) Registration Number and date of grant: - **REG/2024/1155** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shyamal Kuiry, Village: Dibnitikar, PO: Iloo, PS: Jhalda, Purulia-723212.**

(3) Denomination of the variety: **SHYAMAL JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit pulp colour is purple white, Ripe fruit weight is Low & Ripe fruit length is short**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1156

(1) Registration Number and date of grant: - **REG/2024/1156** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hiralal Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **HIRALAL JAM**

(4) Name of: Family: **Myrtaceae**

Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit apex is Round & Pulp TSS is Medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1157

(1) Registration Number and date of grant: - **REG/2024/1157 & 04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prabhat Ranjan Mahato, Village: Chandai, PO: Darpa, PS: Jhalda, Dist: Purulia-723212.**

(3) Denomination of the variety: **PRABHAT JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit colour is purple black & Mature fruit shape is Elliptic**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1158

(1) Registration Number and date of grant: - **REG/2024/1158** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pustam Kuiri, Village: Dibnitikar, PO: Iloo, PS: Jhalda, Purulia-723212.**

(3) Denomination of the variety: **PUSTAM JAM**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Pulp content is Low & Pulp TSS is Low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1164

(1) Registration Number and date of grant: - **REG/2024/1164** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Subbaraya Ganapathi Hegde, Village: Balekoppa, Siddapura, Uttar Kannada-581340.**

(3) Denomination of the variety: **MASTER KARE**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant shoot tip colour light purple, leaf length long, leaf petiole length (cm) long, leaf lamina shape ovate elliptic and leaf base shape acute.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1167

(1) Registration Number and date of grant: - **REG/2024/1167** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nagesh Subray Hegde, Village: Karegadde, Taresara, Siddapura, Uttar Kannada-581331.**

(3) Denomination of the variety: **MALLI SARA**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf width (cm) medium and spike length medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1168

(1) Registration Number and date of grant: - **REG/2024/1168** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopalkrishna Ganapthi Hegde, Village: Kodanamane, Hununde, Siddapur, Uttar Kannada-581331.**

(3) Denomination of the variety: **BASARI BALLI**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf margin wavy and spike setting compact.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1170

(1) Registration Number and date of grant: - **REG/2024/1170** & **04/08/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramachandra Ganapati Bhat, Village: Yalugar, Kodsara, Siddapura, Uttar Kannada-581340.**

(3) Denomination of the variety: **KURIMALA**

(4) Name of: Family: **Piperaceae**
Genus & Species: ***Piper nigrum* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Black Pepper**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf length long and time of harvest maturity late.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1176

(1) Registration Number and date of grant: - **REG/2024/1176** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kalipada Mahato, Village: Rudhra, PO: Rudhra, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **KALI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit: Shape: Irregular, Flake: Color (RHS Color Chart): White.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1182

(1) Registration Number and date of grant: - **REG/2024/1182** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishanapada Bauri, Village: Biradihi, Simlabandh, Hirabandh, Dist: Bankura-722101.**

(3) Denomination of the variety: **KRISHANAPADA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape ellipsoid and individual flake length short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1183

(1) Registration Number and date of grant: - **REG/2024/1183** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Abani Soren, Village: Bheduasol, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **ABANI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf posture (Ch 8): Flattened, Latex exudation (Cross section of fruit core) (Ch 14): Gumless.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1184

(1) Registration Number and date of grant: - **REG/2024/1184** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kalipada Murmu, Village: Bheduasol, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **KALIPADA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape oblong and Ripe fruit size big.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1185

(1) Registration Number and date of grant: - **REG/2024/1185** & **04/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Laxman Hasda, Village: Bheduasol, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **LAXMAN KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf Blade Shape oblong and fruit shape oblong**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1191

(1) Registration Number and date of grant: - **REG/2024/1191** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chintaharan Bauri, Village: Biradihi, Simlabandh, Hirabandh, Dist: Bankura-722101.**

(3) Denomination of the variety: **CHINTA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape irregular and Seed colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1192

(1) Registration Number and date of grant: - **REG/2024/1192** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sunil Gorai, Village: Biradihi, Simlabandh, Hirabandh, Dist: Bankura-722101.**

(3) Denomination of the variety: **GORAI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape oblong and Ripe fruit size big.**
Fruit shape spheroid and Ripe fruit size small.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1196

(1) Registration Number and date of grant: - **REG/2024/1196** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Basanti Hembram, Village: Rudhra, PO: Rudhra, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **BASANTI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Stalk attachment to fruit depressed and Ripe fruit peel colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1197

(1) Registration Number and date of grant: - **REG/2024/1197 & 03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kajali Hembram, Village: Rudhra, PO: Rudhra, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **KAJALI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripe fruit size: Very big, Seed Shape: Oblong**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1198

(1) Registration Number and date of grant: - **REG/2024/1198** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kiran Tudu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **KIRAN KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Ripefruit peel colour green, Flake color white and Seed shape ellipsoid.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1199

(1) Registration Number and date of grant: - **REG/2024/1199** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhanapati Mandi, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **DHANAPATI KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Flake thickness thin and seed shape ellipsoid.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1202

(1) Registration Number and date of grant: - **REG/2024/1202** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chunaram Murmu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **CHUNA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf Apex Shape acute and Ripe fruit rind color (inner rind) orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1205

(1) Registration Number and date of grant: - **REG/2024/1205** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jadunath Mandi, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **JADUNATH KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf Apex Shape acute and Ripe fruit rind color (inner rind) orange**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1206

(1) Registration Number and date of grant: - **REG/2024/1206** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hira Bauri, Village: Biradihi, Simlabandh, Hirabandh, Dist: Bankura-722101.**

(3) Denomination of the variety: **HIRA KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf posture (Characteristic 8)- Flattened, Fruit Shape (Characteristic 12)- Oblong, Seed Color (Characteristic 33)- Brown**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1222

(1) Registration Number and date of grant: - **REG/2024/1222** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bileswar Murmu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **BILESWAR KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit Shape: Spheroid, Individual flake width: Short**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1223

(1) Registration Number and date of grant: - **REG/2024/1223** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jayram Tudu, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **JAYRAM KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Latex exudation (Cross section of fruit core) gumless and flake shape spheroid.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1225

(1) Registration Number and date of grant: - **REG/2024/1225** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bakul Saren, Village: Haramgara, PO: Muchikata, PS: Barikul, Dist: Bankura-722135.**

(3) Denomination of the variety: **BAKUL KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape oblong, flake shape spheroid and seed shape ellipsoid.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2024/1228

(1) Registration Number and date of grant: - **REG/2024/1228** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biswaketu Murmu, Village: Dungrikuli, PO: Komo, PS: Rani Bandh, Dist: Bankura-722135.**

(3) Denomination of the variety: **BISWKETU KATHAL**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit shape (Ch 12)- Oblong, Ripe fruit rind color (inner rind) (Ch 20)- Yellow (RHS 1-13), Flake Texture (Ch 28)-Soft, Seed color (Ch 33)- Brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0035

(1) Registration Number and date of grant: - **REG/2025/0035** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **K.T. Mathew, Kinattukara (H), Kalaketty PO, Pinnakkanadu-686508, Dist: Kottayam.**

(3) Denomination of the variety: **KINATTUKARA**

(4) Name of: Family: **Myristicaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree vigour strong, height of tree tall (> 5m), leaf blade length (cm) short (<10 cm), leaf blade width (cm) narrow (< 4cm), leaf blade shape linear, leaf margin wavy, leaf blade shape of apex acute, leaf blade shape of base acute, fruit diameter long (>**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0139

(1) Registration Number and date of grant: - **REG/2025/0139** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Keshav Prasad, Village: Surajbhanpur, Post: Mahraunda, Mau Aima, Dist: Prayagraj-212507.**

(3) Denomination of the variety: **PRAYAG VIBHUM**

(4) Name of: Family: **Euphorbiaceae**
Genus & Species: ***Emblica officinalis*** **Gaertn.**
Category/Type of variety/Common name: **Farmer/ Typical/Indian Gooseberry**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf size small and harvest maturity mid.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0146

(1) Registration Number and date of grant: - **REG/2025/0146** & **14/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. P. Haridoss, 515, Pillaiyar Koil street, Pathirakottai (post), Panruti (taluk), Cuddalore Dist-607102.**

(3) Denomination of the variety: **Harigold (JK 2/24)**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf posture flattened, stalk attachment to fruit depressed and individual flake length long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0147

(1) Registration Number and date of grant: - **REG/2025/0147** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. V. Thirumalai, S/o Vaithilingam 353, Middle Street Keelmampattu Post-Keelmampattu, Cuddalore-607106.**

(3) Denomination of the variety: **Thirumala (JK 12/24) Jackfruit**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Latex exudation (cross section of fruit core) gumless, flake texture soft and seed shape reniform.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0148

(1) Registration Number and date of grant: - **REG/2025/0148** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Jayanna M.S., S/o Surappa, Muganahunase,Kodiyala (P), Cheluru (Ho), Gubbi (Tq), Tumakur(D)-572117.**

(3) Denomination of the variety: **Jaya Halasu**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus* Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf apex shape acute and seed colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0149

(1) Registration Number and date of grant: - **REG/2025/0149** & **04/02/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Suneel Singh, Vill- Gunderna, Post-Tagood, Dist-Kishtwar-182205.**

(3) Denomination of the variety: **Suneel-SS1**

(4) Name of: Family: **Juglandaceae**
Genus & Species: ***Juglans regia* L.**
Category/Type of variety/Common name: **Farmer/ Other/Walnut**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Time of leaf fall late & hull dehiscence type partly dehiscent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0209

(1) Registration Number and date of grant: - **REG/2025/0209** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **S Sundaram, 1/24 Agraharam, Maharajapuram, Thirukkattupalli, Thanjavur Dist-613104.**

(3) Denomination of the variety: **Maharajapuram Jack**

(4) Name of: Family: **Moraceae**
Genus & Species: ***Artocarpus heterophyllus*** **Lam.**
Category/Type of variety/Common name: **Farmer/ Typical/Jackfruit**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Tree crown shape broadly pyramidal and fruit sweetness (TSS Obrix) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0483

(1) Registration Number and date of grant: - **REG/2025/0483** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balkrushna Ganesh Bapat, At/post: Divegar, Swamivivekanand Road, Tal: Shriwardhan, Dist: Raigad-402404.**

(3) Denomination of the variety: **SHAMBHAVI KOKUM**

(4) Name of: Family: **Clusiaceae**

Genus & Species: ***Garcinia indica* Choisy**
Category/Type of variety/Common name: **Farmer/ Typical/Kokum**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Petiole length (cm) (Top 3rd leaf) short (< 0.5), crown shape (for seedling grown trees only) pyramidal, seed colour greyish red (178 A).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0484

(1) Registration Number and date of grant: - **REG/2025/0484** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balkrushna Ganesh Bapat, At/post: Divegar, Swamivivekanand Road, Tal: Shriwardhan, Dist: Raigad-402404.**

(3) Denomination of the variety: **AMEY KOKUM**

(4) Name of: Family: **Clusiaceae**
Genus & Species: ***Garcinia indica* Choisy**
Category/Type of variety/Common name: **Farmer/ Typical/Kokum**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade length (cm) short (<9), crown shape (for seedling grown tree only) spreading, fruit apex blunt, seed colour moderate orange (N 170 B).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0485

(1) Registration Number and date of grant: - **REG/2025/0485** & **03/10/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhalachandra Gajanan Joshi, At/post: Divegar, Swamivivekanand Road, Tal: Shriwardhan, Dist: Raigad-402404.**

(3) Denomination of the variety: **VAISHNAVI KOKUM**

(4) Name of: Family: **Clusiaceae**
Genus & Species: ***Garcinia indica* Choisy**
Category/Type of variety/Common name: **Farmer/ Typical/Kokum**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Petiole length (cm) (Top 3rd leaf) short (< 0.5), fruit shape spindle, fruit apex pointed, seed colour greyish red (178 A) and rind thickness (cm) thin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0621

(1) Registration Number and date of grant: - **REG/2025/0621** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dwijendra Narayan Shukla, Village: Ismailpur, Khargapur, Soraon, Dist: Prayagraj-212507.**

(3) Denomination of the variety: **PRAYAG POONAM**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Young leaf: intensity of anthocyanin colouration weak, Leaf blade: Shape oblong and Mature fruit: Length (Average) Medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0622

(1) Registration Number and date of grant: - **REG/2025/0622** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dwijendra Narayan Shukla, Village: Ismailpur, Khargapur, Soraon, Dist: Prayagraj-212507.**

(3) Denomination of the variety: **PRAYAG NARAYAN**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf blade: Colour Light green, Mature fruit: Density of lenticels sparse and Mature fruit: Presence of cavity at stalk absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0623

(1) Registration Number and date of grant: - **REG/2025/0623** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rishabh Shukla, Village: Ismailpur, Khargapur, Soraon, Dist: Prayagraj-212507.**

(3) Denomination of the variety: **PRAYAG DEVKI**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Petiole: length long, Mature fruit: Presence of sinus absent and Ripe fruit: Main colour of pulp medium orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0624

(1) Registration Number and date of grant: - **REG/2025/0624** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharampur Kisan Utpadatak Sahkari Sabha Samiti Darwar, Tehsil: Dharampur, Dist: Mandi-175040.**

(3) Denomination of the variety: **Swad Kachalu**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Plant type erect and corn shape conical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0654

(1) Registration Number and date of grant: - **REG/2025/0654** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mukesh Devi, D-127, Phase-1, Pallavpuram, Post: Modipuram, Meerut-250110.**

(3) Denomination of the variety: **PALLAV D-127**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Petiole length long, seed weight low, pulp content high and pulp seed ratio high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0655

(1) Registration Number and date of grant: - **REG/2025/0655** & **07/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shivnath, Ganahera, Ajmer-305022.**

(3) Denomination of the variety: **SWARNAREKHA**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Syzygium cuminii* Skeels**
Category/Type of variety/Common name: **Farmer/ Typical/Jamun**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Initiation of bloom early, ripe fruit size medium and pulp TSS medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0660

(1) Registration Number and date of grant: - **REG/2025/0660** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Achyut Madhusudan Tendolkar, At post: Chikhlond, Tendoli, Taluka: Kudal, Dist: Sindhudurg.**

(3) Denomination of the variety: **TENDOLI SAMARTH-I**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Myristica fragrans*** **Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fruit diameter long, shape at ventral shoulder rounded upward, type of mace probe beak and presence twin seed pattern present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0661

(1) Registration Number and date of grant: - **REG/2025/0661** & **03/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Achyut Madhusudan Tendolkar, At post: Chikhlond, Tendoli, Taluka: Kudal, Dist: Sindhudurg.**

(3) Denomination of the variety: **TENDOLI SAMARTH-II**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Myristica fragrans* Houtt.**
Category/Type of variety/Common name: **Farmer/ Typical/Nutmeg**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Leaf marfin wavy, leaf blade shape of base acute and presence of caruncle present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0662

(1) Registration Number and date of grant: - **REG/2025/0662** & **14/11/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Johnson Mathew, Kaithamattom House, P.O. : Thiruvambady, Dist: Kozhikode-673603.**

(3) Denomination of the variety: **MANNA**

(4) Name of: Family: **Euphorbiaceae**
Genus & Species: ***Manihot esculenta* Crantz**
Category/Type of variety/Common name: **Farmer/ Typical/Cassava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Pubescence on apical leaves moderate, orientation of petiole inclined upward and plant type spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0674

(1) Registration Number and date of grant: - **REG/2025/0674 & 08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Pal, Sarthara, Patauna, Block-Mal, Dist: Lucknow-227115.**

(3) Denomination of the variety: **Shankar Raj-1**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Young leaf: intensity of anthocyanin coloration weak and Mature fruit: Width medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0675

(1) Registration Number and date of grant: - **REG/2025/0675** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Pal, Sarthara, Patauna, Block-Mal, Dist: Lucknow-227115.**

(3) Denomination of the variety: **Shankar Raj-2**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Inflorescence: Width (secondary branch): Medium, Mature fruit: Bulging proximal of stylar scar: Medium**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0676

(1) Registration Number and date of grant: - **REG/2025/0676** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Pal, Sarthara, Patauna, Block-Mal, Dist: Lucknow-227115.**

(3) Denomination of the variety: **Lambouri Aam**

(4) Name of: Family: **Anacardiaceae**
Genus & Species: ***Mangifera Indica* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Mango**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Mature fruit: Shape in cross section in Broad elliptic & Mature fruit: Colour is only green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0683

(1) Registration Number and date of grant: - **REG/2025/0683** & **08/12/25**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Meghraj Natha Barot, Zarpara, PO: Zarpara, Taluka: Mundra, Dist: Kachchh-370405.**

(3) Denomination of the variety: **SONA-100**

(4) Name of: Family: **Arecaceae**
Genus & Species: ***Phoenix dactylifera* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Date Palm**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Thickness of pulp (mm) at Doka stage: Thin, Stonegroove at Doka stage: Deep.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0740

(1) Registration Number and date of grant: - **REG/2025/0740** & **06/05/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pran Singh, 173, Harijan Basti, Ward No. 02, Billouwa, Antri, Gwalior-475001.**

(3) Denomination of the variety: **BILLOUWA-22**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fully developed leaf length of blade (cm) short, fruit ratio length/width (cm) medium and fruit colour of peel/pericarp red blush.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0772

(1) Registration Number and date of grant: - **REG/2025/0772** & **07/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Irengbam Kulla Singh, Village: Irengbam Mayai Leikai, PO: Nambol, Dist: Bishnupur-795134.**

(3) Denomination of the variety: **KVKB-H1-MUKHIPAN**

(4) Name of: Family: **Araceae**
Genus & Species: ***Colocasia esculenta***
Category/Type of variety/Common name: **Farmer/ Typical/Taro**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Cross section area medium and petiole colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/0773

(1) Registration Number and date of grant: - **REG/2025/0773** & **06/04/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lachhiram, S/o Ramji Lal, Railway Line ke pass, Brahmawad, Dist: Bharatpur-321410.**

(3) Denomination of the variety: **LACHHI GUAVA**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fully developed leaf twisting present, fully developed leaf pubescence leaf pubescence on lower side sparse and fruit shape at stalk end broadly rounded.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2025/1285

(1) Registration Number and date of grant: - **REG/2025/1285** & **05/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Madhusudan Kavariya, S/o Ishwar Lal, 58 Kuber Gali No. 02, Khacharod, Ujjain-456224.**

(3) Denomination of the variety: **MADHYANCHAL SURKH**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fully developed shape trullate and inflorescence predominant number of flowers up to two.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2026/0056

(1) Registration Number and date of grant: - **REG/2026/0056** & **05/08/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rubi Singh, W/o Amit Kumar Singh 119, Wazidpur Uttari Jaunpur-222001.**

(3) Denomination of the variety: **MADHUMITA**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fully developed leaf twisting present and fruit diameter of calyx cavity in relation to that of fruit (cm) large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration REG/2026/0114

(1) Registration Number and date of grant: - **REG/2026/0114 & 09/09/26**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pran Singh, 173, Harijan Basti, Ward No. 02, Billouwa, Antri, Gwalior-475001.**

(3) Denomination of the variety: **BILLOUWA RED**

(4) Name of: Family: **Myrtaceae**
Genus & Species: ***Psidium guajava* L.**
Category/Type of variety/Common name: **Farmer/ Typical/Guava**

(5) Parentage and geographical location of the variety: **NA**

(6) Details of the distinguishing features or the characteristics: **Fully developed leaf length/width ratio of blade broad and fruit ridged collar around calyx cavity conspicuous.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Not Commercialized**

Certificate of Registration No. REG/2017/458

(1) Registration Number and date of grant:- **REG/2017/458 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Usari Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo* (L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple stem colour and purple splashes petiole colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/459

(1) Registration Number and date of grant:- **REG/2017/459 & 11/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Veeru Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Veeru Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Deltoid leaflet (terminal) shape and long plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/460

(1) Registration Number and date of grant:- **REG/2017/460 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vindu Yadav, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Vindu Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Globose seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/461

(1) Registration Number and date of grant:- **REG/2017/461 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vishnu Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Vishnu Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green colour of premature pods colour intensity and black colour of mature pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/462

(1) Registration Number and date of grant:- **REG/2017/462 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kishori Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Kishori Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Short peduncle length and medium pod length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/464

(1) Registration Number and date of grant:- **REG/2017/464 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Phool Singh Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Phool Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Lanceolate leaflet shape and black mature pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/466

(1) Registration Number and date of grant:- **REG/2017/466 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amlesh Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Amlesh Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple stem colour and globose seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/469

(1) Registration Number and date of grant:- **REG/2017/469 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Komal Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Komal Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Erect plant growth habit and short peduncle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/471

(1) Registration Number and date of grant:- **REG/2017/471 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atarlal Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Atar Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **and**

(6) Details of the distinguishing features or the characteristics: - **Black colour of mature pod and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/472

(1) Registration Number and date of grant:- **REG/2017/472 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Artibai Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Arti Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple stem colour and globose seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/474

(1) Registration Number and date of grant:- **REG/2017/474 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jagram Yadav, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Jag Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium peduncle length and drum shaped seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/475

(1) Registration Number and date of grant:- **REG/2017/475 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pyaribai Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Pyari Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium peduncle length and long plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/487

(1) Registration Number and date of grant:- **REG/2017/487 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Buddhu Singh Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **KISLAI MOONG**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: NA **and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green leaf vein colour, green with purple splashes petiole colour and shiny seed lusture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/488

(1) Registration Number and date of grant:- **REG/2017/488 & 06/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kishori Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Kislai Moong 1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Petiole colour green with purple splashes, seed lusture shiny.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/490

(1) Registration Number and date of grant:- **REG/2017/490 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Durga Prasad Yadav, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **USARI CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Very small seed size (weight of 100 seeds at 10% moisture content) and angular seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/491

(1) Registration Number and date of grant:- **REG/2017/491 & 28/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashlesh Yadav, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **VARPANI JWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Half vitreous (25% corneous) grain texture of endosperm (in longitudinal section).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/492

(1) Registration Number and date of grant:- **REG/2017/492 & 01/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kanhaiya Lal Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **USARI JWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Stigma anthocyanin colouration and stigma yellow colouration present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/493

(1) Registration Number and date of grant:- **REG/2017/493 & 03/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhan Singh Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Kislai Sama**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Culm branching is absent and plant height is very tall.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/498

(1) Registration Number and date of grant:- **REG/2017/498 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Ramji Yadav, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **MANGLA RAMJI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long plant length (excluding awns/scurs).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/499

(1) Registration Number and date of grant:- **REG/2017/499 & 19/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vimlesh Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **MANGLA 1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: NA **and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium awns length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/500

(1) Registration Number and date of grant:- **REG/2017/500 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajay Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **MANGLA AJAY**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium flag leaf width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/501

(1) Registration Number and date of grant:- **REG/2017/501 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kailash Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **KAILASH KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium peduncle length (cm).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/503

(1) Registration Number and date of grant:- **REG/2017/503 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **RAMESH KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Early days to 50% flowering.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/504

(1) Registration Number and date of grant:- **REG/2017/504 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Veeru Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **VEERU KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Flag leaf blade is short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/505

(1) Registration Number and date of grant:- **REG/2017/505 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ballu Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **BALLU KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: NA **and Ballu Thakur, Village Varpani, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Prostrate plant growth habit and semi dwarf plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/506

(1) Registration Number and date of grant:- **REG/2017/506 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramnath Thakur, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **RAMNATH KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Open panicle compactness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/507

(1) Registration Number and date of grant:- **REG/2017/507 & 03/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramgopal Yadav, Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Ramgopal Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village Kislai, PO Usari, District Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering; Early (<40), Plant: Height (cm); Semi dwarf (40.0-80.0) and Grain: Colour; Grey**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/535

(1) Registration Number and date of grant:- **REG/2017/535 & 06/02/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramapal, Village Jhinna, Block Ajaygarh, District Panna, Madhya Pradesh**

(3) Denomination of the variety: **MATAR RAMPAL**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village Jhinna, Block Ajaygarh, District Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green intemsity of green in pod**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/539

(1) Registration Number and date of grant:- **REG/2017/539 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhanwan Singh, S/o Shobhit Singh, Village Mahuadol, Block Pawai, District Panna, Madhya Pradesh**

(3) Denomination of the variety: **KUTKI DHANWAN**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Mahuadol, Block Pawai, District Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized since**

Certificate of Registration No. REG/2017/542

(1) Registration Number and date of grant:- **REG/2017/542 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sardar Singh, S/o Hoshiyar Singh, Village Mahuadol, Block Pawai, District Panna, Madhya Pradesh**

(3) Denomination of the variety: **Kodo Sardar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and , Village Mahuadol, Block Pawai, District Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Decumbent plant, medium flag leaf blade and medium peduncle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/544

(1) Registration Number and date of grant:- **REG/2017/544 & 06/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Munna Raikwar, S/o Gangadin Raikwar, Village Nimha, Block Ajaygarh, District Panna, Madhya Pradesh**

(3) Denomination of the variety: **Bhindi Munna**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village Nimha, Block Ajaygarh, District Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Stem number of nodes at first flowering (upto and including the first flowering node) many, fruit length of physiologically mature fruit (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/545

(1) Registration Number and date of grant:- **REG/2017/545 & 18/05/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Munna Raikwar, S/o Gangadin Raikwar, Village Nimha, Block Ajaygarh, District Panna, Madhya Pradesh**

(3) Denomination of the variety: **Tamatar Nimha**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: NA **and Village Nimha, Block Ajaygarh, District Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Light leaf intensity of green colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

(3) Denomination of the variety: **KALI KUTKI JANKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Chhoti Tummi, Block Pali, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi dwarf plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/603

(1) Registration Number and date of grant:- **REG/2017/603 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Saraswati Bai, W/o Santosh Singh, Village Dhawaijhar, PO Nighari, Block: Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **SAFED KUTKI NIGHARI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Dhawaijhar, PO Nighari, Block: Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Diffused inflorescence shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/607

(1) Registration Number and date of grant:- **REG/2017/607 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lavkesh Singh, S/o Ranjeet Singh, Village Kacchra Tola, PO Kacchra, Block Manpur, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Urid Lavkesh**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village Kacchra Tola, PO Kacchra, Block Manpur, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Short plant height and drum seed shaped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/610

(1) Registration Number and date of grant:- **REG/2017/610 & 18/05/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Teeka Singh, S/o Jaiwati Singh Rathore, Village Nayagaon, Block Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Chani Naya**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village Nayagaon, Block Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Rough seed testa texture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA Commercialized**

Certificate of Registration No. REG/2017/611

(1) Registration Number and date of grant:- **REG/2017/611 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jamuna Singh Rathore, S/o Jagati Singh Rathore, Village Gahira Tola, PO Kanchanpur, Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Aghani Badi Safed Jamuna**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Gahira Tola, PO Kanchanpur, Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/612

(1) Registration Number and date of grant:- **REG/2017/612 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jamuna Singh Rathore, S/o Jagati Singh Rathore, Village Gahira Tola, PO Kanchanpur, Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Aghani Chhoti Safed Jamuna**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Gahira Tola, PO Kanchanpur, Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod pubescence absent and seed colour cream.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/613

(1) Registration Number and date of grant:- **REG/2017/613 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jamuna Singh Rathore, S/o Jagati Singh Rathore, Village Gahira Tola, PO Kanchanpur, Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **AGHANI LAL MAJHAULI JAMUNA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Gahira Tola, PO Kanchanpur, Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering (50% of the plants with at least one open flower) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/614

(1) Registration Number and date of grant:- **REG/2017/614 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramkumar, S/o Jhappu, Village Gahira Tola, PO Kanchanpur, Karkeli, Dist: Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Maghi Chitkabri Lal Badi**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Gahira Tola, PO Kanchanpur, Karkeli, Dist: Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod colour purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA Commercialized**

Certificate of Registration No. REG/2017/615

(1) Registration Number and date of grant:- **REG/2017/615 & 28/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sunil Kumar Tiwari, S/o Harivandan Tiwari, Village Khairwar, PO Patharhara, Block Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **JHALRI SUNIL**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village Khairwar, PO Patharhara, Block Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium neck of panicle visible length above sheath.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/616

(1) Registration Number and date of grant:- **REG/2017/616 & 18/05/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Daduram Koul, S/o Munna Lal Koul, Village Kaccharwar, Block Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Bhejri Kachhra**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: **NA and Village Kaccharwar, Block Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Circular fruit shape in longitudinal section.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/617

(1) Registration Number and date of grant:- **REG/2017/617 & 05/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anurag Shukla, S/o Krishna kumar Shukla, Village Badwarpali, PO Chandiya, Block Karkeli, District Umariya, Madhya Pradesh**

(3) Denomination of the variety: **Bottle Shape Badi Lauki Anurag**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and Village Badwarpali, PO Chandiya, Block Karkeli, District Umariya, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape of base (at blossom end) blunt and fruit shape of apex (at peduncle) end raised.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/621

(1) Registration Number and date of grant:- **REG/2017/621 & 08/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Rajpal Jat, S/o Khet Singh, Village Raikhedi, PO Aichanda, Tehsil Nateran, District Vidisha, Madhya Pradesh**

(3) Denomination of the variety: **SHARBATI RAJPAL**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village Raikhedi, PO Aichanda, Tehsil Nateran, District Vidisha, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Absent/short brush hair length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/623

(1) Registration Number and date of grant:- **REG/2017/623 & 05/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shankar Singh Rajput, S/o Khuman Singh, Village Badoli, PO Bilheru, Tehsil Mungawali, District Ashoknagar, Madhya Pradesh**

(3) Denomination of the variety: **Kathiya Shankar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum durum Desf.***

Category/Type of variety/Common name: **Farmer / Typical/ Durum Wheat**

(5) Parentage and geographical location of the variety: **NA and Village Badoli, PO Bilheru, Tehsil Mungawali, District Ashoknagar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour pale green, flag leaf waxiness of neck (peduncle) weak and seed size (weight of 1000 grains) low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/624

(1) Registration Number and date of grant:- **REG/2017/624 & 11/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mukesh Kushwaha, S/o Motilal Kushwaha, Village Ghanshyampur, PO & Tehsil Mungawali, District Ashoknagar, Madhya Pradesh**

(3) Denomination of the variety: **Vanshi Mukesh**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village Ghanshyampur, PO & Tehsil Mungawali, District Ashoknagar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Flag leaf waxiness of sheath weak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/655

(1) Registration Number and date of grant:- **REG/2017/655 & 29/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramdayal Bhalavi, Village Temarubhaghar, PO Rahatgaon, District Harda, Madhya Pradesh**

(3) Denomination of the variety: **TEMRU JOWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village Temarubhaghar, PO Rahatgaon, District Harda, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Absent flag leaf yellow colouration of midrib and semi loose panicle density at maturity (ear head compactness).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/659

(1) Registration Number and date of grant:- **REG/2017/659 & 06/01/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amar Singh Maravi, S/o Fagua Maravi, Village Dhanouli, PO Margaon, Block Samnapur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **GOL BATRI AMAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village Dhanouli, PO Margaon, Block Samnapur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present leaf leaflet and spherical seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/660

Certificate of Registration No. REG/2017/674

(1) Registration Number and date of grant:- **REG/2017/674 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Patiram, S/o Sakaloo, Village Dhanouli, PO Margaon, Block Samnapur, Dist: Dindori-481778, Madhya Pradesh**

(3) Denomination of the variety: **SAKALOO BHENDA**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village Dhanouli, PO Margaon, Block Samnapur, Dist: Dindori-481778, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade colour between veins light green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/675

(1) Registration Number and date of grant:- **REG/2017/675 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amar Singh, S/o Bobadh, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **Kodo Bhoora Amar Khamariya**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Droopy leaves attitude, semi dwarf plant height and low 1000 grain weight (g) at 12% moisture content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/679

(1) Registration Number and date of grant:- **REG/2017/679 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamoo Lal, S/o Amar Singh, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **Kodo Ladri Kamoor**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Low 1000 grain weight (g) at 12% moisture content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/681

(1) Registration Number and date of grant:- **REG/2017/681 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amru Singh, S/o Johan Singh, Village Khitgaon, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **MAGHIYA AMRU ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Khitgaon, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size 4-5 cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/682

(1) Registration Number and date of grant:- **REG/2017/682 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prem Singh, S/o Budhdhu, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KUTKI SITHAHI PREM**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Intermediate panicle compactness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/683

(1) Registration Number and date of grant:- **REG/2017/683 & 11/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Budhdhu, S/o Baishakhoo, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KARIYA BUDHUDHU KODO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering early.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/684

(1) Registration Number and date of grant:- **REG/2017/684 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prem Singh, S/o Budhdhu, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KODO KRITAKI KHAMARIYA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present internode pigmentation.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/686

(1) Registration Number and date of grant:- **REG/2017/686 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hem Prakash, S/o Bodhan Singh, Village Jalegaon, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KALI MATA KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Jalegaon, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Globose elliptic inflorescence shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/689

(1) Registration Number and date of grant:- **REG/2017/689 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Bhaga Bai, W/o Nanuha Singh, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **Bhaga Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Irregular spikelet arrangements on rachis and low 1000 grain weight (g) at 12% moisture content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/692

(1) Registration Number and date of grant:- **REG/2017/692 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Budhdhu, S/o Baishakhoo, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **BUDHU JUNWANI KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium days to 50% flowering.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/693

(1) Registration Number and date of grant:- **REG/2017/693 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pankoo, S/o Thootha, Village Ghevri, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KODO GHEVARI PANKU**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Ghevri, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long thumb raceme and low 1000 grain weight (g) at 12% moisture content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/694

(1) Registration Number and date of grant:- **REG/2017/694 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ray Singh, S/o Jag Mohan Singh, Village Ghevri, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **GHEVRI MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village Ghevri, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Light intensity of green colour on foliage, small leaflet size and short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/705

(1) Registration Number and date of grant:- **REG/2017/705 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tehra Bai, W/o Dhan Singh Yadav, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **TEHRA MAHAIYA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size (4-5) cm and plant height tall.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/711

(1) Registration Number and date of grant:- **REG/2017/711 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kashi Ram, S/o Sunane Marawi, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KUTKI KASHI KHAMARIYA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Intermediate panicle compactness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/712

(1) Registration Number and date of grant:- **REG/2017/712 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gyaneshwar Marawi, S/o Chhote Lal Marawi, Village Jalegaon, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **Gulabi Jalegaon**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village Jalegaon, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Smooth seed testa texture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/713

(1) Registration Number and date of grant:- **REG/2017/713 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumrin Bai, W/o Jai Singh Marawi, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **Sumrin Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long panicle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/717

(1) Registration Number and date of grant:- **REG/2017/717 & 14/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sumrin Bai, W/o Jai Singh Marawi, Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(3) Denomination of the variety: **KALI KUTKI SUMRIN**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Khamariya, PO Junvani, Block Amarpur, District Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium days to 50% flowering.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/718

(1) Registration Number and date of grant:- **REG/2017/718 & 06/02/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chatru, S/o Premu Kavreti, Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **CHATRU MATAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present rabbit eared stipule and medium flowering opening days.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/719

(1) Registration Number and date of grant:- **REG/2017/719 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaggu, S/o Dayaram Amrawansi, Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **MUNG CHOTI JAGGU**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi-erect plant growth habit, large leaf size (at 5th node from base), yellow flower colour of petal (standard) and shiny seed lusture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/720

(1) Registration Number and date of grant:- **REG/2017/720 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manki, W/o Komal Belwansi, Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **BARRA ARHAR MANKI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/722

(1) Registration Number and date of grant:- **REG/2017/722 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahesh Sabulal, Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **MAHESH MATAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village Khari, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present stipule rabbit eared stipule, medium flowering opening days and single number of pod/axil.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/725

(1) Registration Number and date of grant:- **REG/2017/725 & 26/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nasru, Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Deeru Chana**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Small leaflet size (length) (middle of the plant and middle of the leaf) and rough seed testa texture**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/726

(1) Registration Number and date of grant:- **REG/2017/726 & 06/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nasru, Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **DEERU MUNG**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Hypocotyl anthocyanin colouration absent, pod length (mature pod) long, seed lusture shiny.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/728

(1) Registration Number and date of grant:- **REG/2017/728 & 03/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jiresa Mannu, Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Mannu Sava**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Peduncle length is short and panicle length is long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/732

(1) Registration Number and date of grant:- **REG/2017/732 & 08/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suklal, S/o Sureshshet, Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Suklal Gehu**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Straight lower glume beak shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/733

(1) Registration Number and date of grant:- **REG/2017/733 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Samal, S/o Jissu, Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **SAMAL ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and S Village Umarghodkala, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green stem colour and green with brown streaks pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/734

(1) Registration Number and date of grant:- **REG/2017/734 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shivpal Dhurve, S/o Tarachand, Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **SHIVPAL CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Greenish purple plant colour of foliage.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/735

(1) Registration Number and date of grant:- **REG/2017/735 & 03/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Vishwas, S/o Kisan Dhurve, Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Vishwas Sama**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle length is long and plant height is very tall.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/736

(1) Registration Number and date of grant:- **REG/2017/736 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Somji Dhurve, S/o Paiku Dhurve, Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **PAIKU ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Slight pod constriction.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/737

(1) Registration Number and date of grant:- **REG/2017/737 & 04/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kanchansa Uikey, S/o Chatru, Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Kanchansa Matar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Presence of stem anthocyanin colouration and purple standard petal colour of flower.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/741

(1) Registration Number and date of grant:- **REG/2017/741 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atru Dhurve, S/o Rahman, Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **ATRU MATAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village Karanpipariya, Block Junnardev, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod curvature medium, pod intensity of green is green and plant height long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/744

(1) Registration Number and date of grant:- **REG/2017/744 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajay Kekatpure, S/o Kamlakar Kekatpure, Village Kundalikala, Block Parasia, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Safed Baramasi Arhar Ajay**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Kundalikala, Block Parasia, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Red flower colour of base of petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

(1) Registration Number and date of grant:- **REG/2017/747 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Giya Verma, S/o Balram Verma, Village Sukhari Khurd, Block Amarwara, District Chhindwara, Madhya Pradesh**

(3) Denomination of the variety: **Giya Tuar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village Sukhari Khurd, Block Amarwara, District Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Three number of seeds in a pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/78

(1) Registration Number and date of grant:- **REG/2016/78 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 443**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **DUTCH 1 × ANGE, Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Plant length of first internode (at primary branches in cm)short (1.01-2), fruit intensity of colour (at mature unripe stage) light and fruit texture of surface slightly rough.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 15/05/2005**

Certificate of Registration No. REG/2016/79

(1) Registration Number and date of grant:- **REG/2016/79 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 1012**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **feng 2 × feng 3 , Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Plant length of first internode (at primary branches in cm) very short (up to 1) and leaf colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 11/04/2010**

Certificate of Registration No. REG/2016/80

(1) Registration Number and date of grant:- **REG/2016/80 & 8/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 365**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **THSO X DUTCH 1 and Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Stem intensity of pubescence (hairiness) sparse and fruit texture of surface slightly rough.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 807**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **Range × HERO-2 and Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Stem intensity of pubescence (hairiness) sparse.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 04/04/2006**

Certificate of Registration No. REG/2016/88

(1) Registration Number and date of grant:- **REG/2016/88 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 559 (Konika)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **SUTI × LBT and Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, fruit diameter (fruits measured at the widest point in cm) [hot pepper and paprika] broad (>1.5) and fruit intensity of colour (at maturity) dark.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 06/06/2005**

Certificate of Registration No. REG/2016/89

(1) Registration Number and date of grant:- **REG/2016/89 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **KSP 1161**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **Sem 6 × IMB 5 and Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Leaf shape lanceolate and fruit blossom end appendage present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 06/07/2012**

Certificate of Registration No. REG/2016/90

(1) Registration Number and date of grant:- **REG/2016/90 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 565 (SOUNDARYA)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HERO × SMALL 11 and Beejshetal Research Pvt Ltd, Mantha Road, Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Fruit intensity of colour (at mature unripe stage) light and fruit length (cm) [hot pepper and paprika] long (10.01-15)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since 15/06/2005

Certificate of Registration No. REG/2016/115

(1) Registration Number and date of grant:- **REG/2016/115 & 1/6/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **TriMurti Plant Sciences Private Limited, 101, MGR Estates, Dwarakapuri colony, Punjagutta, Hyderabad,**

(3) Denomination of the variety: **TMTH 208**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New/Hybrid/Tomato**

(5) Parentage and geographical location of the variety: **P1 – 200129, P2 –200139 and R&D Farm of Trimurti Plant Science, Jeedipalli Farm, Manoharbad, Medak, Telangana**

(6) Details of the distinguishing features or the characteristics: **Fruit: Intensity of green colour (before maturity); Medium and Fruit; Firmness (kg/cm2); Firm (>6).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since**

Certificate of Registration No. REG/2016/224

(1) Registration Number and date of grant:- **REG/2016/224 & 9/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Navsari Agricultural University, Navsari-396450**

(3) Denomination of the variety: **GN-5**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Extant (VCK) / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **Pure Line Selection and Hill Millet Research Station, Navasari Agricultural University, Waghai (Dangs) -394730, Gujarat, India**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering early.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 2010**

Certificate of Registration No. REG/2016/226

(1) Registration Number and date of grant:- **REG/2016/226 & 5/5/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Navsari Agricultural University, Navsari-396450, Gujrat**

(3) Denomination of the variety: **GNN-6**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Extant (VCK) / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **Local germplasm and Gujrat**

(6) Details of the distinguishing features or the characteristics: - **Stem culm branching absent, ear head length (cm) medium and finger width (cm) absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof: **Variety commercialized since 19/05/2015**

Certificate of Registration No. REG/2016/227

(1) Registration Number and date of grant:- **REG/2016/227 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Navsari Agricultural University, Eru cross road, Navsari-396450**

(3) Denomination of the variety: **GT-102**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Extant (VCK) / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **ICPL 87119 and GT 100 and Pulses and Castor Research Station, Navsari Agricultural University, Navsari, Gujarat**

(6) Details of the distinguishing features or the characteristics: - **Pod size (cm) 4-5 cm and plant height short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/252

(1) Registration Number and date of grant:- **REG/2016/252 & 10/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHTM 304**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **Ab-F7-5 x T 2415 and Mahyco Research Farms Across the India**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration of upper third portion absent, fruit intensity of green colour (before maturity) light and fruit shape at blosson end flat.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/256

(1) Registration Number and date of grant:- **REG/2016/256 & 11/28/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Milon Singh, Thakurais Mohalla, Village: Tori, PO: Tori, Dist: Datia-475661, Madhya Pradesh**

(3) Denomination of the variety: **BEDARA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village: Tori, PO: Tori, Dist: Datia, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium plant time of panicle emergence (50% of the plants with 50% anthesis) and non-lustrous grain luster.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/257

(1) Registration Number and date of grant:- **REG/2016/257 & 6/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ravindra Kumar Yadav, Matan Mohalla, Village: Chandroll, PO: Chandroll, Dist: Datia-475661, Madhya Pradesh**

(3) Denomination of the variety: **MASRA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Tori, PO: Tori, Dist: Datia, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/259

(1) Registration Number and date of grant:- **REG/2016/259 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pintu Mandal, Village: Satyapole, Block: Haringhata, PO: Srikrishnapur, PS: Haringhata, Dist: Nadia-743711, West bengal**

(3) Denomination of the variety: **GOL KANTA MAKRA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Satyapole, Block: Haringhata, PO: Srikrishnapur, PS: Haringhata, Dist: Nadia, West bengal**

(6) Details of the distinguishing features or the characteristics: - **Flower size medium and plant height (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/261

(1) Registration Number and date of grant:- **REG/2016/261 & 7/11/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pintu Mandal, Village: Satyapole, Block: Haringhata, PO: Srikrishnapur, PS: Haringhata, Dist: Nadia-743711**

(3) Denomination of the variety: **GREEN BULLET**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chilli**

(5) Parentage and geographical location of the variety: **NA and Village: Satyapole, Block: Haringhata, PO: Srikrishnapur, PS: Haringhata, Dist: Nadia, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Fruit curvature absent and fruit blossom end appendage present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2016/262

(1) Registration Number and date of grant:- **REG/2016/262 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dipak Mondal, Village: Banamalipara, Block: Chakdaha, PO: Dighra, PS: Chakdaha, Dist: Nadia-741222**

(3) Denomination of the variety: **SHYAMALI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Satyapole, Block: Haringhata, PO: Srikrishnapur, PS: Haringhata, Dist: Nadia, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Fruit skin colour dark green and seed texture at marketable stage hard.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/290

(1) Registration Number and date of grant:- **REG/2016/290 & 4/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Sapam Lukhoi Singh, Wabagai Thingal Leikai, PO: Kakching, Dist: Thoubal-795103, Manipur**

(3) Denomination of the variety: **MAKHAYAT MUBI SELECTION**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Wabagai Thingal Leikai, PO: Kakching, Dist: Thoubal, Manipur**

(6) Details of the distinguishing features or the characteristics: - **Weak pod curvature, long plant height and large seed size (weight of 1000 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2016/291

(1) Registration Number and date of grant:- **REG/2016/291 & 12/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-331**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1445 x BC-377-11/8-2-1/3-1-/5 and Mahyco Research Farm at Various lacation across India**

(6) Details of the distinguishing features or the characteristics: - **Plant; Intensity of Anthocyanin colouration of nodes;Weak and Fruit: Glossiness**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 18.09.2015**

Certificate of Registration No. REG/2016/292

(1) Registration Number and date of grant:- **REG/2016/292 & 12/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-328**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1445 x HP-1503 HPH-12 SH-4884 and Mahyco Research Farm at Various lacation across India**

(6) Details of the distinguishing features or the characteristics: - **Leaf: Shape; Lanceolate and Fruit: Texture of Surface; Slightly rough.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/293

(1) Registration Number and date of grant:- **REG/2016/293 & 12/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-332**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1519 x BC-377-11/8-2-1/3-1/5 and Mahyco Research Farm at Various lacation across India**

(6) Details of the distinguishing features or the characteristics: - **Leaf: Shape; Lanceolate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 15.07.2015**

Certificate of Registration No. REG/2016/309

(1) Registration Number and date of grant:- **REG/2016/309 & 10/25/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jokhna Oraon, Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga-835302, Jharkhand**

(3) Denomination of the variety: **BOOT-B**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **One pod number of seeds, brown seed colour, small seed size (weight of 100 seeds at 10% moisture content) and angular seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/312

(1) Registration Number and date of grant:- **REG/2016/312 & 5/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mangal Mahto, Village: Janbal, Post: Parehpat, Block: Kisko, Dist: Lohardaga-835302, Jharkhand**

(3) Denomination of the variety: **Bherwa**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village: Janbal, Post: Parehpat, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Flower petal base colour purple inside only, Stem number of nodes at first flowering (upto and including the first flowering node) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/326

(1) Registration Number and date of grant:- **REG/2016/326 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Etwa Oraon, Village: Ekaguri, Post: Daru, Block: Senka, Dist: Lohardaga, Jharkhand**

(3) Denomination of the variety: **Bilati-TL**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: **NA and Village: Ekaguri, Post: Daru, Block: Senka, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Small fruit width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/327

(1) Registration Number and date of grant:- **REG/2016/327 & 5/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Shivkumar Munda, Village: Baratpur, Post: Baratpur, Block: Kisko, Dist: Lohardaga**

(3) Denomination of the variety: **Bhedwa-OL**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village: Baratpur, Post: Baratpur, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Flowering time (50% of the plants with at least one flower) late, plant number of branches few.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/333

(1) Registration Number and date of grant:- **REG/2016/333 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaybant Kujur, Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga**

(3) Denomination of the variety: **Chaiti-PP**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Merel, Post: Hisri, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/335

(1) Registration Number and date of grant:- **REG/2016/335 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sandip Oraon, Village: Anandpur, Post: Jori, Block: Kisko, Dist: Lohardaga**

(3) Denomination of the variety: **Chaitari-LO**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Anandpur, Post: Jori, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Plant anthocyanin colouration of hypocotyl absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/337

(1) Registration Number and date of grant:- **REG/2016/337 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shivkumar Munda, Village & PO: Baratpur, Block: Kisko, Dist: Lohardaga, Jharkhand**

(3) Denomination of the variety: **Lauwa**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Baratpur, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Stem length of internode of main stem (between 15th-20th node) medium and leaf width (between 15th-20th nodes) medium, seediness (no. of seeds at the time of seed extractio) low and seed intensity of brown colour of testa dark (158 A).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/338

(1) Registration Number and date of grant:- **REG/2016/338 & 7/8/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Parmeshwar Oraon, Village: Nari, Post: Navadih, Block: Kisko, Dist: Lohardaga**

(3) Denomination of the variety: **Achhuba**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia L.***

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Nari, Post: Navadih, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, plant main vine length medium viny, fruit colour of skin dark green and fruit tubercles many.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/341

(1) Registration Number and date of grant:- **REG/2016/341 & 12/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-336**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1445 x HP-1648 and Mahyco Research Farm at Various lacation across India**

(6) Details of the distinguishing features or the characteristics: - **Stem: Intensity of pubescence (Hairiness), Sparse and Fruit: Stalk Length (cm); Short (1.6-2.5).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 04.05.2015**

Certificate of Registration No. REG/2016/349

(1) Registration Number and date of grant:- **REG/2016/349 & 10/25/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Baldev Mahto, Village: Khakhparta, Post: Rampur, Block: Kisko, Dist: Lohardaga**

(1) Registration Number and date of grant:- **REG/2016/411 & 7/8/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Patrisiya Toppo, Village: Mardanpur, Post: Moltama, Block: Chatra, Dist: Chatra, Jharkhand**

(3) Denomination of the variety: **Aari**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: NA **and Village: Mardanpur, Post: Moltama, Block: Chatra, Dist: Chatra, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, leaf size (at 5th node from the base) large and pod length (mature pod) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/455

(1) Registration Number and date of grant:- **REG/2016/455 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rambriksha Saw, Village & PO & Block: Pratap pur, Dist: Chatra-825404**

(3) Denomination of the variety: **Chatri**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO & Block: Pratap pur, Dist: Chatra-825404, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Pod colour purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/479

(1) Registration Number and date of grant:- **REG/2016/479 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Punam Devi, Village: Chandrikala, PO: Pratap pur, Dist: Chatra, Jharkhand**

(3) Denomination of the variety: **Chatrahi**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Chandrikala, PO: Pratap pur, Dist: Chatra, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/490

(1) Registration Number and date of grant:- **REG/2016/490 & 10/25/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mudrika Prasad Yadav, Village: Potam Dohar, Block: Kunda, Dist: Chatra, Jharkhand**

(3) Denomination of the variety: **Potmi-Ch**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village: Potam Dohar, Block: Kunda, Dist: Chatra, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Spreading plant growth habit and medium green plant colour of foliage.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/493

(1) Registration Number and date of grant:- **REG/2016/493 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh Yadav, Village: Pinjani, Block: Kunda, Dist: Chatra-825401, Jharkhand**

(3) Denomination of the variety: **PALAK**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Pinjani, Block: Kunda, Dist: Chatra-825401, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium lower glume shaller width (spikelets in mid-third of ear)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/494

(1) Registration Number and date of grant:- **REG/2016/494 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Kumar Das, Village: Chandrikala, PO: Pratap pur, Dist: Chatra-825404, Jharkhand**

(3) Denomination of the variety: **SHERAYI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Chandrikala, PO: Pratap pur, Dist: Chatra-825404, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium awn attitude.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/495

(1) Registration Number and date of grant:- **REG/2016/495 & 10/17/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Punam Devi, Village: Chandrikala, PO: Pratap pur, Dist: Chatra-825404, Jharkhand**

(3) Denomination of the variety: **Krishna**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum vulgare L.***

Category/Type of variety/Common name: **Farmer / Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and Village: Chandrikala, PO: Pratap pur, Dist: Chatra-825404, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium spike length and tall plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/519

(1) Registration Number and date of grant:- **REG/2016/519 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mudrika Yadav, Village: Potam Dohar, Block: Kunda, Dist: Chatra, jharkhand**

(3) Denomination of the variety: **Chaitia**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Potam Dohar, Block: Kunda, Dist: Chatra, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Plant branching pattern semi spreading and pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/530

(1) Registration Number and date of grant:- **REG/2016/530 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shankar Yadav, Village: Pinjani, Block: Kunda, Dist: Chatra-825401**

(3) Denomination of the variety: **Lal Pizi**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Pinjani, Block: Kunda, Dist: Chatra-825401, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Plant branching pattern spreading and pod no. of seeds 4.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/570

(1) Registration Number and date of grant:- **REG/2016/570 & 10/18/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Village Climate Resilient Management Committee (VCRMC), Mr. Khangpa Konyak, Village: Ngangching, PO: Aboi, Mon District-798603, Nagaland**

(3) Denomination of the variety: **JUNE SHE**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Setaria italica (L.) Beauv***

Category/Type of variety/Common name: **Farmer / Typical/ Foxtail Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Ngangching, PO: Aboi, Mon**

(6) Details of the distinguishing features or the characteristics: - **Inflorescence bristles absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/725

(1) Registration Number and date of grant:- **REG/2016/725 & 10/18/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hills Farmers Club, Mr. E. Heangpa Konyak, Aboi, Mon District-798603, Nagaland**

(3) Denomination of the variety: **SEPHUK**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Setaria italica (L.) Beauv***

Category/Type of variety/Common name: **Farmer / Typical/ Foxtail Millet**

(5) Parentage and geographical location of the variety: **NA and Mr. E. Heangpa Konyak, Aboi, Mon District, Nagaland**

(6) Details of the distinguishing features or the characteristics: - **Inflorescence bristles absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/758

(1) Registration Number and date of grant:- **REG/2016/758 & 7/8/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kalawti Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311, Jharkhand**

(3) Denomination of the variety: **ORAD**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, stem colour purple and seed shape drum-shaped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/772

(1) Registration Number and date of grant:- **REG/2016/772 & 1/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **BIO MM368Z**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Other (Inbred Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety**: [(IPC 1268xICMV 91059 SI-58-2-2-2-1) X AIMP 92901 SI-296-2-1-1-1-B-B]-4-2-1-1-1-2-1 and A Division of DCM Shriram Kavuri Hills, Phase-II, Hyderabad**

(6) Details of the distinguishing features or the characteristics: - **Spike exertion incomplete, Spike anthocyanin pigmentation of glume absent and seed colour grey.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/773

(1) Registration Number and date of grant:- **REG/2016/773 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, 2nd Floor, (West Wing) Worldmark 1, Aerocity, New Delhi-110037**

(3) Denomination of the variety: **BIO 366**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **WW109X (A line) X BIO MM368Z (R Line); WW109Y (B Line) and Bioseed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Spike density compact, seed colour grey.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/774

(1) Registration Number and date of grant:- **REG/2016/774 & 6/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **BIO LM460Z**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Other (Inbred Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **BIO LM135Z & BIO TA125Z and Bio seed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Plant node pigmentation green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/775

(1) Registration Number and date of grant:- **REG/2016/775 & 6/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, 2nd Floor, (West Wing) Worldmark 1, Aerocity, New Delhi-110037**

(3) Denomination of the variety: **BIO 451**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **LM116X & Y and LM460 Z and Bio seed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Spike length medium and spike girth at maximum point (excluding bristles) (cm) thick.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/853

(1) Registration Number and date of grant:- **REG/2016/853 & 4/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jay Prakash Singh, Village: Kandaikala, PO: Jagarnath, Block: Sadar, Dist: Hazaribagh**

(3) Denomination of the variety: **SOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Kandaikala, PO: Jagarnath, Block: Sadar, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour, small leaflet size and short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/905

(1) Registration Number and date of grant:- **REG/2016/905 & 7/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Devanti Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311, Jharkhand**

(3) Denomination of the variety: **SAFEDI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Pod shape of cross section (through seed) cordate and seed testa colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/924

(1) Registration Number and date of grant:- **REG/2016/924 & 12/19/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Devanti Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311, Jharkhand**

(3) Denomination of the variety: **MUNDI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Long peduncle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/925

(1) Registration Number and date of grant:- **REG/2016/925 & 11/8/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Munni Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311**

(3) Denomination of the variety: **KHARIA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Dense ear density.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/926

(1) Registration Number and date of grant:- **REG/2016/926 & 11/8/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sakunti Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311**

(5) Parentage and geographical location of the variety: **NA and Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Pale green foliage colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/927

(1) Registration Number and date of grant:- **REG/2016/927 & 1/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Nagia Devi, Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh-825311, Jharkhand**

(3) Denomination of the variety: **BADAM**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Hudwa, PO: Jugra, Block: Barkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/928

(1) Registration Number and date of grant:- **REG/2016/928 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Parwati Tudu, Village: Balidih, PO: Hazaribagh, Block: Churchu, Dist: Hazaribagh, Jharkhand**

(3) Denomination of the variety: **GUHUM**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Balidih, PO: Hazaribagh, Block: Churchu, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Elliptical grain shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/941

(1) Registration Number and date of grant:- **REG/2016/941 & 12/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indian Council of Agricultural Research, Krishi Bhawan, New Delhi-110001**

(3) Denomination of the variety: **SWARNA KANCHAN**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Typical/ Tomato**

(5) Parentage and geographical location of the variety: **Pusa Ruby**

(Pure Line Selection) and ICAR Research Complex for Eastern Region, Rearch Centre, P.O. Rajaulatu, Ranchi-834010 Jharkhand

(6) Details of the distinguishing features or the characteristics: - **Seedling: Anthocyanin colouration of hypocotyl: Absent; Stem: Anthocyanin colouration of upper third portion: Absent; Fruit: Shape in longitudinal section: Ovoid**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 14.11.2013**

Certificate of Registration No. REG/2016/944

(1) Registration Number and date of grant:- **REG/2016/944 & 4/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NBH 5767**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Extant (Notified) / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NB 345A NB 97R and Nuziveedu farm, Rangareddy, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade length long, spike shape lanceolate and spike density compact.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and **amount** of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since

Certificate of Registration No. REG/2016/978

(1) Registration Number and date of grant:- **REG/2016/978 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Champai Murmu, Village: Kuldiha, Block: Binpur-II, Dist: West Medinipur**

(3) Denomination of the variety: **Champai**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Kuldiha, Block: Binpur-II, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Plant branching pattern semi spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/979

(1) Registration Number and date of grant:- **REG/2016/979 & 5/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bankim Mahata, Village: Gigerdara, Block: Binpur-II, Dist: West Medinipur**

(3) Denomination of the variety: **Bankim**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Gigerdara, Block: Binpur-II, Dist: West Medinipur**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit semi erect and seed shape drum shaped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/981

(1) Registration Number and date of grant:- **REG/2016/981 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Mathur Sabbar, Village: Knishnawpur via Belpahari, Dist: West Medinipur**

(3) Denomination of the variety: **Masur Rahar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Knishnawpur via Belpahari, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Stem colour green and leaf pubescence on lower surface of the leaf absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1000

(1) Registration Number and date of grant:- **REG/2016/1000 & 10/25/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amal Laru, Village: Bakalsa Sevakram, PO: Barati, Block: Debra, Dist: West Medinipur-721136**

(3) Denomination of the variety: **Bakalsa**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Medium leaf width (cm) and dark purple flower colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1010

(1) Registration Number and date of grant:- **REG/2016/1010 & 1/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamal Maity, Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur, West Bengal**

(3) Denomination of the variety: **KAMALA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration present seed cotyledon colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1015

(1) Registration Number and date of grant:- **REG/2016/1015 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pioneer Overseas Corporation, C/o Pioneer Hi-Bred Private Limited, V-Ascendas, Atria Block, 12th Floor, Plot No. 17, Software Unit Layout, Madhapur, Hyderabad-500081**

(3) Denomination of the variety: **M162F**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **M096G x M219G and Pioneert Research Station, Hyderabad, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Late time of spike emergence and purple anther colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 07.05.2015**

Certificate of Registration No. REG/2016/1016

(1) Registration Number and date of grant:- **REG/2016/1016 & 5/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nishikanta Samanta, Village: Bakalsa Nimcharan, PO: Lowada, PS: Debra, Dist: West Medinipur-721136**

(3) Denomination of the variety: **Samanta**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Bakalsa Nimcharan, PO: Lowada, PS: Debra, Dist: West Medinipur**

(6) Details of the distinguishing features or the characteristics: - **Hypocotyl anthocyanin colouration absent, plant growth habit semi erect, pod position above canopy.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1019

(1) Registration Number and date of grant:- **REG/2016/1019 & 7/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santinath Nandi, Village: Dabadari, PO: Lowada, PS: Debra, Dist: West Medinipur, West Bengal**

(3) Denomination of the variety: **NANDI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Dabadari, PO: Lowada, PS: Debra, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **White flower colour of standard.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2020/190

(1) Registration Number and date of grant:- **REG/2020/190 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shri Himmatbhai Virjibhai Lakkad, Village Kotamoi, Taluka-Jesar dist. Bhavnagar, Gujarat-364280**

(3) Denomination of the variety: **AA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village Kotamoi, Taluka-Jesar dist. Bhavnagar, Gujarat-364280, Gujarat**

(6) Details of the distinguishing features or the characteristics: - **Yellow colouration present and stigma anthocyanin colouration present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/313

(1) Registration Number and date of grant:- **REG/2020/313 & 05/05/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **T. Laxmi Kantha, Village: Madalagere, TQ: Harappanahalli, Dist: Ballari-583131**

(3) Denomination of the variety: **MADALSAAM**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Madalagere, TQ: Harappanahalli, Dist: Ballari-583131, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Peduncle length (cm) medium and seed shattering present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/314

(1) Registration Number and date of grant:- **REG/2020/314 & 02/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Kalal, Village: Avarase, PO: Hiliyana, TQ & DIst: Udupi-576212**

(3) Denomination of the variety: **KERALA BENDI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village: Avarase, PO: Hiliyana, TQ & DIst: Udupi-576212, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade serration of margin dentate serrate and vein colour red purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/315

(1) Registration Number and date of grant:- **REG/2020/315 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **T. Laxmi Kantha, Village: Madalagere, TQ: Harappanahalli, Dist: Ballari-583131**

(3) Denomination of the variety: **UDALA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Madalagere, TQ: Harappanahalli, Dist: Ballari-583131, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Peduncle length (cm) medium and lodging absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2020/316

(1) Registration Number and date of grant:- **REG/2020/316 & 02/09/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **B. Nagana Gowda, Village: Maiduru, PO: Jigatere, TQ: Harappanahalli, Dist: Ballari-583131**

(3) Denomination of the variety: **KEMPU RAGI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Maiduru, PO: Jigatere, TQ: Harappanahalli, Dist: Ballari-583131, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Glume colour light purple, seed colour light purple and seed surface rough.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/317

(1) Registration Number and date of grant:- **REG/2020/317 & 02/09/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **V.S. Siddeshwara Reddy, S/O. Seetarama Reddy, Vidupana Kunte, MS Halli-Post., TQ: Challakere, Dist: Chitradurga, Karnataka-577522**

(3) Denomination of the variety: **UDURU MALLIGE**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and S/O. Seetarama Reddy, Vidupana Kunte, MS Halli-Post., TQ: Challakere, Dist: Chitradurga, Karnataka-577522, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf sheath pubescence present, glume colour light purple, finger number on main ear low, seed colour dark brown and seed surface rough.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/357

(1) Registration Number and date of grant:- **REG/2020/357 & 03/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gyan Kali, Village: Mudehara, Block: Jasra, Dist: Prayagraj-212107**

(3) Denomination of the variety: **BGMJ-69**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Mucuna Pruriens L.***

Category/Type of variety/Common name: **Farmer / Typical/ Velvet Bean**

(5) Parentage and geographical location of the variety: **NA and Village: Mudehara, Block: Jasra, Dist: Prayagraj-212107, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Foliage intesity of green colour dark and pod colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/358

(1) Registration Number and date of grant:- **REG/2020/358 & 03/07/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anshuman Singh Bindh, Village: Ekoni (Khadiyan) Kaundhiyara, Dist: Prayagraj-212106**

(3) Denomination of the variety: **BAAK-70**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Mucuna Pruriens L.***

Category/Type of variety/Common name: **Farmer / Typical/ Velvet Bean**

(5) Parentage and geographical location of the variety: **NA and Village: Ekoni (Khadiyan) Kaundhiyara, Dist: Prayagraj-212106, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Seed colour white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2020/384

(1) Registration Number and date of grant:- **REG/2020/384 & 18/05/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Anil Sabaji Sawant, Mr. Pralhad Dhondu Sawant, Mr. Deepak Sabaji Sawant, Mr. Pravin Jaywant Sawant, Mr. Amol Deepal Sawant (Group of Farmers), At. & Post: Kasral, Taluka: Kankavli, Dist: Sindhudurg-416602**

(3) Denomination of the variety: **KASRAL WANGI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and At. & Post: Kasral, Taluka: Kankavli, Dist: Sindhudurg-416602, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Medium fruit diameter and obovate fruit general shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0027

(1) Registration Number and date of grant:- **REG/2021/0027 & 02/09/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rakesh, Village: Rameshwara, TQ: Nyamati, Dist: Davanagere-577223**

(3) Denomination of the variety: **RR LOCAL**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Rameshwara, TQ: Nyamati, Dist: Davanagere-577223, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf sheath pubescence present and flag leaf blade width (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0028

(1) Registration Number and date of grant:- **REG/2021/0028 & 02/09/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **T. Laxmi Kantha, Village: Madalagere, TQ: Harappanahalli, Dist: Ballari-583131**

(3) Denomination of the variety: **MADALA RAGI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Madalagere, TQ: Harappanahalli, Dist: Ballari-583131, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf sheath pubescence present and seed shape (cm) round.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0030

(1) Registration Number and date of grant:- **REG/2021/0030 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **V.S. Siddeshwara Reddy, S/O. Seetarama Reddy, Vidupana Kunte, MS Halli-Post., TQ: Challakere, Dist: Chitradurga, Karnataka-577522**

(3) Denomination of the variety: **VK-III**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae (Roxb.) Link***

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and S/O. Seetarama Reddy, Vidupana Kunte, MS Halli-Post., TQ: Challakere, Dist: Chitradurga, Karnataka-577522, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering medium, flag leaf blade width (cm) medium, 1000 seed weight (g) at 12% moisture content low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0033

(1) Registration Number and date of grant:- **REG/2021/0033 & 02/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **T. Vedamurthy, S/o Timmanna, K R Halli (at post), TQ: Hiriyur, Dist: Chitradurga-577511**

(3) Denomination of the variety: **KRH BENDI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and S/o Timmanna, K R Halli (at post), TQ: Hiriyur, Dist: Chitradurga-577511, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade colour between veins light green and vein colour red purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0056

(1) Registration Number and date of grant:- **REG/2021/0056 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaswant Singh, S/o Kunj Lal, Basti, Tehsil, Bhaderwah-182222, Dist: Doda**

(3) Denomination of the variety: **JAMMU BHADERWAH RAJMA (JBR-01)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and S/o Kunj Lal, Basti, Tehsil, Bhaderwah-182222, Dist: Doda, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Present stem anthocyanin colouration, spreading plant growth type and present pod stringiness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0057

(1) Registration Number and date of grant:- **REG/2021/0057 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ranjana Kumari, Surinder Kumar, Rool Lal & Lal Chand, Ranjana Kumari, W/o Sh. Rajesh Kumar, Village: Thuji, PO: Barot, The: Padhor, Dist: Mandi-175013**

Surinder Kumar, S/o Sh. Ram Lal, Village:Uldhar, PO: Deot, Tehsil: Mullhan, Dist: Kangra-175013

Roop Lal, S/o Sh. Bhokhi Ram, Village: Polling, PO: Lohardi, T

(3) Denomination of the variety: **HPBRR-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Ranjana Kumari, W/o Sh. Rajesh Kumar, Village: Thuji, PO: Barot, The: Padhor, Dist: Mandi-175013**

Surinder Kumar, S/o Sh. Ram Lal, Village:Uldhar, PO: Deot, Tehsil: Mullhan, Dist: Kangra-175013

Roop Lal, S/o Sh. Bhokhi Ram, Village: Polling, PO: Lohardi, T, Himachal Pradesh

(6) Details of the distinguishing features or the characteristics: - **Spreading plant growth type, short plant height and kidney shaped seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0058

(1) Registration Number and date of grant:- **REG/2021/0058 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ranjana Kumari, Surinder Kumar, Rool Lal & Lal Chand, Ranjana Kumari, W/o Sh. Rajesh Kumar, Village: Thuji, PO: Barot, The: Padhor, Dist: Mandi-175013**

Surinder Kumar, S/o Sh. Ram Lal, Village:Uldhar, PO: Deot, Tehsil: Mullhan, Dist: Kangra-175013

Roop Lal, S/o Sh. Bhokhi Ram, Village: Polling, PO: Lohardi, T

(3) Denomination of the variety: **HPBYR-2**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Ranjana Kumari, W/o Sh. Rajesh Kumar, Village: Thuji, PO: Barot, The: Padhor, Dist: Mandi-175013**

Surinder Kumar, S/o Sh. Ram Lal, Village:Uldhar, PO: Deot, Tehsil: Mullhan, Dist: Kangra-175013

Roop Lal, S/o Sh. Bhokhi Ram, Village: Polling, PO: Lohardi, T, Himachal Pradesh

(6) Details of the distinguishing features or the characteristics: - **semi-erect plant growth type, small seed size (weight of 1000 seeds), black seed testa colour**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0091

(1) Registration Number and date of grant:- **REG/2021/0091 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramlal Lahre, Village: Mahuli, PO: Sulsuli, Dist: Balrampur-497119**

(3) Denomination of the variety: **Jaiya-I**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chilli**

(5) Parentage and geographical location of the variety: **NA and Village: Mahuli, PO: Sulsuli, Dist: Balrampur-497119, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem pubescence (hairiness) absent, flower petal colour yellowish green and flower days to 50% flowering (from the date of sowing) late (>90).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2021/0122

(1) Registration Number and date of grant:- **REG/2021/0122 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gulihal Village Farmers, Village: Gulihal, Ijeri (hobli), Yadrami (Tq), At post: Sathkhed, Dist: Kalaburagi**

(3) Denomination of the variety: **GULYAL LOCAL (RED)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Gulihal, Ijeri (hobli), Yadrami (Tq), At post: Sathkhed, Dist: Kalaburagi, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Early time of flowering (50% of the plantsa with at least one open flower), red flower colour of base of petal (standard), short plant height and medium seed size (100 seed wt.).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2021/0136

(1) Registration Number and date of grant:- **REG/2021/0136 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Surjeet Kumar, Man Singh, Kesho Ram, Panchayat Pradhan: Manjeer, Teh: Salooni, Dist: Chamba**

Panchayat Pradhan: Salooni, Teh: Salooni, Dist: Chamba

Panchayat Pradhan: Dighyae, Teh: Salooni, Dist: Chamba

(3) Denomination of the variety: **HPCM-1 (Chamba mash)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Panchayat Pradhan: Manjeer, Teh: Salooni, Dist: Chamba**

Panchayat Pradhan: Salooni, Teh: Salooni, Dist: Chamba

Panchayat Pradhan: Dighyae, Teh: Salooni, Dist: Chamba, Himachal Pradesh

(6) Details of the distinguishing features or the characteristics: - **Purple with green splashes stem colour, green leaf vein colour, medium peduncle length, black pod colour of mature pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2022/0010

(1) Registration Number and date of grant:- **REG/2022/0010 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Poonam Chand Patidar, Village/Post: Dityakhedi, via- Raipur, Dist: Jhalawar-326036**

(3) Denomination of the variety: **KANSI NO. 1**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa L.***

Category/Type of variety/Common name: **Farmer / Typical/ Onion**

(5) Parentage and geographical location of the variety: **NA and Village/Post: Dityakhedi, via- Raipur, Dist: Jhalawar-326036, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Foliage cracking strong, bulb total soluble solids (to be measured by refractometer) low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0038

(1) Registration Number and date of grant:- **REG/2022/0038 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Kali Devi, W/o Sh. Vinod Kumar, Village: Hullu, PO: Drang, Tehsil: Padhar, Dist: Mandi**

(3) Denomination of the variety: **KDM1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and W/o Sh. Vinod Kumar, Village: Hullu, PO: Drang, Tehsil: Padhar, Dist: Mandi, Himachal Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Ovate leaflet shape and present leaf pubescence.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0041

(1) Registration Number and date of grant:- **REG/2022/0041 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prem Lal Thakur, S/o Late Sh. Bardu Ram, V.P.O. Bandla, Tehsil: Sadar, Dist: Bilaspur-174001**

(3) Denomination of the variety: **PTM9**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Late Sh. Bardu Ram, V.P.O. Bandla, Tehsil: Sadar, Dist: Bilaspur-174001, Himachal Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green with purple splashes stem colour, ovate leaflet shape, medium pod length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0042

(1) Registration Number and date of grant:- **REG/2022/0042 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kuldeep Singh, S/o Sh. Lachhu Ram, V.P.O. Bandla, Tensil: Sadar, Dist: Bilaspur-174001**

(3) Denomination of the variety: **KSM12**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Sh. Lachhu Ram, V.P.O. Bandla, Tensil: Sadar, Dist: Bilaspur-174001, Himachal Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple petiole colour, brown pod colour of mature pod and long plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0043

(1) Registration Number and date of grant:- **REG/2022/0043 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Reena Devi, W/o Sh. Vikram Kumar, Village: Chanalag, PO: Bandla, Tehsil: Sadar, Dist: Bilaspir-174001**

(3) Denomination of the variety: **RDM11**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and W/o Sh. Vikram Kumar, Village: Chanalag, PO: Bandla, Tehsil: Sadar, Dist: Bilaspir-174001, Himachal Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present leaf pubescence, long peduncle leangth, medium plant height and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0087

(1) Registration Number and date of grant:- **REG/2022/0087 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Dadarao Mango Hatkar, At. Post. Hiwarkhed, Tah. Khamgaon, Dist: Buldana-444303**

(3) Denomination of the variety: **GAJAB-5**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and At. Post. Hiwarkhed, Tah. Khamgaon, Dist: Buldana-444303, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Narrowly leaf shape, red colour of base of petal (standard) of flower, dense pattern of streaks on petal (standard) of flower and short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2022/0088

(1) Registration Number and date of grant:- **REG/2022/0088 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Jagannath Pandhari Sarkate, At. Post. Haral, Tah. Risod, Dist: Washim-444510**

(3) Denomination of the variety: **SAMRUDHHI 22**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and At. Post. Haral, Tah. Risod, Dist: Washim-444510, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Narrowly leaf shape, dense pattern of streaks on petal (standard) of flower and slight pod constriction.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0089

(1) Registration Number and date of grant:- **REG/2022/0089 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Mr. Jagannath Pandhari Sarkate, At. Post. Haral, Tah. Risod, Dist: Washim-444510**

(3) Denomination of the variety: **RENUKA-25**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and At. Post. Haral, Tah. Risod, Dist: Washim-444510, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Determinate plant growth habit, dense pattern of streaks on petal (standard) of flower and dark brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0116

(1) Registration Number and date of grant:- **REG/2022/0116 & 23/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Garib Das, Village: Burli Kothi, PO: Paprola, Tehsil: Baijnath, Dist: Kangra**

(3) Denomination of the variety: **PAPROLA KHEERA**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucumis sativus L.***

Category/Type of variety/Common name: **Farmer / Typical/ Cucumber**

(5) Parentage and geographical location of the variety: **NA and Village: Burli Kothi, PO: Paprola, Tehsil: Baijnath, Dist: Kangra, Himachal Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Sparse fruit density of vestiture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0151

(1) Registration Number and date of grant:- **REG/2022/0151 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Babasaheb Nanabhau Pisore, Ap. Daula Vadgaon, Tal. Ashti, Dist: Beed-414202**

(3) Denomination of the variety: **SONA 40**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa L.***

Category/Type of variety/Common name: **Farmer / Typical/ Onion**

(5) Parentage and geographical location of the variety: **NA and Ap. Daula Vadgaon, Tal. Ashti, Dist: Beed-414202, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Foliage: Length (from pseudo stem to tip of leaf) (cm): Long and Foliage: Cranking: Weak**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2022/0152

(1) Registration Number and date of grant:- **REG/2022/0152 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sandip Vishram Ghole, Ap. Patas, Tal. Daund, Dist: Pune-412219**

(3) Denomination of the variety: **SANDIP PYAZ**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa L.***

Category/Type of variety/Common name: **Farmer / Typical/ Onion**

(5) Parentage and geographical location of the variety: **NA and Ap. Patas, Tal. Daund, Dist: Pune-412219, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Foliage: Attitude: Semi-erect, Bulb: Thickness of neck (cm): Medium & Bulb: General shape (in longitudinal section): Globe.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0014

(1) Registration Number and date of grant:- **REG/2023/0014 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Kallappa Mallappa Mali, At: Hidkal, Tq: Raibag, Dist: Belagavi-591220**

(3) Denomination of the variety: **Hidk-Zn-2022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum dicoccum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Dicoccum Wheat**

(5) Parentage and geographical location of the variety: **NA and At: Hidkal, Tq: Raibag, Dist: Belagavi-591220, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour pale green, plant length (excluding awns/scurs) very long, awns length short, grain hardness hard and anther colour pink.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2023/0015

(1) Registration Number and date of grant:- **REG/2023/0015 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dr. Santhoshkumar Pujer, Gosabal, Tq: Gokak, Dist: Belgaum-591227**

(3) Denomination of the variety: **Gosab-Zn-2022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum dicoccum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Dicoccum Wheat**

(5) Parentage and geographical location of the variety: **NA and Gosabal, Tq: Gokak, Dist: Belgaum-591227, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Flag leaf hairs on auricle absent and plant length (excluding awns/scurs) very long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0016

(1) Registration Number and date of grant:- **REG/2023/0016 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Krishnappa Arjun Channal, At: Dhavaleshwar, Tq: Gokak, Dist: Belagavi-591136**

(3) Denomination of the variety: **Dhaval-Zn-2022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum dicoccum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Dicoccum Wheat**

(5) Parentage and geographical location of the variety: **NA and At: Dhavaleshwar, Tq: Gokak, Dist: Belagavi-591136, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour pale green, awns length short and lower glume shoulder shape elevated.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0017

(1) Registration Number and date of grant:- **REG/2023/0017 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Smt. Suvarna Babu Kamate, At: Hirekodi, Tq: Chikkodi, Dist: Belagavi-591247**

(3) Denomination of the variety: **Hirek-Zn-2022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum dicoccum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Dicoccum Wheat**

(5) Parentage and geographical location of the variety: **NA and At: Hirekodi, Tq: Chikkodi, Dist: Belagavi-591247, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour pale green, flag leaf width very short and plant length (excluding awns/scurs) very long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0018

(1) Registration Number and date of grant:- **REG/2023/0018 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shivappa Basappa Mugalkod, At: Gurlapur, Tq: Mudalagi, Dist: Belagavi-591213**

(3) Denomination of the variety: **Gurl-Zn-2022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum dicoccum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Dicoccum Wheat**

(5) Parentage and geographical location of the variety: **NA and At: Gurlapur, Tq: Mudalagi, Dist: Belagavi-591213, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour pale green, flag leaf hairs on auricles absent, flag leaf width very narrow, plant length (excluding awns/scurs) very long and spike attitude (at the time of maturity) crooked.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0019

(1) Registration Number and date of grant:- **REG/2023/0019 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Mahadev Bheemappa Rangapur, At: Gurlapur, Tq: Mudalagi, Dist: Belagavi-591213**

(3) Denomination of the variety: **Gurlo-HZN-2022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum dicoccum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Dicoccum Wheat**

(5) Parentage and geographical location of the variety: **NA and At: Gurlapur, Tq: Mudalagi, Dist: Belagavi-591213, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Grain germ width narrow and grain hardness hard.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0020

(1) Registration Number and date of grant:- **REG/2023/0020 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mrs. Roopa Chidambar Kulkarni, At: Dhavaleshwar, Tq: Mudalagi, Dist: Belagavi-591310**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Arvindbhai Vallabhhai Marvaniya, A/P-Khamdhrol, Tal. & Dist. Junagadh-362002**

(3) Denomination of the variety: **MADHUVAN GAJAR**

(4) Name of:

Family: **Apiaceae**

Genus & Species: ***Daucuscarota L.***

Category/Type of variety/Common name: **Farmer / Typical/ Carrot**

(5) Parentage and geographical location of the variety: **NA and A/P-Khamdhrol, Tal. & Dist. Junagadh-362002, Gujarat**

(6) Details of the distinguishing features or the characteristics: - **Leaf: Division: Coarse, Leaf: Petiole hairiness: Sparse, Root: Color of core compare to cortes: Lighter than cortex and Root: Green colouration in top portion of flesh (in longitudinal section): Present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0087

(1) Registration Number and date of grant:- **REG/2023/0087 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhupendra Joshi on behalf of Lok Chetana Manch, Group of Farmers, S/o Late Sh. Mohan Chand Joshi, Village: Galli Baseura, PO: Golucheena, Nyay Panchayat: Ramana, Tehsil & District: Almora-263601**

(3) Denomination of the variety: **JHUMKIYA MANDWA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Late Sh. Mohan Chand Joshi, Village: Galli Baseura, PO: Golucheena, Nyay Panchayat: Ramana, Tehsil & District: Almora-263601, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Finger branching present, finger multilobe whorl present, seed covering by glumes enclosed and seed surface rough.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0088

(1) Registration Number and date of grant:- **REG/2023/0088 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhupendra Joshi on behalf of Lok Chetana Manch, Group of Farmers, S/o Late Sh. Mohan Chand Joshi, Village: Galli Baseura, PO: Golucheena, Nyay Panchayat: Ramana, Tehsil & District: Almora-263601**

(3) Denomination of the variety: **GOL MANDWA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Late Sh. Mohan Chand Joshi, Village: Galli Baseura, PO: Golucheena, Nyay Panchayat: Ramana, Tehsil & District: Almora-263601, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Glume colour dark purple, finger width (cm) wide and seed colour dark brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0110

(1) Registration Number and date of grant:- **REG/2023/0110 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Hanumanaram, Village: Sulkhaniya, Post: Bhukhereri, Tehsil: Ratangarh, Dist: Churu-331022**

(3) Denomination of the variety: **Sulkhaniya Bajri**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Sulkhaniya, Post: Bhukhereri, Tehsil: Ratangarh, Dist: Churu-331022, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Seed shape globular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0112

(1) Registration Number and date of grant:- **REG/2023/0112 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Asha Jaiv Vividhta Samooh, At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779**

(3) Denomination of the variety: **BHURA URD**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour green and seed shape drum shaped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2023/0113

(1) Registration Number and date of grant:- **REG/2023/0113 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Asha Jaiv Vividhta Samooh, At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779**

(3) Denomination of the variety: **TELIYA URD**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour green, folliage colour leaf vein colour purple and seed shape drum shaped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0114

(1) Registration Number and date of grant:- **REG/2023/0114 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Ranjit Kumar Singh, Village: Tandiya, Post: Dhadhorpur, Dist: Varanasi-221305**

(3) Denomination of the variety: **LALITA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Tandiya, Post: Dhadhorpur, Dist: Varanasi-221305, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod no. of seeds two and seed shape elongate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0115

(1) Registration Number and date of grant:- **REG/2023/0115 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ranjit Kumar Singh, Village: Tandiya, Post: Dhadhorpur, Dist: Varanasi-221305**

(3) Denomination of the variety: **ANNPURNA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Tandiya, Post: Dhadhorpur, Dist: Varanasi-221305, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Grain shape elliptical, grain germ width narrow and grain size small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0116

(1) Registration Number and date of grant:- **REG/2023/0116 & 05/05/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ranjit Kumar Singh, Village: Tandiya, Post: Dhadhorpur, Dist: Varanasi-221305**

(3) Denomination of the variety: **VISHWANATH**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Tandiya, Post: Dhadhorpur, Dist: Varanasi-221305, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour dark green, plant flag leaf attitude drooping, ear length (excluding awns and scurs) very long, lower glume shoulder shape (as for 25) sloping, grain colouration with phenol dark, grain germ width wide and brush hair length long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0122

(1) Registration Number and date of grant:- **REG/2023/0122 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pushpa Parmar, At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779**

(3) Denomination of the variety: **JHABUA LAAL**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering (50% of the plants with at least one open flower) early and pod constriction is prominent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2023/0123

(1) Registration Number and date of grant:- **REG/2023/0123 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pushpa Parmar, At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779**

(3) Denomination of the variety: **JHABUA SHYAMLI CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and At + PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Seed colour black, seed size (weight of 100 seeds at 10% moisture content) very small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0092

(1) Registration Number and date of grant:- **REG/2024/0092 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balasaheb Rambhau Laware, A/P: Pimpri Lauki Azampur, Tal: Sangamher, Dist: Ahilyanagar-413738**

(3) Denomination of the variety: **Pariga (P.R.L-1)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and A/P: Pimpri Lauki Azampur, Tal: Sangamher, Dist: Ahilyanagar-413738, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Flower colour purple, fruit length (cm) short and fruit diameter (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0093

(1) Registration Number and date of grant:- **REG/2024/0093 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balasaheb Rambhau Laware, A/P: Pimpri Lauki Azampur, Tal: Sangamher, Dist: Ahilyanagar-413738**

(3) Denomination of the variety: **Soham (S.B.L-1)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle Gourd**

(5) Parentage and geographical location of the variety: **NA and A/P: Pimpri Lauki Azampur, Tal: Sangamher, Dist: Ahilyanagar-413738, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Stem:number of primary branches: Less and Ovary: length (on the day of anthesis): Short**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0108

(1) Registration Number and date of grant:- **REG/2024/0108 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lahiri Bai Padiya, Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori**

(3) Denomination of the variety: **BADA KODO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf sheath pigmentation present, culm branching low and grain shape elliptical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0109

(1) Registration Number and date of grant:- **REG/2024/0109 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lahiri Bai Padiya, Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori**

(3) Denomination of the variety: **LADREE KODO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf attitude droopy and plant height (cm) semi dwarf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0110

(1) Registration Number and date of grant:- **REG/2024/0110 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lahiri Bai Padiya, Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori**

(3) Denomination of the variety: **BAHRI KODO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Flag leaf blade length (cm) long, culm branching medium and grain colour light brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0111

(1) Registration Number and date of grant:- **REG/2024/0111 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lahiri Bai Padiya, Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori**

(3) Denomination of the variety: **RAKHI KODO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Silpidi, PO: Chanda, Tehsil: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Culm branching low and 1000 grain weight (g) at 12% moisture content low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0117

(1) Registration Number and date of grant:- **REG/2024/0117 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Ratan Das, S/o Hirendra Das**

Village: Kakaria Tilla, GP: Dabbari, PO: Salema, Dist: Dhalai

(3) Denomination of the variety: **CHALKUMRA LOCAL**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Benincasa hispida (Thunb.) Cogn.***

Category/Type of variety/Common name: **Farmer / Typical/ Ash Gourd**

(5) Parentage and geographical location of the variety: **NA and S/o Hirendra Das**

Village: Kakaria Tilla, GP: Dabbari, PO: Salema, Dist: Dhalai, Tripura

(6) Details of the distinguishing features or the characteristics: - **Ovary length long, fruit shape cylindrical, fruit shape of apex at peduncle end flat and flesh thickness at mature fruit stage (cm) thin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0118

(1) Registration Number and date of grant:- **REG/2024/0118 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Pramod Lal Das, S/o Lt. Tagat Das**

Village: Kakaria Tilla, GP: Dabbari, PO: Salema, Dist: Dhalai

(3) Denomination of the variety: **MOGAI SEEM**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lablab purpureus (L.) Sweet***

Category/Type of variety/Common name: **Farmer / Typical/ Dolichos bean**

(5) Parentage and geographical location of the variety: **NA and S/o Lt. Tagat Das**

Village: Kakaria Tilla, GP: Dabbari, PO: Salema, Dist: Dhalai, Tripura

(6) Details of the distinguishing features or the characteristics: - **Number of nodes/racemes more and pod width (cm) short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0119

(1) Registration Number and date of grant:- **REG/2024/0119 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Smt. Chinta Rani Debbarma, W/o Santosh Debbarma**

Village: East Mendi, GP: Mendi, Dist: Dhalai-799278

(3) Denomination of the variety: **HUNTOK**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and W/o Santosh Debbarma**

Village: East Mendi, GP: Mendi, Dist: Dhalai-799278, Tripura

(6) Details of the distinguishing features or the characteristics: - **Flower colour light purple, fruit density of stripes strong and plant growth habit spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0120

(1) Registration Number and date of grant:- **REG/2024/0120 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Satyaveer Singh, Village: Chanana, Tehsil: Rajghar, Dist: Churu-332026**

(3) Denomination of the variety: **Chanana Bajri**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Chanana, Tehsil: Rajghar, Dist: Churu-332026, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Plant height tall and spike density compact.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0121

(1) Registration Number and date of grant:- **REG/2024/0121 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kalp Das, Village: Bandha, Tehsil: Takhtpur, Dist: Mungeli-495115**

(3) Denomination of the variety: **Narayna Lauki**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Bandha, Tehsil: Takhtpur, Dist: Mungeli-495115, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem: number of primary branches: Medium, Petiole: length (between 15th-20th nodes): Long, Fruit skin color:**

Light green, Fruit: shape of base (at blossom end): Depressed & Fruit: shape of apex (at peduncle) end: Flat.

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0122

(1) Registration Number and date of grant:- **REG/2024/0122 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Sundaram Verma, Dhawayali Kothi, Village: Danta, Tehsil: Danta, Ramgarh, Dist: Sikar-332702**

(3) Denomination of the variety: **Sundaram Verma Local**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Dhawayali Kothi, Village: Danta, Tehsil: Danta, Ramgarh, Dist: Sikar-332702, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Seed shape obovate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0123

(1) Registration Number and date of grant:- **REG/2024/0123 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Multan Singh, S/o Sh. Mangal Singh,**

VPO: Bhom Singh Ka Gaor, Boap, Dist: Jodhpur

(3) Denomination of the variety: **PILI BAJRI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Sh. Mangal Singh,**

VPO: Bhom Singh Ka Gaor, Boap, Dist: Jodhpur, Rajasthan

(6) Details of the distinguishing features or the characteristics: - **Plant number of productive tillers low and spike shape candle.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0134

(1) Registration Number and date of grant:- **REG/2024/0134 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nisar Ah. Malik, Village: Verinag, Kapran, Dist: Anantnag-192212**

(3) Denomination of the variety: **PPR-6**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Verinag, Kapran, Dist: Anantnag-192212, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Leaflet shape of central leaflet cordate, pod stringiness absent, pod pigmentation on pod shell absent and seed testa colour dark red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0136

(1) Registration Number and date of grant:- **REG/2024/0136 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ab. Rahman Mir, Village: Mastani, Gurez, Dist: Bandipora**

(3) Denomination of the variety: **PPR-13**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Mastani, Gurez, Dist: Bandipora, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering early, leaflets size (at terminal leaflet of 1st flowering node) medium, pod shape concave and seed testa variegation absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0137

(1) Registration Number and date of grant:- **REG/2024/0137 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manzoor Ah. Mir, Village: Zanipora, Dist: Shopian**

(3) Denomination of the variety: **PPR-5**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Zanipora, Dist: Shopian, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, pod curvature absent, pod shape of distal part (excluding beak) truncate and seed size (weight of 1000 seeds) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0138

(1) Registration Number and date of grant:- **REG/2024/0138 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ab. Rahman Padder, Village: Charigam, Salar, Dist: Anantnag**

(3) Denomination of the variety: **PPR-17**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Charigam, Salar, Dist: Anantnag, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering early, leaf intensity of green colour light and seed testa colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0139

(1) Registration Number and date of grant:- **REG/2024/0139 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ab. Rashid Mir, Village: Charigam, Pahalgam, Dist: Anantnag**

(3) Denomination of the variety: **PPR-16**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Charigam, Pahalgam, Dist: Anantnag, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Leaflets size (at terminal leaflet of first flowering node) medium, flower colour at standard petal violet, pod shape concave and plant height short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0141

(1) Registration Number and date of grant:- **REG/2024/0141 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Chotelal Soren, Village: Gopalpur, PO: Ranitanr, PS: Karmatanr, Dist: Jamtara-815352**

(3) Denomination of the variety: **NIRMALA SEM**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lablab purpureus (L.) Sweet***

Category/Type of variety/Common name: **Farmer / Typical/ Dolichos bean**

(5) Parentage and geographical location of the variety: **NA and Village: Gopalpur, PO: Ranitanr, PS: Karmatanr, Dist: Jamtara-815352, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Pod shape straight, pod shape at distal end (excluding beak) acute, number of seeds/pod few and dry seed shape oval.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2024/0142

(1) Registration Number and date of grant:- **REG/2024/0142 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Narayan Chandra Dey, S/o Sh. Prakash Chand Dey**

Ward No. 14, Maatri Ashram, Near Jamtara College, Dist: Jamtara-815351

(3) Denomination of the variety: **Arhar ANBP-95**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and S/o Sh. Prakash Chand Dey**

Ward No. 14, Maatri Ashram, Near Jamtara College, Dist: Jamtara-815351, Jharkhand

(6) Details of the distinguishing features or the characteristics: - **Flower pattern of streaks on petal (standard) sparse and seed shape elongate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0143

(1) Registration Number and date of grant:- **REG/2024/0143 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Joshpin Kisku, Village: Beltuppa, Panchayat: Dhenukatta, Poreyahat, Dist: Godda-814153**

(3) Denomination of the variety: **Joshphin Masoor**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Beltuppa, Panchayat: Dhenukatta, Poreyahat, Dist: Godda-814153, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Foliage intensity of green colour light and leaflet size (length) small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0146

(1) Registration Number and date of grant:- **REG/2024/0146 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ganesh Kumar, Village: Lagwa, Panchayat: Bhalki, Block: Jarmundi, Dist: Dumka-814145**

(3) Denomination of the variety: **MUNGA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Lagwa, Panchayat: Bhalki, Block: Jarmundi, Dist: Dumka-814145, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit erect, flower colour of petal (standard) yellow and plant height short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0148

(1) Registration Number and date of grant:- **REG/2024/0148 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chandra Shekhar Singh, Village: Tandia, Post: Dhadhorpur, Dist: Varanasi-221107**

(3) Denomination of the variety: **VASUNDHARA BADSHAH**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Tandia, Post: Dhadhorpur, Dist: Varanasi-221107, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit indeterminate and pod no of seeds are three.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0152

(1) Registration Number and date of grant:- **REG/2024/0152 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Sundaram Verma, Word No. 1, Dhabaiwali Kothi, Village: Danta, Tehsil: Danta, Ramgarh, Dist: Sikar-332702**

(3) Denomination of the variety: **SR-31**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Word No. 1, Dhabaiwali Kothi, Village: Danta, Tehsil: Danta, Ramgarh, Dist: Sikar-332702, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Flower colour of petal (standard) yellow, pod length (mature pod) medium and seed shape oval.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0155

(1) Registration Number and date of grant:- **REG/2024/0155 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sh. Devaram, Village: Gadhwal ki Dhani, Jewali via Nechhwa, Tehsil: Laxmangarh, Dist: Sikar-332026**

(3) Denomination of the variety: **DR-2**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Gadhwal ki Dhani, Jewali via Nechhwa, Tehsil: Laxmangarh, Dist: Sikar-332026, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Spike tip sterility present and seed weight of 1000 grains medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2024/0156

(1) Registration Number and date of grant:- **REG/2024/0156 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kailash Singh Rajput, Village: Dedha, Sam, Dist: Jaisalmer-345001**

(3) Denomination of the variety: **MOOCHWALI BAJRI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Dedha, Sam, Dist: Jaisalmer-345001, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Time of spike emergence (50% plants with at least one spike emerged fully) medium and leaf blade width (at widest point) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0157

(1) Registration Number and date of grant:- **REG/2024/0157 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Sh. Devaram, Village: Gadhwal ki Dhani, Jewali via Nechhwa, Tehsil: Laxmangarh, Dist: Sikar-332026**

(3) Denomination of the variety: **DR-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Gadhwal ki Dhani, Jewali via Nechhwa, Tehsil: Laxmangarh, Dist: Sikar-332026, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Plant node pubescence absent and spike density is compact.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0373

(1) Registration Number and date of grant:- **REG/2024/0373 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pushpa Parmar, At+PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779**

(3) Denomination of the variety: **JHABUA GULABI CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and At+PO: Sajili Maljisat, PS: Meghnagar, Dist: Jhabua-457779, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant height short, seed colour orange and seed shape pea-shaped.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0680

(1) Registration Number and date of grant:- **REG/2024/0680 & 05/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramnath Kumar, Village: Nipania, Panchayat: Nipania, Block: Godda, Dist: Godda-814153**

(3) Denomination of the variety: **RAMNATH BODI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna unguiculate (L.) Wala, SSP***

Category/Type of variety/Common name: **Farmer / Typical/ Cowpea**

(5) Parentage and geographical location of the variety: **NA and Village: Nipania, Panchayat: Nipania, Block: Godda, Dist: Godda-814153, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaflet shape (fully expanded penultimate matured leaf from tip of plant) hastate and seed shape kidney bean.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0714

(1) Registration Number and date of grant:- **REG/2024/0714 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhudev Mahto, Village: Nipania, Panchayat: Nipania, Block: Godda, Dist: Godda-814153**

(3) Denomination of the variety: **BHUDEV LAUKI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Nipania, Panchayat: Nipania, Block: Godda, Dist: Godda-814153, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade margin: Multifid, Leaf: Shape: Oblong, Peduncle length: Medium, Fruit: Shape of apex (at peduncle) end: Flat & Flesh: texture: Medium**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0727

(1) Registration Number and date of grant:- **REG/2024/0727 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhikhari Rai, Village: Surhuriya, Block: Suryapura, PO: Agareikala, Dist: Rohtas-802226**

(3) Denomination of the variety: **BHIKHARI LAUKI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Surhuriya, Block: Suryapura, PO: Agareikala, Dist: Rohtas-802226, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Stem: length of internodes of main stem (between 15th-20th node): Medium, Leaf blade margin: Multifid & Leaf: Width (between 15th-20th nodes): Broad.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0728

(1) Registration Number and date of grant:- **REG/2024/0728 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sikandra Singh, Village & PO: Indrukh, Block: Jamalpur, Dist: Munger**

(3) Denomination of the variety: **DESHI KUSIA MATAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Indrukh, Block: Jamalpur, Dist: Munger, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour green, flower standard petal colour purple, pod curvature medium and seed size (wt. of 1000 seeds) small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0730

(1) Registration Number and date of grant:- **REG/2024/0730 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raj Pratap Bharti & Group of Farmers, Village & PO: Chutia, PS & Dist: Banka-813102**

(3) Denomination of the variety: **ROA CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Chutia, PS & Dist: Banka-813102, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering (50% of the plants with at least one open flower) medium, pod size (length) medium and seed testa texture tuberculated.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0731

(1) Registration Number and date of grant:- **REG/2024/0731 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vijay Kumar Roy, At: Asurar, PO: Haripur, Block: Aluli, Dist: Khagaria**

(3) Denomination of the variety: **NANHA SIM**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lablab purpureus (L.) Sweet***

Category/Type of variety/Common name: **Farmer / Typical/ Dolichos bean**

(5) Parentage and geographical location of the variety: **NA and At: Asurar, PO: Haripur, Block: Aluli, Dist: Khagaria, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Flower colour purple and dry seed colour yellow white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0732

(1) Registration Number and date of grant:- **REG/2024/0732 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shashi Bhushan Singh, Village: Chandi Lohiya Nagar, Purnea East, Dist: Purnea**

(3) Denomination of the variety: **KALA SEM**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lablab purpureus (L.) Sweet***

Category/Type of variety/Common name: **Farmer / Typical/ Dolichos bean**

(5) Parentage and geographical location of the variety: **NA and Village: Chandi Lohiya Nagar, Purnea East, Dist: Purnea, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Anthocyanin pigmentation on stem (both node and internode) present, primary branches (Numbers) (Branches arising from the main stem) long, anthocyanin pigmentation on leaf petioles present, anthocyanin pigmentation on leaf vein on ventral surface present**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0734

(1) Registration Number and date of grant:- **REG/2024/0734 & 07/01/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhikhari Rai, Village: Surhuriya, Block: Suryapura, PO: Agareikala, Dist: Rohtas-802226**

(3) Denomination of the variety: **PIHU GOLD**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Surhuriya, Block: Suryapura, PO: Agareikala, Dist: Rohtas-802226, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Ear: Shape in profile: Parallel sided; Seed: Size (Weight of 1000 grains): Large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0737

(1) Registration Number and date of grant:- **REG/2024/0737 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Loknath Kumar, Village: Bethani Done, PO: Sherwa Done, Block: Ramnagar, Dist: West Champaran-845106**

(3) Denomination of the variety: **DONE MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Bethani Done, PO: Sherwa Done, Block: Ramnagar, Dist: West Champaran-845106, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit semi erect and seed testa colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0738

(1) Registration Number and date of grant:- **REG/2024/0738 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anand Mohan Singh, Village & PO: Bhalar, Block: Dharahara, Dist: Munger**

(3) Denomination of the variety: **ANAND MASOOR DESHALA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Bhalar, Block: Dharahara, Dist: Munger, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Pod anthocyanin colouration present and seed testa colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0739

(1) Registration Number and date of grant:- **REG/2024/0739 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vinay Kumar, Village: Dadhapi, PO: Goha, Dist: Aurangabad-824203**

(3) Denomination of the variety: **VINAY MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Dadhapi, PO: Goha, Dist: Aurangabad-824203, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Foliage intensity of green colour light and pod anthocyanin colouration present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0740

(1) Registration Number and date of grant:- **REG/2024/0740 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shashi Bhushan Singh, Village: Indrukh, PO: Indrukh, Block: Jamalpur, Dist: Munger-811214**

(3) Denomination of the variety: **DESI MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Indrukh, PO: Indrukh, Block: Jamalpur, Dist: Munger-811214, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Foliage intensity of green colour light, stem anthocyanin colouration present, time of flowering early and pod anthocyanin colouration present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0741

(1) Registration Number and date of grant:- **REG/2024/0741 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shashi Bhushan Singh, Village: Indrukh, PO: Indrukh, Block: Jamalpur, Dist: Munger-811214**

(3) Denomination of the variety: **VIKESH MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Indrukh, PO: Indrukh, Block: Jamalpur, Dist: Munger-811214, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering early and plant height (cm) short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Jhusou, Bhakrou, PO: Samalta, Dist: Dehradun-248165, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration present, leaflet size (at terminal leaflet of 1st flowering node) small, leaflet shape of central leaflet cordate and flower colour of standard petal violet.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0754

(1) Registration Number and date of grant:- **REG/2024/0754 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Praveen Singh Tomar, Village: Jhusou, Bhakrou, PO: Samalta, Dist: Dehradun-248165**

(3) Denomination of the variety: **GIRS RAJMASH**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Jhusou, Bhakrou, PO: Samalta, Dist: Dehradun-248165, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Plant growth type semi erect, pod colour green, pod pigmentation on pod shell present and seed testa colour white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0755

(1) Registration Number and date of grant:- **REG/2024/0755 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Param Singh, Village: Ghingou, PO: Matiyawa, Block: Chakrata, Dist: Dehradun-248196**

(3) Denomination of the variety: **CHAKRATA RAJMASH-4**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Ghingou, PO: Matiyawa, Block: Chakrata, Dist: Dehradun-248196, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Pod curvature medium, plant height short and seed testa colour dark red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0756

(1) Registration Number and date of grant:- **REG/2024/0756 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sultan Singh, Village & PO: Bado, Block: Chakrata, Dist: Dehradun-248196**

(3) Denomination of the variety: **CHAKRATA RAJMASH-10**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Bado, Block: Chakrata, Dist: Dehradun-248196, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Leaflet size (at terminal leaflet of 1st flowering node) medium, plant growth type semi erect and leaflet shape of central leaflet cordate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0757

(1) Registration Number and date of grant:- **REG/2024/0757 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shoor Veer Singh, Village: Barkoti, PO: Brauntha, Block: Chakrata, Dist: Dehradun-248196**

(3) Denomination of the variety: **CHAKRATA RAJMASH-8**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Barkoti, PO: Brauntha, Block: Chakrata, Dist: Dehradun-248196, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Leaflet size (at terminal leaflet of 1st flowering node) medium, seed size (weight of 1000 seeds) large, seed testa colour dark red and seed testa variegation present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0758

(1) Registration Number and date of grant:- **REG/2024/0758 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jeevan Singh, Village: Barkoti, PO: Brauntha, Block: Chakrata, Dist: Dehradun-248196**

(3) Denomination of the variety: **CHAKRATA RAJMASH-7**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Barkoti, PO: Brauntha, Block: Chakrata, Dist: Dehradun-248196, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Leaflet size (at terminal leaflet of 1st flowering node) medium, plant growth type semi erect, leaflet shape of central leaflet cordate and pod shape concave.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0759

(1) Registration Number and date of grant:- **REG/2024/0759 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Khajan Singh, Village & PO: Dasau, Block: Chakrata, Dist: Dehradun-248165**

(3) Denomination of the variety: **CHAKRATA RAJMASH-6**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Dasau, Block: Chakrata, Dist: Dehradun-248165, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, pod colour green and pod pigmentation on pod shell present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0760

(1) Registration Number and date of grant:- **REG/2024/0760 & 06/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sanjay Dhobal, Village & PO: Koona, Dist: Dehradun-248124**

(3) Denomination of the variety: **CHAKRATA RAJMASH-5**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Koona, Dist: Dehradun-248124, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Plant growth type semi erect and pod curvature medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

Family: **Fabaceae**

Genus & Species: ***Vigna unguiculate (L.) Wala, SSP***

Category/Type of variety/Common name: **Farmer / Typical/ Cowpea**

(5) Parentage and geographical location of the variety: **NA and Village: Dungroli, PO: Dungiyara, Dist: Dehradun-248123, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Stem colour purple and pod attachment to peduncle pendant.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0907

(1) Registration Number and date of grant:- **REG/2024/0907 & 05/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopal Singh Tomar, Village & PO: Thaina, Block: Kalsi, Dist: Dehradun-248165**

(3) Denomination of the variety: **THAINA SAUNTHA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna unguiculate (L.) Wala, SSP***

Category/Type of variety/Common name: **Farmer / Typical/ Cowpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Thaina, Block: Kalsi, Dist: Dehradun-248165, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf colour green and pod anthocyanin pigmentation at tip absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0908

(1) Registration Number and date of grant:- **REG/2024/0908 & 05/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jawahar Singh Negi, Village: Dungroli, PO: Dungiyara, Dist: Dehradun-248123**

(3) Denomination of the variety: **PAHADI SAUNTHA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna unguiculate (L.) Wala, SSP***

Category/Type of variety/Common name: **Farmer / Typical/ Cowpea**

(5) Parentage and geographical location of the variety: **NA and Village: Dungroli, PO: Dungiyara, Dist: Dehradun-248123, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Pod anthocyanin pigementation at tip present and days to maturity late.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/0910

(1) Registration Number and date of grant:- **REG/2024/0910 & 05/08/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sultan Singh Chauhan, Village & PO: Bado, Block: Chakrata, Dist: Dehradun-248196**

(3) Denomination of the variety: **BADO LOBIA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna unguiculate (L.) Wala, SSP***

Category/Type of variety/Common name: **Farmer / Typical/ Cowpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Bado, Block: Chakrata, Dist: Dehradun-248196, Uttarakhand**

(6) Details of the distinguishing features or the characteristics: - **Seed eye colour black and seed test weight (weight of 100 seeds in gram) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/1267

(1) Registration Number and date of grant:- **REG/2024/1267 & 04/02/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chiinkhan Niang, Village: Mission Compound, Dist: Churachandpur-795006**

(3) Denomination of the variety: **TANGMAI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucumis sativus L.***

Category/Type of variety/Common name: **Farmer / Typical/ Cucumber**

(5) Parentage and geographical location of the variety: **NA and Village: Mission Compound, Dist: Churachandpur-795006, Manipur**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade dentation of margin medium, appearance of first pistillate flower in 50% plant late and fruit colour of skin at market stage creamy white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2024/1312

(1) Registration Number and date of grant:- **REG/2024/1312 & 05/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kacharu Popat Wagh, At: Tarukhedle, Tal: Niphas, Dist: Nashik-422103**

(3) Denomination of the variety: **NILU 91**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle Gourd**

(5) Parentage and geographical location of the variety: **NA and At: Tarukhedle, Tal: Niphas, Dist: Nashik-422103, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Leaf length (between 15th-20th nodes) large and seed width medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2025/0204

(1) Registration Number and date of grant:- **REG/2025/0204 & 04/02/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Inchura Agro Producer Ltd, Village- Inchura, Po-Inchura, Block-Balagarh, Ps-Balagarh, Dis-Hooghly-712123**

(3) Denomination of the variety: **SARADA**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucumis sativus L.***

Category/Type of variety/Common name: **Farmer / Typical/ Cucumber**

(5) Parentage and geographical location of the variety: **NA and Village- Inchura, Po-Inchura, Block-Balagarh, Ps-Balagarh, Dis-Hooghly-712123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade length medium & leaf blade intensity of green colour high.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2007/20

(1) Registration Number and date of grant: - **REG/2007/20 & 02/04/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **B 2038**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Extant (VCK) / Others/ Pearl Millet**

(5) Parentage and geographical location of the variety: **MS 863B (Blue plant) & K82/7407-SB (Green plants population) and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit erect, plant node pigmentation green, spike shape conical and spike density semi-compact.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 02/03/1998**

Certificate of Registration No. REG/2007/21

(1) Registration Number and date of grant:- **REG/2007/21 & 06/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **B 2133**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Extant (VCK) / Others/ Pearl Millet**

(5) Parentage and geographical location of the variety: **J-1623 X MDB-72 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Spike anther colour purple and seed shape obovate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 21.05.2007**

Certificate of Registration No. REG/2007/127

(1) Registration Number and date of grant:- **REG/2007/127 & 3/4//2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, 7C Surya Towers, 105, S.P. Road, Secunderabad**

(3) Denomination of the variety: **Sona-NSH 27**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Sorghum**

(5) Parentage and geographical location of the variety: **NSA505 X NSR 201 and Nuziveedu Seeds Ltd, 7C Surya Towers, 105, S.P. Road, Secunderabad Hyderabad**

(6) Details of the distinguishing features or the characteristics: - **Seedling anthocyanin colouration of coleoptile absent, leaf sheath anthocyanin colouration absent and grain weight of 1000 grains medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 27.10.2009**

Certificate of Registration No. REG/2009/74

(1) Registration Number and date of grant:- **REG/2009/74 & 6/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **NBH 1024**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NB-60A & NB-20 R and Nuziveedu Seeds Ltd, 7C Surya Towers, 105, S.P. Road, Secunderabad Hyderabad**

(6) Details of the distinguishing features or the characteristics: - **Plant Height (including spike) (cm) Very short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 21.04.2004**

Certificate of Registration No. REG/2009/244

(1) Registration Number and date of grant:- **REG/2009/244 & 6/1/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **NRJ-01**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **New / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NS-259R & NS-265R and Nuziveedu Seeds Ltd, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Anthocyanin colouration absent and flower with pedicel length of flower medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 27.10.2009**

Certificate of Registration No. REG/2009/245

(1) Registration Number and date of grant:- **REG/2009/245 & 6/1/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **NRJ-02**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **New / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NSGP-258 & NSGP-414 and Nuziveedu Seeds Ltd, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Anthocyanin colouration absent and glume colour yellow white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since - Not commercialized**

Certificate of Registration No. REG/2009/350

(1) Registration Number and date of grant:- **REG/2009/350 & 22/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **M/s Crystal Crop Protection Limited, B-95, Wazirpur Industrial Area, Wazirpur, Delhi-110052**

(3) Denomination of the variety: **DGJ-022**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Line)('R' Restorer line)/ Sorghum**

(5) Parentage and geographical location of the variety: **MLSR 36 & MLSR 188 and M/s Crystal Crop Protection Limited, B-95, Wazirpur Industrial Area, Wazirpur, Delhi-110052**

(6) Details of the distinguishing features or the characteristics: - **Pedicel length of flower medium and grain colour after threshing white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since - Not commercialized**

Certificate of Registration No. REG/2009/458

(1) Registration Number and date of grant:- **REG/2009/458 & 28/4/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Dr. Panjabrao Deshmukh Krishi Vidyapeeth, P.O. Krishinagar, Akola-444104**

(3) Denomination of the variety: **PKV TARA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **New / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **ICPL-84008 x TT-6 and Dr. Panjabrao Deshmukh Krishi Vidyapeeth, P.O. Krishinagar, Akola-444104 Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Sparse flower pattern of streaks on petal (standard) and 3 pod no. of seeds.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 24.08.2009**

Certificate of Registration No. REG/2010/144

(1) Registration Number and date of grant:- **REG/2010/144 & 3/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kaveri Seed Company Ltd, #513-B, 5th Floor, Minerva Complex, SD Road, Secunderabad-500003**

(3) Denomination of the variety: **KSMS 217**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **New / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **Developed by selection Sib matting from own germplasm (217A x 217B) and The Research Development farm of the company at Gowraram P. O., Wargal Mandal, Madak District (AP) Hyderabad India Pin Code 502279**

(6) Details of the distinguishing features or the characteristics: - **Grain: Colour after threshing: Yellow orange (THS 14-20) and Grain: Lustre; Non-lustrous.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/215

(1) Registration Number and date of grant:- **REG/2010/215 & 26/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **M/s Crystal Crop Protection Limited, B-95, Wazirpur Industrial Area, Wazirpur, Delhi-110052**

(3) Denomination of the variety: **DGB-016**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **MLA-56 & MLBI-1169 and M/s Crystal Crop Protection Limited, B-95, Wazirpur Industrial Area, Wazirpur, Delhi-110052**

(6) Details of the distinguishing features or the characteristics: - **Spike girth at maximum point (excluding bristles) (cm) thick.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/246

(1) Registration Number and date of grant:- **REG/2010/246 & 17/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gram Panchayat Malla Ghorpatta, Village & P.O. Munsyari, Pithoragarh-262554**

(3) Denomination of the variety: **Safed Jhulu Swant**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village & P.O. Munsyari, Pithoragarh-262554**

(6) Details of the distinguishing features or the characteristics: - **Viny plant twining habit, indeterminate plant height, green pod colour and brown seed testa colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/247

(1) Registration Number and date of grant:- **REG/2010/247 & 18/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gram Panchayat Suring, Village Suring, P.O. Rathi, Tehsil Munsiyari, Pithoragarh-262554**

(3) Denomination of the variety: **Safed Swant**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village Suring, P.O. Rathi, Tehsil Munsiyari, Pithoragarh-262554**

(6) Details of the distinguishing features or the characteristics: - **Viny plant twining habit, indeterminate plant height, rhombohedric shape of central leaflet and brown seed testa colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/248

(1) Registration Number and date of grant:- **REG/2010/248 & 18/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gram Panchayat Sarmouli, Village & P.O. Munsyari, Pithoragarh-262554**

(3) Denomination of the variety: **Chitkabra Lal Jhulu Swant**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village & P.O. Munsyari, Pithoragarh-262554**

(6) Details of the distinguishing features or the characteristics: - **Ovate shape of central leaflet.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/390

(1) Registration Number and date of grant:- **REG/2010/390 & 16/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHTM 302**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1-ToLCV 876 and P2-ToLCV 825 and**

(6) Details of the distinguishing features or the characteristics: - **3-4 fruit number of locules.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialized**

Certificate of Registration No. REG/2010/405

(1) Registration Number and date of grant:- **REG/2010/405 & 20/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **BJ 60213**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **B-13 and B-29 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Absent seedling anthocyanin colouration of hypocotyl and medium (5-10 cm) fruit diameter.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/408

(1) Registration Number and date of grant:- **REG/2010/408 & 9/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MEBH 39-Improved**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **B-1318 and B-1481 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Green fruit colour of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 30/01/2010**

Certificate of Registration No. REG/2010/413

(1) Registration Number and date of grant:- **REG/2010/413 & 10/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MEBH 10-Improved**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **B-1065-1 and B-1275-2 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Late flowering time (days after seed sowing) and present fruit stripes.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 31/12/2010**

Certificate of Registration No. REG/2010/417

(1) Registration Number and date of grant:- **REG/2010/417 & 5/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **SOK-586**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **OK-122 and OK-127 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Shallow leaf blade depth of lobing & medium fruit length at marketable stage (four days after anthesis).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 08.01.2007 (Hybrid SLFH 7777)**

Certificate of Registration No. REG/2010/430

(1) Registration Number and date of grant:- **REG/2010/430 & 20/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-015**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **Segregating population of BI-12 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 14/06/2004**

Certificate of Registration No. REG/2010/431

(1) Registration Number and date of grant:- **REG/2010/431 & 24/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-011**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **D-493 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Weak fruit spininess of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 06.08.2004 (Hybrid- SBJH-132)**

Certificate of Registration No. REG/2010/435

(1) Registration Number and date of grant:- **REG/2010/435 & 20/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-014**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **D-345 and BI-109 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Early flowering time (days after seed sowing).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 22/04/2005**

Certificate of Registration No. REG/2010/436

(1) Registration Number and date of grant:- **REG/2010/436 & 6/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-022**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **BI-76 (Pure line selection) and Sungro Research Farms at village-Janti, Sonepat, Haryana**

(6) Details of the distinguishing features or the characteristics: - **Small fruit diameter of pistil scar, yellow fruit colour of skin at physiological maturity.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 18/05/2007**

Certificate of Registration No. REG/2010/443

(1) Registration Number and date of grant:- **REG/2010/443 & 15/6/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-017**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **BI-50 and BI-59 and Sungro Research Farms at village-Janti, Sonepat, Haryana**

(6) Details of the distinguishing features or the characteristics: - **Light leaf intensity of colour of vein.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 28.01.2005**

Certificate of Registration No. REG/2010/450

(1) Registration Number and date of grant:- **REG/2010/450 & 29/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-038**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **D-383 x D-386 and Sungro Research Farms at village -Janti, Sonepat , Haryana**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration absent, flower colour light purple, fruit general shape ovoid and plant growth habit spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 22.04.2005 (Hybrid- SBJH-143)**

Certificate of Registration No. REG/2010/454

(1) Registration Number and date of grant:- **REG/2010/454 & 9/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **NOKH-1002**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **New / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **OK-169 x OK-199 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade Depth of lobbing shallow and fruit length of physiologically mature fruit (cm) medium (10-15 cm).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 9/07/2010**

Certificate of Registration No. REG/2010/455

(1) Registration Number and date of grant:- **REG/2010/455 & 20/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **SONA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1-BA-1028 and P2-FN-9016 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Intermediate leaf structure.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 09.08.2009**

Certificate of Registration No. REG/2010/458

(1) Registration Number and date of grant:- **REG/2010/458 & 22/4/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **WHITE DIAMOND**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea L.var. botrytis L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Cauliflower**

(5) Parentage and geographical location of the variety: **NCFD-7116 and NCFD-7122 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Narrow elliptic leaf shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 6/08/2009**

Certificate of Registration No. REG/2010/460

(1) Registration Number and date of grant:- **REG/2010/460 & 25/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **RIYA**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea L.var. botrytis L.***

Category/Type of variety/Common name: **New / Hybrid/ Cauliflower**

(5) Parentage and geographical location of the variety: **NCFD-60 NCFD-83 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Medium curd compactness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

commercialized since Not Commercialized

Certificate of Registration No. REG/2010/478

(1) Registration Number and date of grant:- **REG/2010/478 & 24/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **KARUNA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-03 NBJ-04 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Light purple flower colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/479

(1) Registration Number and date of grant:- **REG/2010/479 & 19/4/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **KARAN**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-01 NBJ-02 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Seedling anthocyanin colouration of hypocotyl present and globular fruit general shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/481

(1) Registration Number and date of grant:- **REG/2010/481 & 24/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **HYBRID-744**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-19 AND NBJ-20 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Greenish white flower colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26/05/2009**

Certificate of Registration No. REG/2010/482

(1) Registration Number and date of grant:- **REG/2010/482 & 20/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **HYB.3425**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **BA-1559 FN-9031 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Highly serrated leaflet serration and fruit green shoulder (before maturity) present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/484

(1) Registration Number and date of grant:- **REG/2010/484 & 6/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **GULABI ROUND**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-07 x NBJ-08 NBJ-07 NBJ-08 and Nuziveedu Seeds Pvt. Limited, Akbarpur Barotra-Village, Sonipat-District, Haryana/Banglore-Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Globular fruit general shape, indented fruit shape of apex, green fruit shape of apex.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercilalised**

Certificate of Registration No. REG/2010/485

(1) Registration Number and date of grant:- **REG/2010/485 & 6/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **NBH-1112**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-11 x NBJ-12 NBJ-11 NBJ-12 and Nuziveedu Seeds Pvt. Ltd., Akbarpur Barota-Village, Sonipat-District-Haryana/Banglore-Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Medium fruit intensity of colour of calyx and medium plant spread (distance between two extremes leaf tips at widest point).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since Not Commercialized

Certificate of Registration No. REG/2010/486

(1) Registration Number and date of grant:- **REG/2010/486 & 24/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **DURGA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-23 NBJ-24 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Medium fruit length and purple fruit colour of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/487

(1) Registration Number and date of grant:- **REG/2010/487 & 22/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **IMPRO ANAND-08**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-97 NBJ-98 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Green fruit colour of skin at commercial harvesting and present fruit stripes.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/488

(1) Registration Number and date of grant:- **REG/2010/488 & 22/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **IMPRO PREETI-696**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **NBJ-94 NBJ-95 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Present leaf spininess and present fruit stripes.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2010/493

(1) Registration Number and date of grant:- **REG/2010/493 & 7/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(3) Denomination of the variety: **BA-1021**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Parental line)/ Tomato**

(5) Parentage and geographical location of the variety: **P1 –ITM-NS-2103, P2 –ITM-NS-02 and Nuziveedu Seeds Ltd, NSL ICON, No.8-2-684/2/A, Plot No. 1 TO 4, 4th Floor, Opp. ICICI Bank, Road No. 12, Banjara Hills, Hyderabad-500034**

(6) Details of the distinguishing features or the characteristics: - **Orange fruit colour at maturity.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(6) Details of the distinguishing features or the characteristics: - **Fruit surface between ridges flat.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2011/33

(1) Registration Number and date of grant:- **REG/2011/33 & 24/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHBJ 99**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **B 789 and B 787 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Green fruit colour of skin at commercial harvesting and medium fruit intensity of green colour of skin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 12th April 2006**

Certificate of Registration No. REG/2011/37

(1) Registration Number and date of grant:- **REG/2011/37 & 16/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHBJ 111**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **B 782 and B 285 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Small fruit diameter.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26/09/2003**

Certificate of Registration No. REG/2011/39

(1) Registration Number and date of grant:- **REG/2011/39 & 24/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHBJ 112**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **B 789 and B 787 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Obovate fruit general shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 12th April 2006**

Certificate of Registration No. REG/2011/43

(1) Registration Number and date of grant:- **REG/2011/43 & 3/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **SCFH-50**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea L.var. botrytis L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Cauliflower**

(5) Parentage and geographical location of the variety: **SCF-100285 and SCF-110285 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Leaf shape elliptic and curd covering by inner leaves not covered.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 23.03.2004**

Certificate of Registration No. REG/2011/51

(1) Registration Number and date of grant:- **REG/2011/51 & 24/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **SBJH-123-Improved**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **SBL-100113 and SBL-110113 and Mahyco Research Research Farms Across varous locations in India**

(6) Details of the distinguishing features or the characteristics: - **Purple flower colour and weak fruit intensity of colour of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 31st March 2014**

Certificate of Registration No. REG/2011/57

(1) Registration Number and date of grant:- **REG/2011/57 & 25/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **SBJH-183**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **SBL-100129 and SBL-110129 and Sungro Research Farms at village -Janti, Sonepat , Haryana**

(6) Details of the distinguishing features or the characteristics: - **Seedling anthocyanin colouration of hypocotyl present, stem anthocyanin colouration present, fruit length long and fruiting pattern mixed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 22.08.2005**

Certificate of Registration No. REG/2011/95

(1) Registration Number and date of grant:- **REG/2011/95 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, 5th Floor Kanchenjunga Building, 18 Barakhamba Road, New Delhi-110001**

(3) Denomination of the variety: **BIO 228 H**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **62216 x 62459 and Bioseed research india research farm , mokilla village , shankarpally mandal, ranga, reddy district, hyderabad.**

(6) Details of the distinguishing features or the characteristics: - **Light intensity of green colour and medium fruit length of physiologically mature fruit (cm).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialized**

Certificate of Registration No. REG/2011/104

(1) Registration Number and date of grant:- **REG/2011/104 & 6/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bejo Sheetal Seeds Pvt Ltd, Bejo Sheetal Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 893**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NMH-1 x NMH-2 NMH-1 NMH-2 and DRS Farm, Beejsheetal Research Pvt. Ltd.Mantha Cornar, Matha Road, Jalna-431203 (M.S)**

(6) Details of the distinguishing features or the characteristics: - **Absence of friut constriction of basal part.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 20.07.2009**

Certificate of Registration No. REG/2011/105

(1) Registration Number and date of grant:- **REG/2011/105 & 6/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bejo Sheetal Seeds Pvt Ltd, Bejo Sheetal Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 532**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **RMF 6 x RMF-7 RMF 6 RMF 7 and DRS Farm, Beejsheetal Research Pvt. Ltd.Mantha Cornar, Matha Road, Jalna-431203 (M.S)**

(6) Details of the distinguishing features or the characteristics: - **Weak fruit constriction of basal part.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 27/07/2007**

Certificate of Registration No. REG/2011/106

(1) Registration Number and date of grant:- **REG/2011/106 & 6/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bejo Sheetal Seeds Pvt Ltd, Bejo Sheetal Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS 898**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **Bejo 7 x Bejo 8 Bejo 7 Bejo 8 and DRS Farm, Beejsheetal Research Pvt. Ltd.Mantha Cornar, Matha Road, Jalna-431203 (M.S)**

(6) Details of the distinguishing features or the characteristics: - **Medium leaf blade serration of margin Distinct.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 20.07.2009**

Certificate of Registration No. REG/2011/107

(1) Registration Number and date of grant:- **REG/2011/107 & 9/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS 441 (Pune Red)**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Onion**

(5) Parentage and geographical location of the variety: **Baban A2 x LR Bom C82 and Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(6) Details of the distinguishing features or the characteristics: - **Bulb basic colour of dry skin dark red, bulb colour of epidermis of fleshy scale reddish.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 1999**

Certificate of Registration No. REG/2011/109

(1) Registration Number and date of grant:- **REG/2011/109 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS 858**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa L.***

Category/Type of variety/Common name: **Extant (VCK) / Typical/ Onion**

(5) Parentage and geographical location of the variety: **Selection yelllow from C yline and Bejo sheetal Seeds Pvt. Ltd. Bejo Sheetal Corner, Mantha Road , Jalna, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Foliage attitude semi-erect, foliage intensity of green colour dark and bulb thickness of rings medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2011/110

(1) Registration Number and date of grant:- **REG/2011/110 & 9/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS 827**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa L.***

Certificate of Registration No. REG/2011/121

(1) Registration Number and date of grant:- **REG/2011/121 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-539 (Janak)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **Oscar and Rb-9-2-1-1 Oscar Rb-9-2-1-1 and DRS Farm of Bijo sheetal Seeds PVT. Ltd , Bejo Sheetal Corner, Mantha Road, Jalna , MS**

(6) Details of the distinguishing features or the characteristics: - **Leaf blistering absent and fruit size of calyx large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since -**

Certificate of Registration No. REG/2011/122

(1) Registration Number and date of grant:- **REG/2011/122 & 20/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bejo Sheetal Seeds Pvt Ltd, Bejo Sheetal Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS-624**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **MGR 2 Vash 7 and Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203 MS**

(6) Details of the distinguishing features or the characteristics: - **Short fruit length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since Not Commercialized

Certificate of Registration No. REG/2011/123

(1) Registration Number and date of grant:- **REG/2011/123 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-332**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **PN-901 and PN-902 PN-901 PN-902 and DRS Farm of Bijo sheetal Seeds PVT. Ltd , Bejo Sheetal Corner, Mantha Road, Jalna , MS**

(6) Details of the distinguishing features or the characteristics: - **Seedling intensity of anthocyanin colouration of hypocotyl strong, leaf width small, flower colour dark purple & fruit intensity of colour of calyx medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since Not Commercialized

Certificate of Registration No. REG/2011/124

(1) Registration Number and date of grant:- **REG/2011/124 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-420 (Kranti)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1 – Dirty 1, P2 – Nema 3-1 Dirty 1 Nema 3-1 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Flower colour yellow and fruit colour of flesh at maturity red.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2011/126

(1) Registration Number and date of grant:- **REG/2011/126 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-488 (Jassi)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1 – Vessa 2, P2 – Zera 7 Vessa 2 Zera 7 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Flower nature of stigma non-exserted, fruit size of scar around peduncle medium and fruit size of core in cross section medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2011/127

(1) Registration Number and date of grant:- **REG/2011/127 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-802**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **TY11 1 x NKG 2 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Present fruit green shoulder (before maturity) and shallow fruit depression at peduncle end.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2011/128

(1) Registration Number and date of grant:- **REG/2011/128 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-731 (RUTURAJ)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1 – TY11, P2 – BIB 18 TY 11 BIB 18 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Flower stigma multilobe, fruit width small, fruit shape in longitudinal section obovoid and fruit thickness of the pericarp thick.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2011/129

(1) Registration Number and date of grant:- **REG/2011/129 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-571 (Ashwin)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1 – Dirty 4, P2 – Amol-1 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Leaf attitude in relation to main stem semi erect and fruit ribbing at peduncle end medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialised**

Certificate of Registration No. REG/2011/130

(1) Registration Number and date of grant:- **REG/2011/130 & 24/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bejo Sheetal Seeds Pvt Ltd, Bejo Sheetal Corner, Mantha Road, Jalna-431203**

(3) Denomination of the variety: **BSS-684 (DHANRAJ)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **USNR 1 NKG 2 and Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203 MS**

(6) Details of the distinguishing features or the characteristics: - **Weak fruit ribbing at peduncle end and 2 fruit number of locules.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialised**

Certificate of Registration No. REG/2011/131

(1) Registration Number and date of grant:- **REG/2011/131 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-418 (Sartaj)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1 – Vessa 2, P2 – Ronco 1 Vessa 2 Ronco 1 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape at blossom end flat to pointed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialised**

Certificate of Registration No. REG/2011/132

(1) Registration Number and date of grant:- **REG/2011/132 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

(3) Denomination of the variety: **BSS-422 (Nayak)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1 – Dirty 4, P2 – Car 46-1-1. Dirty 4 Car 46-1-1 and DRS Farm, Bejo Sheetal Seeds Pvt. Ltd. Jalna -431-203, (Maharashtra)**

(6) Details of the distinguishing features or the characteristics: - **Leaf width narrow, leaf attitude in relation to main stem horizontal and inflorescence type multiparous.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialised**

Certificate of Registration No. REG/2011/133

(1) Registration Number and date of grant:- **REG/2011/133 & 2/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Beejsheetal Research Pvt. Ltd., Mantha Corner, Mantha Road, Jalna-4331203**

Certificate of Registration No. REG/2011/1348

(1) Registration Number and date of grant:- **REG/2011/1348 & 13/7/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **S-EP-060**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Other (Inbred Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **D-305 and Sungro Research Farms at village - Janti, sonepat in Haryana**

(6) Details of the distinguishing features or the characteristics: - **Sinuate leaf margin and ovoid fruit general shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since Not Commercialized

Certificate of Registration No. REG/2012/66

(1) Registration Number and date of grant:- **REG/2012/66 & 18/5/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shingara Singh, S/o Sh. Bakhtaur Singh, Village: Gehlan; Tehsil; Distt.: Barnala**

(3) Denomination of the variety: **Wheat 'Punjab Shingar'**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **Village: Gehlan; Tehsil; Distt.: Barnala**

(6) Details of the distinguishing features or the characteristics: - **Dense ear density**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialized**

Certificate of Registration No. REG/2012/69

(1) Registration Number and date of grant:- **REG/2012/69 & 3/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tamil Nadu Agricultural University, Tamil Nadu Agricultural University, Coimbatore-641003**

(3) Denomination of the variety: **COBG 653 (TNAU BG Co6)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **New / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **DU 2 x VB 20 and Dept. of Pulses, Centre for Plant Breeding and Genetics, TNAU**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit semi erect, stem pubescence present and pod pubescence absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2012/80

(1) Registration Number and date of grant:- **REG/2012/80 & 6/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401**

(3) Denomination of the variety: **NBJ-08**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Other (Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **Panipat local x NBGP-25 and Nuziveedu Seeds Pvt. Limited, Akbarpur Barotra-Village, Sonipat-District, Haryana/Banglore-Karnataka**

(6) Details of the distinguishing features or the characteristics: - **indented fruit shape of apex and medium fruit glossiness at harvest maturity.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 22.11.2012**

Certificate of Registration No. REG/2012/94

(1) Registration Number and date of grant:- **REG/2012/94 & 10/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NBJ-22**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Other (Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **NISHA and NBGP-23 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Absent leaf spininess.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26.05.2009**

Certificate of Registration No. REG/2012/95

(1) Registration Number and date of grant:- **REG/2012/95 & 24/7/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401**

(3) Denomination of the variety: **NBJ-24**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **New / Other (Parental Line)/ Brinjal**

(5) Parentage and geographical location of the variety: **Developed through pedigree selection by crossing Bihar Gulabi Local and NBGP-04 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Indented fruit shape of apex and whitish fruit colour of flesh.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialized**

Certificate of Registration No. REG/2012/103

(1) Registration Number and date of grant:- **REG/2012/103 & 29/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indian Council of Agricultural Research, Krishi Bhawan, New Delhi-110001**

(3) Denomination of the variety: **SWARNA SHAKTI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Extant (VCK) / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **Swarna Pratibha and Swarna Shree and ICAR Research Complex for Eastern region, Research Centter Ranchi**

(6) Details of the distinguishing features or the characteristics: - **Fruit colour of skin at commercial harvesting green and fruit spininess of calyx green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since 30.03.2006

Certificate of Registration No. REG/2012/156

(1) Registration Number and date of grant:- **REG/2012/156 & 20/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Namdhari Seeds Pvt Ltd, Uragahalli, Ramanagara, Taluk, Bidadi-562109, Bengaluru**

(3) Denomination of the variety: **ADITI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **P1-((119 X 101) × CLN 2123A)-12427232-SB and P2 (#32 × #8123)-42293741-SB and Namdhari Seeds Pvt Ltd, Uragahalli, Ramanagara, Taluk, Bidadi-562109, Bengaluru**

(6) Details of the distinguishing features or the characteristics: - **Fruit green shoulder (before maturity) present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialized**

Certificate of Registration No. REG/2012/377

(1) Registration Number and date of grant:- **REG/2012/377 & 22/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **JK Agri Genetics Ltd, 1-10-177, 4th Floor, Varun Towers, Begumpet, Hyderabad-500016**

(3) Denomination of the variety: **JKOH 1055**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **New / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **JKOK 555 and JKOK 295 and JK Agri Genetics Ltd, 1-10-177, 4th Floor, Varun Towers, Begumpet, Hyderabad-500016**

(6) Details of the distinguishing features or the characteristics: - **Deep leaf blade depth of lobing and green fruit colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not commercialized**

Certificate of Registration No. REG/2012/378

(1) Registration Number and date of grant: - **REG/2012/378 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **JK Agri Genetics Ltd, 1-10-177, 4th Floor, Varun Towers, Begumpet, Hyderabad-500016**

(3) Denomination of the variety: **JKOH 1054**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **New / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **JKO 454 × JKO 295 and R & D Centre, Mandal: Medchal, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Stem number of nodes at first flowering (upto and including the first flowering node) many and leaf blade colour between veins green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since Not Commercialized**

Certificate of Registration No. REG/2012/66

(1) Registration Number and date of grant:- **REG/2012/66 & 18/5/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shingara Singh, S/o Sh. Bakhtaur Singh, Village: Gehlan; Tehsil; Distt.: Barnala**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145, Tripura**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, plant growth habit spreading and plant habit intermediate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/740

(1) Registration Number and date of grant:- **REG/2013/740 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indranagar Farmers Club, Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145**

(3) Denomination of the variety: **TOMATO (SABROOM)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: **NA and Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145, Tripura**

(6) Details of the distinguishing features or the characteristics: - **Small fruit size of blossom scar and very high fruit total soluble solids.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/745

(1) Registration Number and date of grant:- **REG/2013/745 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indranagar Farmers Club, Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145**

(3) Denomination of the variety: **LOCAL ARAL**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Chief Coordinator-Biswajit Mazumder Village: Rabendra nagar, P.O. Chalita Chari, P.S. Sabroom, Dist: South Tripura-799145, Tripura**

(6) Details of the distinguishing features or the characteristics: - **Medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/879

(1) Registration Number and date of grant:- **REG/2013/879 & 16/12/2022**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Smt. Girijadevi, W/o Sangappa Banakarost: Joisaraharalahalli, Tq: Ranebennur, Dist: Haveri-581208**

(3) Denomination of the variety: **Barsi Jawar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and W/o Sangappa Banakarost: Joisaraharalahalli, Tq: Ranebennur, Dist: Haveri-581208, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Late plant time to 50% flowering (50% of the plants with 50% anthesis) and short panicle length without peduncle (cm)).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1013

(1) Registration Number and date of grant:- **REG/2013/1013 & 03/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashok Mahadevappa Halli, At post: Shagoti, Dist: Gadag**

(3) Denomination of the variety: **BILE BADANE**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and At post: Shagoti, Dist: Gadag, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Flower: Size: Medium, Fruit: General shape: Cylindrical, Fruit: Spininess of calyx: Absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1027

(1) Registration Number and date of grant:- **REG/2013/1027 & 04/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Desi Beeja Samrakshakara Sangha, At post: Shagoli, Dist: Gadag-582205**

(3) Denomination of the variety: **SADAGARA NANDYAL**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and At post: Shagoli, Dist: Gadag-582205, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Grain texture of endosperm (in longitudinal section)- 3/4 farinaceous (25% corneous).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1028

(1) Registration Number and date of grant:- **REG/2013/1028 & 05/05/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashok Mahadevappa Halli, At post: Shagoli, Dist: Gadag-582205**

(3) Denomination of the variety: **BANNISAL WHEAT (BANNISAL GODHI)**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum durum Desf.***

Category/Type of variety/Common name: **Farmer / Typical/ Durum Wheat**

(5) Parentage and geographical location of the variety: **NA and At post: Shagoli, Dist: Gadag-582205, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit intermediate, flag leaf waxiness of blade strong, ear waxiness strong, awns length very long and peduncle length medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1389

(1) Registration Number and date of grant:- **REG/2013/1389 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sonali Pathar Parichalana Samittee, Village & P.O. Pitambar Hat Bajali, P.S. Rangia, Distt.: Kamrup-781354**

(3) Denomination of the variety: **GARO MAH**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & P.O. Pitambar Hat Bajali, P.S. Rangia, Distt.: Kamrup-781354, Assam**

(6) Details of the distinguishing features or the characteristics: - **Medium time of flowering (50% of plants with atleast one open flower) and sparse flower pattern of streaks on petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1396

(1) Registration Number and date of grant:- **REG/2013/1396 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sonali Pathar Parichalana Samittee, Village & P.O. Pitambar Hat Bajali, P.S. Rangia, Distt.: Kamrup-781354**

(3) Denomination of the variety: **THAKUR KALAI (KATIAMAH)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village & P.O. Pitambar Hat Bajali, P.S. Rangia, Distt.: Kamrup-781354, Assam**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit spreading, panicle length short and seed colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1451

(1) Registration Number and date of grant:- **REG/2013/1451 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **All Mizoram Farmer's Union (AMFU), General HQRS, Treasury Square, Aizawl-796001**

(3) Denomination of the variety: **BEHLIANG**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and General HQRS, Treasury Square, Aizawl-796001, Mizoram**

(6) Details of the distinguishing features or the characteristics: - **Present leaf pubescence on lower surface of the leaf and present waxiness of pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1567

(1) Registration Number and date of grant:- **REG/2013/1567 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tokraj Barla, Village: Dhaneli Kanhar, Post: Dhaneli Kanhar, Tehsil: Kanker, Dist: Kanker**

(3) Denomination of the variety: **UTERA URADA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Dhaneli Kanhar, Post: Dhaneli Kanhar, Tehsil: Kanker, Dist: Kanker, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Hypocotyl anthocyanin colouration absent, plant habit indeterminate, leaflet (terminal) shape deltoid and plant height short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1568

(1) Registration Number and date of grant:- **REG/2013/1568 & 18/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tokraj Barla, Village: Dhaneli Kanhar, Post: Dhaneli Kanhar, Tehsil: Kanker, Dist: Kanker**

(3) Denomination of the variety: **BATARI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Dhaneli Kanhar, Post: Dhaneli Kanhar, Tehsil: Kanker, Dist: Kanker, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Blue flower standard petal colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1605

(1) Registration Number and date of grant:- **REG/2013/1605 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Samaylal Rajware, Village: Salka, Dist: Koria, Post: Mansukh, Baikunthpur**

(3) Denomination of the variety: **TUDAJU**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Salka, Dist: Koria, Post: Mansukh, Baikunthpur, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaflet (terminal) shape deltoid, petiole colour green with purple splashes, plant height short, seed colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1660

(1) Registration Number and date of grant:- **REG/2013/1660 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gendu Gaur, Village: Begari, Panchayat: Mohagaon, Post: Palimera, Chhuikhadan, Distt: Rajnandgaon**

(3) Denomination of the variety: **DESI ARHAR BENGARI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Begari, Panchayat: Mohagaon, Post: Palimera, Chhuikhadan, Distt: Rajnandgaon, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Orange yellow flower colour of base of petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1665

(1) Registration Number and date of grant:- **REG/2013/1665 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ganpad Gaur, Village: Begari, Panchayat: Mohagaon, Post: Palimera, Chhuikhadan, Distt: Rajnandgaon**

(3) Denomination of the variety: **ARHAR GANPAD**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Begari, Panchayat: Mohagaon, Post: Palimera, Chhuikhadan, Distt: Rajnandgaon, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2013/1667

(1) Registration Number and date of grant:- **REG/2013/1667 & 06/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Koiram Lodhi, Manpur Pahari, Panchayat: Mohagaon, Post: Pelimeta, Chhuikhadan, Rajnandgaon**

(3) Denomination of the variety: **Arhar (Deshi) Manpur Pahadi**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Manpur Pahari, Panchayat: Mohagaon, Post: Pelimeta, Chhuikhadan, Rajnandgaon, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium plant height and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/136

(1) Registration Number and date of grant:- **REG/2014/136 & 15/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Paresh Bauri, Vill- Ranbahal, P.O.-Amarkanan, Dist- Bankura**

(3) Denomination of the variety: **KUMKUM**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Vill- Ranbahal, P.O.-Amarkanan, Dist- Bankura, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **4-5 cm pod size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/220

(1) Registration Number and date of grant:- **REG/2014/220 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indramal Tribal Seed Saver Group, At: Inshi, Tal: Kalwan, Dist: Nashik-423501**

(3) Denomination of the variety: **GAVRAN WATANE**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and At: Inshi, Tal: Kalwan, Dist: Nashik-423501, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Flowering opening days early, flower standard petal colour purple and pod intensity of green is green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/228

(1) Registration Number and date of grant:- **REG/2014/228 & 09/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Satish Baburao Chavan, At post: Vihapur, Tal: Kadegaon, Dist: Sangli-415304**

(3) Denomination of the variety: **CHUNULA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and At post: Vihapur, Tal: Kadegaon, Dist: Sangli-415304, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Single pod number and light green pod intensity of green colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/482

(1) Registration Number and date of grant:- **REG/2014/482 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Khamkaran Rajpoot, S/o Shri Ramcharan lal, Village: Bhawanipur, Ujhani, Badaun-243639**

(3) Denomination of the variety: **Rukmani**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Shri Ramcharan lal, Village: Bhawanipur, Ujhani, Badaun-243639, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long spike length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/485

(1) Registration Number and date of grant:- **REG/2014/485 & 08/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gajindra Singh, S/o Shri Mehtab Singh, Village: Fatehpur, Post: Ujhani, Dist: Badaun-243639**

(3) Denomination of the variety: **RAJWATI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Shri Mehtab Singh, Village: Fatehpur, Post: Ujhani, Dist: Badaun-243639, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Spreading plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/606

(1) Registration Number and date of grant:- **REG/2014/606 & 06/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopal Sharma, S/o Shri Brijmohan Sharma, Village & Post: Chhatuiya, Block: Ujhani, Dist: Badaun**

(3) Denomination of the variety: **Sita Chhatuiya**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Shri Brijmohan Sharma, Village & Post: Chhatuiya, Block: Ujhani, Dist: Badaun, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Dark green foliage colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/621

(1) Registration Number and date of grant:- **REG/2014/621 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Muneshwar Ekka, Village: Nakna, Post: Batoli, Distt: Surguja**

(3) Denomination of the variety: **KARNI URD**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Nakna, Post: Batoli, Distt: Surguja, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem colour purple, pod intensity of green colour premature pods yellowish green, pod length medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/622

(1) Registration Number and date of grant:- **REG/2014/622 & 26/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Muneshwar Ekka, Village: Nakna, Post: Batoli, Distt: Surguja**

(3) Denomination of the variety: **CHAITA ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Nakna, Post: Batoli, Distt: Surguja, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Late time of flowering (50% of the plants with atleast one open flower).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/625

(1) Registration Number and date of grant:- **REG/2014/625 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramsajeevan, S/o Ramswaroop, Village: Sakroli, Post: Madhapur, Tehsil: Safipur, Dist: Unnao-209868**

(3) Denomination of the variety: **JEEVAN**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and S/o Ramswaroop, Village: Sakroli, Post: Madhapur, Tehsil: Safipur, Dist: Unnao-209868, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Intermediate plant growth habit and narrow lower glume shaller width (spikelets in mid third of ear).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/636

(1) Registration Number and date of grant:- **REG/2014/636 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mangan Khalkho, Village: Nakna, Post: Barai Kela, Distt: Surguja**

(3) Denomination of the variety: **MOTA ARHAR KARTIKA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Nakna, Post: Barai Kela, Distt: Surguja, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium pod size, medium plant height and cream seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/663

(1) Registration Number and date of grant:- **REG/2014/663 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Brijnandan, Village: Nakna, Post: Barai Kela, Distt: Surguja**

(3) Denomination of the variety: **PAHARI RAHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Nakna, Post: Barai Kela, Distt: Surguja, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium plant height and medium seed size (100 seed wt.)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2014/676

(1) Registration Number and date of grant:- **REG/2014/676 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anand Manjhi, Village: Piska, Post: Piska, Dist: Ranchi**

(3) Denomination of the variety: **ANAND CHANA-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village: Piska, Post: Piska, Dist: Ranchi, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Small seed size (weight of 100 seeds at 10% moisture content), owl's head seed shape and smooth seed testa texture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(5) Parentage and geographical location of the variety: **NA and Village: Palki, Post: Bijali, Tehsil & Dist: Narayanpur-494661, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Slight pod constriction and globular seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1377

(1) Registration Number and date of grant:- **REG/2014/1377 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Krishna Dugga, Village: Palki, Post: Bijali, Tehsil & Dist: Narayanpur-494661**

(3) Denomination of the variety: **Krishna Moong**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Palki, Post: Bijali, Tehsil & Dist: Narayanpur-494661, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem pubescence absent, pod colour brown and pod length (mature pod) curved.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2014/1403

(1) Registration Number and date of grant:- **REG/2014/1403 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Arend Krishak Samudaye, Village: Arend, Tehsil: Sitapur, Dist: Surguja**

(3) Denomination of the variety: **Karhani Urd**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Arend, Tehsil: Sitapur, Dist: Surguja, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, plant height short and seed shape globose.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1404

(1) Registration Number and date of grant:- **REG/2014/1404 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Arend Krishak Samudaye, Village: Arend, Tehsil: Sitapur, Dist: Surguja**

(3) Denomination of the variety: **BHUDHNA MASOORI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Arend, Tehsil: Sitapur, Dist: Surguja, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour, short plant height, small seed size (weight of 1000 seeds) and pink seed testa colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1519

(1) Registration Number and date of grant:- **REG/2014/1519 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rameshwar Tiwari, Village: Singhchora, Post: Gopalpur, Tehsil: Rajpur, Dist: Balrampur**

(3) Denomination of the variety: **SINGHCHOURA ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Singhchora, Post: Gopalpur, Tehsil: Rajpur, Dist: Balrampur, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Grey seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1537

(1) Registration Number and date of grant:- **REG/2014/1537 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sanjay Prakash Chaudhary, Village & Post: Arkar, Tehsil: Gurur, Dist: Balode**

(3) Denomination of the variety: **Aamti Moong**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Arkar, Tehsil: Gurur, Dist: Balode, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, plant habit intermediate and seed colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1538

(1) Registration Number and date of grant:- **REG/2014/1538 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sanjay Prakash Chaudhary, Village & Post: Arkar, Tehsil: Gurur, Dist: Balode**

(3) Denomination of the variety: **Arkar Moong**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Arkar, Tehsil: Gurur, Dist: Balode, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit spreading, plant habit intermediate and leaf vein colour greenish purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1600

(1) Registration Number and date of grant:- **REG/2014/1600 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sambhunath Sethia, Balud, Dist: Dantewada**

(3) Denomination of the variety: **Sambhu Urd**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Balud, Dist: Dantewada, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, plant growth habit semi erect and stem colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1605

(1) Registration Number and date of grant:- **REG/2014/1605 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bosaram Atami, Koparam Aatami, Village: Kasoli, Dist: Dantewada**

(3) Denomination of the variety: **Kariya Urd**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Koparam Aatami, Village: Kasoli, Dist: Dantewada, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem colour purple, pod intensity of green colour of premature pods yellowish green and pod length medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1606

(1) Registration Number and date of grant:- **REG/2014/1606 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Laxman, Village: Kasoli, Dist: Dantewada**

(3) Denomination of the variety: **MATA UDID**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Kasoli, Dist: Dantewada, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, stem colour green and seed colour greenish brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1608

(1) Registration Number and date of grant:- **REG/2014/1608 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Keshav Nevam, S/o Bhima, Village: Bijam, Dist: Dantewada**

(3) Denomination of the variety: **Keshav Moong**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and S/o Bhima, Village: Bijam, Dist: Dantewada, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, plant growth habit semi erect and pod position intermediate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1609

(1) Registration Number and date of grant:- **REG/2014/1609 & 07/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suryakant Yadav, Shri Kamal Singh Yadav, Balud School para, Dist: Dantewada**

(3) Denomination of the variety: **Arhar Suryakant**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Shri Kamal Singh Yadav, Balud School para, Dist: Dantewada, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Orange yellow flower colour of base of petal (standard) and dense flower pattern of streaks on petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2014/1712

(1) Registration Number and date of grant:- **REG/2014/1712 & 04/02/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nirmal Seeds Pvt Ltd, PO Box-63, Bhadgaon Road, Pachora-424201, Dist-Jalgaon, Maharashtra**

(3) Denomination of the variety: **NOL-740**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **New / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NOH-15 & NOL-285 and Research Fram, Nirmal Seeds Pvt. Ltd, Pachora , Dist. Jalgaon, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Vein colour light green, fruit shape of apex narrow acute and plant height (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1713

(1) Registration Number and date of grant:- **REG/2014/1713 & 04/02/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nirmal Seeds Pvt Ltd, PO Box-63, Bhadgaon Road, Pachora-424201, Dist-Jalgaon, Maharashtra**

(3) Denomination of the variety: **NOL-745**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **New / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NOL-100 & NOL-303 and Research Fram, Nirmal Seeds Pvt. Ltd, Pachora , Dist. Jalgaon, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Flower petal base colour (purple) inside only, plant height (cm) short & seed colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1714

(1) Registration Number and date of grant:- **REG/2014/1714 & 04/02/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nirmal Seeds Pvt Ltd, PO Box-63, Bhadgaon Road, Pachora-424201, Dist-Jalgaon, Maharashtra**

(3) Denomination of the variety: **NOL-729**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **New / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NOH-147 & NOH-1082 and Research Fram, Nirmal Seeds Pvt. Ltd, Pachora , Dist. Jalgaon, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Fruit diameter (at mid length) (cm) medium and fruit constriction of basal part weak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1763

(1) Registration Number and date of grant:- **REG/2014/1763 & 08/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **L.R. Shimreiwon, Longpi Kajui Village, Ukhrul Distt. 795142, Manipur**

(3) Denomination of the variety: **KHAVATE**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena*** **L.**

Category/Type of variety/Common name: **Farmer/Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Longpi Kajui Village, Ukhrul Distt.-795142, Manipur**

(6) Details of the distinguishing features or the characteristics: - **Greenish white flower colour, small fruit diameter, weak fruit intensity of colour of calyx and solitary fruiting pattern.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1778

(1) Registration Number and date of grant:- **REG/2014/1778 & 03/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lalia Devi, Village & Panchayat: Pipra, Block: Pathargamma, Dist: Godda, Jharkhand**

(3) Denomination of the variety: **LAL BARLEY**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum Vulgare* L.**

Category/Type of variety/Common name: **Farmer/Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and Village & Panchayat: Pipra, Block: Pathargamma, Dist: Godda, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Erect flag leaf attitude.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1822

(1) Registration Number and date of grant:- **REG/2014/1822 & 08/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Guddi Kumari, Village: Pipra, Panchayat: Pipra, Block: Pathargama, Godda, Jharkhand**

(3) Denomination of the variety: **GUDDI MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Pipra, Panchayat: Pipra, Block: Pathargama, Godda, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium seed size (weight of 100 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1823

(1) Registration Number and date of grant:- **REG/2014/1823 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bimla Devi, Village: Chitra, Panchayat: Chitra, Block: Pathargama, Dist: Godda, Jharkhand**

(3) Denomination of the variety: **Bimla Masoor**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: NA **and Village: Chitra, Panchayat: Chitra, Block: Pathargama, Dist: Godda, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour and stem anthocyanin colouration present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1824

(1) Registration Number and date of grant:- **REG/2014/1824 & 08/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Karuna Devi, Village: Rangatand, Panchayat: Pipra, Block: Pathargamma, Dist: Godda, Jharkhand**

(3) Denomination of the variety: **KARUNA MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer/Typical/ Lentil**

(5) Parentage and geographical location of the variety: NA **and Village: Rangatand, Panchayat: Pipra, Block: Pathargamma, Dist: Godda, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Small leaflet size (length).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1842

(1) Registration Number and date of grant:- **REG/2014/1842 & 22/03/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Surender Kumar, Village: Nanyari, PO: Kambo Mazra, Tehsil Behat, Saharanpur-247121, Uttar Pradesh**

(3) Denomination of the variety: **NIRMAL SUDHA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: NA **and Village: Nanyari, PO: Kambo Mazra, Tehsil Behat, Saharanpur-247121, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Wide grain germ width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1872

(1) Registration Number and date of grant:- **REG/2014/1872 & 07/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Udday Mallick, Village: Kanko, PO: Kanko, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI LAO**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria* (Mol.) Standl.**

Category/Type of variety/Common name: **Farmer / Typical/ Bottle Gourd**

(5) Parentage and geographical location of the variety: NA **and Village: Kanko, PO: Kanko, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Broad (>20cm) leaf width (between 15th-20th nodes).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1878

(1) Registration Number and date of grant:- **REG/2014/1878 & 06/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Susanta Patra, Village: Kanko, PO: Kanko, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI BHENRI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village: Kanko, PO: Kanko, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Stem number of nodes at first flowering (upto and including the first flowering node) many, fruit length of physiologically mature fruit (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1884

(1) Registration Number and date of grant:- **REG/2014/1884 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohitosh Nayek, Village: Enata, PO: Kadodiha, PS: Jamboni, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI MUNG**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata*** **(L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Enata, PO: Kadodiha, PS: Jamboni, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf size (at 5th node from the base) medium, flower colour of petal (standard) yellow and plant height short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1885

(1) Registration Number and date of grant:- **REG/2014/1885 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashoke Bera, Village: Enata, PO: Kadodiha, PS: Jamboni, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **BUMBA TUMUR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: NA **and Village: Enata, PO: Kadodiha, PS: Jamboni, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Medium plant height and cream seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1887

(1) Registration Number and date of grant:- **REG/2014/1887 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anil Mahata, Village: Vethi, PO: Manikpara, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI BIRI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: NA **and Village: Vethi, PO: Manikpara, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit spreading, leaflet terminal shape deltoid, plant height short and seed colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1891

(1) Registration Number and date of grant:- **REG/2014/1891 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santu Nandi, Village: Jamirasuli, PO: Silda, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI KUMRA**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucurbita moschata*** **Duch. Ex Poir.**

Category/Type of variety/Common name: **Farmer / Typical/ Pumpkin**

(5) Parentage and geographical location of the variety: **NA and Village: Jamirasuli, PO: Silda, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Large peduncle diameter (point of attachment at immature stage).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1893

(1) Registration Number and date of grant:- **REG/2014/1893 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suben Tudu, Village: Rakhalmara, PO: Kapgari, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **BHADOREY KUMRO**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucurbita moschata*** **Duch. Ex Poir.**

Category/Type of variety/Common name: **Farmer / Typical/ Pumpkin**

(5) Parentage and geographical location of the variety: NA **and Village: Rakhalmara, PO: Kapgari, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Long petiole length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1908

(1) Registration Number and date of grant:- **REG/2014/1908 & 02/09/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Indian Council of Agricultural Research, Krishi Bhawan, New Delhi-110001**

(3) Denomination of the variety: **BHIMA SHWETA (NRCWO-2 / White Elite Composite)**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa* L.**

Category/Type of variety/Common name: **Extant (Notified) / Other (Open pollinated)/ Onion**

(5) Parentage and geographical location of the variety: **Twelve white elite lines viz. W-077/EL-2,W-196/EL-2,W-395/EL-2 W-402/EL-2,W-404/EL -2,W-408/EL-2,W-411/EL-2,W-421/EL-2,W-441/EL-2, W-453/EL-2, W-448/EL-2 were used to make first composite cycle and DOGR-Pune, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Foliage intensity of green colour medium and bulb colour of epidermis of fleshy scale whitish.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 22 August 2012**

Certificate of Registration No. REG/2014/1921

(1) Registration Number and date of grant:- **REG/2014/1921 & 04/02/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Sarkar, Gunirajpur, Tilna, Itahar, Uttar Dinajpur-733128, West Bengal**

(3) Denomination of the variety: **SONA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Gunirajpur, Tilna, Itahar, Uttar Dinajpur-733128, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Ear density lax & grain colouration with phenol medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Not Commercialized

Certificate of Registration No. REG/2014/1932

(1) Registration Number and date of grant:- **REG/2014/1932 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tinku Patra, Village: Keshia, PS: Kismat Jamboni, Block: Jamboni, Dist: Paschim Medinipur, West Bengal**

(3) Denomination of the variety: **DESI KUMRO**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucurbita moschata*** **Duch. Ex Poir.**

Category/Type of variety/Common name: **Farmer / Typical/ Pumpkin**

(5) Parentage and geographical location of the variety: **NA and Village: Keshia, PS: Kismat Jamboni, Block: Jamboni, Dist: Paschim Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Orange fruit main colour of flesh.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not**

commercialized

Certificate of Registration No. REG/2014/1935

(1) Registration Number and date of grant:- **REG/2014/1935 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sisir Das, Village & PO: Kapgari, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI MASUR-2**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: NA **and Village & PO: Kapgari, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Early time of flowering and white flower colour of standard.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1942

(1) Registration Number and date of grant:- **REG/2014/1942 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Dhirendranath Mahata, Village: Pratappur, PO: Sankrail, Dist: Paschim Medinipur, West Bengal**

(3) Denomination of the variety: **DESHI KARALA**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Pratappur, PO: Sankrail, Dist: Paschim Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Acute fruit shape of apex at blossom end.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Not commercialized

Certificate of Registration No. REG/2014/1944

(1) Registration Number and date of grant:- **REG/2014/1944 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sukchand Tudu, Village: Chhoto Enyata, PO: Kadodiha, Dist: Paschim Medinipur-721505, West Bengal**

(3) Denomination of the variety: **DESHI CHHOLA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum*** **L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village: Chhoto Enyata, PO: Kadodiha, Dist: Paschim Medinipur-721505, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Small leaflet size (length) middle of the plant and middle of the leaf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1948

(1) Registration Number and date of grant:- **REG/2014/1948 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sakumar Bej, Village: Asthapara, PO: Kadodiha, Dist: Paschim Medinipur, West Bengal**

(3) Denomination of the variety: **DESHI MUSUR-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: NA **and Village: Asthapara, PO: Kadodiha, Dist: Paschim Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **White flower colour of standard, short plant height and small seed size (weight of 100 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1960

(1) Registration Number and date of grant:- **REG/2014/1960 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Haridas Adhikary, S/o Sachindranath Adhikary, Village: Bajit Chatra, PO: Dhumerkhata, Dist: Cooch Behar, West Bengal**

(3) Denomination of the variety: **HARI TOMATO-1**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum*** **(L.) Karsten ex. Farw.**

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: NA **and Village: Bajit Chatra, PO: Dhumerkhata, Dist: Cooch Behar, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark and fruit firmness (kg/cm 2) firm (>6).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1965

(1) Registration Number and date of grant:- **REG/2014/1965 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajit Sarkar, Village: Khagribari, PO: Patlakhawa, Dist: Cooch Behar, West Bengal**

(3) Denomination of the variety: **LAPCHA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: NA **and Village: Khagribari, PO: Patlakhawa, Dist: Cooch Behar, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, leaf blade colour purple, fruit patches present and fruit spininess of calyx weak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not**

commercialized

Certificate of Registration No. REG/2014/1973

(1) Registration Number and date of grant:- **REG/2014/1973 & 04/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Patil Chetan Suresh, At/PO: Kadgaon, Tal/Dist: Jalgaon, Maharashtra**

(3) Denomination of the variety: **CHENDU KANUS**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and At/PO: Kadgaon, Tal/Dist: Jalgaon, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Grain texture of endosperm (in longitudinal section)-3/4 farinaceous (25% corneous).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/1991

(1) Registration Number and date of grant:- **REG/2014/1991 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Sudesh Kumar, Village: Guruchatti, Post: Badkagaon, Dist: Hazaribagh, Jharkhand**

(3) Denomination of the variety: **Dehati Matar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: NA **and Village: Guruchatti, Post: Badkagaon, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Light green foliage colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2123

(1) Registration Number and date of grant:- **REG/2014/2123 & 10/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raj Pratap Bharti, Village & Post: Chutiya, Janwa, Dist: Banka, Bihar**

(3) Denomination of the variety: **ROON CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: NA **and Village & Post: Chutiya, Janwa, Dist: Banka, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Small leaflet size (length) (middle of the plant and middle of the leaf).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2138

(1) Registration Number and date of grant:- **REG/2014/2138 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pradeep Kumar, Village: Mahaddiganj, PO & Block: Sasaram, Dist: Rohtas, Bihar**

(3) Denomination of the variety: **CHHOTI MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: NA **and Village: Mahaddiganj, PO & Block: Sasaram, Dist: Rohtas, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Medium foliage intensity of green colour and semi erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2141

(1) Registration Number and date of grant:- **REG/2014/2141 & 26/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vijay Bahadur Singh, Village: Sabeya, PO & Block: Rajpur, Dist: Rohtas, Bihar**

(3) Denomination of the variety: **ADHIKA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Sabeya, PO & Block: Rajpur, Dist: Rohtas, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Small seed size (weight of 100 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2145

(1) Registration Number and date of grant:- **REG/2014/2145 & 06/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dilip Kumar Singh, Village: Mahaddiganj, PO & Block: Sasaram, Dist: Rohtas, Bihar**

(3) Denomination of the variety: **Divya**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: NA **and , Village: Mahaddiganj, PO & Block: Sasaram, Dist: Rohtas, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Plant height (cm) medium and seed hairiness present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2014/2160

(1) Registration Number and date of grant:- **REG/2014/2160 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dananjay Kumar Singh, Village & PO: Tarah, Block: Nokha, Bihar**

(3) Denomination of the variety: **GUNGUN**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata* (L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: NA **and Village & PO: Tarah, Block: Nokha, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Leaf size (at 5th node from the base) medium, flower colour of petal (standard) yellow and plant height short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2014/2162

(1) Registration Number and date of grant:- **REG/2014/2162 & 10/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhirendra Kumar Singh, Village: Sabeya, PO & Block: Rajpur, Dist: Rohtas, Bihar**

(3) Denomination of the variety: **SAHEB CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: NA **and Village: Sabeya, PO & Block: Rajpur, Dist: Rohtas, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Yellow seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2163

(1) Registration Number and date of grant:- **REG/2014/2163 & 05/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dananjay Kumar Singh, Village & PO: Tarah, Block: Nokha, Bihar**

(3) Denomination of the variety: **SADABHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: NA **and Village & PO: Tarah, Block: Nokha, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Medium leaflet size (length) (middle of the plant and middle of the leaf).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2164

(1) Registration Number and date of grant:- **REG/2014/2164 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamal Dev Rai, Village: Baruna, PO: Shivpur, Dist: Rohtas, Bihar**

(3) Denomination of the variety: **AWADHI CHICKPEA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: NA **and Village: Baruna, PO: Shivpur, Dist: Rohtas, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2180

(1) Registration Number and date of grant:- **REG/2014/2180 & 08/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Surendra Kumar, S/o Shri Mahipal Singh, Village: Nniyari, PO: Karwomajra, Dist: Saharanpur, Uttar Pradesh**

(3) Denomination of the variety: **NISHI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum*** **(L.)Karsten ex. Farw.**

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: NA **and Village: Nniyari, PO: Karwomajra, Dist: Saharanpur, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Unilobe flower stigma and very short fruit length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2228

(1) Registration Number and date of grant:- **REG/2014/2228 & 29/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manjeet Singh Saluja, Saluja Krishi Farm, G.E. Road, Rajnandgaon-491441, Chhattisgarh**

(3) Denomination of the variety: **Bhagat-Gram-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: NA **and Rajnandgaon-491441, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration present, high stem height at initiation of first flower and very small seed size (weight of 100 seeds at 10% moisture content).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2229

(1) Registration Number and date of grant:- **REG/2014/2229 & 18/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Manjeet Singh Saluja, Saluja Krishi Farm, G.E. Road, Rajnandgaon-491441, Chhattisgarh**

(3) Denomination of the variety: **Bhagat-Pea-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Rajnandgaon-491441, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Green seed cotyledon colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2230

(1) Registration Number and date of grant:- **REG/2014/2230 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manjeet Singh Saluja, Saluja Krishi Farm, G.E. Road, Rajnandgaon-491441, Chhattisgarh**

(3) Denomination of the variety: **BHAGAT-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: NA **and Rajnandgaon-491441, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Dense ear density.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2244

(1) Registration Number and date of grant:- **REG/2014/2244 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sandeep Bodra, Village: Maliyada, Post: Selda, Thana: Murhu, Dist: Ranchi, Jharkhand**

(3) Denomination of the variety: **HENDE RAMBDA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: NA **and Village: Maliyada, Post: Selda, Thana: Murhu, Dist: Ranchi, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit semi erect, stem colour purple, pod intensity of green colour premature pods dark green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2263

(1) Registration Number and date of grant:- **REG/2014/2263 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bola Munda, Village: Buruhatu, Post: Sarvada, Dist: Khunti, Jharkhand**

(3) Denomination of the variety: **Kala Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: NA **and Village: Buruhatu, Post: Sarvada, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, time of flowering medium, plant growth habit semi erect, plant height medium and seed colour greenish brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2279

(1) Registration Number and date of grant:- **REG/2014/2279 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raswal Kandir, Village: Kulipidhi, Post: Hindpidhi, Murhu, Dist: Khunti, Jharkhand**

(3) Denomination of the variety: **Rambada**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Kulipidhi, Post: Hindpidhi, Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, time of flowering medium, plant growth habit semi erect, stem colour green with purple splashes and seed colour greenish brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2286

(1) Registration Number and date of grant:- **REG/2014/2286 & 03/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Ambavibhai Jerambhai Bhalani, Plot Area, AT & Post: Sondarda, Ta: Keshod, Dist: Junagadh-362220, Gujarat**

(3) Denomination of the variety: **BW321**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Plot Area, AT & Post: Sondarda, Ta: Keshod, Dist: Junagadh-362220, Gujarat**

(6) Details of the distinguishing features or the characteristics: - **Ear waxiness absent and ear shape in profile parallel sided.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2014/2425

(1) Registration Number and date of grant:- **REG/2014/2425 & 06/01/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajeet Seeds Ltd, 2nd Floor Tapadia Terraces, Adalat Road, Aurangabad-431001, Maharashtra**

(3) Denomination of the variety: **AJEET VIRAT**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **ABl-7 and ABL-194 and Aurangabad-431001, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Present anthocyanin colouration of hypocotyls in seedling and short fruit length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 2010**

Certificate of Registration No. REG/2014/2433

(1) Registration Number and date of grant:- **REG/2014/2433 & 02/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajeet Seeds Ltd, 2nd Floor Tapadia Terraces, Adalat Road, Aurangabad-431001, Maharashtra**

(3) Denomination of the variety: **Ajeet Nobel**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus* (L.) Moench**

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **AOL-311 and AOL-304 and Ajeet seeds R& D Centre , Gut no.65/66, Hanumantgaon farm, Tal. Gangapur, Dist-Aurangabad, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade serration of margin serrate and plant number of branches few.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 08.03.2013**

Certificate of Registration No. REG/2014/2436

(1) Registration Number and date of grant:- **REG/2014/2436 & 06/01/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajeet Seeds Ltd, 2nd Floor Tapadia Terraces, Adalat Road, Aurangabad-431001, Maharashtra**

(3) Denomination of the variety: **Ajeet Royal**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **AOL-297 x AOL-304 and Ajeet seeds R& D Centre , Gut no.65/66, Hanumantgaon farm, Tal. Gangapur, Dist-Aurangabad, Maharashtra**

(6) Details of the distinguishing features or the characteristics: - **Flower: Petal colour: Cream, Plant: Height (cm): Short**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 2012**

Certificate of Registration No. REG/2014/2498

(1) Registration Number and date of grant:- **REG/2014/2498 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NCPL-1049**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. capitata**

Category/Type of variety/Common name: **New / Other (Parental Line)/ Cabbage**

(5) Parentage and geographical location of the variety: **P1-ECB-55 and ECB-80 and Nuziveedu Seeds Limited, Sarsai-village, Kullu-District, HP**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark and head maturity duration (from sowing) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 18/10/2014**

Certificate of Registration No. REG/2014/2499

(1) Registration Number and date of grant:- **REG/2014/2499 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NHCB-693**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. capitata**

Category/Type of variety/Common name: **New/Hybrid/ Cabbage**

(5) Parentage and geographical location of the variety: **NCPL-33A x NCPL-1034 and Rangareddy- Dist, Andhra Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Outer leaf length large and head maturity duration from sowing medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 30/10/2014**

Certificate of Registration No. REG/2014/2500

(1) Registration Number and date of grant:- **REG/2014/2500 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NCPL-1034**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. capitata**

Category/Type of variety/Common name: **New / Other (Parental Line)/ Cabbage**

(5) Parentage and geographical location of the variety: **ECB-309 & ECB-342 and Rangareddy- Dist, Andhra Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Outer leaf colour bluish green, head compactness compact, head maturity duration from sowing medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 30/10/2014**

Certificate of Registration No. REG/2014/2502

(1) Registration Number and date of grant:- **REG/2014/2502 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NHCB-731**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. capitata**

Category/Type of variety/Common name: **New / Hybrid/ Cabbage**

(5) Parentage and geographical location of the variety: **P1- NPCL-33A and NPCL-1013 and Rangareddy- Dist, Andhra Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Head shape of longitudinal section transverse elliptic, head length of interior stem diameter medium and head maturity duration from sowing medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(1) Registration Number and date of grant:- **REG/2014/2505 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NCPL-1047**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. capitata**

Category/Type of variety/Common name: **New / Other (Parental Line)/ Cabbage**

(5) Parentage and geographical location of the variety: **P1-ECB-322 and ECB-313 and Nuziveedu Seeds Limited, Sarsai-village, Kullu-District, HP**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, outer leaf crimping weak, head shape of longitudinal section broad elliptic and head anthocyanin colouration of cover leaf absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2014/2506

(1) Registration Number and date of grant:- **REG/2014/2506 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401**

(3) Denomination of the variety: **NHCB-35**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. capitata**

Category/Type of variety/Common name: **New / Hybrid/ Cabbage**

(5) Parentage and geographical location of the variety: **P1-3A and NPCL-1049 and Nuziveedu Seeds Limited, Sarsai-village, Kullu-District, HP**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, head anthocyanin colouration of cover leaf absent and head colour of cover leaf light green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 18/10/2014**

Certificate of Registration No. REG/2014/2507

(1) Registration Number and date of grant:- **REG/2014/2507 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NHCF-261**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. botrytis L.**

Category/Type of variety/Common name: **New/Hybrid/Cauliflower**

(5) Parentage and geographical location of the variety: **NCFD-2222 × NCFD-2323 and Nuziveedu Seeds Pvt Ltd, Akbarpur Barota-Village, Sonipat/Gurgaon, Haryana**

(6) Details of the distinguishing features or the characteristics: - **Curd colour white.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 23.12.2013 in state of Orissa**

Certificate of Registration No. REG/2014/2508

(1) Registration Number and date of grant:- **REG/2014/2508 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NCFD-2323**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea* L.var. botrytis L.**

Category/Type of variety/Common name: **New / Other (Parental Line)/ Cauliflower**

(5) Parentage and geographical location of the variety: **Local germplasm PCFD-45 and Nuziveedu Seeds Pvt Ltd, Akbarpur Barota-Village, Sonipat/Gurgaon, Haryana**

(6) Details of the distinguishing features or the characteristics: - **Curd pollar diameter small and curd equatorial diameter small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26.12.2013 in state of Orissa**

Certificate of Registration No. REG/2014/2509

(1) Registration Number and date of grant:- **REG/2014/2509 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NCFD-2222**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. botrytis L.**

Category/Type of variety/Common name: **New / Other (Parental Line)/ Cauliflower**

(5) Parentage and geographical location of the variety: **PCFD-78 and Nuziveedu Seeds Pvt Ltd, Akbarpur Barota-Village, Sonipat/Gurgaon, Haryana**

(6) Details of the distinguishing features or the characteristics: - **Leaf profile of upper side of blade convex, curd polar diameter small and curd equatorial diameter small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26.12.2013 in state of Orissa**

Certificate of Registration No. REG/2015/31

(1) Registration Number and date of grant:- **REG/2015/31 & 29/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Arvind Kumar, Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh, Jharkhand**

(3) Denomination of the variety: **Kanchan Rajma**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris*** **L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Green pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/33

(1) Registration Number and date of grant:- **REG/2015/33 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pramod Kumar, Village: Bamnabe, Block: Sadar, Dist: Hazaribagh, Jharkhand**

(3) Denomination of the variety: **BAMNABE MASOOR (DESI)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Bamnabe, Block: Sadar, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/40

(1) Registration Number and date of grant:- **REG/2015/40 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lalita Devi, Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh, Jharkhand**

(3) Denomination of the variety: **Kanchan Phoolgobhi**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea*** **L.var. botrytis L.**

Category/Type of variety/Common name: **Farmer/Typical/ Cauliflower**

(5) Parentage and geographical location of the variety: **NA and Village: Kanchanpur, Post: Lupung, Katkamsandi, Dist: Hazaribagh, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Light green leaf colour and medium curd doming.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/41

(1) Registration Number and date of grant:- **REG/2015/41 & 02/09/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, 5th Floor Kanchenjunga Building, 18 Barakhamba Road, New Delhi-110001**

(3) Denomination of the variety: **BIO 169**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **New / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **LR 2367 × DI 1016 LR 2367 DI 1016 and R & D Farm, Hyderabad**

(6) Details of the distinguishing features or the characteristics: - **Flowering time (50% of the plants with at least one open flower) medium, leaf blade intensity of colour between veins dark and fruit diameter (at mid length (cm)) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Not Commercialized

Certificate of Registration No. REG/2015/42

(1) Registration Number and date of grant:- **REG/2015/66 & 19/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Basudev Mahto, Village & PO: Palani, Dist: Dhanbad, Jharkhand**

(3) Denomination of the variety: **AAGAHANI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Palani, Dist: Dhanbad, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/71

(1) Registration Number and date of grant:- **REG/2015/71 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suparna Mandal, Village & PO: Salpatra, Dist: Dhanbad, Jharkhand**

(3) Denomination of the variety: **DESI URAD (SHIULI)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Salpatra, Dist: Dhanbad, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit semi erect, plant height short, seed shape drum shaped, seed size (weight of 100 seeds) small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/94

(1) Registration Number and date of grant:- **REG/2015/94 & 08/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajaz Ahmad Pir, S/o Gh. Mohd. Pir, R/o Shoolora Bala, Tehsil & Dist: Kupwara, Jammu & Kashmir**

(3) Denomination of the variety: **THUL RAZMAH**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Tehsil & Dist: Kupwara, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Circular to elliptical seed shape, medium seed size and brown seed testa colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/100

(1) Registration Number and date of grant:- **REG/2015/100 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Abdul Majid Magrey, S/o Ab. Ahad, R/o Turch, Tehsil: Handwara, Dist: Kupwara, Jammu & Kashmir**

(3) Denomination of the variety: **MONG KASHMIRI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata* (L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Tehsil: Handwara, Dist: Kupwara, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, plant growth habit spreading and leaf vein colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/125

(1) Registration Number and date of grant:- **REG/2015/125 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tsewang Dolma, W/o Punchok Tashi, Village: Fokar Phoo, Block: Shargole, Kargil-194103, Jammu & Kashmir**

(3) Denomination of the variety: **Kirsey Foker**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Fokar Phoo, Block: Shargole, Kargil-194103, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Small seed size (weight of 100 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/126

(1) Registration Number and date of grant:- **REG/2015/126 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tsewang Dolma, W/o Punchok Tashi, Village: Fokar Phoo, Block: Shargole, Kargil-194103, Jammu & Kashmir**

(3) Denomination of the variety: **NANGSTAKMO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum Vulgare* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and Village: Fokar Phoo, Block: Shargole, Kargil-194103, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Early spike emergence and drooping spike attitude.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/134

(1) Registration Number and date of grant:- **REG/2015/134 & 02/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020, Maharashtra**

(3) Denomination of the variety: **SBJH-992**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **New / Hybrid/ Brinjal**

(5) Parentage and geographical location of the variety: **SBL-100154 and SBL-110154 and Sungro Research Centre, Janti Sonipat in Haryana**

(6) Details of the distinguishing features or the characteristics: - **Leaflet width (cm) narrow and flower pubescence of style absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 22/07/2014**

Certificate of Registration No. REG/2015/135

(1) Registration Number and date of grant:- **REG/2015/135 & 11/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaiv Vividhata Prabhandhn Samittee, Gram Panchayat Malayoan, Dist: Sagar, Madhya Pradesh**

(3) Denomination of the variety: **KATHIYA DESI GEHUN**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum durum* Desf.**

Category/Type of variety/Common name: **Farmer / Typical/ Durum Wheat**

(5) Parentage and geographical location of the variety: **NA and Gram Panchayat Malayoan, Dist: Sagar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Tapering ear shape in profle and red grain colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **NA**

commercialized

(1) Registration Number and date of grant:- **REG/2015/227 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **UJAALA PEELI MUNG**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata (L.) Wilczek***

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, leaf shape lanceolate and leaf colour dark green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/228

(1) Registration Number and date of grant:- **REG/2015/228 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **BAGDAL DESHI UDID**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Stem pubescence present, leaflet (terminal) shape deltoid, petiole colour green with purple splashes and seed colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/230

(1) Registration Number and date of grant:- **REG/2015/230 & 25/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **KARANJA TUAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **4-5 pod size (cm).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/234

(1) Registration Number and date of grant:- **REG/2015/234 & 20/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **QAUADAR GOAL GAYHOON**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Small seed size (weight of 1000 grains).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/236

(1) Registration Number and date of grant:- **REG/2015/236 & 29/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **MOGAL GOAL JAWAR (RABBI)**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Very compact panicle density at maturity (ear head compactness).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/237

(1) Registration Number and date of grant:- **REG/2015/237 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **BAGDAL DESHI BAAJRA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum*** **(L.) R.Br.**

Category/Type of variety/Common name: **Farmer / Typical/ Pearl Millet**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Medium spike girth at maximum point (excluding bristles).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/238

(1) Registration Number and date of grant:- **REG/2015/238 & 11/12/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohammed Idris Ahmed Quadri, Mohalla Gadi, Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(3) Denomination of the variety: **BAGDAL GAURAN CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Bagdal Village, Taluka and District: Bidar-585226, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Small seed size (weight of 100 seeds at 10% moisture content).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/243

(1) Registration Number and date of grant:- **REG/2015/243 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anil Pandey, Village: Bhashi, Post: Umapur, Dist: Kaimur-821102, Bihar**

(3) Denomination of the variety: **Masoor-L**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris* (L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Bhashi, Post: Umapur, Dist: Kaimur-821102, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Small seed size (weight of 100 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/245

(1) Registration Number and date of grant:- **REG/2015/245 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anil Pandey, Village: Bhashi, Post: Umapur, Dist: Kaimur-821102, Bihar**

(3) Denomination of the variety: **MATAR-25**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Bhashi, Post: Umapur, Dist: Kaimur-821102, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Light green foliage colour, white flower standard petal colour, single number of pod/axil and green pod intensity of green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/269

(1) Registration Number and date of grant:- **REG/2015/269 & 05/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099, Karnataka**

(3) Denomination of the variety: **MP12P015A**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum*** **(L.) R.Br.**

Category/Type of variety/Common name: **New / Other (Inbred Parental Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **923B × 925B and R & D, Vasna Road, Gandhinagar, Gujrat**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade length medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Not Commercialized

Certificate of Registration No. REG/2015/270

(1) Registration Number and date of grant:- **REG/2015/270 & 15/03/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bengaluru-560099, Karnataka**

(3) Denomination of the variety: **MP12P021R**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum*** **(L.) R.Br.**

Category/Type of variety/Common name: **New / Other (Inbred Parental Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **ICR15714 and IPC 1268 and Bommasandra, Bengaluru-560099, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Grey brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Developed hybrid MP 7793 (REG/2014/844) commercialized on 20/02/2014

Certificate of Registration No. REG/2015/272

(1) Registration Number and date of grant:- **REG/2015/272 & 27/11/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bengaluru-560099, Karnataka**

(3) Denomination of the variety: **PM12P018R**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum*** **(L.) R.Br.**

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **ICR15213 & ICMR 356*ICR16168 + YUPN 261: IPC 1470 and Bommasandra, Bengaluru-560099, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf sheath length (cm) long and plant node pubescence absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Developed hybrid MP 7879 (REG/2014/843) commercialized on 11/02/2014

Certificate of Registration No. REG/2015/281

(1) Registration Number and date of grant:- **REG/2015/281 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020, Maharashtra**

(3) Denomination of the variety: **MOK-60052**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus*** **(L.) Moench**

Category/Type of variety/Common name: **Extant (VCK) / Other (Inbred Parental Line)/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **O 217 × O 282 and Mahyco Research Farm at various location**

(6) Details of the distinguishing features or the characteristics: - **Petiole length long, fruit colour green, seed colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.

Not Commercialized

Certificate of Registration No. REG/2015/282

(3) Denomination of the variety: **Hara Agahni**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Mahuliya, Post: Soh, Dist: Garhwa, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **1 to 3 inflorescence number of flowers.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/909

(1) Registration Number and date of grant:- **REG/2015/909 & 13/07/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramchandra Mehta, Village: Mahuliya, Post: Soh, Dist: Garhwa, Jharkhand**

(3) Denomination of the variety: **Gulabi-10**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Mahuliya, Post: Soh, Dist: Garhwa, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Purple leaf blade colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/922

(1) Registration Number and date of grant:- **REG/2015/922 & 13/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NWH-801**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Citrullus Lanatus* (Thunb.) Mansf.**

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Watermelon**

(5) Parentage and geographical location of the variety: **P1 – NFS-606, P2 – NFS-607 and Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape in longitudinal section cylindrical (oblong) and fruit colour of rind medium green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 27/06/2006 in state of Andhra Pradesh**

Certificate of Registration No. REG/2015/924

(1) Registration Number and date of grant:- **REG/2015/924 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(3) Denomination of the variety: **NWH-802**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Citrullus Lanatus*** **(Thunb.) Mansf.**

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Watermelon**

(5) Parentage and geographical location of the variety: **P1 – NFS-608, P2 – NFS-609 and Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape in longitudinal section cylindrical (oblong) and fruit colour of rind medium green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 30/06/2007**

Certificate of Registration No. REG/2015/941

(1) Registration Number and date of grant:- **REG/2015/941 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shivnath Kushwaha, Village: Gonda, Post: Bana, Dist: Garhwa, Jharkhand**

(3) Denomination of the variety: **MOONG NATH**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata*** **(L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Gonda, Post: Bana, Dist: Garhwa, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Green stem colour with purple splashes and yellow flower colour of petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/1032

(1) Registration Number and date of grant:- **REG/2015/1032 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rupesh Kumar Chaudhary, Village: Uprama, PO: Rajaun, Dist: Banka, Bihar**

(3) Denomination of the variety: **RAJOUN-MUNG**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata* (L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Uprama, PO: Rajaun, Dist: Banka, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Yellow flower colour of petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2015/1124

(1) Registration Number and date of grant:- **REG/2015/1124 & 05/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Biresh Kumar, Village: Junaidi, PO: Raitar, Dist: Nalanda-803109, Bihar**

(3) Denomination of the variety: **Arhar (Jago)-49**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Junaidi, PO: Raitar, Dist: Nalanda-803109, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Flower colour of base of petal (standard) orange yellow and seed size (100 seed weight) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1214

(1) Registration Number and date of grant:- **REG/2015/1214 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Anesul Mondal, Village: Prodipdanga, Block: Hariharpara, PO: Jagannathpur, Dist: Murshidabad-742134, West Bengal**

(3) Denomination of the variety: **DESHI-3**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Prodipdanga, Block: Hariharpara, PO: Jagannathpur, Dist: Murshidabad-742134, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1220

(1) Registration Number and date of grant:- **REG/2015/1220 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mritunjoy Mondal, Village: Dakshin Basudevpur, Block: Bhagwangola-II, PO: Bhandara, Dist: Murshidabad-741123, West Bengal**

(3) Denomination of the variety: **DESHI-2**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Dakshin Basudevpur, Block: Bhagwangola-II, PO: Bhandara, Dist: Murshidabad-741123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2015/1228

(1) Registration Number and date of grant:- **REG/2015/1228 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mangal Gharami, Village: Amaipara (Promod Colony), Black: Murshidabad Jiaganj, PO: Amaipara, Dist: Murshidabad-742123, West Bengal**

(3) Denomination of the variety: **BARSATI KAROLA-1**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Amaipara (Promod Colony), Black: Murshidabad Jiaganj, PO: Amaipara, Dist: Murshidabad-742123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Medium cotyledon intensity of green colour, yellow flower colour and light green fruit colour of skin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1231

(1) Registration Number and date of grant:- **REG/2015/1231 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Najmin Akter Bibi, Village: Badshanagar Natun Para, Block: Nowda, PO: Sonatikuri, Dist: Murshidabad-742175, West Bengal**

(3) Denomination of the variety: **GULI MATAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Badshanagar Natun Para, Block: Nowda, PO: Sonatikuri, Dist: Murshidabad-742175, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Present stem anthocyanin colouration, present stipule rabbit-eared stipules, medium flower opening days, cylindrical seed shape and green seed cotyledon.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1239

(1) Registration Number and date of grant:- **REG/2015/1239 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balaram Gharami, Village: Amaipara (Promod Colony), Black: Murshidabad Jiaganj, PO: Amaipara, Dist: Murshidabad-742123, West Bengal**

(3) Denomination of the variety: **BARSATI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Amaipara (Promod Colony), Black: Murshidabad Jiaganj, PO: Amaipara, Dist: Murshidabad-742123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Medium viny plant main vine length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1240

(1) Registration Number and date of grant:- **REG/2015/1240 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balaram Gharami, Village: Amaipara (Promod Colony), Black: Murshidabad Jiaganj, PO: Amaipara, Dist: Murshidabad-742123, West Bengal**

(3) Denomination of the variety: **BHANGAR**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Amaipara (Promod Colony), Black: Murshidabad Jiaganj, PO: Amaipara, Dist: Murshidabad-742123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, flower colour light purple, flowering time (days after seed sowing) medium and fruiting pattern solitary.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1250

(1) Registration Number and date of grant:- **REG/2015/1250 & 05/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mekail Sk, Village: Dakshin Basudevpur, Block: Bhagwangola-II, PO: Bhandara, Dist: Murshidabad-741123, West Bengal**

(3) Denomination of the variety: **MEGHNA**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Dakshin Basudevpur, Block: Bhagwangola-II, PO: Bhandara, Dist: Murshidabad-741123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Oblong fruit shape in longitudinal section.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1251

(1) Registration Number and date of grant:- **REG/2015/1251 & 05/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Prabodh Bhadra, Village: Dakshin Basudevpur, Block: Bhagwangola-II, PO: Bhandara, Dist: Murshidabad-741123, West Bengal**

(3) Denomination of the variety: **DESHI-3**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Dakshin Basudevpur, Block: Bhagwangola-II, PO: Bhandara, Dist: Murshidabad-741123, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Mediumm fruit tubercles.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1252

(1) Registration Number and date of grant:- **REG/2015/1252 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Utpal Mondal, Village: Haidarpur, Block: Murshidabad Jiaganj, PO: Dahapara, Dist: Murshidabad-742104, West Bengal**

(3) Denomination of the variety: **ARHAR-2**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Haidarpur, Block: Murshidabad Jiaganj, PO: Dahapara, Dist: Murshidabad-742104, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf pubescence on lower surface of the leaf present and plant height medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2015/1267

(1) Registration Number and date of grant:- **REG/2015/1267 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamarul Hossain Mondal, Village: Badshanagar Natun Para, Block: Nowda, PO: Sonatikuri, Dist: Murshidabad-742175, West Bengal**

(3) Denomination of the variety: **DESHI MUSURI-II**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Badshanagar Natun Para, Block: Nowda, PO: Sonatikuri, Dist: Murshidabad-742175, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour, leaf pubescence absent, small leaflet size and short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1349

(1) Registration Number and date of grant:- **REG/2015/1349 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Jagman Devi, Village: Langra tand. Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Arhar Desi-P**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Langra tand. Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Large seed size (1000 seed wt.)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1350

(1) Registration Number and date of grant:- **REG/2015/1350 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kajru Sahu, Village: Rehetoli, Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **REHE ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Rehetoli, Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1352

(1) Registration Number and date of grant:- **REG/2015/1352 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ropa Oraon, Village: Banshitoli, Block: Ghaghara, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Desi Arhar-D**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Banshitoli, Block: Ghaghara, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Present leaf pubescence on lower surface of the leaf and uniform seed colour pattern.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1353

(1) Registration Number and date of grant:- **REG/2015/1353 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mandip Yadav, Village: Titahi, Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **ARHAR CHAITI-P**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Titahi, Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium plant height and brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1354

(1) Registration Number and date of grant:- **REG/2015/1354 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jaymuni Devi, Village: Belagara, Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Desi Arhar-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Belagara, Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1403

(1) Registration Number and date of grant:- **REG/2015/1403 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bandha Birijya, Village: Langra tand. Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **BOTARA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Langra tand. Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Late flowering opening days, single number of pod/axil, green pod intensity of green and green seed cotyledon colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1412

(1) Registration Number and date of grant:- **REG/2015/1412 & 18/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramji Oraon, Village: Bahar Sereka, Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Desi-U**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Bahar Sereka, Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Semi-erect plant growth habit and purple leaf vein colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1414

(1) Registration Number and date of grant:- **REG/2015/1414 & 07/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Temba Oraon, Village: Rehe Kumbatoli, Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Urad Desi-5**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Rehe Kumbatoli, Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Determinate plant habit and laceolate leaflet (terminal) shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1424

(1) Registration Number and date of grant:- **REG/2015/1424 & 06/05/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mandua Oraon, Village: Bishunpur, Block: Bishunpur, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Tusaru**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata* (L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Bishunpur, Block: Bishunpur, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, petiole colour purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1437

(1) Registration Number and date of grant:- **REG/2015/1437 & 03/12/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Purnima Devi, Village: Heth Aadar, Panchayat: Aadar, Block: Ghaghara, Dist: Gumla, Jharkhand**

(3) Denomination of the variety: **Desi-O**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Onion**

(5) Parentage and geographical location of the variety: **NA and Village: Heth Aadar, Panchayat: Aadar, Block: Ghaghara, Dist: Gumla, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Foliage: Length (from pseudo stem to tip of leaf) (cm): Medium, Bulb: Thickness of neck (cm): Medium and Bulb: General shape (in longitudinal section): Globe**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1578

(1) Registration Number and date of grant:- **REG/2015/1578 & 05/05/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dr. K.S. Thakur, S/o Sh. J.R. Thakur, Village & PO: Deol, Sub-Tehsil: Holi, Dist: Chamba-176309, Himachal Pradesh**

(3) Denomination of the variety: **LOCAL RED KODRA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana*** **(L.) Gaertn.**

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Sh. J.R. Thakur, Village & PO: Deol, Sub-Tehsil: Holi, Dist: Chamba-176309, Himachal Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering early.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1596

(1) Registration Number and date of grant:- **REG/2015/1596 & 10/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Prakash Kesharwani, Village & Post: Lakhuri, Block: Bimhanidih, Dist: Janjgeer-Chapa, Chhattisgarh**

(3) Denomination of the variety: **LAKHURI KARELA**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Lakhuri, Block: Bimhanidih, Dist: Janjgeer-Chapa, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Plant maine vine length medium viny, leaf blade length short, leaf blade width medium, fruit length very short and fruit diameter thin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1618

(1) Registration Number and date of grant:- **REG/2015/1618 & 18/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Niren Singha, Guhalugachh, Bilatibari, Chopna, Uttar Dinajpur, West Bengal**

(3) Denomination of the variety: **PANCHAMI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Setaria italica*** **(L.) Beauv**

Category/Type of variety/Common name: **Farmer / Typical/ Foxtail Millet**

(5) Parentage and geographical location of the variety: **NA and Guhalugachh, Bilatibari, Chopna, Uttar Dinajpur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Black seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1620

(1) Registration Number and date of grant:- **REG/2015/1620 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amrita Bala, Bhaktiardangi, Molani, Uttar Dinajpur-733207, West Bengal**

(3) Denomination of the variety: **AMRIT**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana*** **(L.) Gaertn.**

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Bhaktiardangi, Molani, Uttar Dinajpur-733207, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Very long ear head length and high number of productive tillers/plant.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1643

(1) Registration Number and date of grant:- **REG/2015/1643 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Patidar, S/o Sh. Jagannath Patidar, Village: Petlawad, Post: Sundrel, Tehsil: Daharampuri, Dist: Dhar-454552, Madhya Pradesh**

(3) Denomination of the variety: **Narmada-14**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and S/o Sh. Jagannath Patidar, Village: Petlawad, Post: Sundrel, Tehsil: Daharampuri, Dist: Dhar-454552, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, awn colour light brown and ear colour light brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1744

(1) Registration Number and date of grant:- **REG/2015/1744 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramkrishna Barman, Village: Petlanepra (Paglarhat), P.O.: Dewankotjayduar, Sitalkuchi Cooch Behar District-736172, West Bengal**

(3) Denomination of the variety: **BADAMI ALU**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum tuberosum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Potato**

(5) Parentage and geographical location of the variety: **NA and Village: Petlanepra (Paglarhat), P.O.: Dewankotjayduar, Sitalkuchi Cooch Behar District-736172, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf anthocyanin colouration of rachis present, leaf anthocyanin colouration of midrib present throughout, tuber predominant skin colour reddish purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1745

(1) Registration Number and date of grant:- **REG/2015/1745 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramkrishna Barman, Village: Petlanepra (Paglarhat), P.O.: Dewankotjayduar, Sitalkuchi Cooch Behar District-736172, West Bengal**

(3) Denomination of the variety: **PAKRI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum tuberosum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Potato**

(5) Parentage and geographical location of the variety: **NA and Village: Petlanepra (Paglarhat), P.O.: Dewankotjayduar, Sitalkuchi Cooch Behar District-736172, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf structure open, leaf anthocyanin colouration of rachis present, leaf anthocyanin colouration of midrib present only at the base, tuber predominant skin colour red, tuber secondary skin colour yellow, tuber distribution of secondary skin colour splash**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1750

(1) Registration Number and date of grant:- **REG/2015/1750 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Smt. Kamala Sharma (Niroula), Village: Lower Bong Busty, P.O.: Kalimpong, Dist: Darjeeling, West Bengal-734301**

(3) Denomination of the variety: **Alapatray**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Village: Lower Bong Busty, P.O.: Kalimpong, Dist: Darjeeling, West Bengal-734301, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Late time flowering, Spreading plant growth type medium seed size (weight of 1000 seeds)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1764

(1) Registration Number and date of grant:- **REG/2015/1764 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramlakhan Sharma, Village & Post: Dosoot, Block: Barsaliganj, Dist: Nawada, Bihar**

(3) Denomination of the variety: **Kushi Kairai**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Dosoot, Block: Barsaliganj, Dist: Nawada, Bihar**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, pod curvature medium, plant height long and seed cotyledon colour green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1782

(1) Registration Number and date of grant:- **REG/2015/1782 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Manaram Choudhary, S/o Sh. Gaduramji Choudhary, Village & Post: Sanwaloda Ladkhani, Dist: Sikar-332315, Rajasthan**

(3) Denomination of the variety: **SANWALODA SELECTION**

(4) Name of:

Family: **Amaryllidaceae**

Genus & Species: ***Allium cepa* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Onion**

(5) Parentage and geographical location of the variety: **NA and S/o Sh. Gaduramji Choudhary, Village & Post: Sanwaloda Ladkhani, Dist: Sikar-332315, Rajasthan**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, bulb general shape (in longitudinal section) flat, bulb basic colour of dry skin dark red and bulb predominant number of axes single.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1783

(1) Registration Number and date of grant:- **REG/2015/1783 & 03/06/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Satveer Singh, Village & Post- Jat Mujheda, Dist: Muzaffarnagar-251308, Uttar Pradesh**

(3) Denomination of the variety: **MOHIT-GOLD**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village & Post- Jat Mujheda, Dist: Muzaffarnagar-251308, Uttar Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant flag leaf attitude drooping, ear waxiness absent, ear density lax, ear length (excluding awns and scurs) very long, outer glume pubescence very strong and seed size (weight of 1000 grains) very large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1789

(1) Registration Number and date of grant:- **REG/2015/1789 & 18/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Community of Farmers, Dist: Kargil, Jammu & Kashmir**

(3) Denomination of the variety: **CHHAMAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Setaria italica* (L.) Beauv**

Category/Type of variety/Common name: **Farmer / Typical/ Foxtail Millet**

(5) Parentage and geographical location of the variety: **NA and Dist: Kargil, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Whitish seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/1794

(1) Registration Number and date of grant:- **REG/2015/1794 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mohd. Sharif, R/o Bandichechiyan,Madari, Distt: Poonch, Block: Poonch, P.O.: Bandichechiyan-185101, Jammu & Kashmir**

(3) Denomination of the variety: **PULAST MOTH**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and R/o Bandichechiyan,Madari, Distt: Poonch, Block: Poonch, P.O.: Bandichechiyan-185101, Jammu & Kashmir**

(6) Details of the distinguishing features or the characteristics: - **Medium leaflets (at ter. Leaflet of 1st flower node), semi erect plant growth type and large seed size (weight of 1000 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2015/2010

(1) Registration Number and date of grant:- **REG/2015/2010 & 10/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Auching Village Council, Auching Village, Sakshi Block, Longleng, Nagaland**

(3) Denomination of the variety: **PHUSHE JETABA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Auching Village, Sakshi Block, Longleng, Nagaland**

(6) Details of the distinguishing features or the characteristics: - **Time of flowering late, plant growth type semi erect, flower colour of standard petal violet and seed size (weight of 1000 seeds) very large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/21

(1) Registration Number and date of grant:- **REG/2016/21 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dulichand, S/o Gangaram, Village: Bhuvanikheda, Tehsil: Badnawer, Dist: Dhar, Madhya Pradesh**

(3) Denomination of the variety: **HARA CHANA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and S/o Gangaram, Village: Bhuvanikheda, Tehsil: Badnawer, Dist: Dhar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit spreading, plant height short and pod number of seeds one.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/24

(1) Registration Number and date of grant:- **REG/2016/24 & 08/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mansingh, S/o Badrilal, Village: Kothi Sodpur, Post: Nalcha, Tehsil & Dist: Dhar, Madhya Pradesh**

(3) Denomination of the variety: **Udadiya**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Badrilal, Village: Kothi Sodpur, Post: Nalcha, Tehsil & Dist: Dhar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, plant growth habit erect, plant habit indeterminate, pod intensity of green colour premature pods dark green and seed colour black.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/25

(1) Registration Number and date of grant:- **REG/2016/25 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Motiram, S/o Kana, Village: Googli, Post: Nalcha, Tehsil & Dist: Dhar, Madhya Pradesh**

(3) Denomination of the variety: **Kata Chana**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum*** **L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and S/o Kana, Village: Googli, Post: Nalcha, Tehsil & Dist: Dhar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit spreading, pod number of seeds more than one and seed type desi.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/26

(1) Registration Number and date of grant:- **REG/2016/26 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sukhram, S/o Gopal, Village: Kothi Sodpur, Post: Nalcha, Tehsil & Dist: Dhar, Madhya Pradesh**

(3) Denomination of the variety: **Gopal Chana-2**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and S/o Gopal, Village: Kothi Sodpur, Post: Nalcha, Tehsil & Dist: Dhar, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit spreading, leaflet size length (middle of the plant and middle of the leaf) medium and seed testa texture tuberculated.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1020

(1) Registration Number and date of grant:- **REG/2016/1020 & 7/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nitai Sau, Village: Saldahri, PO: Marotola, Block: Debra, Dist: West Medinipur, West Bengal**

(3) Denomination of the variety: **SALDAHARI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris*** **(L.)Medik**

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Saldahri, PO: Marotola, Block: Debra, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1024

(1) Registration Number and date of grant:- **REG/2016/1024 & 5/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Uttam Dey, Village: Bakalsa Ram narayan, PO: Lowada, PS: Debra, Dist: West Medinipur-721136, West Bengal**

(3) Denomination of the variety: **Uttam-M**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata*** **(L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Bakalsa Ram narayan, PO: Lowada, PS: Debra, Dist: West Medinipur**

(6) Details of the distinguishing features or the characteristics: - **Hypocotyl anthocyanin colouration absent, leaf vein colour green, pod length (mature pod) short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1025

(1) Registration Number and date of grant:- **REG/2016/1025 & 5/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nitai Hutait, Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur**

(3) Denomination of the variety: **Bakalsa-C**

(4) Name of:

Family: **Brassicaceae**

Genus & Species: ***Brassica oleracea* L.var. *botrytis***

Category/Type of variety/Common name: **Farmer / Typical/ Cauliflower**

(5) Parentage and geographical location of the variety: **NA and Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur**

(6) Details of the distinguishing features or the characteristics: - **Leaf shape narrow elliptic.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1029

(1) Registration Number and date of grant:- **REG/2016/1029 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gopal Shee, Village: Dhabadari, PO: Loada, PS: Debra, Dist: West Medinipur-721136,West bengal**

(3) Denomination of the variety: **Shee**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and Village: Dhabadari, PO: Loada, PS: Debra, Dist: West Medinipur, West bengal**

(6) Details of the distinguishing features or the characteristics: - **Ovary length (on the day of anthesis) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1030

(1) Registration Number and date of grant:- **REG/2016/1030 & 7/8/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chittaranjan Mandal, Village: Pakuria, PS: Keshpur, Dist: West Medinipur, West Bengal**

(3) Denomination of the variety: **Mandal**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata* (L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Pakuria, PS: Keshpur, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark, pod position intermediate and pod length (mature pod) short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1042

(1) Registration Number and date of grant:- **REG/2016/1042 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kalyani Hutait, Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur, West Bengal**

(3) Denomination of the variety: **BAKALSA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Bakalsa Ram narayan, PO: Barati, PS: Debra, Dist: West Medinipur, West Bengal**

(6) Details of the distinguishing features or the characteristics: - **Plant anthocyanin colouration of hypocotyl absent and plant branching pattern spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1182

(1) Registration Number and date of grant:- **REG/2016/1182 & 10/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Arjun Oraon, Village: Anandpur, Post: Jori, Block: Kisko, Dist: Lohardaga, Jharkhand**

(3) Denomination of the variety: **ARJUN BILATI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum*** **(L.)Karsten ex. Farw.**

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: **NA and Village: Anandpur, Post: Jori, Block: Kisko, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Light leaf intensity of green colour and medium fruit size (average weight of 10 fruits)(g).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1203

(1) Registration Number and date of grant:- **REG/2016/1203 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **JK Agri Genetics Ltd, 1-10-177, 4th Floor, Varun Towers, Begumpet, Hyderabad-500016**

(3) Denomination of the variety: **JKBH 1476**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum*** **(L.) R.Br.**

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **(A line) JKMS 1457A x (B line) JKR 1457B, (R line) JKR 16040 JKMS 1457A JKR 16040 and JK Agri Ltd Farm, Telenagana**

(6) Details of the distinguishing features or the characteristics: - **Plant height (including spike) tall.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1204

(1) Registration Number and date of grant:- **REG/2016/1204 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **JK Agri Genetics Ltd, 1-10-177, 4th Floor, Varun Towers, Begumpet, Hyderabad-500016**

(3) Denomination of the variety: **JKBH 1486**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum*** **(L.) R.Br.**

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **(A line) JKMS 1331A x (B line) JKMS 1331B, (R line) JKR 16037 JKMS 1331A JKR 16037 and JK Agri Ltd Farm, Telenagana**

(6) Details of the distinguishing features or the characteristics: - **Spike length medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 03.05.2016**

Certificate of Registration No. REG/2016/1231

(1) Registration Number and date of grant:- **REG/2016/1231 & 4/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Etwa Oraon, Village: Ekaguri, Post: Daru, Block: Senka, Dist: Lohardaga, Jharkhnad**

(3) Denomination of the variety: **Kanta Bhata-BL**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena*** **L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Ekaguri, Post: Daru, Block: Senka, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium fruit spininess of calyx and cluster fruiting pattern.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1233

(1) Registration Number and date of grant:- **REG/2016/1233 & 7/26/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Phulkumari Oraon, Village: Raghutoli, Post: Harmu, Dist: Lohardaga, Jharkhand**

(3) Denomination of the variety: **Laduwa**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana*** **(L.) Gaertn.**

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Raghutoli, Post: Harmu, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Fist type ear shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1292

(1) Registration Number and date of grant:- **REG/2016/1292 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhaneshwar Mahto, Village: Bedal Buchitoli, Post: Masmano, Block: Bhandra, Dist: Lohardaga, Jharkhand**

(3) Denomination of the variety: **Mirch-L-DR**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chilli**

(5) Parentage and geographical location of the variety: **NA and Village: Bedal Buchitoli, Post: Masmano, Block: Bhandra, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Flower petal colour white and fruit diameter (fruits measured at the widest point in cm) [hot pepper and paprika] narrow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2016/1296

(1) Registration Number and date of grant:- **REG/2016/1296 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhaneshwar Mahto, Village: Bedal Buchitoli, Post: Masmano, Block: Bhandra, Dist: Lohardaga, Jharkhand**

(3) Denomination of the variety: **Aghani gulabi**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (*L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Bedal Buchitoli, Post: Masmano, Block: Bhandra, Dist: Lohardaga, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Purple pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1309

(1) Registration Number and date of grant:- **REG/2016/1309 & 12/1/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Budhuva Baiga, H.No. 126, Village: Amaha Tola, PO: Kathautia, Tehsil: Shahdol-484110, Madhya Pradesh**

(3) Denomination of the variety: **MALAGAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village: Amaha Tola, PO: Kathautia, Tehsil: Shahdol-484110, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Lemma arista formation absent, stigma anthocyanin colouration absent and stigma yellow colouration absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1370

(1) Registration Number and date of grant:- **REG/2016/1370 & 9/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lakshmi Kumari, Village: Hulsi, Block: Bero, Dist: Ranchi-835202, Jharkhand**

(3) Denomination of the variety: **Lohardagiya**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana*** **(L.) Gaertn.**

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Hulsi, Block: Bero, Dist: Ranchi-835202, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Ear head length (cm) medium and seed colour dark brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1379

(1) Registration Number and date of grant:- **REG/2016/1379 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham , Chhattisgarh**

(3) Denomination of the variety: **SKT-Ram**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf colour of veins green, fruit colour of skin at commercial harvesting white and fruit intensity of colour of calyx strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1380

(1) Registration Number and date of grant:- **REG/2016/1380 & 1/8/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bansi Lal Sodhi, Village: Guhannala, Post: Dugli, Dist: Dhamtari-493778, Chhattisgarh**

(3) Denomination of the variety: **PIRPOTI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **Farmer / Typical/ Tomato**

(5) Parentage and geographical location of the variety: **NA and Village: Guhannala, Post: Dugli, Dist: Dhamtari, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Indeterminate plant growth type and circular fruit shape in longitudinal section.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1381

(1) Registration Number and date of grant:- **REG/2016/1381 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Savitri**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Chandravansi Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf margin entire, fruit intensity of purple colour of skin light and plant growth habit spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1382

(1) Registration Number and date of grant:- **REG/2016/1382 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Ratna**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium leaf intensity of colour of veins**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1383

(1) Registration Number and date of grant:- **REG/2016/1383 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Tulsi**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Present leaf blistering and green leaf blade colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1384

(1) Registration Number and date of grant:- **REG/2016/1384 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Village: Koko, Dist: Kabirdham, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Prakash**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Yellow fruit colour of skin at physiological maturity.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1390

(1) Registration Number and date of grant:- **REG/2016/1390 & 4/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Sati**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Dark purple flower colour and erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1391

(1) Registration Number and date of grant:- **REG/2016/1391 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Yamuna**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf margin entire, flower colour light purple and fruit length of peduncle (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1392

(1) Registration Number and date of grant:- **REG/2016/1392 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Lakshmi**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape of apex flattened, fruit patches present, plant growth habit spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1394

(1) Registration Number and date of grant:- **REG/2016/1394 & 4/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham**

(3) Denomination of the variety: **SKT Ram Pyari**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Absent stem anthocyanin colouration and strong fruit spininess of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1395

(1) Registration Number and date of grant:- **REG/2016/1395 & 4/2/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Pankaj**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh.**

(6) Details of the distinguishing features or the characteristics: - **Present leaf spininess and strong fruit spininess of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1396

(1) Registration Number and date of grant:- **REG/2016/1396 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Lakhan**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena*** **L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Weak seedling intensity of anthocyanin colouration of hypocotyl.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1397

(1) Registration Number and date of grant:- **REG/2016/1397 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Lata**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Absent fruit patches**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1398

(1) Registration Number and date of grant:- **REG/2016/1398 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham**

(3) Denomination of the variety: **SKT Hira**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of colour of blade light, fruit colour of skin at commercial harvesting white and plant growth habit erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1399

(1) Registration Number and date of grant:- **REG/2016/1399 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Sushma**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Whitish fruit colour of flesh and medium plant spread (distance between two extremes leaf tips at widest point (cm)).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1400

(1) Registration Number and date of grant:- **REG/2016/1400 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham**

(3) Denomination of the variety: **SKT Sushila**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf margin entire, fruit patches absent and plant height (cm) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1401

(1) Registration Number and date of grant:- **REG/2016/1401 & 1/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT SHREE**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium flowering time and strong fruit spiness of calyx.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1402

(1) Registration Number and date of grant:- **REG/2016/1402 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram Chandravansi, Village: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Madhu**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Leaf blistering present, leaf spininess present, flower size large and plant growth habit spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Present leaf spininess and 1 to 3 inflorescence number of flower**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1419

(1) Registration Number and date of grant:- **REG/2016/1419 & 7/13/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Bindu**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Weak stem pubescence and obovate fruit general shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1422

(1) Registration Number and date of grant:- **REG/2016/1422 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(3) Denomination of the variety: **SKT Jay**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Flower size large, fruit spininess of calyx weak and plant growth habit spreading.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1429

(1) Registration Number and date of grant:- **REG/2016/1429 & 07/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shiv Kumar Chandravansi, S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham**

(3) Denomination of the variety: **SKT Alakh Nanda Baingan**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and S/o Tatu Ram ChandravansiVillage: Koko, Dist: Kabirdham, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium fruit length and medium fruit ribs.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1462

(1) Registration Number and date of grant:- **REG/2016/1462 & 09/06/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bisaylal Sahu, Village: Koliyari, PO: Bhakara, Dist: Dhamtari-493773**

(3) Denomination of the variety: **Uttam Mirch**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chilli**

(5) Parentage and geographical location of the variety: **NA and Village: Koliyari, PO: Bhakara, Dist: Dhamtari-493773, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Flower blosson end appendage present, fruit days to 50% ripening (from the date of sowing) late (>120 days).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1491

(1) Registration Number and date of grant:- **REG/2016/1491 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Neelabh Sharma, Village: Kalyanpur, Tehsil & Dist: Surajpur**

(3) Denomination of the variety: **Kalyani**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Kalyanpur, Tehsil & Dist: Surajpur, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Flower colour of base of petal (standard) orange yellow and flower pattern on streaks on petal (standard) dense.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1531

(1) Registration Number and date of grant:- **REG/2016/1531 & 02/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Subodh Rao Godhbole, Village & PO: Patnam, Dist: Bijapur**

(3) Denomination of the variety: **Brhati**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Patnam, Dist: Bijapur, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Weak stem intensity of anthocyanin colouration, medium fruit spinniness of calyx medium and erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1541

(1) Registration Number and date of grant:- **REG/2016/1541 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Fatehlal Sahu, Village: Koliyari, PO: Bhakara, Dist: Dhamtari-493770**

(3) Denomination of the variety: **BHATA GOLENDA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koliyari, PO: Bhakara, Dist: Dhamtari-493770, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Flower colour dark purple, flowering time (days after seed sowing) early and fruit diameter (cm) large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1542

(1) Registration Number and date of grant:- **REG/2016/1542 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Parma Ram Sahu, Village: Koliyari, PO: Bhakara, Dist: Dhamtari-493770**

(3) Denomination of the variety: **SINGHI BHATA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Koliyari, PO: Bhakara, Dist: Dhamtari-493770, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Stem anthocyanin colouration present, flower colour greenish white, fruit shape of apex indented and plant growth habit erect.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1717

(1) Registration Number and date of grant:- **REG/2016/1717 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Sapam Lukhoi Singh, Wabagai Thingal Leikai, PO: Kakching, Dist: Thoubal-795103**

(3) Denomination of the variety: **CHAMPHUT HAWAI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Phaseolus vulgaris L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kidney bean**

(5) Parentage and geographical location of the variety: **NA and Wabagai Thingal Leikai, PO: Kakching, Dist: Thoubal-795103, Manipur**

(6) Details of the distinguishing features or the characteristics: - **Late time of flowering, semi erect plant growth type, cordate leaflet shape of central leaflet, purple pod colour, medium plant height, medium seed size (weight of 1000 seeds), brown seed testa colour, present seed testa variegation.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1718

(1) Registration Number and date of grant:- **REG/2016/1718 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mr. Sapam Lukhoi Singh, Wabagai Thingal Leikai, PO: Kakching, Dist: Thoubal-795103**

(3) Denomination of the variety: **CHINGJIN THABI SELECTION**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucumis sativus L.***

Category/Type of variety/Common name: **Farmer / Typical/ Cucumber**

(5) Parentage and geographical location of the variety: **NA and Wabagai Thingal Leikai, PO: Kakching, Dist: Thoubal-795103, Manipur**

(6) Details of the distinguishing features or the characteristics: - **Determinate growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/1721

(1) Registration Number and date of grant:- **REG/2016/1721 & 10/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099**

(3) Denomination of the variety: **Ranjitha (MT-041)**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **TMYE060148 x TMXE040063 and Metahelix R & D, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Fruit ribbing at peduncle end medium and fruit size of scar around peduncle (diameter (cm)) medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26.10.2015**

Certificate of Registration No. REG/2016/1722

(1) Registration Number and date of grant:- **REG/2016/1722 & 10/3/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099**

(3) Denomination of the variety: **MT3043**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Lycopersicon lycopersicum (L.)Karsten ex. Farw.***

Category/Type of variety/Common name: **New / Hybrid/ Tomato**

(5) Parentage and geographical location of the variety: **TMYC060157 x TMXE040063 and Metahelix R & D, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Leaf structure open, leaf attitude of petioles of leaflets in relation to main axis semi drooping and fruit size (average weight of 10 fruits (g)) very large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 19.10.2015**

Certificate of Registration No. REG/2016/1723

(1) Registration Number and date of grant:- **REG/2016/1723 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401**

(3) Denomination of the variety: **NBH-245**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Flower diameter (at the top of flower) medium, fruit constriction of basal part weak and plant height (cm) small.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1724

(1) Registration Number and date of grant:- **REG/2016/1724 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401**

(3) Denomination of the variety: **OK-252**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Other (Parental Line)/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **(OKHI-49 x OKOI-38/ OKHI-38)-1-4-2-1-2 and Nuziveedu Seeds Ltd, Research & Development, Muneerabad (Vill), Post - Pudur, Ranga Reddy District, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Stem number of nodes at first flowering (upto and including the first flowering node) few, flowering time (50% of the plants with at least one open flower) medium and flower petal base colour (purple) inside only.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/1725

(1) Registration Number and date of grant:- **REG/2016/1725 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nuziveedu Seeds Ltd, Survey No. 69, Gundlapochampally (Vill. & Panchayat), Medchal-Mandal, Rangareddy- Dist-501401**

(3) Denomination of the variety: **OK-251**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Extant (VCK) / Other (Parental Line)/ Okra/Lady's Finger**

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **PSP72 &PP74 and M/s Crystal Crop Protection Limited, Delhi**

(6) Details of the distinguishing features or the characteristics: - **Spike anther colour brown and spike shape cylindrical.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2016/2026

(1) Registration Number and date of grant:- **REG/2016/2026 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balram Mandavi, Village: Mettha, Block: Dongargadh, Dist: Rajnadgaon-494114**

(3) Denomination of the variety: **SAATDHARI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village: Mettha, Block: Dongargadh, Dist: Rajnadgaon-494114, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Fruit surface between ridges concave.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2090

(1) Registration Number and date of grant:- **REG/2016/2090 & 06/03/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Santosh Sharma, Village & Post: Sahledori, Dist: Mungeli**

(3) Denomination of the variety: **Kaddhu Desi Chakri**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucurbita moschata Duch. Ex Poir.***

Category/Type of variety/Common name: **Farmer / Typical/ Pumpkin**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Sahledori, Dist: Mungeli, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Long plant length of main vine and broad leaf blade width.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2091

(1) Registration Number and date of grant:- **REG/2016/2091 & 14/11/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh Sharma, Village & Post: Sahledori, Dist: Mungeli**

(3) Denomination of the variety: **Lauki Halka Hara**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Sahledori, Dist: Mungeli, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Ovary length (on the day of anthesis) short, peduncle length medium, fruit shape of base (at blossom end) blunt and fruit shape of apex (at peduncle end) flat.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2095

(1) Registration Number and date of grant:- **REG/2016/2095 & 09/01/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh Sharma, Village & Post: Sahledori, Dist: Mungeli**

(3) Denomination of the variety: **TAROI DESI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Luffa acutangula (L.) Roxb.***

Category/Type of variety/Common name: **Farmer / Typical/ Ridge gourd**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Sahledori, Dist: Mungeli, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Medium fruit length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2097

(1) Registration Number and date of grant:- **REG/2016/2097 & 23/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh Sharma, Village & Post: Sahledori, Dist: Mungeli**

(3) Denomination of the variety: **KHEERA DESI VEBAR**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Cucumis sativus L.***

Category/Type of variety/Common name: **Farmer / Typical/ Cucumber**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Sahledori, Dist: Mungeli, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Sparse fruit density of vestiture.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2098

(1) Registration Number and date of grant:- **REG/2016/2098 & 20/09/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh Sharma, Village & Post: Sahledori, Dist: Mungeli**

(3) Denomination of the variety: **BHINDI DESI SAAT DHARI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and Village & Post: Sahledori, Dist: Mungeli, Chhattisgarh**

(6) Details of the distinguishing features or the characteristics: - **Flower diameter from the top of the fully opened flower (cm) medium and seed coat colour olive green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2193

(1) Registration Number and date of grant:- **REG/2016/2193 & 08/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Soben Mardi, Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002**

(3) Denomination of the variety: **MARDI AGHANI (ARHAR)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **4-5cm pod size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2197

(1) Registration Number and date of grant:- **REG/2016/2197 & 08/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pradhan Murmu, Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002**

(3) Denomination of the variety: **MURMU AGHANI ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2200

(1) Registration Number and date of grant:- **REG/2016/2200 & 06/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Logen Murmu, Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002**

(3) Denomination of the variety: **Murm Chaitali**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Green with brown streaks pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2216

(1) Registration Number and date of grant:- **REG/2016/2216 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Raju Soren, Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002**

(3) Denomination of the variety: **SOREN AGHANI (ARHAR)**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Slight pod constriction.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2224

(1) Registration Number and date of grant:- **REG/2016/2224 & 08/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Daso Murmu, Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002**

(3) Denomination of the variety: **MURMU AGHANI (ARHAR)-PS2**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jamshol, Tehsil: Musabani, Dist: East Singhbhum-831002, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Red flower pattern of streaks on petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

Certificate of Registration No. REG/2016/2378

(1) Registration Number and date of grant:- **REG/2016/2378 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Madra Bakla, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Madra-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Pigmentation at semi-compact ear shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2383

(1) Registration Number and date of grant:- **REG/2016/2383 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kanto Oraon, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Kanto-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Seed shattering absent and reniform seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2388

(1) Registration Number and date of grant:- **REG/2016/2388 & 02/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Usha Devi, Village: Ichadih, Post: Hetthgowa, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **USHA-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Ichadih, Post: Hetthgowa, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Absent seed testa mottling and orange cotyledon colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2389

(1) Registration Number and date of grant:- **REG/2016/2389 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Atowa Munda, Village: Kokorkocha, Post: Hetthgowa, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **TURI-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Kokorkocha, Post: Hetthgowa, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Present stem anthocyanin colouration, short plant height (cm) and medium seed size (weight of 100 seeds).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2395

(1) Registration Number and date of grant:- **REG/2016/2395 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Fagua Munda, Village: Kokorkocha, Post: Hetthgowa, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **Magi Rahdi**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Kokorkocha, Post: Hetthgowa, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **<4cm pod size and three number of seeds per pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2396

(1) Registration Number and date of grant:- **REG/2016/2396 & 10/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gomeya Pahan, Village: Durudih, Post: Hetthgowa, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **Gomeya-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Durudih, Post: Hetthgowa, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Short ear head length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2397

(1) Registration Number and date of grant:- **REG/2016/2397 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lusa Munda, Village: Ichadih, Post: Hetthgowa, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **Lusa-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Ichadih, Post: Hetthgowa, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Rough seed surface.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2400

(1) Registration Number and date of grant:- **REG/2016/2400 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sau Pahan, Village: Ichadih, Post: Hetthgowa, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **Sau-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Ichadih, Post: Hetthgowa, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium days of flowering and white seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2402

(1) Registration Number and date of grant:- **REG/2016/2402 & 06/01/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sukhram Munda, Village: Kochadih, Post: Murhu, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **SUKHRAM BATURA-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Kochadih, Post: Murhu, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium flower opening days and medium plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2404

(1) Registration Number and date of grant:- **REG/2016/2404 & 07/07/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mengen Munda, Village: Namsilli, Post: Kuda, Block: Murhu, Dist: Khunti**

(3) Denomination of the variety: **MENGEN-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Namsilli, Post: Kuda, Block: Murhu, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Stem culm branching present, ear head length (cm) long and finger length (cm) long.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2418

(1) Registration Number and date of grant:- **REG/2016/2418 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Birsi Devi, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Bandhini-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Light brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2016/2420

(1) Registration Number and date of grant:- **REG/2016/2420 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Champu Tirki, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Champu-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Decumbent plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2424

(1) Registration Number and date of grant:- **REG/2016/2424 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Aghanu Tirkey, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **AGHANU-1**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon Pea**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Slight pod constriction and pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2429

(1) Registration Number and date of grant:- **REG/2016/2429 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Nilmani Devi, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Abhishek-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Rough seed surface.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2433

(1) Registration Number and date of grant:- **REG/2016/2433 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mantarni Devi, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Arjun-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Seed covering by glumes exposed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2437

(1) Registration Number and date of grant:- **REG/2016/2437 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dholi Pradhan, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Dholi-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Compact ear shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2016/2438

(1) Registration Number and date of grant:- **REG/2016/2438 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Durga Oraon, Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti**

(3) Denomination of the variety: **Durga-1**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Eleusine coracana (L.) Gaertn.***

Category/Type of variety/Common name: **Farmer / Typical/ Finger Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Champi, Post: Dhundsuli, Block: Karra, Dist: Khunti, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Non-persistent pericarp after threshing.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/55

(1) Registration Number and date of grant:- **REG/2017/55 & 07/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sitaram Oraon, Village: Ningni Gangupara, Post: Ningni, Block & Dist: Lohardaga-835302**

(3) Denomination of the variety: **Sita Baigan Hara**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena L.***

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Ningni Gangupara, Post: Ningni, Block & Dist: Lohardaga-835302, Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Indented fruit shape of apex.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/57

(1) Registration Number and date of grant:- **REG/2017/57 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **TriMurti Plant Sciences Private Limited, 101, MGR Estates, Dwarakapuri colony, Punjagutta, Hyderabad-500082**

(3) Denomination of the variety: **TMPH 424**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **400023 X 400032 and R&D Farm of Trimurti Plant Science, Jeedipalli Farm Manoharbad, Medak, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Flower days to 50% flowering (from the date of sowing) early (<70 days) and fruit days to 50% ripening (from the date of sowing) early (<100 days).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/62

(1) Registration Number and date of grant:- **REG/2017/62 & 7/18/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099**

(3) Denomination of the variety: **MP15P035R**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Other (Inbred Parental Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **ICMR06222 and ICMR06666 and Rallis Reasearch Farm, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Plant anthocyanin coloration of first leaf sheath absent and plant node pigmentation green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/63

(1) Registration Number and date of grant:- **REG/2017/63 & 7/19/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099**

(3) Denomination of the variety: **MP14P028A**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Other (Inbred Parental Line)/ Pearl Millet**

(5) Parentage and geographical location of the variety: **923B and ICMB92888 and Rallis Reasearch Farm, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Plant node pigmentation purple.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/64

(1) Registration Number and date of grant:- **REG/2017/64 & 6/10/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099**

(3) Denomination of the variety: **MP7366**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **MP14P028A X MP15P0Z and Rallis Research Farm, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Time of spike emergence (50% plants with at least one spike emerged fully) late, leaf blade width (at widest point) (cm) broad, plant node pigmentation green and seed shape globular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/65

(1) Registration Number and date of grant:- **REG/2017/65 & 5/5/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rallis India Limited, Plot No.3, KIADB 4th Phase, Bommasandra, Bangalore-560099, Karnataka**

(3) Denomination of the variety: **MP7333**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **New / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **MP 12P016A & MP 15P039R and Rallis Research Farm, Karnataka**

(6) Details of the distinguishing features or the characteristics: - **Plant node pigmentation green and spike shape lanceolate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 23/02/2016**

Certificate of Registration No. REG/2017/102

(1) Registration Number and date of grant:- **REG/2017/102 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **BIO BULB (BV 5002)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **New / Hybrid/ Bottle gourd**

(5) Parentage and geographical location of the variety: **P1- BGRS005, P2-BGRS006 and Bioseed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Ovary length short, fruit length short and fruit skin colour light green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/103

(1) Registration Number and date of grant:- **REG/2017/103 & 6/9/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, 2nd Floor, (West Wing) Worldmark 1, Aerocity, New Delhi-110001**

(3) Denomination of the variety: **ARPIT (BV 4003)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia L.***

Category/Type of variety/Common name: **New / Hybrid/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **P1 – BIMG003, P2 – BILG004 and Bioseed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Fruit tubercles many, fruit ridge discontinous and fruit colour of skin at ripe stage reddish orange.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/104

(1) Registration Number and date of grant:- **REG/2017/104 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **ANOOP (BV 4002)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia L.***

Category/Type of variety/Common name: **New / Hybrid/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **P1 – BILW007, P2 – BILW008 and Bioseed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Flower colour yellow, ovary length long and fruit colour of skin light green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/105

(1) Registration Number and date of grant:- **REG/2017/105 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **ALOK (BV 5001)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **New / Hybrid/ Bottle gourd**

(5) Parentage and geographical location of the variety: **P1-BGBM001, P2-BGCM002 and Bioseed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape in longitudinal section elongate straight and seed intensity of brown colour of testa dark.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/106

(1) Registration Number and date of grant:- **REG/2017/106 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **SMALL WONDER (BV 4004)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia L.***

Category/Type of variety/Common name: **New / Hybrid/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **P1 – BISG001, P2 – BISG002 and Bioseed Research Farm, Telangana**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade width broad and fruit tubercles medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/107

(1) Registration Number and date of grant:- **REG/2017/107 & 8/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **DCM Shriram Limited, Bioseed Research India A Division of DCM Shriram Ltd., Plot No. 234, B-Block, Kavuri Hills, Phase-II, Hyderabad-500033**

(3) Denomination of the variety: **ALANKAR (BV 4001)**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Momordica charantia L.***

Category/Type of variety/Common name: **New / Hybrid/ Bitter Gourd**

(5) Parentage and geographical location of the variety: **P1 – BIMG005, P2 – BIMG006 and DCM Shriram Limited, Hyderabad**

(6) Details of the distinguishing features or the characteristics: - **Leaf blade number of lobes 5 and fruit colour of skin dark green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/108

(1) Registration Number and date of grant:- **REG/2017/108 & 5/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Kaveri Seed Company Ltd, #513-B, 5th Floor, Minerva Complex, SD Road, Secunderabad-500003**

(3) Denomination of the variety: **KBH 3940 (MH1984)**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Pennisetum glaucum (L.) R.Br.***

Category/Type of variety/Common name: **Extant (Notified) / Hybrid/ Pearl Millet**

(5) Parentage and geographical location of the variety: **KBMS61x KBR 986 and Research and Development farm of the company at Gowraram p.o.,Wargal Mandal, Medak District,T.S., India, Pin-502279**

(6) Details of the distinguishing features or the characteristics: - **Lanceolate spike shape and semi compact spike density.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/110

(1) Registration Number and date of grant:- **REG/2017/110 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-IHP213**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Typical & Other (Inbred Parental Line)/ Chilli**

(5) Parentage and geographical location of the variety: **Kunari-1 and M/S Syngenta India Limited at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India**

(6) Details of the distinguishing features or the characteristics: - **Fruit length (cm) (hot pepper and paprika) short, fruit shape at the base round, fruit shape of apex blunt, fruit calyx cover non-enveloping and fruit days to 50% ripening (from the date of sowing) early.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof.**Not Commercialized**

Certificate of Registration No. REG/2017/111

(1) Registration Number and date of grant:- **REG/2017/111 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-IHP222**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Typical & Other (Inbred Parental Line)/ Chilli**

(5) Parentage and geographical location of the variety: **Tejashwini and M/S Syngenta India Limited at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India**

(6) Details of the distinguishing features or the characteristics: - **Plant length of first internode short, plant intensity of anthocyanin colouration of nodes medium, plant spread narrow, fruit sinuation of pericarp weal and fruit days to 50% ripening medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/115

(1) Registration Number and date of grant:- **REG/2017/115 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-H 120361**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **parent 1: IHP221, parent 2: IHP222 and M/S Syngenta India Limited**

at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India

(6) Details of the distinguishing features or the characteristics: - **Plant length of first internode short, plant intensity of anthocyanin colouration of nodes medium and fruit days to 50% ripening medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/118

(1) Registration Number and date of grant:- **REG/2017/118 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-H 5380**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **parent 1: IHP245, parent 2: IHP246 and M/S Syngenta India Limited at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India**

(6) Details of the distinguishing features or the characteristics: - **Flower days to 50% flowering medium, fruit neck at basal end present, fruit cross sectional corrugation round and fruit sinuation of pericarp weak.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/119

(1) Registration Number and date of grant:- **REG/2017/119 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-IHP246**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Typical & Other (Inbred Parental Line)/ Chilli**

(5) Parentage and geographical location of the variety: **[999 KHP2447(ot).1/00hp303)/Byadgi(kd)] and M/S Syngenta India Limited at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India**

(6) Details of the distinguishing features or the characteristics: - **Flower days to 50% flowering medium, fruit stalk length (cm) short (1.6-2.5) and fruit pedicel attachment strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/120

(1) Registration Number and date of grant:- **REG/2017/120 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-GF 1069**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **IHP 218 & IHP220 and M/S Syngenta India Limited**

at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India

(6) Details of the distinguishing features or the characteristics: - **Plant intensity of anthocyanin colouration of nodes medium and fruit shape of apex blunt.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 10.06.2016**

Certificate of Registration No. REG/2017/122

(1) Registration Number and date of grant:- **REG/2017/122 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-BULLET**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **IHP 122 & IHP130 and M/S Syngenta India Limited**

at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India

(6) Details of the distinguishing features or the characteristics: - **Fruit diameter (fruits measured at the widest point in cm) (hot pepper and paprika) broad (>1.5), fruit cross sectional corrugation (at level of placenta) round and fruit pedicel attachment strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 08.06.2009**

Certificate of Registration No. REG/2017/123

(1) Registration Number and date of grant:- **REG/2017/123 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-IHP245**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Typical & Other (Inbred Parental Line)/ Chilli**

(5) Parentage and geographical location of the variety: **[Indo Sel 1] and M/S Syngenta India Limited**

at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India

(6) Details of the distinguishing features or the characteristics: - **Fruit intensity of colour (at maturity) dark and fruit glossiness medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/125

(1) Registration Number and date of grant:- **REG/2017/125 & 11/14/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Syngenta India Limited, Amar Paradigm, S.No. 110/11/3, Baner Road, Baner, Pune-411005**

(3) Denomination of the variety: **SYN-HP-IHP221**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Typical & Other (Inbred Parental Line)/ Chilli**

(5) Parentage and geographical location of the variety: **[4884] and M/S Syngenta India Limited**

at R & D Farm, Gut No. 32, Mulani Wadgaon, Tq-Paithan, Dist-Aurangabad, Maharashtra, India

(6) Details of the distinguishing features or the characteristics: - **Plant intensity of anthocyanin colouration of nodes medium, flower days to 50% flowering (from the date of sowing) medium (70-90), fruit pericarp thickness (at physiological mature stage) very thin (<1) and seed recovery (%) high (>50).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/133

(1) Registration Number and date of grant:- **REG/2017/133 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP 307**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1445 HP-1499 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Fruit intensity of colour (at mature unripe stage) dark, fruit shape of apex acute and fruit pericarp thickness (at physiological mature stage) thin (1.01-2).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 09/06/2004**

Certificate of Registration No. REG/2017/134

(1) Registration Number and date of grant:- **REG/2017/134 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-326**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **BC 864 & HP1649 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Leaf undulation of margin weak, fruit shape of apex acute and fruit pericarp thickness (at physiological mature stage) thin.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 10/12/2015**

Certificate of Registration No. REG/2017/135

(1) Registration Number and date of grant:- **REG/2017/135 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-310**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HPms-22 HPPL-304 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Leaf intensity of green colour dark and fruit bearing habit (No. of fruit/node) 1 (solitary).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 24/03/2005**

Certificate of Registration No. REG/2017/136

(1) Registration Number and date of grant:- **REG/2017/136 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-318**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP 1519 BC 995 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Stem shape round, fruit texture smooth and fruit shape of apex acute.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 16/10/2008**

Certificate of Registration No. REG/2017/137

(1) Registration Number and date of grant:- **REG/2017/137 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP 317**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1445 BC 995 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Plant length of first internode (on primary branches in cm) long, fruit intensity of colour (at mature unripe stage) light and fruit blossom end appendage absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 26/9/2007**

Certificate of Registration No. REG/2017/160

(1) Registration Number and date of grant:- **REG/2017/160 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Khola/Canacona Chilli Cultivator Group, Block: Canacona, Village: Khola (Cola), PO: Shirothi, Cola, Dist: South Goa-403702**

(3) Denomination of the variety: **KHOLA/CANACONA CHILLIES**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Chilli**

(5) Parentage and geographical location of the variety: **NA and Block: Canacona, Village: Khola (Cola), PO: Shirothi, Cola, Dist: South Goa-403702, Goa**

(6) Details of the distinguishing features or the characteristics: - **Weak undulation of leaf margin and light intensity of fruit colour (at mature unripe stage).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/168

(1) Registration Number and date of grant:- **REG/2017/168 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Magan Singh Barkade, Village: Turka, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **Turka Magan Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Turka, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Early flowering, present internode pigmentation and irregular spikelet arrangement on rachis.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/173

(1) Registration Number and date of grant:- **REG/2017/173 & 11/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kaloo Ram, S/o Kalang Singh, Village: Turka, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **Sarbati Kaluram**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and S/o Kalang Singh, Village: Turka, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Seed size (weight of 1000 grains) very large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/183

(1) Registration Number and date of grant:- **REG/2017/183 & 03/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shankar Singh, S/o Samnu Singh Yadav, Village: Kastara, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **KASTARA KODO SHANKAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Samnu Singh Yadav, Village: Kastara, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Grain colour brown and 1000 grain weight (g) at 12% moisture content low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/198

(1) Registration Number and date of grant:- **REG/2017/198 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-334**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **New / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **CM 026 × HP-1499 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Flower anther colour pale blue and fruit intensity of colour (at mature unripe stage) dark.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety commercialized since 28/07/2014**

Certificate of Registration No. REG/2017/199

(1) Registration Number and date of grant:- **REG/2017/199 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahyco Private Limited, 19 Raj Mahal, 4th Floor, 84 Veer Nariman Road, Mumbai-400020**

(3) Denomination of the variety: **MHCP-319**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum L.***

Category/Type of variety/Common name: **Extant (VCK) / Hybrid/ Chilli**

(5) Parentage and geographical location of the variety: **HP-1445 HPPL-304 and Mahyco Research Farm**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape in longitudinal section narrowly triangular and fruit stalk length (cm) medium (2.6-3.5).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety**

commercialized since 25/05/2011

Certificate of Registration No. REG/2017/207

(1) Registration Number and date of grant:- **REG/2017/207 & 05/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Suresh Tekam, S/o Jagat Tekam, Village: Shailawar, Block: Bajag, Dist: Dindori**

(3) Denomination of the variety: **SHAILWAR KODO**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Jagat Tekam, Village: Shailawar, Block: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **1000 Grain weight (g) at 12% moisture content low.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/210

(1) Registration Number and date of grant:- **REG/2017/210 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Parvat Singh, Village: Sevari, Block: Bajag, Dist: Dindori**

(3) Denomination of the variety: **SEVARI MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Sevari, Block: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour, stem anthocyanin colouration present, small leaflet size, short plant height (cm), seed testa mottling absent and orange cotyledon colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/213

(1) Registration Number and date of grant:- **REG/2017/213 & 26/11/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Phool Singh, Village: Sevari, Block: Bajag, Dist: Dindori**

(3) Denomination of the variety: **SARBATI PHOOL SEORI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Sevari, Block: Bajag, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium ear density.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/231

(1) Registration Number and date of grant:- **REG/2017/231 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramnaresh Koul, S/o Bablu Koul, Village: Khaira, PO: Belha, Teh: Behri, Dist: Sidhi**

(3) Denomination of the variety: **KOUL MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and S/o Bablu Koul, Village: Khaira, PO: Belha, Teh: Behri, Dist: Sidhi, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour and semi erect plant growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/232

(1) Registration Number and date of grant:- **REG/2017/232 & 05/04/2022**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chotelal Koul, S/o Mehgu Koul, Village: Khaira, PO: Belha, Teh: Behri, Dist: Sidhi**

(3) Denomination of the variety: **Chote Jwar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and S/o Mehgu Koul, Village: Khaira, PO: Belha, Teh: Behri, Dist: Sidhi, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium neck of panicle visible length above sheath and grain threshability partly threshable.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/233

(1) Registration Number and date of grant:- **REG/2017/233 & 05/04/2022**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Balram Gupta, S/o Komalchand Gupta, Village & PO: Kuchwahi, Teh: Behri, Dist: Sidhi**

(3) Denomination of the variety: **Kuchwahi Jwar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and S/o Komalchand Gupta, Village & PO: Kuchwahi, Teh: Behri, Dist: Sidhi, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present stigma anthocyanin colouration**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/243

(1) Registration Number and date of grant:- **REG/2017/243 & 02/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Singh Masram, Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **MASRA SATANJHIR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Light foliage intensity of green colour, stem pigmentation present, seed testa mottling absent and orange cotyledon colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/245

(1) Registration Number and date of grant:- **REG/2017/245 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Ramesh Singh Paraste, Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **MAHIYA ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Seed shape globular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/246

(1) Registration Number and date of grant:- **REG/2017/246 & 03/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Singh Paraste, Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **KODO KUNDAM**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering early.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/248

(1) Registration Number and date of grant:- **REG/2017/248 & 04/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramesh Singh Paraste, Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur**

(3) Denomination of the variety: **Kutki Satanjhir**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Satanjhir, PO: Jhiriya, Block: Kundam, Dist: Jabalpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle compactness intermediate and plant height (cm) semi dwarf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/290

(1) Registration Number and date of grant:- **REG/2017/290 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mitthu Singh, S/o Vakhat Singh, Village: Khamtara, Dist: Panna**

(3) Denomination of the variety: **Khamtara Arhar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and S/o Vakhat Singh, Village: Khamtara, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Flower pattern of streaks on petal (standard) sparse and seed shape globular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/295

(1) Registration Number and date of grant:- **REG/2017/295 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mitthu Singh Thakur, S/o Parvat Singh, Village: Khamtara, Dist: Panna**

(3) Denomination of the variety: **Mitthu Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Parvat Singh, Village: Khamtara, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi compact panicle appearance.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/301

(1) Registration Number and date of grant:- **REG/2017/301 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Akhand Veer Singh, S/o Chaturth Singh Yadav, Village: Amari, Dist: Panna**

(3) Denomination of the variety: **MASOOR AKHAND**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and S/o Chaturth Singh Yadav, Village: Amari, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/306

(1) Registration Number and date of grant:- **REG/2017/306 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Himmat Singh, S/o Pahalwan Singh Rajgaur, Village: Salaiya, Dist: Panna**

(3) Denomination of the variety: **Urad Salaiya**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Pahalwan Singh Rajgaur, Village: Salaiya, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple stem colour and ovate leaflet shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/311

(1) Registration Number and date of grant:- **REG/2017/311 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ganesh Singh Yadav, S/o Late Sh. Ram Singh Yadav, Village: Amari, Dist: Panna**

(3) Denomination of the variety: **AMARI GEHU**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and S/o Late Sh. Ram Singh Yadav, Village: Amari, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Present coleoptiles anthocyanin colouration.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/315

(1) Registration Number and date of grant:- **REG/2017/315 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Khushiram Lodhi, S/o Bhanga Lodhi, Village: Mulapara, Dist: Panna**

(3) Denomination of the variety: **Mulapara Arhar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and S/o Bhanga Lodhi, Village: Mulapara, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/318

(1) Registration Number and date of grant:- **REG/2017/318 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rahees Rani, Village: Vikrampur, PO: Laxmipur, Dist: Panna**

(3) Denomination of the variety: **Urad Vikrampur**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Vikrampur, PO: Laxmipur, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium peduncle length black mature pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2017/320

(1) Registration Number and date of grant:- **REG/2017/320 & 18/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Vishram Singh, S/o Nand Lal Singh, Village: Salaiya, Dist: Panna**

(3) Denomination of the variety: **Vikrampur Jwar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum vulgare L.***

Category/Type of variety/Common name: **Farmer / Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and S/o Nand Lal Singh, Village: Salaiya, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long peduncle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/321

(1) Registration Number and date of grant:- **REG/2017/321 & 05/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rameshwar Singh Yadav, Village: Nimha, PO: Padraha, Dist: Panna**

(3) Denomination of the variety: **Nimha Kathiya**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum durum Desf.***

Category/Type of variety/Common name: **Farmer / Typical/ Durum Wheat**

(5) Parentage and geographical location of the variety: **NA and Village: Nimha, PO: Padraha, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Foliage colour pale green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/322

(1) Registration Number and date of grant:- **REG/2017/322 & 17/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kapoor Singh Yadav, Village: Sinhai, PO: Kuwarpur, Dist: Panna**

(3) Denomination of the variety: **Sinhai Jwar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum vulgare L.***

Category/Type of variety/Common name: **Farmer / Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and Village: Sinhai, PO: Kuwarpur, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi-erect spike attitude and medium flag leaf breadth.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/325

(1) Registration Number and date of grant:- **REG/2017/325 & 05/05/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kapoor Singh Yadav, Village: Sinhai, PO: Kuwarpur, Dist: Panna**

(3) Denomination of the variety: **Sava Sinhai**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Sinhai, PO: Kuwarpur, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Basal tillers number high (>20), ligule pubescence present, culm branching absent, seed shatterinf present and grain colour light brown RHS NO 177C.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/327

(1) Registration Number and date of grant:- **REG/2017/327 & 17/10/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Niranjan Singh Yadav, S/o Baldu Singh Yadav, Village: Nimha, Dist: Panna**

(3) Denomination of the variety: **Nimha Jwar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum vulgare L.***

Category/Type of variety/Common name: **Farmer / Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and S/o Baldu Singh Yadav, Village: Nimha, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Large grain size (1000 grain weight).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/330

(1) Registration Number and date of grant:- **REG/2017/330 & 10/06/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Maharam Adiwasi, S/o Ram Sujan Adiwasi, Village: Makari Kuthar, PO: Itawah, Dist: Panna**

(3) Denomination of the variety: **Makri Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Ram Sujan Adiwasi, Village: Makari Kuthar, PO: Itawah, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium days of flowering**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/336

(1) Registration Number and date of grant:- **REG/2017/336 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Raju Khan, S/o Ammu Khan, Village: Roopjhir, Dist: Panna**

(3) Denomination of the variety: **Raju Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Ammu Khan, Village: Roopjhir, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Low 1000 grain weight at 12% moisture content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/337

(1) Registration Number and date of grant:- **REG/2017/337 & 03/04/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Gorelal Singroul, Village: Murkuchu, Dist: Panna**

(3) Denomination of the variety: **GORELAL MASOOR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Lens culinaris (L.)Medik***

Category/Type of variety/Common name: **Farmer / Typical/ Lentil**

(5) Parentage and geographical location of the variety: **NA and Village: Murkuchu, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Stem pigmentation present and seed testa mottling absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/343

(1) Registration Number and date of grant:- **REG/2017/343 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahraj Singh Gour, Village: Judamarhaiyan, Dist: Panna**

(3) Denomination of the variety: **Maharaj Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Judamarhaiyan, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Brown grain colour**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/345

(1) Registration Number and date of grant:- **REG/2017/345 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Guljari Lal Prajapati, Village: Murkuchu, Dist: Panna**

(3) Denomination of the variety: **Guljari Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Murkuchu, Dist: Panna, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Decumbent growth habit.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/366

(1) Registration Number and date of grant:- **REG/2017/366 & 05/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hemant Kumar, S/o Roop Singh, Village: Sunpuri, Dist: Dindori**

(3) Denomination of the variety: **Kali Urad Hemant**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and S/o Roop Singh, Village: Sunpuri, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi erect plant growth habit and medium peduncle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/368

(1) Registration Number and date of grant:- **REG/2017/368 & 04/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Mamta Bai, W/o Uday Singh, Village: Sunpuri, Dist: Dindori**

(3) Denomination of the variety: **Kali Kutki Mamta**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and W/o Uday Singh, Village: Sunpuri, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant growth habit erect and flag leaf blade width (cm) narrow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/369

(1) Registration Number and date of grant:- **REG/2017/369 & 04/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sakhanvati, W/o Mangal Singh Shyam, Village: Saraitola, Ward no. 2, Pushprajgarh, Dist: Anuppur**

(3) Denomination of the variety: **Kutki Saraitola Sakhan**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and W/o Mangal Singh Shyam, Village: Saraitola, Ward no. 2, Pushprajgarh, Dist: Anuppur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Culm branching absent and panicle compactness intermediate.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/370

(1) Registration Number and date of grant:- **REG/2017/370 & 04/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Kumar, S/o Sewaram Patta, Village: Sunpuri, Dist: Dindori**

(3) Denomination of the variety: **Safed Kutki Ramkumar**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Sewaram Patta, Village: Sunpuri, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Grain colour golden yellow.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/371

(1) Registration Number and date of grant:- **REG/2017/371 & 04/10/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sharmila Bai, W/o ChaitSingh, Village: Saraitola, Ward no. 2, Pushprajgarh, Dist: Anuppur**

(3) Denomination of the variety: **Kutki Kali Sharmila**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense Roth. Ex. Roemer And Schultes***

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and W/o ChaitSingh, Village: Saraitola, Ward no. 2, Pushprajgarh, Dist: Anuppur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Peduncle length (cm) short and culm branching absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/374

(1) Registration Number and date of grant:- **REG/2017/374 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santosh, S/o Rati Das, Village: Kachratola, Ward No. 8, Pushprajgarh, Dist: Anuppur**

(3) Denomination of the variety: **Kodo Kali Santosh**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Rati Das, Village: Kachratola, Ward No. 8, Pushprajgarh, Dist: Anuppur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Very low basal tillers and low 1000 grain weight at 12% moisture content.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/375

(1) Registration Number and date of grant:- **REG/2017/375 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jawahar, S/o Jethu Singh, Village: Sunpuri, Ward No. 5, Dist: Dindori**

(3) Denomination of the variety: **Katki Amardas**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Jethu Singh, Village: Sunpuri, Ward No. 5, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Early flowering.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/376

(1) Registration Number and date of grant:- **REG/2017/376 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Amardas, S/o Lalita Das, Ward No.7, Village: Kachratola, Pushpraj garh, Dist: Dindori**

(3) Denomination of the variety: **Kodo Amardas**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Lalita Das, Ward No.7, Village: Kachratola, Pushpraj garh, Dist: Dindori, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi compact panicle.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/377

(1) Registration Number and date of grant:- **REG/2017/377 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Roopa Singh, S/o Kandhi Singh Marko, Village: Kachratola, Ward No. 8, Pushprajgarh, Dist: Anuppur**

(3) Denomination of the variety: **Kodo Roop**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Kandhi Singh Marko, Village: Kachratola, Ward No. 8, Pushprajgarh, Dist: Anuppur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Complete panicle exertion.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

Certificate of Registration No. REG/2017/424

(1) Registration Number and date of grant:- **REG/2017/424 & 23/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chandrakant, S/o Manmohan Chaubey, Village: Katia, PO: Katia Ghansore, Dist: Seoni**

(3) Denomination of the variety: **LOUKI CHITTEDAR CHANDRAKANT**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and S/o Manmohan Chaubey, Village: Katia, PO: Katia Ghansore, Dist: Seoni, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Fruit skin colour green and flesh texture medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/446

(1) Registration Number and date of grant:- **REG/2017/446 & 09/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Santra Bai Singh, S/o Santosh Singh, Village: Mohtara, Block: Gohparu, Dist: Shahdol**

(3) Denomination of the variety: **Maghi Arhar Santra**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan (L.) Millsp.***

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and S/o Santosh Singh, Village: Mohtara, Block: Gohparu, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/448

(1) Registration Number and date of grant:- **REG/2017/448 & 25/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Ram Prasad Pav, S/o Agar Shah, Village: Semariya, PO: Behgrah, Dist: Shahdol**

(3) Denomination of the variety: **Semariha Kodo**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum L.***

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and S/o Agar Shah, Village: Semariya, PO: Behgrah, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long panicle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/449

(1) Registration Number and date of grant:- **REG/2017/449 & 08/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Babbi Bai Sahu, W/o Lakhanlal Sahu, Village: Shahpur, PO: Behgarh, Dist: Shahdol**

(3) Denomination of the variety: **SHAHPUR LAUKI**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and W/o Lakhanlal Sahu, Village: Shahpur, PO: Behgarh, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf shape orbicular and seed shape triangular.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/450

(1) Registration Number and date of grant:- **REG/2017/450 & 05/08/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Menka Singh, W/o Jaykaran Singh, Village: Barmaniya, PO: Bareli, Block: Gohparu, Dist: Shahdol**

(3) Denomination of the variety: **Barmaniya Louki**

(4) Name of:

Family: **Cucurbitaceae**

Genus & Species: ***Lagenaria siceraria (Mol.) Standl.***

Category/Type of variety/Common name: **Farmer / Typical/ Bottle gourd**

(5) Parentage and geographical location of the variety: **NA and W/o Jaykaran Singh, Village: Barmaniya, PO: Bareli, Block: Gohparu, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Fruit shape of base (at blossom end) acute and fruit shape of apex (at peduncle) end raised.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/452

(1) Registration Number and date of grant:- **REG/2017/452 & 04/07/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Lalan Singh Pav, S/o Ratan Singh Pav, Village: Semariya, PO: Behgarh, Dist: Shahdol**

(3) Denomination of the variety: **LALAN BHINDI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and S/o Ratan Singh Pav, Village: Semariya, PO: Behgarh, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Stem diameter (at 10cm above ground level) large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/453

(1) Registration Number and date of grant:- **REG/2017/453 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Heeravati Sahu, W/o Dashrath Sahu, Village: Shahpur, PO: Behgarh, Dist: Shahdol**

(3) Denomination of the variety: **SHAHPUR BHINDI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and W/o Dashrath Sahu, Village: Shahpur, PO: Behgarh, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Stem number of nodes at first flowering (upto and including the first flowering node) many (>8).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not**

Commercialized.

Certificate of Registration No. REG/2017/454

(1) Registration Number and date of grant:- **REG/2017/454 & 14/08/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jai Karan Singh, S/o Kalyan Singh, Village: Barmaniya, PO: Bareli, Dist: Shahdol**

(3) Denomination of the variety: **JAI BHINDI**

(4) Name of:

Family: **Malvaceae**

Genus & Species: ***Abelmoschus esculentus (L.) Moench***

Category/Type of variety/Common name: **Farmer / Typical/ Okra/Lady's Finger**

(5) Parentage and geographical location of the variety: **NA and S/o Kalyan Singh, Village: Barmaniya, PO: Bareli, Dist: Shahdol, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Fruit surface between ridges flat.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Variety not Commercialized.**

Certificate of Registration No. REG/2017/456

(1) Registration Number and date of grant:- **REG/2017/456 & 06/12/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Laltabai Thakur, Village: Kislai, PO: Usari, Dist: Narsinghpur**

(3) Denomination of the variety: **Kislai Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Kislai, PO: Usari, Dist: Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Late time of flowering and medium seed size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized.**

Certificate of Registration No. REG/2017/457

(1) Registration Number and date of grant:- **REG/2017/457 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Buddhu Singh Thakur, Village: Kislai, PO: Usari, Dist: Narsinghpur, Madhya Pradesh**

(3) Denomination of the variety: **Buddhu Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo (L.) Hepper***

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Kislai, PO: Usari, Dist: Narsinghpur, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple stem colour and drum shaped seed.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1190

(1) Registration Number and date of grant: - **REG/2017/1190 & 10/25/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Naresh Mishra, S/o Late Sh. Ramkhelawan Mishra, Village: Devra, PO: Khera, Dist: Rewa, Madhya Pradesh**

(3) Denomination of the variety: **KHURHARA DEVRA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village: Devra, PO: Khera, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Very small seed size (weight of 100 seeds at 10% moisture content).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1192

(1) Registration Number and date of grant: - **REG/2017/1192 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Naresh Mishra, S/o Late Sh. Ramkhelawan Mishra, Village: Devra, PO: Khera, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Garhan Naresh**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Devra, PO: Khera, Dist: Rewa, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Oval seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1198

(1) Registration Number and date of grant: - **REG/2017/1198 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Guru Prasad Patel, S/o Ramsiya Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **CHURKA SAFEDI GURU**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Strong flag leaf waxiness of sheath.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1202

(1) Registration Number and date of grant: - **REG/2017/1202 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Guru Prasad Patel, S/o Ramsiya Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Badki Guru**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist: Rewa, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **4-5 cm pod size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1206

(1) Registration Number and date of grant: - **REG/2017/1206 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rakesh Patel, S/o Late Sh. Jokhu Lal Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **ARHAR RITHI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist: Rewa, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1207

(1) Registration Number and date of grant: - **REG/2017/1207 & 12/19/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Rakesh Patel, S/o Late Sh. Jokhu Lal Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **SAFEDA JOKHU**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Strong flag leaf waxiness of sheath.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1209

(1) Registration Number and date of grant: - **REG/2017/1209 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharmendra Patel, S/o Kanhaiya Lal Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Lali Dharmendra**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist: Rewa, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Slight pod constriction and 4-5 cm pod size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1210

(1) Registration Number and date of grant: - **REG/2017/1210 & 10/19/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dharmendra Patel, S/o Kanhaiya Lal Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Chikna**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Hordeum vulgare* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Barley**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi-prostrate plant growth habit and present awn tip pigmentation.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1211

(1) Registration Number and date of grant: - **REG/2017/1211 & 11/28/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dwarika Prasad Kori, S/o Ram Prasad Kori, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Haluka**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium leaflet size (length) (middle of the plant and middle of the leaf), brown seed colour and very small seed size (weight of 100 seeds at 10% moisture content).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1213

(1) Registration Number and date of grant: - **REG/2017/1213 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramayan Patel, S/o Ram Khelawan Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Madni**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist: Rewa, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Oval seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1214

(1) Registration Number and date of grant: - **REG/2017/1214 & 10/25/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramayan Patel, S/o Ram Khelawan Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **SAFEDA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cicer arietinum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chickpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Creamy beige seed colour and Owl's head seed shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1215

(1) Registration Number and date of grant: - **REG/2017/1215 & 1/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramayan Patel, S/o Ram Khelawan Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **SAKHI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Short plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1216

(1) Registration Number and date of grant: - **REG/2017/1216 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashok Patel, S/o Ramadhar Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **SAKKHU**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Erect plant flag leaf attitude.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1217

(1) Registration Number and date of grant: - **REG/2017/1217 & 11/8/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ashok Patel, S/o Ramadhar Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Smariti**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium flag leaf waxiness of sheath.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1218

(1) Registration Number and date of grant: - **REG/2017/1218 & 1/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramadhar Patel, S/o Late Sh. Raghunandan Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **RIMJHIM**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Strong pod curvature.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1226

(1) Registration Number and date of grant: - **REG/2017/1226 & 7/7/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Lal Patel, S/o Buddhsen Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **GOLIYA**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Leaf leaflet present and pod intensity of green is green.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1227

(1) Registration Number and date of grant: - **REG/2017/1227 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ram Lal Patel, S/o Buddhsen Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **CHATAK**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Triticum aestivum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Wheat**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Long awns length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the

community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1233

(1) Registration Number and date of grant: - **REG/2017/1233 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shyam Lal Patel, S/o Makhan Patel, Village & PO: Rithi, Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **Kartik Shyam**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Rithi, Dist.: Rewa Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Purple stem colour and black mature pod colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1237

(1) Registration Number and date of grant: - **REG/2017/1237 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shatrudhan Singh, S/o Ram Sipahi Singh, Village: Khokham, Block & Dist: Rewa Madhya Pradesh**

(3) Denomination of the variety: **PATKA SHATRU**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Khokham, Block & Dist: Rewa, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green stem colour and sparse flower pattern of streaks on petal (standard).**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1241

(1) Registration Number and date of grant: - **REG/2017/1241 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Pushpa Deshmukh, W/o Desharam Deshmukh, Village: Kope, PO: Chillode, Tehsil: Lalburra, Dist: Balaghat, Madhya Pradesh**

(3) Denomination of the variety: **TUAL KOPE**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Kope, PO: Chillode, Tehsil: Lalburra, Dist: Balaghat, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size (4-5) cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1257

(1) Registration Number and date of grant: - **REG/2017/1257 & 5/5/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Likhan Lalji Bisen, Village: Dongariya, PO: Chillode, Tehsil: Lalburra, Dist: Balaghat Madhya Pradesh**

(3) Denomination of the variety: **Moong Dongariya**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna radiata* (L.) Wilczek**

Category/Type of variety/Common name: **Farmer / Typical/ Green gram**

(5) Parentage and geographical location of the variety: **NA and Village: Dongariya, PO: Chillode, Tehsil: Lalburra, Dist.: Balaghat Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Hypocotyl anthocyanin colouration absent, leaf size (at 5th node from the base) large.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'Essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1259

(1) Registration Number and date of grant: - **REG/2017/1259 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sobe Lal Lilhare, Village & PO: Kaydi, Tehsil: Waraseoni, Dist: Balaghat Madhya Pradesh**

(3) Denomination of the variety: **TUVAL KAYDI**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village & PO: Kaydi, Tehsil: Waraseoni, Dist: Balaghat, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Brown seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1266

(1) Registration Number and date of grant: - **REG/2017/1266 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Islam Bee, Village: Takhla, PO: Kalarbaki, Tehsil: Chapara, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **TUAR SAFED**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Takhla, PO: Kalarbaki, Tehsil: Chapara, Dist: Seoni, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **3 pod no. of seeds.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1268

(1) Registration Number and date of grant: - **REG/2017/1268 & 6/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sant Lal Jharia, Village: Takhla, PO: Kalarbaki, Tehsil: Chapara, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **KUTKI TAKHLA**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense* Roth. Ex. Roemer And Schultes**

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Takhla, PO: Kalarbaki, Tehsil: Chapara, Dist.: Seoni Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Semi dwarf plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1269

(1) Registration Number and date of grant: - **REG/2017/1269 & 5/18/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhujbal Singh Gehlot, Village: Fareda, Block & Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **Dongar Bhati**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Fareda, Block & Dist: Seoni Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium leaf intensity of colour of blade and mixed fruiting pattern.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1270

(1) Registration Number and date of grant: - **REG/2017/1270 & 5/18/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhujbal Singh Gehlot, Village: Fareda, Block & Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **Goal Hara Bhata**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Fareda, Block & Dist.: Seoni Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Indented fruit shape of apex.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1271

(1) Registration Number and date of grant: - **REG/2017/1271 & 6/9/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jai Shankar Goutam, Village: Jeonara, Block: Barghat, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **Lamba Hara Bhata**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Jeonara, Block: Barghat, Dist.: Seoni Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Dark leaf intensity of colour of blade and green leaf colour of vein.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1272

(1) Registration Number and date of grant: - **REG/2017/1272 & 12/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Khuman Singh, Village: Sarekhakala, PO: Khami, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **SAREKHA TUAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Sarekhakala, PO: Khami, Dist: Seoni, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod colour purple and seed colour brown.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1279

(1) Registration Number and date of grant: - **REG/2017/1279 & 10/18/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Halku Uikey, Village: Sothawari, Block: Chapara, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **SOWA KUTKI**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Panicum sumatrense*** **Roth. Ex. Roemer And Schultes**

Category/Type of variety/Common name: **Farmer / Typical/ Little Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Sothawari, Block: Chapara, Dist.: Seoni Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Intermediate panicle compactness.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1283

(1) Registration Number and date of grant: - **REG/2017/1283 & 12/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Bhangi Lal, Village: Sothawari, Block: Chapara, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **SOTHA ARHAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Sothawari, Block: Chapara, Dist: Seoni, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod pubescence present and seed shape oval.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1284

(1) Registration Number and date of grant: - **REG/2017/1284 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Saraswati Bai, Village: Sothawari, Block: Chapara, Dist: Seoni Madhya Pradesh**

(3) Denomination of the variety: **Bari Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Sothawari, Block: Chapara, Dist.: Seoni Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium pod length and black seed colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and

contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1290

(1) Registration Number and date of grant: - **REG/2017/1290 & 7/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ramli Bai, W/o Harnal Singh, Village: Rusamaal, Block & Dist: Dindori Madhya Pradesh**

(3) Denomination of the variety: **Kudai Ramli**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Rusamaal, Block & Dist.: Dindori Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Droopy leaf attitude and long panicle length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1292

(1) Registration Number and date of grant: - **REG/2017/1292 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Brihaspatiya Bai, W/o Dhannu, Village: Rusamaal, Block & Dist: Dindori Madhya Pradesh**

(3) Denomination of the variety: **BHADELI DHANNU**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Paspalum scorbiculatum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Kodo Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Rusamaal, Block & Dist.: Dindori Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Absence of internode pigmentation and semi dwarf plant height.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1293

(1) Registration Number and date of grant: - **REG/2017/1293 & 1/6/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ambe Bai, W/o Manoj Kumar, Village: Rusamaal, Block & Dist: Dindori Madhya Pradesh**

(3) Denomination of the variety: **BATRI AMBE**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Pisum sativum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Fieldpea**

(5) Parentage and geographical location of the variety: **NA and Village: Rusamaal, Block & Dist: Dindori Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Green intensity of green colour of pod.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1337

(1) Registration Number and date of grant: - **REG/2017/1337 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sarla, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Saral Jait Tuar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Slight pod constriction and 4-5 cm pod size.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1338

(1) Registration Number and date of grant: - **REG/2017/1338 & 11/29/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dhobnasa Ivnati, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **DHOWNASHA JOWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist.: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle broader in lower part panicle shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1339

(1) Registration Number and date of grant: - **REG/2017/1339 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mamta Uikey, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Mamta Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle: Compactness: Open and Plant: Height (cm): Semi dwarf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1340

(1) Registration Number and date of grant: - **REG/2017/1340 & 11/28/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shankar, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **SHANKAR JOWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Compact panicle density at maturity.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1342

(1) Registration Number and date of grant: - **REG/2017/1342 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Hari Prasad, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Hari Jait Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Flag leaf: Blade length (cm): Medium; Plant: Height(cm): Tall.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1343

(1) Registration Number and date of grant: - **REG/2017/1343 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ajay, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Ajay Jait Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist.: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle: Compactness: Intermediate; Clum: Branching: Absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1350

(1) Registration Number and date of grant: - **REG/2017/1350 & 11/29/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shanta, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **SHANTA JOWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Greyed purple glume colour.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1353

(1) Registration Number and date of grant: - **REG/2017/1353 & 12/6/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Ganesh Uikey, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Ganesh Urad**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Vigna Mungo*** **(L.) Hepper**

Category/Type of variety/Common name: **Farmer / Typical/ Black gram**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist.: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Medium peduncle length and medium pod length.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1354

(1) Registration Number and date of grant: - **REG/2017/1354 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Jayvati Sareyam, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Jayvati Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Plant: Height: Semi dwarf.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1355

(1) Registration Number and date of grant: - **REG/2017/1355 & 11/26/2023**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Leema Bai, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **LEEMA JOWAR**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Sorghum bicolor*** **(L.) Moench**

Category/Type of variety/Common name: **Farmer / Typical/ Sorghum**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle broader in lower part panicle shape.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1357

(1) Registration Number and date of grant: - **REG/2017/1357 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Dulari Dhurve, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Dulari Jait Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist.: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Basal tillers: Numbers: Medium; Flag leaf: Blade length (cm): Medium.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1362

(1) Registration Number and date of grant: - **REG/2017/1362 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Shanta Ivnati, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Shanta Tuar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **(4-5) cm pod size and 3 pod no. of seeds**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1363

(1) Registration Number and date of grant: - **REG/2017/1363 & 12/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Kamal Uikey, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **KAMAL TOD TUAR**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan* (L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Pod size 4-5 cm.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1364

(1) Registration Number and date of grant: - **REG/2017/1364 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sundar Lal, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Sundar Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Basal tillers: Numbers: Medium; Days to 50% flowering: Medium; Lodging: Present.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1365

(1) Registration Number and date of grant: - **REG/2017/1365 & 12/4/2025**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Sharmila, Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Sharmila Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Village: Jaitpur, PO: Bijori, Tehsil: Tamia, Dist.: Chhindwara Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Panicle: Length: Short.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the

'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1368

(1) Registration Number and date of grant: - **REG/2017/1368 & 12/9/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Tulasiya, Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Tulasiya Tuar**

(4) Name of:

Family: **Fabaceae**

Genus & Species: ***Cajanus cajan*** **(L.) Millsp.**

Category/Type of variety/Common name: **Farmer / Typical/ Pigeon pea**

(5) Parentage and geographical location of the variety: **NA and Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara, Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Mottled seed colour pattern and very large seed size (100 seed wt.)**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1369

(1) Registration Number and date of grant: - **REG/2017/1369 & 6/3/2026**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Mahesh, Village: Bhamodikala, PO: Bijori, Tehsil: Tamia, Dist: Chhindwara Madhya Pradesh**

(3) Denomination of the variety: **Mahesh Kutki**

(4) Name of:

Family: **Poaceae**

Genus & Species: ***Echinocloa frumentaceae*** **(Roxb.) Link**

Category/Type of variety/Common name: **Farmer / Typical/ Barnyard Millet**

(5) Parentage and geographical location of the variety: **NA and Madhya Pradesh**

(6) Details of the distinguishing features or the characteristics: - **Days to 50% flowering medium, panicle compactness compact and lodging absent.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not Commercialized**

Certificate of Registration No. REG/2017/1410

(1) Registration Number and date of grant: - **REG/2017/1410 & 7/11/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or

registered: **Parmeshwar Mahto, Village: Khokha, PO: Sabhar, Dist: Ramgarh Jharkhand**

(3) Denomination of the variety: **TIKHI**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Capsicum annuum* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Chilli**

(5) Parentage and geographical location of the variety: **NA and Village: Khokha, PO: Sabhar, Dist: Ramgarh Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Fruit pedicel attachment strong.**

(7) In case of 'essentially derived variety', the details of the 'initial variety' from which the 'essentially derived variety' is claimed to have been derived: - **NA**

(8) Name and address of the contributor, nature and amount of the contribution or the community knowledge used in the development of the plant variety: - **NA**

(9) Terms and conditions of the agreement, if any, entered into between the breeder and contributor: - **NA**

(10) If the variety is sold or otherwise disposed of, details thereof. **Not commercialized**

Certificate of Registration No. REG/2017/1411

(1) Registration Number and date of grant: - **REG/2017/1411 & 6/5/2024**

(2) Name and address of applicant or breeder in whose name the certificate has been issued or registered: **Chunni Mahto, Village: Sarlakala, PO: Gola, Dist: Ramgarh Jharkhand**

(3) Denomination of the variety: **SURLA**

(4) Name of:

Family: **Solanaceae**

Genus & Species: ***Solanum melongena* L.**

Category/Type of variety/Common name: **Farmer / Typical/ Brinjal**

(5) Parentage and geographical location of the variety: **NA and Village: Sarlakala, PO: Gola, Dist.: Ramgarh Jharkhand**

(6) Details of the distinguishing features or the characteristics: - **Medium (60-80 days) flowering time (days after seed sowing).**
